II.—SUBJECT INDEX

GENERAL LITERATURE AND HISTORY

Text-books ; General Works. — Life and habits of amphibians, ANGEL **16.**—Batrachians of Indochina, BOURRET **84.**—Guide to practical zoology, BRIEN **105.** — The toxicology of Morocco, CHARNOT **151.**—Studies on the Fauna of Curaçao, Aruba, Bonaire and the Venezuelan Ids., HUMMELINCK **390.**—Animal Anatomy and Psychology. Suggestion on drawing, KNIGHT **423.**—Classification of Amphibia and Reptiles KUHN **440.**—Auto-biography, LOVERIDGE **502.** — Tanganyika Territory, LOVERIDGE **503.**—MARCHLEWSKI **528.**—Amphibians and Reptiles of the Pacific States, PICKWELL **654.**

History.—London Zool. Soc. Reptile House history, BRIGHTWELL **107.**—The Albany Museum, Grahamstown, HEWITT **363.**—Curaçao, Aruba, Bonaire and the Venezuelan Ids., HUMMELINCK **390.**—Of snakes in ancient and modern Egypt, KEIMER **413.**—*Bothrops lanceolatus* of Martinique, history, folklore, etc. [not a text-book], LALUNG **449.**—James Harrison Colln. in B.M. (N.H.), LANG **454.**—Gilbert White's tortoise, " Timothy " (*Testudo whitei*), WARNER **914.**—Notes on records and references to N. Dakota herpetology, WHEELER **922.**—Herpetologists League, GRANT **314.**

Biography ; Obituary.—Biography of *C. M. Bogert* and *H. M. Smith*, ANON **3.**—*J. T. Nicholls*, ANON. **4.**—*Eduard Rüppell*, photo, MERTENS **564.**—*Charles Haskins Townsend*, GRANT **316.**—Recollection of *Franz Werner*, ANTONIUS **18.**—*Note* on *Edward Wilkinson*, SMITH & MITTLEMAN **812.**—Obituary of *C. S. Brimley*, DAVIS **193.**—*S. S. Flower*, ANON. **2.**—*G. H.* Longley, MCFADYEN, E. **515.**—*C. H. Townsend* (1859–1944), GRANT **316.**

Bibliography.—Herpetological titles of *C. S. Brimley*, DAVIS **193.**—Herpetological titles of *S. S. Flower*, ANON. **2.**—Herpetological titles of *J. T. Nichols*, ANON. **4.**—Herpetological papers of *C. H. Townsend*, GRANT **316.**—Recent herpetological literature, SMITH **783, 784, 786, 787, 788.**—Herpetological papers in Texan journals, SMITH **798.**—List of herpetological papers from the Proceedings of the Indiana Academy of Science, MINTON **569.**—Some German herpetological paper [1940–43] abstracts, BRANDT **99.**—*Johannes Gundlach* nat. history of Cuba, MERTENS **554.**—Publication dates of *Kelaast's Prodromus Zeylanicae*, TAYLOR **863.**—*Murray's* Reptiles of Sind, MYERS **593.**—Synopsis of herpetological literature in Proceeding of the Iowa Academy of Science, 1891–1944, CLARK **160.**—Of African Geckos, LOVERIDGE **500.**—Of the *Crocodilia*, REESE **688.**—Mexican Amphibiology, TAYLOR **862.**—Indochinese Batrachians, BOURRET **84.**—Of *Xenopus laevis*, ZWARENSTEIN, SAPEIKA & SHAPIRO **961.**

Nomenclature.—The status of the name *Prochencosaurus*, Opinion 193, **1.**—Discarded Generic names of Anura, KUHN **439.**—Genera without species and species without genera, MERTENS **559.**—Use of words, availability and validity, SMITH **801.**

Museums ; Collections.—Fossil Frogs in Geiseltalmuseum, KUHN **439.**—Hertfordshire fossil reptiles in Museums, OAKLEY **615** ; Fossil Reptile Types in Yorkshire Museum, MELMORE, **548.**—Dinosaurs in American Museum, COLBERT **163.**—New Phytosaur Mount in American Museum Nat. Hist., COLBERT **164.**—Tubingen Palaeontological Institute—*Placodus* mounted, HUENE, F. R. VON **389.**—Museum of Palaeontology, Univ. of Michigan. Catalogue of Type and figured specimens, CASE **140.**—Kansas University Museum of Vertebrate Palaeontology, LANE **453.**—Macleay Museum, Sydney University, reptile collection, COPLAND **179.**—Italian reptiles and amphibians in R. Museo Zoologica di Torino, TORTONESE **873.**—Proceedings of Iowa Academy of Science ; herpetological literature 1891–1944, CLARK **160.**—List of Herpetological papers from the Proceedings of the Indiana Academy of Science, MINTON **569.**

Zoological Gardens.—Mite control in reptile collections, MATTLIN **543.**—London, Zool. Soc., Reptile House history, BRIGHTWELL **107.**

Vernacular Names.—Of Rhine—Main species of Reptiles and Amphibians, MERTENS **561.**—Polish reptiles and amphibians, MARCHLEWSKI **598.**—Reptiles and amphibians of Delaware, CONANT **175.**—Snakes of Venezuelan Ids., BRONGERSMA **109.**—Keresan Pueblos Indians, New Mexico, WHITE **924.**—British Guiana reptiles, ROTH **714.**—Zanzibar Protectorate species, PAKENHAM **628.**—Madagascar reptiles, DECARY **195.**—Of N. Bengal and Sikkim snakes, SHAW, SHEBBEARE & BARKER **767.**—For Sumatra *Python*, BRONGERSMA **111.**—Names of common Fukien vertebrates, CHENG **152.**—Japanese *Scincidae*, OKADA **617.**

Folklore.—WEBB **915.**—Danish toads, HASS **353.**—About Cobras, KAUFFIELD **313.**—Hopi Snake Dance, KLAUBER **420.**—History of snakes in ancient and modern Egypt, KEIMER **415.**—Leprosy caused by *Python*, BRONGERSMA **111.**

Technique.—Plant paste employed in capturing venomous snakes, CHEVALIER **155.**—Preservation of snake skins and the colour, BEEBE **51.**—Breeding of *Xenopus laevis*, PARKER, ROBBINS & LOVERIDGE **631.**

STRUCTURE
including HISTOLOGY

Text-books ; General Works.—Guide to practical zoology, BRIEN **105.**—*Typhlops braminus*, AUTHOR ? (in Japanese), **6.**—Morphology of Anura, HINSCHE **370.**—Batrachians of Indochina, figs., BOURRET **84.**

External Anatomy.—Biological importance of external form, EIBL-EIBESFELDT **228.**—Biological study of freshwater Chelonians, SCHUBERT-SOLDERN **749.**

Exo-skeleton.—Shield of tortoises, HOZATZKII **386.**

Skin and Scales.—Skin of tadpole of *Bufo bufo*, HOWES **385.**—*Xenopus laevis* and *Discoglossus pictus*, VIALLI **901.**—Pigmentation in Axolotl, BALTZER **36.** — BERNHARD **57.** — HOLTFRETER **378.**

Osteology.—Skeleton of *Stagonolepis* discussed, HUENE **389a.**—Osteology of *Cephalonia* (Palaeontology), HUENE **389a.**—Ontogenetic and phylogenetic types of bones, SMITH **805.**—Evolution of maxillo-palate, KESTEVEN **416.**—Of Anura, HINSCHE **370.**—Skull characters of primitive amphibia discussed, IRETIAKOV **876.**—Quadratojugal bone of Synapsid Reptiles, PARRINGTON **633.**—Of †*Diadectidae*, OLSON **622.**—Rostral and predental bones in †Dinosaurs and birds, WIMAN **930.**—Of †Hadrosaurs, LULL & WRIGHT **506.**—Of Phytosaurs †*Machaeroprosopus* and †*Rutiodon*, COLBERT **164.**—Quadrate bones of †Mosasaurs figd., LANE **453.**—Skeleton of †*Pteranodon ingens*, KRIPP, D. VON **437.**—†*Titanosaurus*, limb bones described, SWINTON **856.**—Of †*Typothorax*, Trias of Texas, SAWIN **728.**—Skull of †*Ulemosaurus* a Tapinocephalid reptile, EFREMOV **223.**—Growth of parachordal in amphibians, BEDNYAKOVA **48.**—Remarks on *Salamandridae* skeletons, HILTON **366.**—Hyobranchial apparatus of *Salamandridae*, HILTON **367.**—Hyobranchial skeleton of *Plethodontidae*, figs., HILTON **364.**—Scapula of *Mantipus* and *Plethodontohyla*, GUIBÉ **330.**—Skeletal structure of *Desmognathus aeneus*, BROWN & BISHOP **117.**—*Triturus orientalis*, NIU **611.**—*Amphiuma* skeleton, HILTON **365.**—Sacral ribs of Lacertilia, EL-TOUBI **232.**—Limbs and girdles of degenerate snake-like lizards, STOKELY **847.**—Study of the skeleton of *Agama stellio*, EL-TOUBI **233.**—Cranial morphology of *Cordylus* PLETZEN **662.**—Skeleton of *Xenosaurus grandis* studied; otoliths and palpebral bones recorded, BARROWS & SMITH **43.**—Body skeleton of *Aprasia repens*, STOKELY **846.**—Notes on the brain-case in *Sphenodon*, *Lacerta* and *Varanus*, SÄVE-SÖDERBERGH **726.**—Skull of *Typhlops braminus*, fig., AUTHOR ? (in Japanese) **9.**—Skull and vert. col. in *Typhlops braminus*, AUTHOR ? (in Japanese) **11.**—Kyphosis and other variations in soft-shelled tortoises, SMITH **799.**

Dentition. — Teeth in Placodonts, VIALLI **902.**—Of Amphibia and reptilia, MARSHALL **530.**—Arrangement of vomerine teeth in the Urodeles, LAURENT **467.**—Of *Desmognathus aeneus*, BROWN & BISHOP **117.**—Teeth of *Xenosaurus grandis*, BARROWS & SMITH **43.**—Two types of opisthoglyph snakes discussed, SMITH **796.**—Modifications of Colubrid premaxillae, BOGERT **70.**—Teeth in snakes, CAWSTON **141.**

Myology.—Comparative histology of the myocardium of lower vertebrata. (Cyclostomata, Amphibia), KOTSHETOV **433.**—Thigh musculature of Microranid genera, NEL **602.**—Construction of transverse-striped muscle tissue in *Rana temporaria*, KATSNELSON **411.**—System of *Triturus orientalis*, NIU **611.**—Cambium of smooth snake, SHESTOPALOV **769.**—Snakes, STEFANELLI **832.**—Shoulder region of *Chrysemys picta marginata*, WALKER **909.**

Circulatory System.—LEGAIT **477.**—Hypophysial vessels, GREEN **322.**—Comparative histology of myocardium of lower vertebrates, KOCHETOV **426.**—Ammonia in blood of amphibians and reptiles, FLORKIN **259.**—Blood-vascular system of the Salientia, SZARSKI **858**—Lymphatic system of batrachians, JOLLY **405.**—Radiographic demonstration of action of amphibian heart, FOXON & WALLS **270.**—In embryo amphibians, JOLLY **404.**—*Rana temporaria*, ARVY, BOIFFARD & GABE **22.**—*Rana temporaria* and *Bufo vulgaris*, ARVY **21.**—Abnormalities in venous system of *Rana temporaria*, SPAUL **820.**—Of *Leiopelma hochstetteri*, with particular reference to the posterior cardinal veins and blood-vessels of the kidneys, STEPHENSON **839.**—*Triturus orientalis*, NIU **611.**—Blood of *Chalcides tridactylus*, RAUNICH **684.**—Blood of Brazilian snakes analysed, VILLELA & PRADO **904.**—Analytical study of snake venom, FAIRBAIRN **241.**—*Typhlops braminus*, NAKAMURA **594.**

Autotomy.—Investigation of caudal vertebrae of lizards, PRATT **672.**

Alimentary system.—Palate of *Rana esculenta*, SABBIA **722.**—*Eleutherodactylus nasutus*, LYNN **509.**—*Triturus orientalis*, NIU **611.**—*Typhlops braminus*, AUTHOR ? (in Japanese), **10.**

Respiratory System.—Hyobranchial apparatus of *Salamandridae*, HILTON **367.**—Hyobranchial skeleton of *Plethodontidae*, figs., HILTON **364.**—*Eleutherodactylus nasutus*, LYNN **509.**—Of *Hemidactylus flaviviridis*, MAHENDRA **518.**—*Vipera berus*, SUOMALAINEN **854.**

Nervous System.—FORTI **262.**—Study of protein structure of degenerating

nerve sheath, LÖFSTRÖM & OLIVECRONA **490.**—Differentiation of ectoderm in nerve fabric, DETLAF **200.**—Neural crest a source of mesencephalic V root cells, PIATT **653.**—Brain in reptiles, PIETROGRANDE **656.**—Brain of amphibia and reptilia, GRATZL-CZERMAK **320.**—Mauthner's Cells in Amphibia larvae, WILLIS **927.**—Regional determination of the central nervous system in Urodeles, NIEUWKOOP **609.**—Lamina terminalis and preoptic recess on amphibian brain, REESE **686.**—Hypophysial-thyro-complex in larval anura, IRIKHIMOVICH **396.**—*Eleutherodactylus nasutus*, LYNN **509.**—*Triturus orientalis*, NIU **611.**—Spinal cord in *Amblystoma*, DETWILER **202.**—Perivascular spaces of the brain in *Lacerta viridis*, BAKY **32.**—Eye of Chamaeleon compared with other reptiles, STEFANELLI **831.**—The diencephalon and mid-brain of *Crotalus adamanteus*, WARNER **913.**

Urogenital system.—Bidder's organ, BRETSCHNEIDER & DUYVENÉ DE WIT **104.**—*Rana temporaria*, GALLIEN **284.**—*Eleutherodactylus nasutus*, LYNN **509.**—Bidder's organ in *Bufo vulgaris*, GALLIEN **285.**—Herniation of oviduct in *Hyla aurea*, RICHARDSON **691.**—Hemipenis of snakes, VELLARD **896.**—Hemipenis of *Coluber mentovarius*, BRONGERSMA **109.**—Hemipenis of *Leptodrymus pulcherrima*, BOGERT **70.**—Hemipenes of *Agkistrodon mokasen*, REESE **687.**

Endocrine Glands.—The *corpus luteum* and other follicular derivatives in vertebrates. The cyclic changes in the sexual-endocrine organization of non-mammalian vertebrates, BRETSCHNEIDER & DUYVENÉ DE WIT **104.**—Comparative analysis, differentiation and function of hypophysial-thyro-complex in larval anura, IRIKHIMOVICH **396.**—Development of gonads of *Bombina pachypus*, VANNINI **890.**—Pituitary body in the chameleon, HORN **383.**—Head glands of snakes, SMITH & BELLAIRS, A. D'A. **817.**

Venom Glands.—ROMAN **703.**—Composition of secretion of parotoids of *Bufo arenarum*, BACQ & LECOMTE **27.**

Sense Organs.—Eye, lachrymal apparatus in lizards and snakes, BELLAIRS & BOYD **54.**—Morphogenetic potential of the iris and optical retina of adult *Triturus cristatus*, SHEVTSHENKO **770.**—Lateralline sense organs in salamanders, HILTON **369.**—Nasal capsule and Jacobson organ in the Lacertilia, MALAN **519.**—Pineal eye development in *Calotes versicolor*, TIWARI **870.**—Jacobson's organ in the chamaeleon, HAAS **334.**—Eye of chamaeleon compared with other reptiles, STEFANELLI **831.**—Jacobson's organ in *Vipera berus* BELLAIRS **53.**

Special Structures.—Flight mechanism of †*Pteranodon nigeus*, KRIPPS, D. VON **437.**—Tumors very rarely found in reptiles; DVIZHOV & ZVETAVA **219.**—Voice mechanism in *Hemidactylus flaviviridis*, MAHENDRA **518.**—Jacobson's organ in the chamaeleon, HAAS **334.**—Observations on Jacobson's organ in *Vipera berus*, BELLAIRS **53.**

Teratology. — Bicephalous reptiles, MARTINS D'ALTE **532.**—Abnormal transparent eye spectacle covering, SLEVIN **780.**—Venous system in *Rana temporaria*, SPAUL **820.**—*Pleurodeles waltli*, bifid anterior foot, MARTINS D'ALTE **533.**—Double foot of *Necturus*, HILTON **368.**—Natural polydactyly and limb duplication in *Ambystoma tigrinum*, BISHOP & HAMILTON **60.**—Dicephalic specimen of *Trachysaurus rugosus*, photo, GLAUERT **304.** — Bicephalic newly-hatched ♂ of *Crotalus durissus terrificus*, VANZOLINI **893.**

Bio-chemistry. — Vacuoles in the macrophages of *Rana esculenta*, PIGON **657.**—Analytical study of blood of some Brazilian species of snakes, VILLELA & PRADO **904.**—Analysis and method of study of *Agkistrodon* venom, FAIRBAIRN **241.**—Turtle oils, GIRAL & CASCAJARES **300.**

Laboratory Technique.—For studying vessels and nerves of amphibian hypophyses, GREEN **322.**—Experiments and investigations on vacuoles in the macrophages of *Rana esculenta*, PIGON **657.**—Experiments on sex organs in *Rana temporaria*, GALLIEN **284.**—Preparation of *Triturus orientalis*, NIU **611.**—Analysis of Brazilian snake blood, VILLELA & PRADO **904.**—Analysis of snake venom, FAIRBAIRN **241.**

Cytology.—Nucleoproteides in amphibian eggs, BRACHET & CHANTRENNE **91.**—Studies on isolated amphibians cells, HOLTFRETER **379.**—Erythrocytes of amphibians, HOLTFRETER **381.**—Gastrula of *Rana temporaria* developing secondary primordia of the pronephros,

PASTEELS 637.—Vacuoles in the macrophages of *Rana esculenta*, PIGON 657.—*Triton cristata*, MAZZI 547.—Differentiation of neural crest cells in *Amblystoma*, DE BEER 194.—Cell size in *Amphiuma*, BOONE 76.—Neural crest a source of mesencephalic V-root cells, PIATT 653.—Structural changes and kinetics of embryonic cells, HOLTFRETER 380.—Oögenesis of certain Indian lizards, SRIVASTAVA 826.—Of diencephalon and mid-brain of *Crotalus adamanteus*, WARNER 913.

PHYSIOLOGY

General.—Physiology of amphibious animals, RAFFY 678.

Circulation.—Mode of action of the frog's heart, FOXON 269.—In the frog, FOXON 268.—In amphibian embryos, JOLLY 404.—Cerebral vascularity of hibernation in frog, DRUMMOND 213.—Oxydisation in amphibian larvae, URBANI 882.—Function of calcium in blood clotting, HARGREAVES 350.—Effects of lead salts in larval frogs, BARRETT 41.

Osmotic Relations.—Influence of determining connections on the specific value of balancers, DRAGOMIROV 212.—In Amphibians, BUDDENBROCK 121.

Respiration.—In frogs (*Rana dalmatina*), CAMBAR 129.—Oxygen quantity used in metamorphosis of *Bufo vulgaris*, TARANTA 859.—Respiration in developing *Triturus*, CONNON 177.—Respiratory metabolism of *Typhlonectes compressicauda*, SAWAYA 727.—Of *Hemidactylus flaviviridis*, MAHENDRA 518.—Specific oxygen affinity of hemoglobin in turtles, MCCUTCHEON 513.

Nervous System.—Action of 'acriflavine' on the system, BRACHET 89.—Studies on Mauthner's neuron, DETWILER 203.—GALLEGO & LORENTE DE NO 281.—IVANOVA 399.—Effect of removal of infundibular area on growth of hypophysis in amphibia, IRIKHIMOVICH 394.—Development of hypophysis in Amphibia, IRICHIMOVITSH 395.—*Rana temporaria* nerve fibres, ZHUKOV, VERESHCHAGIN, IVANOVA & LEUSHINA 960.—Results of centrifugation of *Bufo vulgaris* neurulae, ALMAGIÁ 14.—Effect of acid ATP on amphibian embryos, BRACHET & CHANTRENNE 92.—Effect of penicillin on Amphibian nervous system, KOLLROS 429.—Effect of sodium sulfadiazine on *Ambystoma* embryos, DETWILER, COPENHAVER & ROBINSON 205.—Brain of reptiles and amphibians, GRATZL-CZERMAK 320.

Senses.—Transmetamorphic memory in *Ambystoma texanum*, BRANDT 98.—Pigmentary reaction of the retina in amphibia, VILTER 905.—Visual sensibility to infra-red in water tortoises, WOJTUSIAK 931.—Morphogenetic potentials of the iris and optical retina of adult *Triturus cristatus*, SHEVTSHENKO 770.—Teeth of snakes possibly connected with taste, CAWSTON 141.—Voice of *Hemidactylus flaviviridis*, MAHENDRA 518.

Lateral Line.—Experiments on *Rana clamitans* larvae, WRIGHT 950.—In frog tadpoles, SPEIDEL 821.

Excretion.—Changes of liver in *Rana temporaia* at autotransplantation, GRIGORJEV 323.—Discharge of crocodiles, SCHNEIDER 745.

Secretion.—Parotoid of *Bufo marinus*, BLAIR 67.—Endocrinological regulation of metamorphosis and nervous system of *Rana ridibunda*, IVANOVA 399.—Thyrotrophic activity of glandular portion of hypophysis in *Rana ridibunda*, *Bufo viridis*, *Testudo horsfieldi*, VOITKEVITSH 906.

Hormones.—Amphi-sexual hormone in *Rana temporaria*, GALLIEN 283.—Sexual functions of *Bufo arenarum*, HOUSSAY 384.—Action of sex hormones in *Ambystoma* due to Thyroxine, ROTH 712.—Action on muscle, REY 689.

Growth.—Development in *Ambystoma mexicanum*, SLONIMSKI 781.

Age.—Of Reptiles and amphibians, ANON. 5.

Grafting and Regeneration.—Effect of 'glycogene' in amphibians, LECAMP 471.—Effect of saline solution, LECAMP 437.—Effect of 'benzopyrène' injection, LECAMP & DELSOL 474.—Restoration of regenerative faculty by X-rays, LIOZNEV 485.—Regeneration of oculomotor nerve, SPERRY 822.—Gradient differences of the regeneration capacity of extremities in adult Anura, POLEZHAEV 665.—Regeneration of organs of Amphibia, KOROBOVA 431.—Regional differentiations in skin of tadpole extremities, GINTSBURG 299.—Changes of liver of grass frog at regeneration,

GRIGORJEV **324.**—Experiments with *Rana* larvae, BERNHARD **57.**—*Rana temporaria*, POLEZHAEV **666**; VORONTZOVA & LIOZNER **908.**—*Rana temporaria* and *ridibunda*, KOLESNIKOVA **428.**—Influence of skeleton on regeneration of extremities of *Bombina bombina*, POLEZHAEV **664.**—Metabolism in regeneration of *Triturus*, LECAMP **472.**—Nervous system and regeneration of forelimb of adult *Triturus*, SINGER **778.**—Study of *Triturus cristatus*, DINICHERT-FAVARGER **209.**—On adult *Triturus cristatus*, MONROY **582**; **583**; MONROY & ODDO **584.**—Abnormal regeneration in *Triturus cristatus*, MONROY **581.**—Possibilities of restoration of regeneration territory of Axolotl, EFIMOV **222.**—Regeneration of smooth muscles of Axolotl, SHESTOPALOV **769.**—Spinal cord regeneration in *Amblystoma*, DETWILER **202.**—On the brain, *Amblystoma maculatum*, HARRISON **352.**—Secondary regeneration in Urodele tail, KOROBOVA **432.**—Transplantations in *Pleurodeles waltii* and *Siredon mexicanicum* embryos of neural crest, GALLERA **282.**—Spinal column in lizards, MAROTTA **529.**—Of amputations in lizards, BALLAUD **35.**

Degeneration.—Of foot in *Xenopus*, BRETSCHER **103.**—Study of protein structure of degenerating nerve sheath, LÖFSTRÖM & OLIVECRONA **490.**

General Metabolism.—Seasonal variation in pituitaries of *Rana pipiens*, SIMS & BISHOP **777.**—Seasonal incidence of *Thalerophis richardi nigromarginatus*, OLIVER **620.**—Respiratory metabolism of *Typhlonectes compressicauda*, SAWAYA **727.**—Metabolic energy transference in amphibian egg, BARTH & JAEGER **44.**—Body size and metabolic rate in amphibians and reptiles, ZEUTHEN **959.**—Functional correlation between cerebral vascularity and metabolism in frogs, DRUMMOND **213.**—Moisture loss in relation to habitat, BOGERT & COWLES **73.**—Altitude records of reptiles on Mt. Kosciusko, COPLAND **178.**—Temperature increase in Alligators and probably in Dinosaurs, COLBERT, COWLES & BOGERT **167.**

Vitamins.—Effect on breathing and armour in Alligators, KORNALIK **430.**

Toxins; Venoms.—ROMAN **703.**—An enzyme that hydrolyzes acetylcholine is present in dried venom of *Colubridae* (9 genera, 19 species) but not in *Viperidae* (7 genera, 20 species), ZELLER **958.**—African snakes, venom apparatus, action, diagnosis and treatment, MINNING **568.**—Improved therapeutic properties for African *Colubrinae* and *Viperinae* venoms, GRASSET & CHRISTENSEN **319.**—Effect of bite of *Hoplocephalus bungaroides*, ORMSBY **623.**—Straub phenomenon produced by *Micrurus fulvius* venom, MACHT **516.**—Effects of heparin on action of Viperine poison, AHUJA, VEERARAGHAVAN & MENON **13.**—Of *Bothrops neuwiedii meridionalis*, VIDAL BREARD **903.**—Coagulation of plasma by *Bothrops* venom, HARGREAVES **350.**—Action of *Triturus* toxin on frog sciatic nerve, TURNER & FUHRMAN **879.**—Of *Dendrobates*, MEZEY **567.**

Colouration.—Pigment dispersion in amphibia, SAWYER **730.**—Observation on origin of chromatophores in amphibia, COLOMBO **172.**—Homochromes in amphibians, FLORENTIN **257.**—Retinal pigment migration in frogs, DETWILER **201.**—Dipigmentation of larvae of *Bufo viridis*, COLOMBO **171.** — Effects of phenol-indophenol on *Triturus pyrrhogaster* larval pigmentation, NAKAZIMA **595.**

Endocrine Glands.—FONTAINE & LELOUP **261.** — Comparative ovulation between batrachians and mammals, MORICARD **588.**—Head glands of snakes, SMITH & BELLAIRS, **817.**—Stimulation by cholinergic drugs, SAWYER **729.**—The *corpus luteum* and other follicular derivatives in vertebrates: The cyclic changes in the sexual-endocrine organization of non-mammalian vertebrates, BRETSCHNEIDER & DUYVENÉ DE WIT **104.**—Comparative physiology of thyroid hormone, FLEISCHMANN **256.**—Comparative specific analysis of histological differentiation and function of hypophysis-thyroid complex in larval Anura, IRIKHIMOVITSH **396.**—Thyrotropic activity in amphibia, BLOUNT & BLOUNT **68.**

Muscular Activity.—In frogs, AUBERT **23.**—Effect of nicotine acid amide on frogs, SHOCK & SEBRELL **773.**—Tensile strength of striated muscle of frogs, WALTER **910.**—Reflex actions in young toads, GAUTHIER **289.**—*Lacerta muralis*, STEFANELLI & BASILE **833.**—In Ophidia, STEFANELLI **832.**—In tortoise,

BOUCKAERT & AUBERT **81.**—Contraction of the sphincter pupillae in turtles, ARMSTRONG **19.**

Locomotion. — STEFANELLI **830.** — Movement of Anura, HINSCHE **370.**—Tail and foot action of *Hydromantes platycephalus*, STEBBINS **828.**—Caudivagant mechanism in salamanders, SMITH **803.**—Four types of locomotion, BOGERT **72.**

Equilibration.—Action of meso-ectoderm of frog in determination of location of balancers in embryo *Triturus*, DRAGOMIROV **211.**—Specific value of balancers, DRAGOMIROV **212.**

Effects of environment.—GALGANO **277.**—Temperature on immunity in amphibia, BISSET **62.**—Effect of cold on *Triturus cristatus carnifex*, GALGANO **278.**—Temperature effect on *Xenopus laevis*, OZORIO DE ALMEIDA & DIAS **626.**—Temperature effect on nervous system of *Rana esculenta*, KRIJGSMAN, KAMER, LENNEP & STOLK **436.**—Temperature of lizards (*Lacerta*), KÜHNELT **445.**—Oxygen and air pressure effects upon early development of frog's eggs, NELSEN **603.**—Resistance of *Rana esculenta* to asphyxiation and long immersion, SERFATY **757.**—Effect of light in the metamorphosis of *Triton alpestris*, TOBLER **871.**—Sensibility to infra-red in water tortoises, WOJTUSIAK **931.**—Effect of colchicine on developing germ of *Triturus helveticus*, SENTEIN **754.**—Effects of lead salts on the hemiopoietic and histiocytic systems of larval frogs, BARRETT **41.**

Seasonal Changes.—Statistical investigation of testes weight, winter and summer, of *Bothrops jararaca*, VANZOLINI **891.**

Hibernation.—Functional correlation between cerebral vascularity and metabolism in hibernating frog, DRUMMOND **213.**

Behaviour. — Emotion in reptiles, WORRELL **948.**

Experimental Studies.—COLOMBO **170.**—FAMIANI **242.**—GALLEGO & LORENTE DE NO **281.**—PERETTI **644.**—PERRI **647**; **650.**—SCARINA **731, 732.**—STUTINSKY **853.**—Composition of secretion of parotoid glands in *Bufo arenarum* after enervation, BACQ & LECOMTE **27**; PATETTA **638.**—Defect regulation in neural plate in *Ambystoma maculatum*, HARRISON **352.**—A pituitary-thyroid-skin gland chain reaction, CHADWICK **150.**—*Triturus cristatus*, annual cycle, CEI & MERIGGIANI **147.**—Wolffian body, CAMBAR **126**; **127**; **128**; **134**; **135.**—Cold retardation of Tetanus symptoms in lizards, COWLES & NELSON **186.**—Neuralization in *Ambystoma* explants, CLEAVE **162.**—Mode of action of nerves on unstriated muscle, SINGH **779.**—Result of castration in *Rana esculenta*, PISANÒ **659.**—Implantation of upper lip of the blastophore in *Triturus*, DRAGOMIROVA **210.**—Dependence of formative reactions of embryo of *Triturus vulgaris* from the stage of development in experiments with implantation of pieces of fixated tissue, SHMALHAUSEN **772.**—Nervous reaction to decapitation in *Triturus*, HADORN **335.**—Effect of labrinthectomy on limb movements in toads, GRAY & LISSMANN **321.**—Inversion of the situs viscerum in embryos, DALCQ **188.**—Effect of size of graft on *Ambystoma microstomum*, LOVELL **496.**—Transplantation of chorda in Amphibia and its influence on the skeletogenic mesenchyme, BEDNJAKOV **49.**—Transplantations and pigmentation experiments in Axolotl, BALTZER **36.**—Transplantation of leg-bud in Anura and Urodeles, OKA **616.**—Transplantation, FRONTALI **272.**—Reaction of *Triturus* to synthetic mediums, THOMAS & BORDERIOUX **865.**—Investigation of cytoplasm adaptation of *Bufo bufo* and *Rana temporaria* by method of vital dyeing, LOBASHEV & KORENEVITSH **489.**—Action of pepain and ficin on tadpoles, NORTHROP **613.**—Effect of benzpyrene on amphibia, MATOLTSY **541.**—Influence of Adenohypophysectomy of salt transference on frog skin, JØRGENSEN **406.**—*Rana dalmatina* tadpoles treated with testoslerone and development of true testes, PADOA **627.**—Effects of nitrogen mustard on embryonic amphibian development, BODENSTEIN **69.**—Action of tiouracile and lattoflavine on amphibia larva, MARTINI **531.**—Influence of "tionina" on embryo development in amphibia, CORTELLESSA **182.**—Action of D.F.P. on the rectus isolé of Amphibians, BACQ **26.**—Action of D.F.P. on neuromuscular preparations of frogs, COPPÉE & BACQ **181.**—Effect of nicotinic acid amide on frog muscles, SHOCK & SEBRELL **773.**—Effect of tobacco, fumes and powder, on vipers, JOSSERAND **407.**—

Effect of curare on *Bufo bufo*, LAPICQUE **462.**—Survival of *Ambystoma* embryos in sulfa drugs, DETWILER, COPENHAVER & ROBINSON **205.**—Action of acids on frog hearts, BACQ **25.**—Action of chemicals on thyroid, TUCHMANN-DUPLESSIS **878.**—Effects of LiCl on the viscosity of embryo extracts, REBUFFAT & BRACHET **685.**—Tadpoles of *Rana dalmatina* treated with testosterone, PADOA **627.**—Colchicin and regeneration experiments on *Rana* larvae, BERNHARD **57.**—Effects of colchicine injected in amphibian embryos, HAVAS **354.**—Effect of colchicine solutions on development and metamorphosis in *Bufo vulgaris* and *Rana esculenta*, LEGHISSA **479.**—Effect of adrenalin and insulin on the blood sugar of *Bothrops jararaca*, PRADO **671.**—Effect of lead salts on embryo amphibians, KATSNELSON **412.**—Effect of injection of lead in the embryo of the Pleurodèles, MORICARD & GOTHIÉ **589.**—Re-action of inner-ear of tortoise to chemicals, BREGANTE **102.**—Malformations in embryo frogs due to X-ray, PERRI **649.**—Roentgen rays on amphibian embryos and larvae, URBANI **883.**—Response of *Rana clamitans* larvae to injected androgens and estrogens, MINTZ, FOOTE & WITSCHI **571.**—On the heart of *Testudo graeca* and *mauritanica*, RIJLANT **693**; **694**; **695**; **696**; **697.**—Reaction of heart and muscles to strophantine, MAZZELLA **545.**—In young larvae of *Discoglossus pictus*, PISANÒ **658.**—Function of air-sac in *Triton cristatus*, PERUZZI **651.**—Regional determination of the central nervous system in Urodeles, NIEUWKOOP **609.**—Artificial maturation of *Rana* and *Bufo* eggs, TCHOU-SU **864.**—Induced amplexus between *Rana esculenta* ♂ and *Amblystoma* (albino) ♀, ROTH **713.**—Gynogenesis of eggs of *Bufo bufo* and *Rana esculenta*, ROSTAND **708**; **709.**—Gynogenesis and polydactyly in *Bufo*, ROSTAND **710.**—Gynogenesis and anomalies in *Bufo*, ROSTAND **711.**—Reaction of ♂ *Xenopus laevis* to gonadotropins, ROBBINS, PARKER & BIANCO **699.**—Effect of early suspension of the flux inductor on the determination of the neuroblastic medulla, DAMES **189.**—On muscle protoplasm in frogs, HEILBRUNN & WIERCINSKI **357.**—Circulatory system of *Rana*, GHINOZZI & PERINI **294.**—Afferent supply and limb behaviour, DETWILER **204.**—On forelimb of *Ambystoma*, LOVELL & BATTS **498.**—*Bufo vulgaris* metamorphosis, SCARINCI **733**, **734.**—Eliciting of metamorphosis in axolotls, STUCHLY **852.**—The testes of *Xenopus laevis*, GITLIN **302.**—Crocodile fitted with artificial jaws, SCHNEIDER **744.**

Laboratory Technique.—Preparation of turtles [tortoises] for heart beat studies by use of electric drill operated trephine, SMITH **815.**—Preparation for cytological study, BOONE **76.**

Diseases.—Tumors rarely found in reptiles, DVIZHKOV & ZVETAEVA **219.**—Cancer in *Pituophis melanoleucus*, BALL **34.**

REPRODUCTION AND SEX

Reproduction.—Observation of *Triturus vulgaris meridionalis* in autumn, CEI **145.**—Seasonal variation in testes ratio, GITLIN **302.**—Propagation of *Alligator mississippiensis*, SCHNEIDER **741.**—Observation of copulation in *Amphiuma tridactylum*, BAKER, BAKER & CALDWELL **30.**

Spermatogenesis.—In *Pseudacris triseriata*, GIER & STIGERS **296.**—In *Rana agilis*, VANNINI **889.**—Of *Rana esculenta*, GALGANO **276.**—Spermateleosis in *Ichthyophis glutinosus*, SESHACHAR **760.**—Spermateleosis in *Uraeotyphlus* and *Gegenophis*, SESHACHAR **762.**

Reproductive Cycle.—In *Triturus cristatus carnifex*, GALGANO **280.**—In *Emoia werneri* and *cyanura*, BAKER **31.**

Sex Differentiation.—Effect of hormones on *Rana dalmatina* tadpoles, PADOA **627.**—Effect of hormones on sex differentiation of vertebrates, WOLFF **932.**—Development and sex differentiation of gonads in *Bombina pachypus*, VANNINI **890.**

Sex Dimorphism.—Sexual dimorphism in Phytosaurs, COLBERT **164.**—Relation between spur and total length in *Constrictor c. constrictor*, HOGE **376.**—*Gopherus berlandieri*, MITTLEMAN **577.**

Secondary Sex Characters.—Of ♂ ♀ *Xenopus laevis* and *tropicalis*, GALLIEN **286.**

Hybridization.—*Bufo viridis* and *vulgaris*, PERRI **648.**—Experiments with intraspecific hybrids of *Rana pipiens*,

MOORE **586.**—Competence of the gastrula ectoderm of *Rana pipiens* ♀ × *R. sylvatica* ♂, MOORE **587.**—*Triturus marmoratus* × *T. cristatus*, LANTZ **456.**—Method of obtaining reciprocal hybrids in *Triturus*, BRAAKSMA **87.**—*Scaphiopus couchii* and *hammondii*, uncompleted experiment, BLAIR **66.**

Parthenogenesis. — In *Triturus*, FISCHBERG **251.**

Sex Hormones.—Action of oestrogenes, ARVY **20.**—Amphi-sexual action in *Rana temporaria*, GALLIEN **283.**—Effects of testosterone propionate on sex development in female *Ambystoma*, MINTZ **570.**—Action in *Ambystoma* due to Thyroxine, ROTH **712.**

Intersex.—*Rana temporaria*, CONDÉ **176.**

Hermaphroditism.—In *Rana tigrina*, KAUSHIVA **414.**

Physiology of Sex-behaviour.—Male warning vibration in *Bufo*, BLAIR **64.**

DEVELOPMENT

Egg ; Oogenesis.—Incubation and respiration of lizard, *Crotaphytus c. collaris*, eggs, CLARK **161.**—Oxygen and air pressure effects upon early development of eggs, NELSEN **603.**—Eggs and young of *Aneides ferreus*, STORM **850.**—Oogenesis of certain Indian lizards, SRIVASTAVA **826.**

Fertilisation.—Observation of copulation in *Amphiuma tridactylum*, BAKER, BAKER & CALDWELL **30.**—Absence of Hyaluronidase from reptilian testes, SWYER **857.**

Embryology.—Centrifugation of Amphibia blastula, PASTEELS **635 ; 636.**—Effect of chloral and colchicine on amphibian eggs, SENTEIN **755.**—Development of mesonephros in amphibians, GEERTRUYDEN **290.**—Wolffian body in amphibians, GEERTRUYDEN **291.**—Water absorption of amphibian larvae, CAMBAR **133.**—Activity of protein fractions of frog's eggs, BARTH & JAEGER **45.**—Triploid frog embryos, BRIGGS **106.**—External embryology of *Eleutherodactylus nasutus*, LUTZ **507.**—Internal embryology of *Eleutherodactylus nasutus*, LYNN **509.**—Effect of colchicine and chloral on *Discoglossus pictus* larvae, SENTEIN **756.**—Egg and larvae of *Scaphiopus holbrookii*, RICHMOND **692.**—*Xenopus laevis*, NEMEC **605.**—Germ cells and development of lateral plates and germ ridges in Urodeles, NIEUWKOOP **608.**—Development of pituitary body in chameleons HORN **383.** — *Acrochordus javanicus*, BERGMAN **55.**—*Caretta caretta*, SMITH & DANIEL **816.**—Chemical changes in *Chelydra serpentina*, BRAND & LYNN **96.**

Special Structures.—Shoulder region of *Chrysemys picta marginata*, WALKER **909.**—Pronephros of amphibia, CAMBAR **130, 131.**—Mesonephros in amphibia, CAMBAR **132.**

Organogeny.—Lachrymal apparatus in lizards and snakes, BELLAIRS & BOYD **54.**—Distribution of Bidder's organ, DUBOIS **214.**—Morphogenesis of pelvic girdle of *Ambystoma punctatum*, LOVELL **497.**—Determination and regulation of polarity in retina of *Hyla regilla*, EAKIN **220.**—Neural crest, particularly pigmentary component, MAN CHIANG NIU **521.**—Formative influence of the notochord in amphibia, BEDRYAKOVA **48.**—Metabolism of development, BARTH & JAEGER **44.**

Neoteny.—In salamanders, DUNDEE **216 ;** SMITH & POTTER **814.**

Spermatogenesis.—Interphasic growth of the nucleus studied on mitotic cycle of the spermatogonia of snakes, SCHREIBER **747.**

Organisers.—Mechanics of invagination, LEWIS **483.**—Neuralization in *Amblystoma* explants, VAN CLEAVE **887.**

Larval Stages.—Of Eocene Anura, KUHN **439.**

Metamorphosis.—Researches on amphibian metamorphosis especially of Axolotl, STUCHLY **852.**—Effect of inhibition in tailless amphibians by decerebration, IVANOVA **398.**

Life History.—Trends towards non-aquatic and direct development in frogs, LUTZ **508.**

Growth.—Growth rates of Chinle Phytosaurs, COLBERT **164.**—Of marked *Bufo terrestris americanus*, RANEY & LACHNER **682.**—Growth, annual cycle and moults of *Vipera aspis*, SAINT GIRONS **723.**—Of *Crotalus viridis oreganus*, FITCH & GLADING **254.**—Ontogenetic and phlogenetic types of bones, SMITH **805.**—Kyphosis and other variations in soft-shelled tortoises, SMITH

799.—Development of hypophysis in Amphibia, IRICHIMOVITSH 395.—Atrophy of thigh and hypertrophy of organs of frogs, FISCHER 252.——Androgen and regenerative capacity, GROBSTEIN 325.

Effects of Environment.—In the Salientia, BRAGG 95.—Effect of light in the metamorphosis of *Triturus alpestris*, TOBLER 871.

EVOLUTION AND GENETICS

Evolution.—Evolution of Reptiles, SCHIRMEISEN 735.—Evolution of Pseudosuchia (Palaeontology), HUENE 389a. —Triassic reptiles, KRETZOI 435.—Origin of Amphibia, TRETIAKOV 876.—*Thamnophis* sp., JOHNSON 403.—Of *Pseudosuchia* discussed, SAWIN 728.—Of tortoise shields, HOZATZKII 386.—Evolutionary processes involved in habitus changes of lizards becoming snake-like, STOKELY 847.—Significance in aggregation and cannibalism in tadpoles of *Scaphiopus bombifrons*, BRAGG 94.—" Convergent resemblances," COTT 184.—SMITH & BUECHNER 809.

Phylogeny. — Phylogenetic history of *Hydromantes*, BARRETT 42. — Of *Amphisbaenidae*, LAURENT 464.—*Lacerta viridis*, MERTENS & SCHNURRE 565.—Phylogeny of Western United States forms of *Pituophis*, KLAUBER 419.—Post-ovulation corpus luteum in reptiles, BRETSCHNEIDER & DUYVENÉ DE WIT 104.—Phylogenetic importance of vomerine teeth in the Urodeles, LAURENT 467.

Evolution of Organs.—An introduction to the evolution of the brain, WILKINSON 925.—Nasal capsule and Jacobson organ, MALAN 519.—Lachrymal apparatus in lizards and snakes, BELLAIRS & BOYD 54.—Of the maxillopalate, KESTEVEN 416.—Of the bones of the forearm in Tetrapods, HAINES 336.—Of parotid gland and teeth of Opisthoglypa, SMITH & BELLAIRS 817.—Hemipenis of snakes, VELLARD 896.

Geographic Evolution.—Geographic races of *Bufo vulgaris*, REY 690.—Geographic variation of *Manculus quadridigitatus*, MITTLEMAN 574.—Geographic variation of *Natrix natrix*, MERTENS 562.

Biometrics.—Of the head of *Natrix natrix*, CHIOSSI 156.

Adaptations.—Ontogeny of adaptive peculiarities in shell of chelonians, BANNIKOV 38.

Protective Coloration and Structures. —EIBL-EIBESFELDT 228.

Albinism and Melanism.—In *Amphiuma means tridactylum*, CAGLE 124. —Albinism in *Thamnophis sirtalis sirtalis*, BARTON 46.—Albinism in *Pituophis annectens*, KLAUBER 419.—Melanism in *Natrix natrix helvetica* from Tuscany, LANZA 461.

Genetics of Sex.—Sex-races of *Rana temporaria*, VALLÉE 885.

Chromosome Problems.—In reptiles, PLETZEN 662.—Axolotl, IVANITZKAYA 397.—Formula in *Rana agilis* and *Alligator mississippiensis*, MATTHEY 542.—*Chioglossa lusitanica*, MATEUS 538, 539.—*Rana esculenta*, GALGANO 276.—Of *Gegenophis carnosus*, SESHACHAR 761. — Heteroploid experiment in Urodeles, FISCHBERG 250.—Polyploidy in amphibians, FANKHAUSER 244.—Sex differentiation in haploid salamander, FANKHAUSER 243.—Induction of triploidy and haploidy in newts by cold treatment of eggs, FANKHAUSER & GRIFFITHS 245.—Triploid frog embryos, BRIGGS 106.—Interphasic growth of nucleus in snakes, SCHREIBER 747.

Genetics.—In male *Rana temporaria*, CEI 144.—Of colour pattern in *Eleutherodactylus*, GOIN 305.—Development, structure and functional capacity of the ovaries in triploid salamanders, HUMPHREY & FANKHAUSER 391.

Experimental.—Method of obtaining reciprocal hybrids in *Triturus*, BRAAKSMA 87.

ECOLOGY AND HABITS

Text-books ; General Works.—Classification of Reptiles, LANE 453.—Reptiles and amphibians of Gt. Britain, LANCUM 452.—Reptiles and Amphibians of the Rhine-Main area, MERTENS 561. —S. African wild life, HAMILTON 341.—Amphibians and Reptiles of the Pacific States, PICKWELL 654.

Amphibia and Reptilia.—†Rhynchosauria (Palaeontology), habits discussed, HUENE 389.—LOVERIDGE 502.—High altitudes, COPLAND 178. — General account of some animals in Tanganyika

Territory, LOVERIDGE **503**.—New York State (Erie, Cattaraugus and Niagara Counties) species, WHITCHER **923**.—Santa Ana Mountains, ecologic study, PEQUEGNAT **642**.—Influence of Balcones Escarpment on Texan herpetofauna, SMITH & BUECHNER **809**.—N. Venezuelan species, BEEBE & CRANE **52**.—Michoacan, Mexico species, SCHMIDT & SHANNON **739**.—Of some Venezuelan species, SHREVE **774**.—Mexican species, SMITH **804**.—Notes on Indian species, MITTLEMAN **575**.—Shanghai species, SOWERBY **819**.—Port Dickson, Malay Peninsula, BRONGERSMA **112**.

Amphibia Caudata.—ANGEL **16**.—Batrachians of Indo-China, BOURRET **84**.—Salamanders, DUNDEE **216**.—Distribution of 2 salamanders in Virginia, HOFFMAN **374**.—Use of tail, HERRE **362**.—Record size of ♀ *Cryptobranchus alleganiensis* and egg-laying, FITCH **253**.—*Hydromantes*, LANZA **460**.—*Onychodactylus fischeri*, EMELIANOV **235**.—*Desmognathus fuscus*, eating eggs of own species, BALDAUF **33**.—Mimicry in *Desmognathus f. imitator*, BISHOP **61**.—*Triturus v. vulgaris*, in rockpools of Denmark, JOHNSEN **402**.—Ecology of *Leurognathus*, POPE & HAIRSTON **668**.

Amphibia Salientia.—Classification of Anura, KUHN **439**.—ANGEL **16**.—Rhine-Main area, keys to species and photos, MERTENS **561**.—Batrachians of Indo-China, BOURRET **84**.—Egg habits of United States amphibia, LIVEZEY & WRIGHT **487**.—Prairie-form adaptations, BRAGG **95**.—Population study of *Rana* spp. of Mexico, BLAIR **65**.—Stomach contents of British specimen of *Rana esculenta*, MAULIK **544**.—Water surface leaping habits of *Rana erythraea*, ROMER **706**.—Male warning vibration in *Bufo*, BAKER **64**.—*Bufo b. bufo*, *B. v. viridis*, *Bufo calamita*, *Rana esculenta*, in rockpools of Denmark, JOHNSEN **402**.—Life history of *Eleutherodactylus ricordii planirostris*, GOIN **305**. — *Nectophrynoides occidentalis*, ANGEL & LAMOTTE **17**.—*Scaphiopus* sp., habits, BLAIR **66**.—*Scaphiopus holbrookii* in captivity, HOOPES **382**.—Natural spawning of *Xenopus laevis*, MANDEVILLE **522**.

Chelonians.—Biological study of freshwater chelonians, SCHUBERT-SOLDERN **749**.—The habitations of water-tortoises, RUST **719**.—Rhine-Main area, keys to species and photos, MERTENS **561**.—The holding powers of freshwater tortoises, KLINGELHÖFFER **421**.—Turtles of Indiana, economic relations and utilization, LAGLER **447**.—Notes on *Kinosternon subrubrum*, NICHOLLS **607**.—*Chelydra s. serpentina*, observation on oviposition, FINNERAN **249**.—*Emydura krefftii*, WORRELL **946**.—Description of egg-laying of *Trionyx ferox*, HAMILTON **345**.—Mexican turtle oils, GIRAL & CASCAJARES **300**.—Tortoise shields, HOZATZKII **386**.

Crocodilians. — S. African species, HAMILTON **341**.—*Crocodilus palustris*, mating and parental instinct, DHARMAKUMARSINHJI **208**.—Alligators, SCHNEIDER **742**.—The holding powers of *Alligator sinensis*, LEDERER **475** ; RUST **718**.

Lizards.—Rhine-Main area, keys to species and photos, MERTENS **561**.—S. African species, HAMILTON **341**.—Cocanada lizards, UNDERWOOD **880**.—In captivity, LONGLEY **491**.—Ecology of geckoes, MERTENS **549**.—African *Gekkonidae*, LOVERIDGE **500**.—*Gecko gecko*, DATHE **192**.—Habits of *Coleonyx variegatus*, HARDY **347**.—Of *Uroplates* spp., WEBB **916**.—The climbing and holding powers of *Anolis* sp., ROSENBERG **707**.—*Anolis carolinensis*, in captivity, GOODY **309**.—*Anolis carolinensis*, sloughing, TOMKINS **872**.—Iguana, PRICE **673**.—Aquatic habits of *Cnemidophorus sexlineatus*, STILLE **843**.—Cannibalism in *Xantusia vigilis*, HEIMLICH & HEIMLICH **359**.—Eggs hatching of *Physignathus lesueurii*, LONGLEY **494**.—On *Varanus indicus* from the Marshall Ids., FULBECK **275**.—*Varanus gouldii* in the vivarium, LONGLEY **493**.—*Varanus komodoensis*, LEDERER **476**.—*Chlamydosaurus kingii* in captivity, LONGLEY **492**.—*Lacerta viridis* of N. Germany, MERTENS & SCHNURRE **565**.—*Egernia cunninghamii* in the vivarium, LONGLEY **495**.—Eggs of *Eumeces fasciatus*, GROVES **327**.

Snakes.—Rhine-Main area, keys to species and photos, MERTENS **561**.—Reptiles of Finland, VALOVIRTA **886**.—S. African species, HAMILTON **341**.—African genera and species, MINNING **568**.—Reptiles of Maryland and Columbia district, MCCAULEY **512**.—Population study in Illinois, SEIBERT & HAGEN **752**.—Cocanada snakes, UNDERWOOD **880**.—N. Bengal and Sikkim species, SHAW, SHEBBEARE & BARKER

767.—Habits, duration of life, etc., of *Boidae* in captivity, WERNER 919.—Territorial behaviour, STICKEL & COPE 842.—Dilatability of neck and simulation of death by *Natrix*, JOSSERAND 408.—*Natrix mairii*, WORRELL 947.—Food and growth of *Natrix septemvittata* and *N. sipedon sipedon*, RANEY & ROECKER 683.—*Natrix s. sipedon*, LAGLER & SALYER 448.—History of a *Natrix viperina* in captivity, GESLIN 292.—Seasonal incidence of *Thalerophis richardi nigromarginatus*, OLIVER 620.—*Elaphe vulpina vulpina*, copulation, CARPENTER 138.—Life habits of *Pituophis*, Western United States species, KLAUBER 419.—Description of *Acrochordus javanicus*, embryos and young, BERGMAN 55.—On Cobras, KAUFFIELD 413.—Daily activity of *Naja naja oxiana* Eichw., *Vipera lebetina* L. and *Lacerta agilis* L., TSHERNOMORDIKOV 877.—The viper in Denmark, VOLSØE 907.—Period of fertility in European Vipers, PSENNER 676.—*Vipera ammodytes*, SERGENT 759.—Ecology of *Vipera aspis*, GIRONS 301.—*Vipera aspis* of Canton Solothurn, Switzerland, STEMMLER-MORATH 836.—Observations on *Aspis cerastes*, MERTENS 555.—*Bothrops lanceolatus* of Martinique, LALUNG 449.—Size and habits of *Agkistrodon p. piscivorus*, NEILL 599.—*Crotalus viridis oreganus*, FITCH & GLADING 254.

Ecological Association. — Ecologic communities of the region Chaparral community, PEQUEGNAT 643.

Effects of Environment.—*Rana dalmatina*, altimetrical distribution, ecological characteristics with *R. temporaria* examined, CEI 146.—Polychromatism in lizard, *Phrynosoma* spp., populations, LOWE 505.—Study of marine communities of a tidal inlet, DEXTER 207.

Phenology.—Annual cycle of *Triturus cristatus carnifex*, GALGANO 279.

Migration.—Migration and its causes in Africa, HAMILTON 341.—Migration of newly-hatched Loggerhead turtles, DANIEL & SMITH 190.—Migration, popular explanation, BERNSTEIN 58.

Homing.—Homing field study of *Bufo t. terrestris*, BOGERT 71.

Population Studies.—In Denmark, PFAFF 652.—Acclimatization of *Rana catesbeiana* introduced into Utah, HARDY 348.—Field study of rattlesnakes, *C. v. oreganus*, FITCH & GLADING 254.

Enemies and Defence.—Amphibians and Reptiles of the Pacific States, PICKWELL 654.—Raccoon as a predator on turtles, ERICKSON & SCUDDER 238.—Scorpions as lizard enemy, HARDY 349.—Beetles predator upon *Ambystoma*, SMITH 782.—*Natrix mairii*, breaking of tail to avoid capture, WORRELL 947.—Defence method of common Krait, VASU 895.

Conservation.—A new sanctuary at Mataranka, N. Territory, Australia, WORRELL 949.

Parasitism.—Snakes parasitized by *Salmonella*, HINSHAW & MCNEAL 371.—Parasites of amphibia, *Bufonidae*, species listed with names of parasites, WALTON 911.

Pseudoparasitism.—Note on myiasis of *Bufo boreas boreas*, JAMES & MASLIN 400.

Diseases.—Mouth infection of *Boa constrictor*, MEYN 566.—Cancer in *Pituophis melanoleuens*, BALL 34.

Technique.—Collecting, handling and care of amphibians and reptiles, PICKWELL 654. — Method for collecting lizards, BROWN 114.—Snare for water-snakes, FRANKLIN 271.—Turtle catching, LAGLER 447.—Use of "vegetable paste" by snake charmers of the Ivory Coast, CHEVALIER 154.—Incubation of *Lacerta viridis* eggs artificially, GESLIN 293.—Incubation of lizard eggs, CLARK 161.—Mite control in reptile collections, MATTLIN 543.—*Varanus gouldii* in the vivarium, LONGLEY 493.—Bone-making material for turtles in captivity, LOVERIDGE 501.—Breeding *Xenopus laevis*, PARKER, ROBBINS & LOVERIDGE 631. — Breeding *Discoglossus pictus*, BRUCE & PARKES 118; LANTZ 457.—Crocodile fitted with artificial jaws, SCHNEIDER 744.

General Habits.—Pterodactyls: *Pteranodon nigens*, KRIPP, D. VON 437.—Amphibians and Reptiles of the Pacific States, PICKWELL 654.

Feeding Habits.—Changing diet of †*Ulemosaurus*, EFREMOV 223.—Process of *Eurycea lucifuga*, BRANDT 97.—Habits of *Aneides ferreus*, STORM & ALLER 851.—Transmetamorphic mem-

ory in *Ambystoma texanum*, BRANDT **98**. —Food habits of *Ambystoma macrodactylum* and *Triturus granulosus mazamae*, FARNER **246**.—Food of *Acris crepitans*, JAMESON **401**.—Feeding of *Bufo regularis*, *Rana albolabris*, *R. bibroni*, *R. leonensis*, *R. subsigillata*, *Arthroleptis variabilis*, *A. taeniatus*, *Megalixalus leptosomus*, *M. dorsalis*, *Hylambates yalense*, *H. leonardi*, *Hyperolius substriatus*, *H. reticulatus*, *H. cinctiventris*, *Leptopelis notatus*, PAULIAN & VILARDEBO **639**.—Cannibalism in lizard, *Xantusia vigilis*, HEIMLICH & HEIMLICH **359**.—Habits of lizard, *Gerrhonotus m. webbii*, CHRISTENSON **159**.—Stomach contents of lizards, KNOWLTON **424**.—Stomach contents of lizard, *Sceloporus g. graciosus*, KNOWLTON **425**.—Of some Peruvian snakes, PRADO & HOGE **670**.—*Python molurus* eating mango-fruit, MOOKERJEE **585**.—*Natrix s. sipedon*, LAGLER & SALYER **448**.—*Elaphe guttata* and *E. obsoleta*, eating bats, FOWLER **264**.—Ophiophagous young *Elaphe o. obsoleta*, HUDSON **387**.—Carrion eating by snake, *Coluber flagellum piceus*, COWLES **185**.—*Diadophis amabilis occidentalis* eating *Sonora semiannulata*, in captivity, STORM **849**.—Food of *Farancia abacura*, BUCK **120**.—Feeding of *Farancia abacura*, HEDIGER **356**.—*Heterodon simus*, feeding habits, GOIN **306**.—Of snake *Tropidoclonion lineatum* in captivity, RAMSEY **680, 681**.—Of *Emydura krefftii* in captivity, WORRELL **946**.—*Terrapene ornata* feeding on *Phrynosoma cornutum*, EATON **221**.—Feeding habits and stomach contents of *Crocodilus niloticus* in Uganda, HIPPEL **372**.

Egg-laying. — Minimum and maximum records of anurans, SMITH **800**.—*Rana temporaria* on *Herba urticae*, stinging-nettle, GASCHE **287**.

Breeding Habits.—Breeding season of *Rhacophorus buergeri*, GANS **287**.—*Bufo bufo*, breeding habits, EIBL **224**.—*Japalura* sp. (not *Japarula* as printed), AUTHOR ? (in Japanese) **8**.—*Constrictor occidentalis*, breeding in captivity, LESTER **481**. — *Coluber gemonensis*, STEMMLER-MORATH **835**.—Breeding of *Storeria occipitomaculata*, NORMAN **612**.

Courtship.—*Amphiuma tridactylum*, BAKER, BAKER & CALDWELL **30**.—Of *Elaphe obsoleta obsoleta* (Pilot Blacksnake), MANSUETI **523**.

Longevity.—Reptiles and amphibians in captivity, BOURLIÈRE **82** ; PERKINS **645**.

Hibernation.—Notes on W. Texas lizards, BOWERS & SMITH **86**.—Hibernation habits of *Tropidoclonion lineatum*, HAMILTON **346**.

Moults.—Unusual ecdysis of *Cerastes vipera*, HUDSON **388**.

Voice.—Voice of *Hyla versicolor*, HOFFMAN **373**.—Crocodiles bellowing, HEINROTH **360**.

Locomotion.—Flight of †*Pteranodon*, KRIPP, D. VON **437**.—Rectilinear locomotion in snakes, BOGERT **72**.—Speed of snakes, CANSDALE **137**.

Behaviour.—*Malacochersus tornieri*, MERTENS **550**.—Emotion in reptiles, WORRELL **948**.—Protective attitudes of amphibians and reptiles, EIBL **226**.—'Shamming Death' of snakes, MACDONALD **514**.—Threatening and wooing attitudes of Austrian lizards, KÜHNELT **444**.—Fighting technique of Iguana, PRICE **673**.

Economics.—Frog-farming, SCHMIDT **736**.—Reptiles of Madagascar, DECARY **195**.—Turtles, LAGLER **447**.

VENOMS

AMPHIBIA

Scaphiopus sp., secretions and effects, BLAIR **66**.—Study on the venom of *Leptodactylus laticeps*, VELLARD **900**.—Parotoid secretion of *Bufo marinus*, BLAIR **67**.—Action of venoms of *Bufo bufo* and *Salamandra salamandra*, DEHAUT **196**.

LIZARDS

Toxicity of *Heloderma* venom, WOODSON **945**.

SNAKES

Observations.—Toxic property tested, GONÇALVES & POISON **308**.—Quantative values of prothrombin, WILSON **929**.—Haemolytic properties of Cobra venom, HENRY-DUSTIN **361**.—Biochemistry of Cobra venom, NITTI **610**.—*Dendroaspis viridis*, BOQUET **77**.—*Vipera aspis*, antigens, LAMY & ROUYER **451**.—*Vipera ammodytes*, SERGENT **759**.—Analytical study of *Agkistrodon pisci-*

vorus, FAIRBAIRN **241**.—Account of rattlesnake bite, WOODBURY **940**; WOODBURY & ANDERSON **941**.—*Crotalus* bitten by *Sistrurus*, MUNRO **591**.

Treatment; Antivenines.—Effect of tropical plant extracts against snakebite, BONSMANN **75**.—Preparation of a 'vegetable paste' by snake charmers of the Ivory Coast, CHEVALIER **154**; **155**.—Magnesium sulphate and carbolic soap as antidotes, CHRISTENSEN & WAAL **158**.—Effect of treatment for snake bite of magnesium sulphate solution 10% 2 cc. injection, SHIRCORE **771**.—Hyperglycaemic action in relation to toxic and antigenic properties, GRASSETT & GOLDSTEIN **318**.—Treatment, EPHRATI **237**.—Antihaemolytic action of glutathione on Cobra venom, BARRE & VESSELOVSKY **39**.—Result of administration of cholesterine on cobra poisoning, BARRE & HOUSSA **40**.—Action of ultra-violet rays on haemolysin of Cobra venom, MUTSAARS & BARTHELS-VIROUX **592**.—Formol detoxication of *Naja flava* venom, CHRISTENSEN **157**.—Action of strychnine on *Dendroaspis* venom, BURETTE **122**.—Preparation of antivenenes to *Vipera aspis*, *Cerastes cornutus*, *Bitis arietans*, BOQUET, GIRARD & CORVAZIER **78**.—Adder bites [? *Vipera berus*] in Pembrokeshire, case histories and effect of 'Benadryl,' MATHIAS & FFRENCH **540**.—Preparation of antivenene for *Bitis nasicornis*, GRASSETT **317**.—Dermatoxic activity of *Bothrops jararaca* venom neutralized by antivenines, EICHBAUM **229**.—*Bothrops jararaca* and *Crotalus t. terrificus* venom spreading neutralized by homologous and, partially, by heterologous antivenoms, EICHBAUM **230**.—Evaluation of ratios between *Crotalus t. terrificus*, venom and antivenom, BIER **59**.

GEOGRAPHICAL DISTRIBUTION

Zoogeography.—Population study in Denmark, PFAFF **652**.—Remarks on faunal exchange through the Sahara, BRAESTRUP **93**.—Curaçao, Aruba, Bonaire and the Venezuelan Ids., HUMMELINCK **390**.—Influence of Balcones Escarpment on Texan reptiles and amphibians, SMITH & BUECHNER **809**.—Zoogeographical comments on N. Dakota, WHEELER **922**.—Riu Kiu Islands, INGER **393**.—On faunistic frontiers of Gobi in Mongolia, BANNIKOV **37**.

PALEARCTIC REGION

Europe.—MERTENS **562**.

Britain. — Great Britain, LANCUM **452**; MAULIK **544**.

England.—TICEHURST **866**; WILSON **928**. — *Hertfordshire*, LLOYD **488**.—*Yorkshire*, HAZELWOOD **355**.

France.—REY **690**; SELLIER **753**.—*Lorraine*, FLORENTIN **258**.—Forest of Fontainebleau area, YAKOWLEFF **951**.

Italy.—LANZA **459**; LANZA **461**; TORTONESE **873**.—*Tuscany*, LANZA **460**.

Denmark.—HASS **353**; JOHNSEN **402**; PFAFF **652**; URSIN **884**; VOLSØE **907**.

Finland.—KAISILA **409**; SUOMALAINEN **855**; VALOVIRTA **886**.

Holland.—*Amsterdam*, HEIMANS **358**.

Germany.—Rhine-Main area, MERTENS **561**.—*Silesia*, KÖHLER **427**.

Switzerland. — *Canton Solothurn*, STEMMLER-MORATH **836**.

Poland.—MARCHLEWSKI **528**.

Czecho-Slovakia.—*Liberec*, PODANY **663**.

Bulgaria.—ŠTÉPÁNEK **837**.

Austria.—EIBL **227**.—S. Tirol, PSENNER **677**.

Hungary.—*Budapest*, KEVE **417**.

Albania.—CEI **143**.

Turkey.—*Anatolia*, BAŞOĞLU **47**.

Russia.—*Caucasus*, LANTZ & CYRÉN **458**.—DEMENTJEV, SPANGENBEG & RUSTAMOV **197**.

Crimea.—KHOZATSKIJ **418**.

Armenia.—CERNOV **149**.

N. Africa.—Morocco, CHARNOT **151**.—Ancient and modern Egypt, KEIMER **415**.

Mediterranean Islands. — MERTENS **557**.—Gaudos and Crete, ŠTÉPÁNEK **837**.

Grecian Archipelago.—Greek Archipelago, ŠTÉPÁNEK **838**.—*Zante*, WERNER **920**.

Japan. — OKADA **617**. — *Riu Kiu Islands*, INGER **393**.

ORIENTAL REGION.

India.—*Kashmir*, AHMAD **12.**—*N. Bengal* and *Sikkim*, SHAW, SHEBBEARE & BARKER **766**; **767.**—*Bombay Presidency*, ANGEL **15.**—*Sind*, MYERS **593.**—*Cocanada*, UNDERWOOD **880.**—*Eastern Ghats*, RAMASWATHI **679.**

Ceylon.—TAYLOR **860, 863.**

Indochina.—BOURRET **84.**

China.—AUTHOR ? (in Japanese) **7.**—*Fukien*, CHENG **152**; **153**; LI **484**; POPE **667**; TING **867**; **868**; **869**; WANG & CHANG **912.**—*Foochow*, KAO **410.**—*Shanghai area*, SOWERBY **819.**—*West*, LIU **486.**

Formosa.—AUTHOR ? (in Japanese) **6.**—SATO **725.**

Christmas Island.—GIBSON-HILL **295.**

Malaysia.—*Java*, HAAS, C. P. J. DE **333.**—*Sumatra*, BRONGERSMA **111.**—*E. Indian Archipelago*, BRONGERSMA **112.**—Port Dickson, Malay Peninsula, BRONGERSMA **112.**—*Bangka* and *Billiton Ids.*, WESTERMANN **921.**

AUSTRALIAN REGION AND POLYNESIA

Australia.—HUNT **392**; WORRELL **949.**—*Mt. Kosciusko*, COPLAND **178.**—New South Wales, COPLAND **180.**—New Hebrides, BAKER **31.**

ETHIOPIAN REGION

Africa.—DE WITTE & LAURENT **206**; LAURENT **464, 469, 470**; LOVERIDGE **500**; MINNING **568.**

S. Africa.—S. and S. East, particularly *E. Transvaal*, HAMILTON **341.**—*Natal*, FITZSIMONS **255.**

E. Africa.—*Kenya*, TOSCHI **874.**—*Tanganyika Territory*, LOVERIDGE **503.**—*Uganda*, PERKINS **646.**—*Ethiopia*, Borana, ZAVATTARI **957.**

Zanzibar Protectorate.—PAKENHAM **628.**

W. Africa.—*Gold Coast*, CANSDALE **137.**—*Ivory Coast*, CHEVALIER **154, 155**; PAULIAN & VILARDEBO **639.**—*Liberia*, LOVERIDGE **499.**—*Congo*, LAURENT **465.**—*Portuguese Guinea*, MONARD **579, 580.**

Madagascar.—DECARY **195.**—GUIBÉ **329, 331, 332.**—WEBB **916.**

NEARCTIC REGION

Canada.—*Quebec*, HALL **338.**

North Eastern States.—CONANT **173**; LIVEZEY & WRIGHT **487.**—*Illinois*, LANGEBARTEL **455**; WILLIAMS **926.**—*Ohio*, WOOD & DUELLMAN **938, 939**; *Logan County*, DUELLMAN **215.**—*Butler County*, FICHTER **248.**—*New York*, HAMILTON **344**; WHITCHER **923**; *Sullivan County*, EVANS **240.**—*Delaware*, CONANT **175.**—*Massachusetts*, *Cape Ann*, DEXTER **207.**—*Indiana*, LAGLER **447**; MITTLEMAN **575.**—*Columbia* district, MCCAULEY **512.**—*Maryland*, CONANT **174**; GROVES **326**; MANSUETI **524, 525, 526**; MCCAULEY **512**; ROBERTSON, H. C. **701**; FOWLER **265, 266**; FOWLER & ORTON **267.**

South Eastern States.—LIVEZEY & WRIGHT **487**; MITTLEMAN **572.**—*Missouri*, HARPER **351.**—*Louisiana*, ORTON **624.**—*Tennessee*, WOOD **935.**—*Georgia*, NEILL **597, 598.**—*N. Carolina*, HAIRSTON **337**; WOOD **934.**—*S. Carolina*, NEILL **601.**—*Virginia*, FRUM **273**; HOFFMAN **374.**—*Florida*, TRAPIDO **875.**

Middle and Western States.—KLAUBER **419**; LIVEZEY & WRIGHT **487.**—*Utah*, HARDY **348**; WOODBURY & HARDY **943.**—*Arizona*, WOODBURY & HARDY **942.**—*Colorado*, MASLIN **534, 535**; INGER **536.**—*North Dakota*, WHEELER **922.**—*Kansas*, HALL & SMITH **339.**—*Kansas*: Fossil Reptiles of LANE **453.**—*Oklahoma*, BRAGG **95**; DUNDEE **216.**—*Texas*, BROWN **115**; BROWN & MITTLEMAN **116**; GLASS **303**; SMITH **793, 798**; SMITH & BROWN **807, 808**; SMITH & POTTER **814.**—*Balcones Escarpment*, SMITH & BUECHNER **809.**

Pacific Coast States.—KLAUBER **419**; LIVEZEY & WRIGHT **487**; PICKWELL **654.**—*Washington*, JOHNSON **403.**—*Oregon*, STORM **849**; *Crater Lake*, FARNER **246.**—*California*, SHAW **765**; STEBBINS & REYNOLDS **829.**—*Santa Ana Mts.*, PEQUEGNAT **643.**

CENTRAL AMERICA

SMITH, H. M. **792.**

Mexico.—BLAIR **65**; CAMPO **136**; SMITH **790, 802, 804**; TAYLOR **861, 862**; Michoacan, SCHMIDT & SHANNON **739.**

Guatemala.—SMITH **802.**

Panama.—EVANS **239.**—Upland western Panama, DUNN **217.**

West Indies.—*Cuba*, MITTLEMAN **573**; MERTENS **554**; RIVERO **698**.—*Jamaica*, GRANT **310**.—*Haiti*, CURTISS **187**.—*Martinique*, LALUNG **449**.—*Venezuelan Islands*, BRONGERSMA **109**; HUMMELINCK **390**.

SOUTH AMERICA

Venezuela.—BEEBE & CRANE **52**; BRONGERSMA **109**; SHREVE **774**.

Colombia.—SHREVE **775**. — *Eastern Colombia*, BRONGERSMA **109**.

Ecuador.—ENOCK **236**.

Peru.—MERTENS **552**; PRADO & HOGE **670**.

Guiana.—British Guiana, ROTH **714**.

Brazil.—VANZOLINI **892**; VILLELA & PRADO **904**. —†Reptilian Fauna of Brazil, HUENE **389a**.

Argentine.—VELLARD **897**, **898**, **900**; *Patagonia*, VELLARD **899**.

Chile.—BORROS **80**.

PALAEONTOLOGY AND GEOLOGICAL DISTRIBUTION

General. — Dinosaurs of Canada, STERNBERG **840**.—Review of Labyrinthodontea, ROMER **705**.—Fossil Reptiles of Kansas, LANE **453**.—Geologic history of the Riu Kiu Islands, INGER **393**.—Ecology of Hadrosaurs, LULL & WRIGHT **506**.—Discovery of *Pliosaurus* cf. *grandis* Owen in Volga region (Upper part of lower Volga, Upper Jurassic), ROZHDESTVENSKY **716**.

Devonian.—IRETIAKOV **876**.

Carboniferous.—OLSON **621**; COLBERT & SCHAEFFER **168**.

Permo-Carboniferous. — LANE **453**; IRETIAKOV **876**.

Permian.—AUGUSTA **24**; EFREMOV **223**; OLSON **622**; ROMER **704**; WELLES **917**.

Mesozoic.—COLBERT **163**.

Triassic.—BRANSON **100**; COLBERT **164**, **165**; HUENE **389a**; KRETZOI **435**; KUHN **442**, **443**; PANTELEEV **630**; PEABODY **640**; PIERO **655**; PRICE **674**; RYAN & WILLARD **721**; SAWIN **728**; IRETIAKOV **876**; VIALLI **902**; WELLES **918**; YOUNG **952**, **954**, **955**, **956**.

Trias.—HUENE, F. R. VON **389**.

Jurassic.—BRYAN & JONES **119**; CABRERA **123**; LANG **454**; ROZHDESTVENSKY **716**; STOKES **848**; YOUNG **953**.

Jura Cretaceous.—FUCINI **274**.

Cretaceous.—COLBERT & BUMP **166**; GILMORE **297**, **298**; KRIPP, D. VON **437**; KUHN **441**; LAMBERT **450**; LULL & WRIGHT **506**; OAKLEY **615**; ROYO Y GOMEZ **715**; STAESCHE **827**; STERNBERG **840**; YOUNG **953**.—Upper Cretaceous of India, SWINTON **856**.

Tertiary.—BONI **74**; D'ERASMO, G. **199**; GOMEZ, J. R. Y **307**; OAKLEY **615**.

Lower Tertiary.—MULLERIED **590**.

Eocene.—HINSCHE **370**; KUHN **438**, **439**; NÖTH **614**; PRICE & COUTO **675**.

Oligocene.—HOFFSTETTER **375**; SAMPELAYO & BATALLER **724**; STIRTON **845**.

Miocene.—KHOZATSKY **418**; ROYO Y GOMEZ **715**.

Pliocene.—KRAGLIEVICH **434**.

Pleistocene.—BONI **74**.

III.—SYSTEMATIC INDEX

The Orders, and Families and Genera within them, are alphabetically arranged.

General; Recent.—Italian species in Torino Mus. collection, TORTONESE **873**.—Amphibia and reptilia of the Rhine area, MERTENS **561**.—Amphibians and reptiles of Amsterdam, HEIMANS **358**.—Records from Albania, CEI **143**.—Portuguese frogs and reptiles, MONARD **579**.—Reptiles and amphibians from Natal, FITZSIMONS **255**.—Congo species, LAURENT **465**.—Portuguese Guinea, MONARD **580**.—Modified list of Zanzibar Protectorate reptiles and amphibians, PAKENHAM **628**.—Herpetology of Crystal Lake, Sullivan County, N.Y. (32 species and subspecies), EVANS **240**.—Preliminary survey of Montgomery County, Ohio (36 species), WOOD & DUELLMAN **939**.—Key to amphibians and reptiles of N. Dakota, WHEELER **922**.—Notes on Indiana species, MITTLEMAN **575**.—Kansas records of reptiles

and amphibians, HALL & SMITH **339.**—Amphibians and Reptiles of the Pacific States, keys, pls., PICKWELL **654.**—Report on a collection from De Chiapas, Mexico, SMITH **790.**—Mexican reptiles and amphibians, SMITH **804.**—Amphibians and Reptiles of Michoacan, Mexico, SCHMIDT & SHANNON **739.**—Reptiles and amphibians of Peru, MERTENS **552.**—Jamaican fauna, GRANT **310.**—List of reptiles and amphibians from India in Paris Museum, ANGEL **15.**—Reptilia and Amphibia of Christmas Id., GIBSON-HILL **295.**—Amphibians and reptiles of the Shanghai area, SOWERBY **819.**—Amphibians and reptiles from Port Dickson, Malay Peninsula, BRONGERSMA **112.**

AMPHIBIA

General ; Fossil.—Census of determinable Genera of Stegocephalia, CASE **139.**—Labyrinthodontia reviewed, ROMER **705.**—Plagiosaurid Stegocephalia discussed, WELLES **918.**—Catalogue of Type and Figd. specimens in Univ. of Michigan, Mus. of Palaeontology, CASE **140.**

General ; Recent.—Life and habits of amphibians, ANGEL **16.**—Italian species in Torino Mus. collection, TORTONESE **873.**—Amphibians and reptiles of Greek Archipelago, ŠTĚPÁNEK **838.**—Synoptic key to Salientian eggs of the United States, LIVEZEY & WRIGHT **487.**—The Salamanders of Maryland, a popular list, figs., MANSUETI **526.**—Bibliography of Mexican Amphibiology, TAYLOR **862.**—Batrachians of Patagonia, VELLARD **899.**—Batrachians of Indo-China, figs., col. pls., BOURRET **84.**—Survey of Riu Kiu amphibians, and keys, INGER **393.**—Arrangement of vomerine teeth in *Ambystomidae, Salamandridae* and *Plethodontidae*, LAURENT **467.**—Distribution of Bidder's organ in Bufonidae and lacking in other anuran families, DUBOIS **214.**

APODA

CAECILIIDAE

Caecila ochrocephala, from Canal Zone, Panama, EVANS **239.**—*C. subnigrans*, from Venezuela ; teeth on lower jaw tip remarked, SHREVE **774.**

Gegenophis carnosus, chromosomes studied, SESHACHAR **761.**—Sperm formation, SESHACHAR **762.**

Ichthyophis glutinosus, spermatogenisis, SESHACHAR **760.**—*I. monochrous*, from E. Ghats, larvae described, skull figured, compared with *I. glutinosus*, RAMASWATHI **679.**

Siphonops annulatu from Colombia, SHREVE **775.**

Typhlonectes compressicauda, respiratory metabolism, SAWAYA **727.**

Uraeotyphlus narayani, sperm formation, SESHACHAR **762.**

CAUDATA

AMBLYSTOMIDAE

Amblystoma jeffersonianum, extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520.**—Attacked by beetles, SMITH **782.**—*A. macrodactylum*, food habits, FARNER **246.**—*A. maculatum*, second record from Kansas, HALL & SMITH **339.**—Histology of myocardium, KOCHETOV **426.**—Response to sex hormones, MINTZ **570.**—Recorded from Hardin County, Tennessee, PARKER **632..**—*A. mexicanum*, effect of polyploidy on vertebrate development, HUMPHREY & FANKHAUSER **391.**—Observations on metamorphosis, SLONIMSKI **781.**—Experiments in metamorphosis, STUCHLY **852.**—*A. microstomum*, effect of size of graft, LOVELL **496.**—Transplantation experiment on forelimb rudiment, LOVELL & BATTS **498.**—*A. opacum*, distribution in Virginia, HOFFMAN **374.**—*A. punctatum*, experiments to induce neuralization in gastrular ectoderm, CLEAVE **162.**—Morphogenesis of pelvic girdle, LOVELL **497.**—Indication of neural crest origin for mesencephalic V root cells, PIATT **653.**—Experiments on pigment dispersion, SAWYER **730.**—*A. texanum*, transmetamorphic memory, BRANDT **98.**—*A. tigrinum*, natural polydactyly and limb duplication reported, BISHOP & HAMILTON **60.**—Action of sex hormones, ROTH **712.**—*A. tigrinum tigrinum*, N. Dakota records, WHEELER **922.**—*A. t. diaboli*, N. Dakota records, WHEELER **922.**—*A. t. melanostictum*, N. Dakota records, WHEELER **922.**—*A. t. nebulosum*, extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520.**—*A. t. slateri*, extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520.**

AMPHIUMIDAE

Amphiuma, skeleton, HILTON **365**.—*A. means* and *A. tridactylum*, distinct species, BAKER **28**. — Distribution, BAKER **29**.—*A. means tridactylum*, cytological study, BOONE **76**.—Albino from New Orleans, CAGLE **124**.—*A. tridactylum*, observation of copulation, BAKER, BAKER & CALDWELL **30**.

Cryptobranchus alleganiensis, ♀ record size, 740 mm. ; egg laying, FITCH **253**.—Distribution in Maryland, FOWLER **265**.—Range extended by 200 miles to Labette County, Kansas, HALL & SMITH **339**.—Extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520**.

Megalobatrachus japonicus davidianus from Shanghai area, discussion, SOWERBY **819**.

PROTEIDAE

†*Erierpeton branchialis* said to be in Pennsylvanian of Illinois, OLSON **621**.

Necturus, specimen with abnormal double foot, HILTON **368**.

HYNOBIIDAE

Hynobius formosanus, figs., skull, SATO **725**.—*H. sonani*, from Formosa, figs., skull, etc., SATO **725**.—*H. tokyoensis*, transplantation of leg-bud, OKA **616**.

Onychodactylus fischeri, EMELIANOV **235**.

PLETHODONTIDAE

Plethodontidae, hyobranchial skeleton, figs., HILTON **364**.

Aneides aeneus, from Virginia, FOWLER **263**.—*A. ferreus*, eggs and young, STORM **850**.—Food habits, STORM & ALLER **851**.

Desmognathus aeneus, **sp. nov.**, from N. Carolina, affinities *D. ochrophaeus, wrighti*, Copeia, Ann Arbor 1947 pp. 163–164 fig., BROWN & BISHOP **117**.—*D. f. fuscus*, BALDAUF **33**.—*D. f. imitator*, recorded mimicry, BISHOP **61**.—*D. quadramaculatus amphileucus*, habitat of type locality described, WOOD **933**.

Eurycea bislineata, chromosome problems, FANKHAUSER **244**.—*E. b. bislineata*, extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520**.—*E. b. cirrigera*, extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520**.—Extended range by 100 miles to, N.W. De Soto County, Mississippi, PARKER **632**.—*E. latitans*, **sp. nov.**, Texas, near *nana*, Herpetologica 3 4 1947 pp. 106–109, SMITH & POTTER **814**.—*E. lucifuga*, feeding process, BRANDT **97**.—Extension of range, MALDONADO-KOERDELL & FIRSCHEIN **520**.—*E. longicauda longicauda*, sizes of adult, from series of specimens, LADD, D. E. **446**.—*E. l. guttolineata*, WOOD **934**.

Gyrinophilus danielsi, subspecies, altitude, distribution, HAIRSTON **337**.—*G. porphyriticus*, in Quebec, HALL **338**.

Hydromantes genei, LANZA **460**.—*H. italicus*, hematopoiesis in, and phylogenetic history of, BARRETT **42**.—From caves in Firenze, LANZA **459**.—*H. platycephalus*, method of locomotion, STEBBINS **828**.

Leurognathus, distribution, POPE & HAIRSTON **668**.—*L. intermedia* raised to specific rank, POPE & HAIRSTON **668**.

Manculus quadridigitatus, geographic variation, key to races ; *M. q. paludicolus*, **subsp. nov.**, p. 220 ; *M. q. uvidus*, **subsp. nov.**, p. 221, Herpetologica San Diego 3 6 1947, MITTLEMAN **574**.

Oedipus bellii, Michoacan, SCHMIDT & SHANNON **739**.

Plethodon elongatus, range extended 25 miles inland, STEBBINS & REYNOLDS **829**.—*P. glutinosus shermani*, WOOD **934**.—Description of juvenile, WOOD **937**.—*P. jordani*, descriptive comparisons of juvenile and adult, fig., WOOD **936**.

Pseudoeurycea cephalica, *P. galeanae*, tail-tip aid to locomotion, SMITH **803**.

Pseudotriton montanus montanus, distribution in Virginia, HOFFMAN **374**.

Spelerpes fuscus, CEI **142**.

SALAMANDRIDAE

Salamandridae, hyobranchial apparatus, figs., HILTON **367**.

Chioglossa lusitanica, chromosome study, MATEUS **538, 539**.

Pleurodeles waltlii, bifid anterior foot MARTINS D'ALTE **533**.

Salamandra salamandra, LEUTSCHER **482**.—*Salamandra salamandra*, coloured plate, MARCHLEWSKI **528**.—*S. s. salamandra* ; *S. s. taeniata*, photos, keys, Rhine-Main distribution, MERTENS **561**.

—*S. s. taeniata*, striped form reported in Liberec, Czecho-Slovak Republic, PODANY **663**.—*S. maculosa*, evolution of bones of the forearm, HAINES **336**.

Salamandrina terdigitata (Lac.) from caves in Firenze, LANZA **459**.

Triturus, key to Rhine-Main species, MERTENS **561**.—*T. a. alpestris*, photo, Rhine-Main distribution, MERTENS **561**. —*T. cristatus*, study of regeneration, DINICHERT-FAVARGER **209**.—Histology of myocardium, KOCHETOV **426**.—Effect of benzpyrene, MATOLTSY **541**.—Function of air-sacs, PERUZZI **651**.—Regeneration, MONROY **581**.—Morphogenetic potentials of iris and retina, SHEVTSHENKO **770**.—*T. c. cristatus*, photo, Rhine-Main distribution, MERTENS **561**.—*T. c. carnifex*, effect of temperature, cold, GALGANO **278**.—Annual cycle, GALGANO **279**.—Sexual cycle, GALGANO **280**.—*T. ensicaudus*, from Riu Kiu Ids., remarks and discussion, INGER **393**.—*T. e. popei*, **subsp. nov.**, from Kin, Okinawa, Riu Kiu Ids., Fieldiana, Zool. **32** 5 1947 pp. 312–320, INGER **393**.—*T. granulosus mazamae*, food habits, FARNER **246**.—*T. helveticus*, effects of colchicine solutions on developing germ, SENTEIN **754**.—*T. h. helveticus*, photo, Rhine-Main distribution, MERTENS **561**.—*T. orientalis*, anatomy, figs., NIU **611**.—*T. pyrrhogaster*, effects of phenol-indophenol on larval pigmentation, NAKAZIMA **595**.—*T. taeniatus*, chromosome problems, FANKHAUSER **243**.—*T. torosus*, experiments on pigment dispersion, SAWYER **730**.—*T. viridescens*, chromosome problems, FANKHAUSER **244**.—Induction of triploidy and haploidy, FANKHAUSER & GRIFFITHS **245**.—Land form in Chicago region, WILLIAMS **926**.—*T. vulgaris*, structure of myofibrils, KATSNELSON **411**. — Histology of myocardium, KOCHETOV **426**.—Experiments with tissue implantations, SHMALHAUSEN **772**.—*T. v. vulgaris*, from rock-pools in Denmark, JOHNSEN **402**.—Photo, Rhine-Main distribution, MERTENS **561**.—*T. v. meridionalis*, autumn reproduction observed, CEI **145**.—*T. cristatus* × *T. marmoratus*, hybrids, LANTZ **456**.—*T. taeniatus* × *T. alpestris*, method of obtaining reciprocal hybrids, BRAAKSMA **87**.

Tylototriton andersoni, from Okinawa, Riu Kiu Ids., remarks and discussion, INGER **393**.

†STEGOCEPHALI

Classification, CASE **139**.—Classification discussed, ROMER **705**.—Determinable genera, CASE **139**.—Labyrinthodont footprints from Carboniferous of Indiana, COLBERT & SCHAEFFER **168**.—Labyrinthodont remains from Trias of Don Bend, PANTELEEV **630**.

Archegosaurus mentioned, TRETIAKOV **876**.

Austropelor in Jurassic of Australia, BRYAN & JONES **119**.

Branchiosaurus remains from Lower Permian of Moravia, AUGUSTA **24**.

Cricotus heteroclitus, *Cr. gibsoni*, and *Cr.* sp. recorded from Pennsylvanian of Illinois, OLSON **621**.

Cyclotosaurus randalli **sp. nov.**, descr. and figd.; from Trias of Northern Arizona; Univ. Calif. Publ. Bull. **27** 7 1947 pp. 257–265, fig., WELLES **918**.

Diplocaulus salamandroides recorded from Pennsylvanian of Illinois, OLSON **621**.

Ichthyostegalia discussed, TRETIAKOV **876**.

Lysorophus tricarinatus recorded from Pennsylvanian of Illinois, OLSON **621**.

Moraverpeton remesi **gen. et sp. nov.**, Lower Permian of Moravia, descr., Vest. Sta. geol. Úst. Ceskos **22** 1947 p. 189–194, AUGUSTA **24**.

Plagiosaurus and related Stegocephalia discussed, WELLES **918**.

Rhadalognathus boweni **gen. & sp. nov.**, Trias of Northern Arizona, descr. & figd., Univ. Calif. Publ. Bull. **27** 7 1947 pp. 268–273, pl., WELLES **918**.

Spondylerpeton mazonensis and *S. spinatum* recorded from Pennsylvanian of Illinois, OLSON **621**.

Taphrognathus bradyi **gen. et sp. nov.** from Trias of Northern Arizona, Univ. of Calif. Publ. Bull. **27** 7 1947 pp. 246–257, fig., WELLES **918**.

†LEPOSPONDYLI

Amphibamus grandiceps and *Am. thoracatus* reported from Pennsylvanian of Illinois, OLSON **621**.

Cephalerpeton ventriarmatum recorded from Pennsylvanian of Illinois, OLSON **621**.

†PHYLLOSPONDYLI

Eumicrerpeton parvum from Pennsylvanian of Illinois, OLSON **621**.

Mazonerpeton costatum and *M. longicaudatum* from Pennsylvanian of Illinois, OLSON **621**.

Micrerpeton caudatum recorded from Pennsylvanian of Illinois, OLSON **621**.

SALIENTIA

ASCAPHIDAE

Leiopelma hochstetteri, circulatory system, STEPHENSON **839**.

BRACHYCEPHALIDAE

Atelopus rubriventris, **sp. nov.**, Salta Prov., Argentine, Acta zool. Lillo, Tucuman **4** 1947 pp. 115–119, VELLARD **898**.

Atelopus stelzneri, SCHUSTER **751**.

Dendrobates, on the venom, MEZEY **567**.

Dendrobates auratus, from Barro Colorado Id., C.Z., Panama, EVANS **239**.

Dendrobates minutus ventrimaculatus from Colombia, SHREVE **775**.

Phyllobates flotator, from Barro Colorado Id., C.Z., Panamá, EVANS **239**.

Phyllobates inguinalis, from Panama, EVANS **239**.

Phyllobates talamancae, from Panama, EVANS **239**.

Phyllobates trinitatis, from Venezuela, SHREVE **774**.

BUFONIDAE

Anaxyrus melancholicus Tschudi is a synonym of *Bufo compactilis*, SMITH **794**.

Bufo sp. (near *micranotis*), from Zanzibar Id., PAKENHAM **628**.

Bufo arenarum, sex-functions, HOUSSAY **384**.

Bufo boreas boreas, note on myiasis, JAMES & MASLIN **400**.

Bufo bufo, influence of transplantation of chorda, BEDNJAKOV **49**.—Sexual cycle, BRETSCHNEIDER & DUYVENÉ DE WIT **104**.—Breeding habits, EIBL **224**.—Histology of myocardium, KOCHETOV **426**.—Experiment on cytoplasm adaptation, LOBASHEV & KORENEVITSH **489**.—Coloured plate, MARCHLEWSKI **528**.—Transplantation of leg-bud, OKA **616**.

Bufo bufo bufo, metamorphosis, HOWES **385**.—From rock-pools in Denmark, JOHNSEN **402**.—Photo, Rhine-Main distribution, MERTENS **561**.

Bufo bufo gargarizans, from the Riu Kiu Ids., notes, INGER **393**.

Bufo bufo miyakonis Okada, probably a synonym of *B. b. gargarizans*, INGER **393**.

Bufo bufo spinosus Daudin, from caves in Firenze, LANZA **459**.

Bufo calamita, from rock-pools in Denmark, JOHNSEN **402**.—Photo, Rhine-Main distribution, MERTENS **561**.

Bufo cognatus, N. Dakota records, WHEELER **922**.

Bufo compactilis, two subspecies recognizable, *B. c. compactilis* Wiegmann, the southern race, *B. c. speciosus* Girard, the northern race, SMITH **794**.

Bufo cristatus, from Mexico, SMITH **804**.

Bufo fowleri, *B. americanus*, variation, BLAIR **63**.

Bufo haematiticus, from Panama, EVANS **239**.

Bufo hemiophrys, N. Dakota records, WHEELER **922**.

Bufo marinus, parotoid secretion, BLAIR **67**.—From Michoacan, SCHMIDT & SHANNON **739**.

Bufo marmoreus, Michoacan specimens, SCHMIDT & SHANNON **739**.

Bufo melanostictus from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Bufo monksiae, Michoacan specimens, SCHMIDT & SHANNON **739**.

Bufo parvus from Port Dickson, Nigri Sembilan, BRONGERSMA **112**.

Bufo quercicus, SCHUSTER **750**.

Bufo regularis, from Portuguese Guinea, MONARD **579**.

Bufo terrestris terrestris, homing study, BOGERT **71**.—*B. terrestris americanus*, growth, RANEY & LACHNER **682**.

Bufo typhonius sternosignathus, from Venezuela, SHREVE **774**.—*B. typhonius*, from Barro Colorado Id., C.Z., Panama, EVANS **239**.

Bufo viridis, morphogenetic correlations in epidermal growth, BORDZILOVSKY **79**.—In Austria, photographs, EIBL **225**.—*B. viridis viridis*, from rock-pools in Denmark, JOHNSEN **402**.—Photo, Rhine-Main distribution, MERTENS **561**.

Bufo viridis × *vulgaris*, hybrids, PERRI **648**.

Bufo vulgaris, experimental, FAMIANI **242**.—Bidder's Organ, GALLIEN **285**.—Reflex actions in young, GAUTHIER **289**.—Action of hormones on muscle, REY **689**.—Geographical races in France, REY **690**.—Experimental results of monobromoacetico on metamorphosis, SCARINA **731**.—Action of monobrom- etc., SCARINA **732**.—Experimental metamorphosis, SCARINA **733**, **734**.

Bufo woodhousii woodhousii, N. Dakota records, WHEELER **922**.

†*Bufonopsis dentatus* **gen. et sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 pp. 338–339, HINSCHE **370**.

†*Bufonopsis dentatus* **gen. et sp. nov.**, Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 pp. 355–356, fig., KUHN **439**.

†*Eobufella parvulla* **gen. et sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 p. 339, HINSCHE **370**.

†*Eobufella parvula* **gen. & sp. nov.**, Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 pp. 356–358, fig., KUHN **439**.

†*Parabufella longipes* **gen. et sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 p. 339, HINSCHE **370**.

†*Parabufella longipes* **gen. et sp. nov.**, Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle **10** 71 1941 pp. 358–359, fig., KUHN **439**.

DISCOGLOSSIDAE

Alytes obstetricans obstetricans, photo, Rhine-Main distribution, MERTENS **561**.

Bombina bombina, influence of transplantation of chorda, BEDNJAKOV **49**.—Influence of skeleton on regeneration, POLEZHAEV **664**.—In Denmark, URSIN **884**.

Bombina pachypus, sexual development, VANNINI **890**.

Bombina v. variegata, photo, Rhine-Main distribution, MERTENS **561**.

Discoglossus pictus, BRUCE & PARKES **118**.—LANTZ **457**.—Skin, VIALLI **901**.

HELEOPHRYNIDAE

Heleophryne sylvestris Hwt. is a synonym of *H. natalensis* Hwt., FITZSIMONS **255**.

HYLIDAE

Hylidae, development of various genera and species, LUTZ **508**.

Acris crepitans, food, JAMESON **401**.—Development and discussion on tadpoles, ORTON **624**.

Acris gryllus, from S. of Memphis, Mississippi-Tennessee boundary, PARKER **632**.—*A. gryllus gryllus*, development and discussion on tadpoles, ORTON **624**.—*A. gryllus blanchardi*, **subsp. nov.**, from Christian County, Missouri, Proc. biol. Soc. Washington **60** 1947 pp. 39–40, HARPER **351**.

Centrolene fleishmani, from Panama, EVANS **239**.

Centrolenella eurygnatha, development, LUTZ **508**.

Hyla andersonii Baird, type locality considered as unknown, NEILL **601**.

Hyla arborea, European subsp., ŠTĚPÁNEK **838**.—*H. a. arborea*, photo, Rhine-Main distribution, MERTENS **561**.—*H. a. immaculata* Boettg., recorded from Fukien and tadpole described, figured, TING **869**.

Hyla arenicolor, from Mexico, SMITH **804**.

Hyla aurea, second report on herniation of oviduct, RICHARDSON **691**.

Hyla baudinii, from Michoacan, SCHMIDT & SHANNON **739**.

Hyla boulengeri, from Venezuela, note of colour difference from topotypic specimens, SHREVE **774**.

Hyla cinerea cinerea, development and discussion on tadpoles, ORTON **624**.

Hyla crepitans, from Venezuela, SHREVE **774**.

Hyla decipiens, development, LUTZ **508**.

Hyla femoralis, in Maryland, FOWLER & ORTON **267**.

Hyla flavigula, **sp. nov.**, from Arkansas National Wildlife Refuge, Arkansas County, Texas, near to *H. cinerea*, Herpetologica San Diego **3** 3 1946 p. 101, GLASS **303**.

Hyla goeldi, development, LUTZ **508**.

Hyla hallowelli, from the Riu Kiu Ids., remarks and discussion, INGER **393**.—*H. hallowelli schmidti*, **subsp. nov.**, from Naze, Amami, Riu Kiu Ids., Fieldiana, Zool. **32** 5 1947 pp. 322-333, INGER **393**.

Hyla misera, from Venezuela, SHREVE **774**.

Hyla regilla, experiment of polarity in the retina, EAKIN **220**.

Hyla rickardsi, from Mexico, Veracruz, SMITH **804**.

Hyla septentrionalis, northward range extension of 80 miles in Florida, Upper Matacumba Key, TRAPIDO **875**.

Hyla smithii, Michoacan specimens, SCHMIDT & SHANNON **379**.

Hyla squirella, development and discussion on tadpoles, ORTON **624**.

Hyla versicolor, voice, HOFFMAN **373**. —*H. versicolor chrysoscelis* Cope, for eastern race, SMITH & BROWN **808**.—*H. versicolor sandersi*, **subsp. nov.**, from Texas, Proc. biol. Soc. Washington **60** 1947 p. 48, SMITH & BROWN **808**.

Phyllomedusa dacnicolor from Michoacan, SCHMIDT & SHANNON **739**.

Phyllomedusa guttata, development, LUTZ **508**.

Pseudacris brachyphona, in Maryland, FOWLER **266**.

Pseudacris clarkii, distinct from *P. n. triseriata*, SMITH **793**.

Pseudacris nigrita septontrionalis, N. Dakota records, WHEELER **922**.—*P. nigrita triseriata*, occurrence in E. Texas verified and range extended, SMITH **793**.

Smilisca baudini baudini, from Mexico, SMITH **804**.

LEPTODACTYLIDAE

Leptodactylidae, development of several genera and species discussed, LUTZ **508**.

Borborocoetes granulosus, redescribed, VELLARD **899**.

Borborocoetes verrucosus, VELLARD **899**.

Cyclorhamphus fuliginosus, development, LUTZ **508**.—*C. pinderi*, development, LUTZ **508**.

Eleutherodactylus guentheri, development, LUTZ **508**.—*E. ockendeni*, from Barro Colorado Id., Canal Zone, Panama, EVANS **239**.—*E. nasutus*, external embryology, figs., LUTZ **507**.—Development, LUTZ **508**.—Internal embryology, figs., LYNN **509**.—*E. ricordii planirostris*, studies on life history, GOIN **305**.

Hylorhina sylvatica, redescribed, VELLARD **899**.

Leptodactylus bolivianus, from Old Panama, EVANS **239**.—From Venezuela, SHREVE **774**.—*L. calignosus*, from Venezuela; *L. diptychus*, from Venezuela, SHREVE **774**.—*L. labialis* from Michoacan, SCHMIDT & SHANNON **739**.—From Mexico, SMITH **804**.—*L. laticeps*, in sub-gen. *Pachypus*, study, pls., VELLARD **900**.—*L. melanonotus* from Michoacan, SCHMIDT & SHANNON **739**.—*L. melanonotus*, from Mexico, SMITH **804**.—*L. nanus*, development; *L. trivittatus*, development, LUTZ **508**.

Microbatrachylus hobartsmithi, from Mexico, with vestiges of vomerine teeth, SMITH **804**.

Nectophrynoides occidentalis, note on the biology, ANGEL & LAMOTTE **17**.

Oocormus microps, development, LUTZ **508**.

Syrrhophus verruculatus, from Mexico, Veracruz, SMITH **804**.

Telmatobius, study of genus and geographical distribution, VELLARD **897**. —*T. oxycephalus*, **sp. nov.**, pp. 320–321, Salta Prov., Argentina; *T. schreiteri*, **sp. nov.**, pp. 321–323, Rioja Prov., Argentine, Acta zool. Lillo. Tucuman **3** 1946 pp. 313–326, VELLARD **897**.

Thoropa petropolitana, development, LUTZ **508**.

Tomodactylus angustidigitorum from Michoacan, SCHMIDT & SHANNON **739**.

Zachaenus parvulus, development, LUTZ **508**.

MICROHYLIDAE

Breviceps maculatus, **sp. nov.**, from Natal, *tympanifer*, Ann. Natal Mus. P'mburg. **11** 1 1947 pp. 134–135 fig. 1–3, FITZSIMONS **255**.—*B. verrucosus*, a distinct species, FITZSIMONS **255**.

Kaloula pulchra pulchra from Port Dickson, Negri Sembilan, BRONGERSMA **112**.—*K. pulchra macrocephala* **var. nov.**, Mem. Inst. Oceanogr. Indochine 1942 pp. 490–491, figs., BOURRET **84**.

Mantipus, key to species, GUIBÉ **332**.—Scapula discussed, figs., GUIBÉ **330**.—*M. angeli*, **sp. nov.**, Madagascar, Mem. Inst. Sci. Madagascar 1947 A. **1** 1 pp. 78–80 figs., GUIBÉ **332**.

Microhyla carolinensis, first record in Kansas, SMITH **795**.—*M. olivacea* and *M. carolinensis*, considered distinct species and reasons given, SMITH **795**.—*M. ornata*, from the Riu Kiu Ids., remarks and discussion, INGER **393**.—*M. usta usta*, from Mexico, SMITH **804**.

Plethodontohyla, scapula discussed, figs., GUIBÉ **330**.

†PALAEOBATRACHIDAE

Halleobatrachus hinschei **gen. & sp. nov.**, Eocene of Geiseltal., descr. & figd., Nova Acta Leop. Carol, Halle, N.F. **10** 71 1941 pp. 353–354, fig., KUHN **439**.

Halleobatrachus hinschei, **gen. et sp. nov.**, Kuhn, from Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 338, HINSCHE **370**.

PELOBATIDAE

†*Amphignathodontoides eocenicus* **gen. et sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 340, HINSCHE **370**.—†*Amphignathodontoides eocenicus* **gen. & sp. nov.**, Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol, Halle, N.F. **10** 71 1941 pp. 364–365, fig., KUHN **439**.

†*Archaeopelobates eusculptus* **gen. et sp. nov.** and *A. efremovi*, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 340, HINSCHE **370**—†*Archaeopelobates efremovi* **gen. & sp. nov.** pp. 361–362, fig., and *A. eusculptus* **sp. nov.**, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 pp. 362–364, fig., KUHN **439**.

Cophophryne sikkimensis, from Lakes Shesh Nag, 12,000 ft. and Chanda Sar, 12,800 ft., Kashmir, AHMAD **12**.

†*Palaeopelobates geiseltalensis* **gen. & sp. nov.**, Eocene of Geiseltal, descr. and figd., Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 pp. 360–361, KUHN **439**.—†*Palaeopelobates geiseltalensis* **gen. et sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 339, HINSCHE **370**.

†*Pelobatinopsis hinschei* **gen. et sp. nov.**, p. 341, and *P. broilii* **sp. nov.**, pp. 340–341, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941, HINSCHE **370**.—*Pelobatinopsis hinschei* **gen. & sp. nov.** pp. 365–366, fig., and *P. broili* **sp. nov.**, pp. 366–367, fig., Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle N.F. **10** 71 1941, KUHN **439**.

Pelobates fuscus, morphogenetic correlations in epidermal growth, BORDZILOVSKY **79**.—*P. f. fuscus*, photo, Rhine-Main distribution, MERTENS **561**.

Scaphiopus bombifrons, aggregation, cannibalism in tadpoles and evolutionary significance, BRAGG **94**.—N. Dakota records, WHEELER **922**.—*S. couchii*, *S. hammondii*, BLAIR **66**.—*S. holbrookii*, in captivity, HOOPES **382**.—Distribution in Maryland, MANSUETI **524**.—*S. holbrookii holbrookii*, larva and eggs, development and behaviour, RICHMOND **692**.

Scutiger schmidti, **sp. nov.**, from Szechwan, pp. 123–125, fig.; *S. popei*, **sp. nov.**, fig., from Sikang, Copeia, Ann Arbor 1947 pp. 125–126, LIU **486**.

Vibrissaphora liui, **sp. nov.**, from Fukien Prov., China, Copeia, Ann Arbor 1947 pp. 110–112 and descrip. of tadpole, POPE **667**.

PIPIDAE

Xenopus laevis, discussion, photos, ELKAN **231**.—Sexual callosity on ♂, ♀, GALLIEN **286**.—Gravimetric study of testes, GITLIN **302**.—Description of a natural spawning, MANDEVILLE **522**.—Breeding and larvae, NEMEC **605**.—Breeding, PARKER, ROBBINS & LOVERIDGE **631**.—Reaction of ♂ to gonadotropins, ROBBINS, PARKER & BIANEO

699.—Skin, VIALLI **901.**—Bibliography, ZWARENSTEIN, SAPEIKA & SHAPIRO **961.**—*X. tropicalis*, sexual callosity on ♂, ♀, GALLIEN **286.**

RANIDAE

Anhydrophryne rattrayi, thigh musculature, NEL **602.**

Arthroleptella bicolor, thigh musculature, NEL **602.**—*A. hewitti*, **sp. nov.**, from Natal, Ann. Natal Mus. P'mburg. **11** 1 1947 pp. 125–127 fig. 4 a, b, FITZSIMONS **255.**—*A. hewitti minor*, **subsp. nov.**, from Natal, Ann. Natal Mus. P'mburg. **11** 1 1947 pp. 128–129 fig. 5, FITZSIMONS **255.**

Arthroleptides martiensseni, thigh musculature, NEL **602.**—*A. tobka*, from Portuguese Guinea, MONAD **579.**—*A. variabilis*, from Portuguese Guinea, MONARD **579.**—*A. wahlbergii*, description from series, FITZSIMONS **255.**

Cacosternum boettgeri, thigh musculature, NEL **602.**—*C. striatus*, **sp. nov.** from Natal, Ann. Natal Mus. P'mburg. **11** 1 1947 pp. 130–132 fig. 6 a, b, FITZSIMONS **255.**

Microbatrachella capensis, thigh musculature, NEL **602.**

Petropedetes johnstoni, thigh musculature, NEL **602.**

Phrynobatrachus kinangopensis, thigh musculature, NEL **602.**—*P. lawrencei*, **sp. nov.**, from Natal, near to *natalensis*, Ann. Natal Mus. P'mburg. **11** 1 1947 pp. 119–120 fig. 2 a, b, c, FITZSIMONS **255.**—*P. natalensis*, from Portuguese Guinea, MONARD **579.**

Rana, keys to Rhine-Main species, MERTENS **561.**—†*R. carbicola* **sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 339, HINSCHE **370.**—†Aff. *R. carbicola* **sp. nov.** Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 359, fig., KUHN **439.**—*R. agilis*, recorded from Lorraine, N.E. France, FLORENTIN **258.**—Chromosome formula, MATTHEY **542.**—*R. arvalis* from Finland, KAISILA **409.**—*R. a. arvalis*, photo, Rhine-Main distribution, MERTENS **561.**—*R. areolata circulosa*, notes on tadpole and natural history, SMITH, H. M., NIXON, C. W. & SMITH, P. E. **813.**—*R. bibronii*, from Portuguese Guinea, MONARD **579.**—*R. catesbeiana*, introduced into Utah, HARDY **348.**—*R. catesbeiana*, N. Dakota records, WHEELER **922.**—*R. clamitans*, response in larvae to injected androgens and estrogens, MINTZ, FOOTE & WITSCHI **571.**—Tadpoles, lateral line experiments, WRIGHT **950.**—*R. dalmatina*, on respiration, CAMBAR **129.**—Experiments on Wolffian duct, CAMBAR **135.**—Ecological distribution; characteristics with *R. temporaria* examined, CEI **146.**—Coloured plate, MARCHLEWSKI **528.** — Photo, Rhine-Main distribution, MERTENS **561.**—Tadpoles treated with testosterone, PADOA **627.**—Denmark, URSIN **884.**—*R. erythraea*, habits, ROMER **706.**—*R. esculenta*, influence of transplantation of chorda, BEDNJAKOV **49.**—Abnormality, FISCHER **252.**—Spermatogenesis and chromosomes, GALGANO **276.**—From rock-pools in Denmark, JOHNSEN **402.**—Effect of temperature on nervous system, KRIJGSMAN, KAMER, LENNEP & STOLK **436.**—Effect of benzpyrene, MATOLTSY **541.**—Stomach contents of British specimen, MAULIK **544.**—Photo, Rhine-Main distribution, MERTENS **561.**—Vacuoles in the macrophages, PIGON **657.**—Result of castration, PISANÒ **659.**—Function of basophile cells, PISANÒ **660.**—Palate, SABBIA **722.**—Resistance to asphyxiation, SERFATY **757.**—Catalysis, SERFATY & LOUVIER **758.**—In Romney Marsh, TICEHURST **866.**—In Denmark, URSIN **884.**—Experiments on tensile strength of striated muscle, WALTER **910.**—*R. fusca*, effects of colchicine injections, HAVAS **354.**—*R. galamensis*, from Portuguese Guinea, MONARD **579.**—*R. graeca* Boul., from caves in Firenze, LANZA **459.** — *R. grylio*, found in S. Carolina, NEILL **596.**—*R. holsti*, from the Riu Kiu Ids., remarks and discussion, INGER **393.**—*R. ijimae* Stejneger = *R. narina* Stejneger, INGER **393.**—*R. ishikawae*, INGER **393.**—*R. limnocharis* from Port Dickson, Negri Sembilan, BRONGERSMA **112.**—From the Riu Kiu Ids., remarks and discussion, INGER **393.**—Comparative study of length measurements in ♂ ♀, KAO **410.**—*R. mascareniensis*, from Portuguese Guinea, MONARD **579.**—*R. moorei*, **sp. nov.**, photos, allied to *tarahumarae* and *pustulosa*, San Luis Potosi, Amer. RHACOPHORIDAE

Boophis aglavei (Meth. & Hewitt) is a synonym of *B. sikorae* (Boettg.) ; *B. andrangoloaka* (Ahl) is a synonym of *B. rhodoscelis* (Blgr.) ; *B. brachychir* (Boettger) is a synonym of *B. madagascariensis* Peters ; *B. catalai* (Angel) is a synonym of *B. albiventer* (Ahl) ; *B. depressiceps* (Blgr.) is a synonym of *B. difficilis* Boettg.) ; *B. doulioti* (Angel) is a synonym of *B. crossleyi* (Peters) ; *B. flavoguttatus* (Ahl) is a synonym of *B. goudoti* Tschudi ; *B. kanbergi* (Ahl) is a synonym of *B. callichromus* (Ahl) ; *B. tornieri* (Ahl) is a synonym of *B. mocquardi* (Blgr.) ; *B. laurenti* **sp. nov.**, from Madagascar, Bull. Mus. Hist. nat. Paris (2) **19** 6 1947 pp. 438–439, GUIBÉ **331**.

Gephyromantis albogularis, **sp. nov.**, nr. to *methueni* pp. 151–152 ; *G. bertini*, **sp. nov.**, nr. to *boulengeri* pp. 152–154 & *decaryi* ; *G. tricinctus*, **sp. nov.**, from Madagascar pp. 154–155, Bull. Mus. Hist. nat. Paris (2) **19** 2 1947 pp. 151–155, GUIBÉ **329**.

Hylambates gresshoffii, discussed, fig., LAURENT **463**.—*H. johnstoni* a synonym of *Leptopelis flavomaculatus*, LAURENT **469**.

Hyperolius, some corrections of misuse, LAURENT **469**.—*H. alticola* Ahl = *H. discodactylus* Ahl, LAURENT **466**.—*H. balfouri*, discussed, synonymy, LAURENT **463**.—*H. bayonii* ; *H. bocagei*, inhabits Angola, S. Congo and probably N. Rhodesia ; *H. cinctiventris*, LAURENT **469**.—*H. cinnamomeo-ventris*, discussed, synonymy, LAURENT **463**.—*H. citrinus* ; *H. concolor*, restricted to a W. African species, LAURENT **469**.—*H. concolor*, from Portuguese Guinea, MONARD **579**.—*H. erythropus*, now syn. of *H. steindachneri bolifambae*, may prove to be subspecifically distinct, LAURENT **470**.—*H. ferreirai*, from Portuguese Guinea, MONARD **579**.—*H. flavomaculatus*, is a *Leptopelis*, probably *Hylambates john-*

stoni and takes precedence, LAURENT **469.**—*H. guineensis*, from Portuguese Guinea, MONARD **579.**—*H. horstockii*, LAURENT **469.**—*H. kandti* Ahl = *H. viridiflavus kwidjwiensis* Ahl; *H. karissimbiensis* Ahl = *H. cataneus* Ahl; specimens of *H. kivuensis* (non Ahl) Loveridge (part) from Mamvu Bay, île Idjwi, Kivu, are *H. viridiflavus kwidjwiensis* Ahl, LAURENT **466.**—*H. kivuensis*; *H. kivuensis smaragdinus*, **subsp. nov.**, Zambezi and Mozambique, Ann. Mag. N.H. (11) 14 1947 pp. 292-3, LAURENT **469.**—*H. koehli* Ahl = *H. viridiflavus schubotzi* Ahl; *H. kwidjwiensis* Ahl is a subspecies of *H. viridiflavus*; *H. lateralis pleurospilus*, **subsp. nov.**, Parc National Albert, Belgian Congo, Bull. Mus. Roy. Nat. Belg. Brux. XXIII 7 1947 pp. 1–2, LAURENT **466.**—*H. latifrons* Ahl = *H. cataneus* Ahl, LAURENT **466.**—*H. leptosomus* Peters is a race of *Megalixalus fulvovittatus*, LAURENT **463.**—*H. marmoratus*, geographical restriction suggested, LAURENT **460.**—*H. marmoratus rhodesianus*, **subsp. nov.**, from Rhodesia, Ann. Mag. Nat. Hist. (11) **14** 1947 p. 294, LAURENT **470.**—*H. melanoleucus*, a synonym of *H. marmoratus nyassae*, LAURENT **469.**—*H. nasutus*, discussed, LAURENT **463.**—*H. ornatus ornatus* Laurent (part), from Rutshuru, lac Kirwa, Kivu = *H. viridiflavus bayoni* (Blgr.), LAURENT **466.**—*H. picturatus*, correct attribution seems to be a West African local race related to *H. marmoratus* and *viridiflavus*, LAURENT **469.**—*H. platyceps*, LAURENT **463.**—*H. pleurotaenius*; *H. pusillus*; *H. quinquevittatus*; *H. rhodoscelis*, LAURENT **469.**—*H. rugegensis* Ahl = *H. cataneus* Ahl, LAURENT **466.**—*H. sansibaricus loveridgei*, **subsp. nov.**, Tanganyika T., Ann. Mag. N.H. (11) 14 1947 p. 294, LAURENT **469.**—*H. schoutedeni*, discussed, synonymy, LAURENT **463.**—*H. schubotzi* Ahl is a subspecies of *H. viridiflavus*; specimens of *H. schubotzi* (non Ahl) Loveridge from Mamvu Bay, île Idjwi, Kivu are *H. viridiflavus kwidjwiensis* Ahl; *H. schubotzi schubotzi* Laurent (part) from Katana, Kivu = *H. viridiflavus schubotzi* Ahl; *H. schubotzi schubotzi* (non Ahl) Laurent (part) from Ruwenzori, Kivu = *H. viridiflavus bayoni* (Blgr.); *H. simus* Ahl = *H. kivuensis* Ahl, LAURENT **466.**—*H. steindachnerii pardalis*, **subsp. nov.**, from Cameroon, Ann. Mag. Nat. Hist. (11) **14** 1947 pp. 294–296, LAURENT **470.**—*H. stuhlmanni* Ahl = *H. viridiflavus bayoni* (Blgr.); *H. taeniatus*, a race of *H. marmoratus*; *H. tristis*, apparently synonymous with *cinnamomeo-ventris*, LAURENT **469.** — *H. tuberculatus*, LAURENT **463.**—*H. undulatus*, LAURENT **469.**—Specimens of *H. variabilis* Ahl from Ile Idjwi, Kivu are *H. viridiflavus kwidjwiensis* Ahl; *H. viridiflavus bayoni* (Blgr.), synonymy, LAURENT **466.**—*H. viridiflavus burgeoni*, discussed, LAURENT **463.**—*H. viridiflavus coerulescens*, **nom. nov.**, for *H. taeniolatus* (non Bocage) Laurent 1940, *H. ornatus ornatus* (part, non Laurent 1940) Laurent 1943, *H. ornatus taeniolatus* (non Bocage) Laurent 1943, Bull. Mus. Roy. Nat. Belg. Brux. XXIII 7 1947 p. 8, LAURENT **466.**—*H. viridiflavus kwidjwiensis* Ahl, synonymy; *H. viridiflavus schubotzi* Ahl, synonymy, LAURENT **466.**—*H. vittiger* (Peters), a synonym of *Megalixalus fulvovittatus*, LOVERIDGE **499.**

Leptopelis flavomaculatus [see *Hyperolius flavomaculatus*], LAURENT **469.**

Megalixalus equatorialis Laurent is a race of *M. fornasinii*; *M. fornasinii congicus* from Buta; *M. fulvovittatus leptosomus* (Peters), synonymy, LAURENT **463.**—*M. orophilus* **sp. nov.**, near *M. brachynemis*, Parc National Albert, Belgian Congo, Bull. Mus. Roy. Nat. Belg. Brux. XXIII 7 1947 pp. 4–5, LAURENT **466.**—*M. schoutedeni* discussed, LAURENT **463.**

Rappia bayoni Boulenger is a subspecies of *Hyperolius viridiflavus*, LAURENT **466.**

Rhacophorus buergeri, breeding season, GANS **287.**—*R. eiffingeri*, from Riu Kiu Ids., Formosa, INGER **393.**—*R. fumigatus* is probably a synonym of *Mantidactylus betsileanus*, GUIBÉ **331.**—*R. japonicus*, from the Riu Kiu Ids., discussion and remarks, INGER **393.**—*R. schlegelii amamiensis*, **subsp. nov.**, from Naze, Amami, Riu Kiu Ids., Fieldiana Zool. **32** 5 1947 p. 344, INGER **393.**—*R. schlegelii owstoni*, from the Riu Kiu Ids.; *R. schlegelii*, subspecies discussed; *R. schlegelii viridis*, range limited to Okinawa, Riu Kiu Ids., INGER **393.**

RHINOPHRYNIDAE

Rhinophrynus dorsalis, from Mexico, SMITH **804.**

†EOANURA

Miobatrachus romeri recorded from Pennsylvanian of Illinois, OLSON **621**.

Fam. indet.

†*Germanobatrachus beurleni* **gen. et sp. nov.**, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 p. 341, HINSCHE **370**.—†*Germanobatrachus beurleni* **gen. & sp. nov.**, Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 pp. 368–369. KUHN **439**.

†*Opisthocoelorum* **gen. nov.** (no species named or genotype), Eocene of Geiseltal, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 pp. 369–370, fig., KUHN **439**.

†*Opisthocoelellus weigelti* **gen. & sp. nov.**, Eocene of Geiseltal, Nova Acta Leop. Carol. Halle, N.F. **10** 71 1941 pp. 367–368, fig., KUHN **439**.—†*Opisthocoelellus weigelti* **gen. et sp. nov.**, Kuhn, Eocene of Geiseltal, Germany, Nova Acta Leop. Carol. Halle, N.F. **10** 1941 p. 341, HINSCHE **370**.

†*Quinquevertebron germanicum* **gen, et sp. nov.**, Kuhn, Eocene of Geiselta, Germany, Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 p. 338, HINSCHE **370**.

†*Quinquevertebron germanicum* **gen. & sp. nov.**, Eocene of Geiseltal, descr. & figd., Nova Acta Leop. Carol. Halle N.F. **10** 71 1941 pp. 354–355, KUHN **439**.

REPTILIA

General ; Fossil.—Catalogue of Type and Figd. specimens in Univ. of Michigan Mus. of Palaeontology, CASE **140**.—Classification of reptiles discussed, OLSON **622**.—Dinosaurs, Popular Account, MAPLE **527**.—Rates of temperature increase in Dinosaurs, COLBERT. COWLES & BOGERT **167**.—Resume of Venezuelan discoveries of fossils, OSTEN, E. VON DER **625**.—†Reptilian Egg ?, in Yorkshire Museum, MELMORE **548**.

General ; Recent.—Reptiles of Armenia, CERNOV **149**.—High altitude reptiles on Mt. Kosciusko, Australia COPLAND **178**.—Useful reptiles of Madagascar, DECARY **195**.—Preliminary list of reptiles of Butler County, Ohio [22 species and subspecies], FICHTER **248**.—Biological study of fresh water Chelonians, SCHUBERT-SOLDERN **749**.

†ARAEOSCELIDIA

Tanystrophaeus, skull features mentioned, KUHN **443**.

Protorosaurus probably referable to this order, ROMER **704**.

†COTYLOSAURIA

Anisodontosaurus greeri **gen. & sp. nov.**, Trias of Northern Arizona ?, Cotylosaur descr. & figd., Univ. Calif. Publ. Bull. **27** 7 1947 pp. 281–286, WELLES **918**.

Diadectidae reviewed, OLSON **622**.

Diadectes lentus, mandible descr. & figd., from Lower Permian of New Mexico, WELLES **917**.

CROCODILIA

†Growth rate of Alligator skull compared with that of Phytosaurs, COLBERT **164**.

Alligator sinensis, holding power, LEDERER **475** : RUST **718**.—*A. mississippiensis*, SCHNEIDER **742**.—Chromosome formula, MATTHEY **542**.—Propagation, SCHNEIDER **741**.—Fitted with artificial jaws, figs., SCHNEIDER **744**.

Caiman fuscus, from C.Z., Panama, EVANS **239**.

Champse vulgaris, from Portuguese Guinea, MONARD **580**.

Crocodilia, bibliography, REESE **688**. —†Skull from Miocene of Bolivar, Colombia, GOMEZ, J. R. Y **307**.

Crocodilus niloticus of Uganda, feeding habits and stomach contents, HIPPEL **372**.—*C. palustris*, mating, DHARMAKUMARSINHJI **208**. — †Crocodiles (cf. *Dinosuchus neivensis*) in Oligocene of Colombia, STIRTON **845**.

†*Dinosuchus neivensis* Mook from Cretaceous of Colombia may really be of Miocene age, ROYO Y GOMEZ **715**.

†*Diplocynodon* sp., skull fragments and vertebrae, descr. & figd., from Tertiary of Sirtica, Tripolitania, D'ERASMO **199**.

†*Eridanosaurus brambillae* Balsamo-Crivelli, Tertiary of Pavia, type vertebra is a cervical of a mammal, probably *Rhinoceros mercki*, Boni **74**.

†*Jacaretinga* in Eocene of Brazil, Price & Couto **675**.

Osteolaemus tetraspis, from Portuguese Guinea, Monard **580**.

† ? *Pholidosaurus* tooth from Wealden of Tuscany, Fucini **274**.

†*Uruguaysuchus aznarezi*, Cretaceous of Uruguay, Lambert **450**.

†EUREPTILIA : Sub-class

Eureptilia, proposed sub-class to include *Captorhina*, *Synapsida*, *Parapsida*, *Euryapsida*, *Diapsida*, Olson **622**.

†ICHTHYOPTERYGIA

Ichthyosaurs occurrence in Cretaceous of Colombia, Royo y Gomez **715**.

Ichthyosaurus campylodon from Cambridge Greensand of Ashwell, Oakley **615**.—*I. erassimanus* Blake, type specimen in Yorkshire Museum, Melmore **548**.—*I. hercynicus* **sp. nov.**, Aptian of North Germany, near *I. platydactylus*, Ber. naturf. Ges. Banburg **29** 1946 p. 80, Kuhn **441**.

†ORNITHISCHIA

American Museum Guide, Colbert **163**.—Rates of temperature increase in the Dinosaurs, Colbert, Cowles & Bogert **167**. — Canadian Dinosaurs, Sternberg **840**.

Anatosaurus **gen. nov.**, pp. 154–155 proposed, to include *Claosaurus annectens*, *A. copei*, **sp. nov.**, pp. 157–158 fig., Spec. Pap. Geol. Soc. Amer. Washington D.C. **40** 1942, *Thespesius saskatchewanensis*, *T. edmontoni*, and *Trachodon longiceps*, Lull & Wright **506**.

Arrhinoceratops ? *utahensis* **sp. nov.**, Upper Cretaceous of Central Utah, descr. & figd., Prof. Pap. U.S. Geol. Surv. **210-C** 1946 pp. 42–47 fig., Gilmore **298**.

Corythosaurus excavatus, predental figd., Wiman **930**.

Hadrosaur, femur of, discovered in Upper Cretaceous of Central Utah, Gilmore **298**.—Hadrosaurs. Review of the group with discussions on geological and geographical distribution, ecology and evolutionary trends, Lull & Wright **506**.—Predental in Hadrosaurs, Wiman **930**.

Iguanodon hilli from Hitchin in Geol. Survey Museum, Oakley **615**.

Mandschurosaurus mongoliensis, predental figd., Wiman **930**.

Omosaurus phillipsi Seeley, figd. spec. in Yorkshire Museum, Melmore **548**.

Sanpasaurus yaoi, **gen. & sp. nov.**, an Iguanodont from ? Upper Jurassic of Szechuan, descr. & figd., Bull. Geol. Soc. China, Peking **24** 3–4 1944 pp. 190–196, Young **953**.

Scelidosaurus harrisoni, history of discovery, Lang **454**.

Stegosaurus stenops, predental figd., Wiman **930**.—Stegosaur spines from Jura-Cretaceous of Szechuan descr. & figd., Young **953**.

Triceratops, predental and rostral bones, Wiman **930**.

Torosaurus skull from S. Dakota and a revision of the genus, Colbert & Bump **166**.

Gen. indet. *imperfectus* **sp. nov.** (*sic*), a trachodont from ? Wealden of Szechuan, descr. & figd., Bull. Geol. Soc. China Peking **24** 3–4 1944 pp. 197–202, Young **953**.

†PARAREPTILIA : Sub-class

Parareptilia, proposed sub-class for *Diadectidae* and *Chelonia*, Olson **622**.

†PLACODONTIA

Mounted skeleton of *Placodus* in Tübingen, Huene, F. R. von **389**.—Teeth and mastication in Placodonts, Vialli **902**.

†PROTOROSAURIA

Tracks of *Hamatopus wildfeueri* and *Akropus schoschardti* from Trias of Thuringia, descr. & figd., Piero **655**.

†PTEROSAURIA

Lonchodectes machaerorhynchus, holotype from Ashwell, in Sedgwick Museum, OAKLEY **615**.

Ornithocheirus reedi Seeley, type-specimen, *O. xyphorynchus*, Seeley, figd. spec. and *O.* sp. in Yorkshire Museum, MELMORE **548**.

Pteranodon ingens, flight mechanics, KRIPP, D. VON **437**.

Pterodactylus wing bone from Hitchin in Geol. Survey Museum, OAKLEY **615**. —Pterodactyl bones from Hertfordshire, OAKLEY **615**.

RHYNCHOCEPHALIA

†Relationships and distribution of Rhynchosauria discussed, HUENE **389a**.

†*Anisodoniosaurus greeri*, **gen. & sp. nov.**, Trias of Northern Arizona, ? Rhynchocephalian, descr. & figd., Univ. Calif. Publ. Bull. **27** 7 1947 pp. 281–286, WELLES **918**.

†*Cephalonia lotziana*, skull and skeleton descr. from Triassic of Brazil, Fam. *Rhynchosauridae*, HUENE **389a**.

†*Champsosaurus* vertebra in Upper Cretaceous of Central Utah, GILMORE **298**.

†*Scaphonyx fischeri*, Triassic of Brazil descr. & discussed, Fam. *Rhynchosauridae*, HUENE **389a**.

Sphenodon, notes on the brain-case, SÄVE-SÖDERBERGH **726**.—*S. punctatum*, evolution of bones of forearm, HAINES **336**.

†SAURISCHIA

American Museum Guide, COLBERT **163**.—Rates of temperature increase in the Dinosaurs, COLBERT, COWLES & BOGERT **167**. — Canadian Dinosaurs, STERNBERG **840**.—Dinodont teeth and claw from Upper Cretaceous of Central Utah, GILMORE **298**.—Vertebrae and metatarsal bones of a Coelurid, from ? Upper Jurassic of Szechuan, described, YOUNG **953**.

Alamosaurus sanjuanensis from Upper Cretaceous of Central Utah, skeleton descr. & figd., GILMORE **298**.

Amygdalodon patagonicus, **gen. et sp. nov.**, Sauropod from Jurassic of Patagonia, Notas Mus. La Plata Paleontol. **12** 95 1947 pp. 1–17, CABRERA, A. **128**.

Antrodemus remains discovered in quarry, east of Cleveland, Emery County, Utah, STOKES **848**.

Argyrosaurus superbus, Cretaceous of Uruguay, LAMBERT **450**.

Coelophysis remains in Triassic of New Mexico, popular account of discovery, COLBERT **165**.

Gorgosaurus lancensis **sp. nov.**, for skull and lower jaws from Upper Cretaceous, Montana, descr. & figd., Smithson. misc. Coll. **106** 13 1946 pp. 1–19, GILMORE **297**.

Gyposaurus sinensis **sp. nov.** Lower Lufeng series, China, Bull. Soc. Geol. China **20** 3–4 1940 p. 235, YOUNG **952**.

Lufengosaurus huenci, **gen. & sp. nov.** Lower Lufeng series, China, Bull. Soc. Geol. China **20** 3–4 1940 p. 235, YOUNG **952**.—*L. magnus* **sp. nov.** Lower Lufeng series, China, Bull. Soc. Geol. China **20** 3–4 1940 p. 235, YOUNG **952**.—*L. magnus* **sp. nov.** from Lufeng series, Yunnan, descr. & figd., Palaeont. sinica N.S. C **12** (132) 1947 pp. 1–53 ; *L. huenei* description amplified, YOUNG **954**.

Lukousaurus yini **gen. & sp. nov.** Lower Lufeng Series, China, Bull. Soc. Geol. China **20** 3–4 1940 p. 235, YOUNG **952**.

Prosauropodous remains from Lufeng, S.W. China, YOUNG **955**.

Rhoetosaurus browni, Jurassic of Durham Downs, Queensland, Australia, mentioned, BRYAN & JONES **119**.

Sinosaurus triassicus **gen. & sp. nov.** Lower Lufeng Series, China, Bull. Soc. Geol. China **20** 3–4 1940 p. 235, YOUNG **952**.

Spondylosoma absconditum **gen. et sp. nov.**, from Triassic near Chiniqua, Brazil ; descr. & figd. ; Die Fossilen Rept. des Sudamerikanischen Gondwanalandes Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29 ; München 1935–1942 p. 247, HUENE **389a**.

Titanosaurus australis Cretaceous of Uruguay, LAMBERT **450**.—*T. indicus*, new finds described and figd., affinities of genus discussed, SWINTON **856**.

Yunnanosaurus huangi, **gen. & sp. nov.** Lower Lufeng Series, China, Bull. Soc. Geol. China **20** 3–4 1940 p. 235, YOUNG **952**.

†SAUROPTERYGIA

Askeptosaurus italicus affinities discussed, KUHN **442**.

Cimoliosaurus plicatus (Phillips), figd. spec. in Yorkshire Museum, MELMORE **548**.

Elasmosaurus, Upper Cretaceous of Kansas, reconstruction, LANE **453**.

Plesiosaurus zetlandicus Phillips, type, and *P. homalospondylus* Owen, figd. spec. in Yorkshire Museum, MELMORE **548**.—"*Plesiosaurus*" vertebrae from Hertfordshire, OAKLEY **615**.

Pliosaurus macromerus Phillips, figd. spec. in Yorkshire Museum, MELMORE **548**.—*P. cf. grandis*, Upper Jurassic of Lower Volga, ROZHDESTVENSKY **716**.

Polyptychodon interruptus and *P.* sp. from Hertfordshire, OAKLEY **615**.

Sinopliosaurus weiyuanensis, **gen. & sp. nov.** Jura-Cretaceous of Szechuan, descr. & figd., Bull. Geol. Soc. China Peking **24** 3–4 1944 pp. 203–206, YOUNG **953**.

Trinacromerum, Upper Cretaceous of Kansas, skeleton and reconstruction, LANE **453**.

SQUAMATA

SAURIA

General; Fossil.—Review of Eocene forms; Review of Systematics, KUHN **438**.

General; Recent. — North-eastern United States, lizards, photos, CONANT **173**.—Guide to lizards of Colorado, MASLIN **536**.—Lacertilia, nasal capsule and Jacobson organ, MALAN **519**.

AGAMIDAE

Agama agama ufipae, descrip. of specimens from Tanganyika; *A. anchietae anchietae*, LAURENT **468**.—*A. boensis*, **sp. nov.**, from Portuguese Guinea, fig., near to *colonorum* and *bibronii*, Arq. Mus. Bocage, Lisboa **11** 1940 pp. 155–158, figs., MONARD **580**.—*A. colonorum*, from Portuguese Guinea, MONARD **580**.—*A. insularis*, variations, LAURENT **468**.—*A. stellio*, sacral ribs, EL-TOUBI **232**.—Skeleton, figs., EL-TOUBI **233**.

Calotes cristatellus from Fort Dickson, Negri Sembilan, BRONGERSMA **112**.—*C. versicolor*, pineal eye, TIWARI **870**.—Range of variation, UNDERWOOD **880**.

Chlamydosaurus kingii, in captivity, photo, LONGLEY **492**.

Draco volans from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Gonyocephalus lepidogaster, recorded from Shaowu Hsien, N. Fukien, LI **484**.

Japalura sp., breeding habits, AUTHOR ? (in Japanese) **8**.

Physignathus lesueurii, notes on egg hatching, LONGLEY **494**.

AMPHISBAENIDAE

Amphisbaenidae, African genera, LAURENT **464**.

Amphisbaena, notes on, GRANT **313**.—African species listed, American and African groups discussed, LAURENT **464**.—*A. fuliginosa*, from Venezuela, SHREVE **774**.—From Colombia, SHREVE **775**.

Chirindia, species listed, LAURENT **464**.

Cynisca, species listed, LAURENT **464**.

Dalophia gigantea, longicauda, elienbergeri, jallae, pistillum, luluae, are now *Tomuropeltis*, LAURENT **464**.

Monopeltis, species listed, LAURENT **464**.

Placogaster is a syn. of *Cynisca*, LAURENT **464**.

Tomuropeltis **gen. nov.**, for part of *Dalophia* (non Gray) Loveridge 1941, *T. gigantea* (Peracca) type, Rev. Zool. Bot. afr. Tervuren **40** 1947 p. 58, LAURENT **464**.

ANGUIDAE

Anguis fragilis, photo, Rhine-Main distribution, MERTENS **561**.—Autotomy investigated, PRATT **672**.—In Finland, VALOVIRTA **886**.

Celestus, key to Jamaican species, GRANT **310**.—*C. duquesneyi* **sp. nov.**, Portland Point, p. 156; *C. crusculus cundallii*, **subsp. nov.**, p. 156; *C. c. molesworthi*, **subsp. nov.**, p. 156; Jamaica To-day, London 1940, GRANT **310**.

Gerrhonotus imbricatus from Michoacan, SCHMIDT & SHANNON **739**.—*G. multicarinatus webbii*, feeding habits, CHRISTENSON **159**.

†*Glyptosaurus hillsi*, Eocene of Germany, redescr. & figd.; †"*Glyptosaurus*" *walbeckensis* Kuhn, Eocene of Germany, redescr. & figd., KUHN **438**.

†*Melanosauroides giganteus* **gen. & sp. nov.**, Eocene of Germany, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 pp. 479–480, KUHN **438**.

†*Ophipseudopus gracilis* **gen. & sp. nov.** Eocene of Germany, descr. & figd. Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 p. 481, KUHN **438**.

†*Parapseudopus hallensis* **gen. & sp. nov.**, Eocene of Germany, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 pp. 476–477, KUHN **438**.—†*P. minor* **sp. nov.**, Eocene of Germany, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 pp. 477–478, KUHN **438**.

†*Placosauriops weigelti* **gen. & sp. nov.** descr. & figd., from Eocene of Germany, Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 pp. 469–471, KUHN **438**.

†*Placosauroides abderhaldeni* **gen. & sp. nov.** descr. & figd., from Eocene of Germany, Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 pp. 461–486, KUHN **438**.

†*Placosaurus waltheri* Weig. emend. Kuhn, Eocene of Germany, redescr., KUHN **438**.

†*Placotherium waltheri*, Eocene of Germany, redescr., KUHN **438**.

†*Propseudopus voigti* **sp. nov.**, Eocene of Germany, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 p. 476, KUHN **438**.

CHAMELEONIDAE

Chamaeleo chamaeleon chamaeleon presence of Jacobson's organ, HAAS **334**.—Embryonic development of the pituitary body, HORN **383**.—*C. vulgaris*, eye, STEFANELLI **831**.—*Chamaeleon senegalensis*, from Portuguese Guinea, MONARD **580**.

CORDYLIDAE

Cordylus, cranial morphology and cranial kinesis, PLETZEN **662**.

Pseudocordylus spinosus, **sp. nov.**, from Natal, Ann. Natal. Mus. P'mburg. **11** 1 1947 pp. 116–119, head fig. 1, pl. 1 figs. 5 & 6, FITZSIMONS **255**.

GECKONIDAE

Revision of African Genera, LOVERIDGE **500**.

Afroedura, key to African species, LOVERIDGE **500**.

Cnemaspis, key to African species, LOVERIDGE **500**.

Coleonyx elegans elegans, from Mexico, SMITH **804**.—*C. variegatus*, ecology and habits, HARDY **347**.

Ebenavia sp. (*nr. inunguis*), from Pemba Id., PAKENHAM **628**.

†*Enigmatosaurus botti* (de Stefano) = *Amphignathodon* sp. Piveteau and referred to Geckonidae, HOFFSTETTER **375**.

Gecko gecko, birth of, DATHE **192**.—*G. japonicus*, recorded from Shaowu Hsien, N. Fukien, LI **484**.—*G. listeri*, Christmas Id., GIBSON-HILL **295**.

Gonatodes caudiscutatus falconensis, **subsp. nov.**, from Falcón State, Venezuela, Bull. Mus. Comp. Zool. Harvard **99** 5 1947 pp. 520–521, SHREVE **774**.—*G. dickersoni* Schmidt is a syn. of *Cnemaspis quattuorseriatus* (Sternf.), LOVERIDGE **500**.—*G. fuscus*, from Panama, EVANS **239**.—*G. vittatus*, photo from Aruba ♂ ♀, HUMMELINCK **390**.—From Venezuela, SHREVE **774**.

Gymnodactylus antillensis, photo from Bonaire ♂ ♀, HUMMELINCK **390**.—*G. kotschyi bartoni*, lectotype chosen; *G. kotschyi bureschi*, an additional type specimen; *G. kotschyi kalypsae*, **subsp. nov.**, from Gaudos Id., Vest. ceskosl. zool. Spolnec. Praze **6–7** 1939 pp. 431–432, ŠTĚPÁNEK **837**.—*G. marmoratus*, Christmas Id., GIBSON-HILL **295**.—*G. moerens* Chab. is a syn. of *Quedenfeldtia trachyblepharus* (Boettg.), LOVERIDGE **500**.

Hemidactylus key to African species; *H. albopunctatus*, **nom. nov.** for *Teratolepis taylori* Parker; *H. boavistensis* Boulenger is a subsp. of *H. bouvieri*; *H. brookii*, key to geographical forms, LOVERIDGE **500**.—*H. brookii* from Portuguese Guinea, MONARD **580**.—From Pemba Id., PAKENHAM **628**.—*H. chevalieri* Angel is a subsp. of *H. bouvieri*,

LOVERIDGE **500**.—*H. flaviviridis*, MAHENDRA **518**.—*H. fossatii* Scortecci is a subsp. of *H. laticaudatus*, LOVERIDGE **500**.—*H. frenatus* from Malaysia, BRONGERSMA **112**.—From Christmas Id., GIBSON-HILL **295**.—*H. hexaspis* Cope., *H. fragilis* Calab., are syn. of *H. frenatus* (D. & B.); *H. ituriensis* Schmidt, is a subsp. of *H. fasciatus*; *H. mabonia* var. *molleri* Bed., and *H. steindachneri* Torn., are syn. ? of *H. longicephalus* Bocage; *H. parkeri* Lov., is a syn. of *H. puccionii* Calab.; *H. sakalava* Grand., *H. benguellensis* Boc., are syn. of *H. mabonia* (M. de Jon.); *H. stellatus* Blgr., *H. bayonii* Boc., *H. brookii* var. *togoensis* Wern., are syn. of *H. brookii angulatus* Hall; *H. zollii* Scortecci is a syn. of *H. flaviviridis* Rüpp., LOVERIDGE **500**.

Lepidoblepharus lunulatus ROUX, referable to *Pseudogonatodes*, SHREVE **774**.

Lygodactylus, key to African species; *L. bradfieldi* Hewitt is a syn. of *L. capensis* (A. Smith); *L. depressus* Schmidt is a subsp. of *L. picturatus*, LOVERIDGE **500**.—*L. gutturalis*, from Portuguese Guinea, MONARD **580**.—*L. heeneni* Witte is a subsp. of *L. angularis*; *L. laurencei* Hewitt is a subsp. of *L. picturatus*, LOVERIDGE **500**.

Narudasia festiva Methuen & Hewitt referred to *Quedenfeltia*, LOVERIDGE **500**.

Oedura amatolica Hewitt is a syn. of *Afroedura nivaria* (Blgr.); *O. halli* Hewitt is a subsp. of *Afroedura karroica*; *O. karroica wilmoti* Hewitt is a syn. of *Afroedura k. karroica* (Hewitt); *O. langi* FitzSimons is a syn. of *Afroedura p. pondolia* (Hewitt), LOVERIDGE **500**.

Pachydactylus, key to species; *P. boulengeri* Torn., is a syn. of *P. tuberculosus* (Blgr.); *P. capensis oculatus* Hewitt; *P. maculatus albomarginatus* Hewitt; *P. m. microlepis* Hewitt are syn. of *P. maculatus* Gray; *Pachydactylus capensis rhodesianus*, **subsp. nov.**, S. Rhodesia, Bull. Mus. Comp. Zool. Harvard **98** 1 1947 p. 384, LOVERIDGE **500**.—*P. capensis werneri* Hewitt is a subsp. of *P. weberi*; *P. laevigatus fitzsimonsi*, **nom. nov.** for *P. l. tessellatus* FitzSimons 1938, nec. Werner 1910; *P. latirostris* Hewitt is a subsp. of *P. mariquensis*; *P. mentalis* Hewitt is a syn. of *P. c. capensis* (A. Smith); *P. montanus onscepensis* Hewitt is a syn. of *P. serval* Werner, LOVERIDGE **500**.—*P. weberi*, specimen from Angola probably an undescribed race, LAURENT **468**.

Palmatogecko rangei, range extended, Okahandja, LAURENT **468**.

Peropus mutilatus, introduced into the San Diego California area, SHAW **764**.

Phyllodactylus, key to African species, LOVERIDGE **500**.—*P. heterurus* Werner, redescribed, BORROS **80**.—*P. julieni*, photo from Aruba, HUMMELINCK **390**.—*P. p. cronwrighti* Hewitt is a syn. of *P. p. porphyreus* (Daud.), LOVERIDGE **500**.—*P. rutteni*, **sp. nov.**, from Isla Blanquilla, Venezuela, Studies on the Fauna of Curacao, Aruba, Bonaire and the Venezuelan Islands, The Hague, 1940, p. 77, HUMMELINCK **390**.—*P. tuberculosus*, from Michoacan, SCHMIDT & SHANNON **739**.

Pristurus, key to spp., LAURENT **468**.—Key to species; *P. c. laticephalus* Scortecci, is a syn. of *P. crucifer* (Val.); *P. migiurtinicus* Scortecci, is a syn. of *P. rupestris* Blanf., LOVERIDGE **500**.—*P. sokotranus*, LAURENT **468**.

Pseudogonatodes lunulatus, from Venezuela, SHREVE **774**.

Ptyodactylus, key to African species, LOVERIDGE **500**.

Rhoptropus, key to species, LOVERIDGE **500**.

Sphaerodactylus, review of Mexican forms; *S. anthracinus*, a valid form but Mexican origin questionable, TAYLOR **861**.—*S. argus henriquesi*, **subsp. nov.**, Alligator Pond & Mandeville westward, Jamaica To-day, London 1940, p. 153, GRANT **310**.—*S. glaucus*, valid Mexican form, figs., TAYLOR **861**.—*S. inornatus*, specific status and locality origin doubtful, TAYLOR **861**.—*S. molei*, from Venezuela, dorsal scales have keels, variation, SHREVE **774**.—*S. torquatus*, valid Mexican form, head fig., TAYLOR **861**.—*S. venezuelanus* ROUX, a syn. or race of *S. molei* Boettg., SHREVE **774**.

Stenodactylus guttatus var. *hirouxii* Doumergue is a syn. of *S. stenodactylus mauritanicus*; *S. mauritanicus* Guichenot is a subsp. of *S. sthenodactylus*, LOVERIDGE **500**.

Tarentola, key to African species, LOVERIDGE **500**.—*T. americana*, of Cuba, RIVERO **698**.—*T. a.* var. *quadraticauda* Torn. is a syn. of *T. a. annularis* (Geoff.) ; *T. d.* var. *boettgeri* Steind., var. *rudis* Blgr., are syn. of *T. d. delalandii* (D. & B.), LOVERIDGE **500**.—*T. ephippiata*, from Portuguese Guinea, MONARD **580** ; *T. ephippiata* O'Shaughnessy is a subsp. of *T. annularis* ; *T. gigantea* (lapsus) Scherer is a syn .of *T. delalandii gigas* (Bocage) ; *T. m.* var. *saharae* Doum., is a syn. of *T. m. deserti* Blgr. ; *T. senegalensis* Blgr., is a syn. of *T. a. ephippiata* O'Shaug. ; *T. tuberculata* Rosén ; *T. m.* var. *angustimentalis* Steind., var. *facetana* Doum., var. *graciles* Doum., var. *atlantica* Doum., var. *lissoide* Doum., are syn. of *T. mauritanica mauritanica* (Linné), LOVERIDGE **500**.

Thecadactylus rapicauda, from Venezuela, SHREVE **774**.

Tropicolotes, key to species ; *T. occidentalis* Parker is a subsp. of *T. T. tripolitanus* ; *T. somalicus* Parker is a subsp. of *T. tripolitanus*, LOVERIDGE **500**.—*T. tripolitanus algericus*, **subsp. nov.**, Algeria, Bull. Mus. Comp. Zool. Harvard **98** 1 1947 p. 56, LOVERIDGE **500**.

HELODERMIDAE

Heloderma, venom, WOODSON **945**.—*H. horridum* from Michoacan, SCHMIDT & SHANNON **739** ; fat-layer, SCHNEIDER **740**.—*H. suspectum*, fat-layer, SCHNEIDER **740**.

IGUANIDAE

Anolis bonairensis blanquillanus, **subsp. nov.**, from Isla Blanquilla, Venezuela, Studies on the Fauna of Curacao, Aruba, Bonaire and the Venezuelan Islands, 1940, p. 79, HUMMELINCK **390**.—*A. carolinensis*, habits in captivity, GOODY **309** ; Note on sloughing and photographs, TOMKINS **872**.—*A. cristatellus*, in captivity, SPIELER **823**.—*A. equestris*, powers of climbing and holding, ROSENBERG **707**.—*A. frenatus*, from Barro Colorado Id., Panamá, EVANS **239**.—*A. fuscoauratus kugleri*, from Venezuela, note on type locality, SHREVE **774**.—*A. limifrons*, from Barro Colorado Id., C.Z., Panamá, EVANS **239**.—*A. lineatopus neckeri*, **subsp. nov.**, pp. 154–155, *A. l. lynni*, **subsp. nov.**, p. 155, *A. l. coxi*, **subsp. nov.**, p. 155, Jamaica Today, London 1940, GRANT **310**.—*A. lineatus*, photo from Curaçao, HUMMELINCK **390**.—*A. lionotus*, from Panamá, EVANS **239**.—*A. nebulosus* from Michoacan, SCHMIDT & SHANNON **739**.—*A. nitens*, from Venezuela ; *A. nitens* (Wagler) and *chrysolepis* D. & B., are conspecific but priority is questionable, SHREVE **774**.—*A. ricordii*, powers of climbing and holding, ROSENBERG **707**.—*A. sericeus*, from Mexico, SMITH **804**.—*A. tropidogaster*, from Old Panama, EVANS **239**.—*A. tropidonotus*, from Mexico, SMITH **804**.

Basiliscus basiliscus, from C.Z., Panamá, EVANS **239**.—*B. vittatus*, from Michoacan, SCHMIDT & SHANNON **739**.

Callisaurus draconoides bogerti, **subsp. nov.**, from Mazatlán, Sinaloa, An. Inst. Biol. Mexico **14** 2 1943 pp. 619–621, CAMPO **136**.

Crotaphytus c. collaris, incubation and respiration of eggs, CLARK **161**.

Ctenosaura pectinata from Michoacan, SCHMIDT & SHANNON **739**.

Iguana iguana iguana, from C.Z., Panamá, EVANS **239**.—*I. iguana rhinolopha* from Michoacan, SCHMIDT & SHANNON **739**.

Liolaemus burgeri Werner, redescribed, head scales fig., BORROS **80**.

Norops auratus, from C.Z., Panamá, EVANS **239**.—*N. aurata*, from Venezuela, SHREVE **774**.

Phrynosoma asio from Michoacan, SCHMIDT & SHANNON **739**.—*P. brevirostre*, N. Dakota records, WHEELER **922**.—*P. modestum* ; *cornutum* ; *douglassii hernandesi*, marked polychromatism in New Mexico populations, LOWE **505**.

Polychrus marmoratus, from Venezuela, SHREVE **774**.

Sceloporus aeneus aeneus from Michoacan, SCHMIDT & SHANNON **739** ; From Mexico, SMITH **804**.—*S. ferrariperezi ferrariperezi* from Michoacan, SCHMIDT & SHANNON **739**.—*S. graciosus graciosus*, stomach contents, KNOWLTON **424** ; Important factor in insect control, KNOWLTON **425**.—*S. grammicus microlepidotus*, from Mexico, SMITH **804**.—*S. horridus oligoporus* from Michoacan ; *S. melanorhinus* from Michoacan ; *S.*

microlepidotus microlepidotus from Michoacan ; *S. pyrocephalus* from Michoacan, SCHMIDT & SHANNON **739**.

Uma exsul, **sp. nov.**, from Mexico, Coahuila, figs., Amer. Mus. Nov. No. 1339 1947 pp. 1–4, SCHMIDT & BOGERT **738**.

Urosaurus ornatus wrighti, range extension, MASLIN **534**.

Uta gadovi from Michoacan, SCHMIDT & SHANNON **739**.—*U. s. stansburiana*, range extension, MASLIN **534** ; Aphids found in stomachs, KNOWLTON **424**.

LACERTIDAE

†*Eolacerta robusta* **gen. et sp. nov.**, Middle Eocene of Geiseltales, descr. & figd., Nova Acta Leop. Carol. Halle, N.F. **8** 53 1940 pp. 439–460, NÖTH **614**.

Lacerta, key to Rhine-Main species, MERTENS **561**.—Notes on brain-cases in *Lacerta*, SÄVE-SÖDERBERGH **726**.—*L. agilis*, temperature, KÜHNELT **445** ; In Finland, PALMÉN **629**.—Daily activity, TSHERNOMORDIKOV **877**.—*L. a. agilis*, photo, Rhine-Main distribution, MERTENS **561**.—*L. chlorogaster*, from the Caucasus ; *L. derjugini*, from the Caucasus, LANTZ & CYRÉN **458**.—*L. monitor* Linn., correct designation, MERTENS **558**.—*L. muralis*, bicephalic specimen, MARTINS D'ALTE **532** ; Neuromuscular activity, STEFANELLI & BASILE **833**.—*L. m. muralis*, photo, Rhine-Main distribution, MERTENS **561**.—*L. praticola*, from the Caucasus ; *L. praticola pontica*, LANTZ & CYRÉN **458**.—*L. taurica*, photo, KEVE **417**.—*L. viridis*, phylogenesis of perivascular spaces of brain, BAKY **32** ; Artificial incubation of eggs, GESLIN **293** ; Temperature, KÜHNELT **445** ; Coloured Plate, MARCHLEWSKI **528** ; MERTENS & SCHNURRE **565**.—*L. v. viridis*, photo, Rhine-Main distribution, MERTENS **561**.—*L. vivipara*, from the Caucasus, LANTZ & CYRÉN **458**.—Photo, Rhine-Main distribution, MERTENS **561** ; Autotomy investigated, PRATT **672**.

Latastia ornata, **sp. nov.**, from Portuguese Guinea, fig., near *longicaudata*, Arq. Mus. Bocage, Lisboa **11** 1940 pp. 158–162, figs., MONARD **580**.

†*Polyglyphanodon sternbergi* : nearly complete specimens discovered in Upper Cretaceous of Central Utah ; *P. utahensis* also referred to, GILMORE **298**.

Takydromus septentrionalis, recorded from Shaowu Hsien, N. Fukien, LI **484**.

Tropidosaura montana natalensis **subsp. nov.**, from Drakensberg, Ann. Natal Mus. P'mburg. **11** 1 1947 pp. 114–115 pl. 1 figs. 1–3, FITZSIMONS **255**.

†MOSASAURIDAE

Kansas Mosasaurs briefly reviewed, LANE **453**.

†PLACOSAURIDAE

Family Placosauridae defined, KUHN **438**.

PYGOPODIDAE

Aprasia repens, body skeleton, STOKELY **846**.

SCINCIDAE

Scincidae, key to Japanese genera, OKADA **617**.

Ablepharus boutonii egeriae, Christmas Id., fig. of head, GIBSON-HILL **295**.—*A. kinghorni* **sp. nov.**, from Darling R., western New S. Wales, Proc. Linn. Soc. N.S.W. **71** 5–6 1947 p. 282, COPLAND **180**.

Chalcides pulchellus, from Portuguese Guinea, fig., MONARD **580**.

Cryptoblepharus boutonii nigropunctatus (Hallowell), synonymy, redescribed, figd., OKADA **617**.

Dasia olivacea from Fort Dickson, Negri Sembilan, BRONGERSMA **112**.

Egernia cunninghamii in captivity, photo, LONGLEY **495**.—*E. major*, in the vivarium, LONGLEY **491**.

Emoia atrocostata (Lesson), synonomy, redescribed, figd., OKADA **617**.—*E. werneri, cyanura*, life cycle, BAKER **31**.

Eumeces, key to Japanese species ; *E. barbouri* Van Denburgh, synonomy, redescribed, OKADA **617**.—*E. chinensis chinensis*, recorded from Shaowu Hsien, N. Fukien, LI **484**.—Synonymy, redescribed, figs., OKADA **617**.—*E. copei* from Michoacan, SCHMIDT & SHANNON **739** ; From Mexico, SMITH **804**.—*E. coreensis*, Doi & Kamita, synonomy, redescribed, figd., OKADA **617**.—*E. dugesi*, from Michoacan, SCHMIDT & SHANNON **739**.—*E. elegans*, recorded from Shaowu Hsien, N. Fukien, LI **484** ; Synonomy, redescribed, fig., **617**.—*E.*

fasciatus, notes on eggs and young, GROVES **327** ; Range, HAMILTON **344**.—*E. gilberti gilberti*, RODGERS & FITCH **702**.—*E. gilberti cancellosus*, **sp. nov.**, California, Univ. Calif. Pub. Zool. **48** 4 1947 pp. 200–201, RODGERS & FITCH **702**.—*E. gilberti placerensis* ; *E. gilberti rubricaudatus*, RODGERS & FITCH **702**.—*E. kishinouyei* Stejneger, synonomy, redescribed, figd., OKADA **617**.—*E. lagunensis*, RODGERS & FITCH **702**.—*E. latiscutatus latiscutatus* (Hallowell), synonomy, redescribed, figs. ; *E. latiscutatus okadae* Stejneger, synonomy, redescribed, photo ; *E. marginatus marginatus* (Hallowell), synonomy, redescribed, figs. ; *E. oshimensis* Thompson, synonomy, redescribed, OKADA **617**.—*E. schneideri*, races and key, MERTENS **556**.—*E. septentrionalis septentrionalis*, N. Dakota records, WHEELER **922**.—*E. skiltonianus*, study of variation and closely connected forms, key, RODGERS & FITCH **702**.—*E. stimpsonii* Thompson, synonomy, redescribed, OKADA **617**.

Leiolopisma, C. American species discussed (*L. assatum*, *incertum* and *cherriei*), SMITH **792**.—*L. himalayanum*, from Lakes Shesh Nag, 12,000 ft., and Gangabal, 11,754 ft., Kashmir, AHMAD **12**.—*L. laterale* (Say), synonomy, redescribed, figd., OKADA **617**.

Lygosoma atrocostatum, Christmas Id., fig. of head, GIBSON-HILL **295**.—*L. dorsale* Blgr. = *Sphenomorphus spaldingi*, discussed and references, COPLAND **179**.—*L. dubium* Werner, synonomy, redescribed ; *L.* (*Riopa*) *houyi* Sternfeld, synonomy, redescribed ; *L. pellopleurus* (Hallowell), synonomy, redescribed, figd., OKADA **617**.—*L. simus*, Christmas Id., fig. of head, GIBSON-HILL **295**.

Mabuya acutilabris from Angola ; *M. bocagei ansorgei*, taxonomy, LAURENT **468**.—*M. carinata*, variation, UNDERWOOD **880**.—*M. comorensis*, for Comoro, Zanzibar and ? Mozambique specimens, PAKENHAM **628**.—*M. frenatus* (Hallowell) a synonym of *M. blandingii*, LOVERIDGE **499**.—*M. guineensis*, **sp. nov.**, from Portuguese Guinea, fig., near to *varia*, Arq. Mus. Bocage, Lisboa **11** 1940 pp. 164–166, figs., MONARD **580**.—*M. longicaudata* (Hallowell), synonomy, redescribed, figd., OKADA **617**.—*M. mabouya mabouya*, from Venezuela, SHREVE **774**.—*M. maculilabris* ; *M. maculilabris albotaeniata*, from Pemba Id., suggested re-established as a distinct species, PAKENHAM **628**.—*M. multifasciata* from Fort Dickson, Negri Sembilan, BRONGERSMA **112**.—*M. perrotetii*, from Portuguese Guinea, MONARD **580**.—*M. quinquetaeniata scharica*, from the Belgian Congo, LAURENT **468**.—*M. raddonii*, from Portuguese Guinea, MONARD **580**.

Riopa houyi Sternfeld, synonomy, redescribed, OKADA **617**.—*R. pembanum*, not endemic to Pemba, as recorded from Kenya 1932, PAKENHAM **628**.—*R. Tristaoi*, **sp. nov.**, from Portuguese Guinea, fig., near to *L. kitsoni*, Arq. Mus. Bocage, Lisboa **11** 1940 pp. 166–169, figs., MONARD **580**.

Sphenomorphus indicus, recorded from Shaowu Hsien, N. Fukien, LI **484** ; Synonomy, redescribed, figd., OKADA **617**.—*S. spaldingi*, redescribed, figs., COPLAND **179**.

Trachydosaurus rugosus, fat-layer, SCHNEIDER **740**.

Trachysaurus rugosus, note on dicephalic specimen, photo, GLAUERT **304**.

TEIIDAE

Ameiva ameiva ameiva > < *praesignis*, from Venezuela, SHREVE **774**.—*A. leptophrys*, from C.Z., Panamá, EVANS **239**.—*A. undulata amphigramma*, from Mexico, SMITH **804**.—*A. undulata undulata* from Michoacan, SCHMIDT & SHANNON **739**.

Anadia steyeri, from Venezuela, SHREVE **774**.

Bachia anomala ROUX, discussion on resurrection as distinct species ; *B. lineata*, from Venezuela, SHREVE **774**.

Cnemidophorus deppii linectissimus from Michoacan ; *C. gularis* from Michoacan, SCHMIDT & SHANNON **739**.—*C. lemniscatus lemniscatus*, from Venezuela, SHREVE **774**.—*C. lemniscatus arubensis*, photo, HUMMELINCK **390**.—*C. sexlineatus*, aquatic habits, STILLE **843**.

Ptychoglossus kugleri, from Venezuela, SHREVE **774**.

Tretioscincus bifasciatus kugleri **subsp. nov.**, from Falcon State, Venezuela, Bull. Mus. Comp. Zool. Harvard **99** 5 1947 pp. 527–528, SHREVE **774**.

Tupinambis nigropunctatus, from Venezuela, SHREVE **774**.—†*T. onyxodon* **sp. nov.**, Pliocene of Argentina, descr. & figd., An. Soc. cient. argent. Buenos Aires **143** 6 1947 pp. 253–257, KRAGLIEVICH **434**.

UROPLATIDAE

Uroplates, habitat and habits, WEBB **916**.

VARANIDAE

Varanus, notes on brain-cases, SÄVE-SÖNDERBERGH **726**.—*V. acanthurus primordius*, **subsp. nov.**, from N. Australia, Zool. Anz. 1942 **138** 1/2 pp. 41–44 photo, MERTENS **553**.—*V.* (*Indovaranus*) *bengalensis nebulosus* from Fort Dickson, Negri Sembilan, and eating snakes, *Pseudorhabdion longiceps*, BRONGERSMA **112**.—*V. gouldii*, in captivity, photo LONGLEY **493**.—*V. indiens* from the Marshall Ids., FULBECK **275**.—*V. komodoensis*, photos, LEDERER **476**. — *V. niloticus*, evolution of bones of the forearm, HAINES **336**; From Portuguese Guinea, MONARD **580**.—*V. salvator*, notes on, and names for Ceylon, the Nicobars and Malayan races, DERANIYAGALA **198**.—*V.* (*Varanus*) *salvator salvator* from Fort Dickson, Negri Sembilan, BRONGERSMA **112**.—*V. salvator kabaragoya*, **nom. nov.**, for Ceylon race; *V. salvator maculatus* is Assamese and Malayan race; *V. salvator nicobariensis*, **subsp. nov.**, for Nicobar race, Proc. 3rd Ann. Sess. Ceylon Ass. Sci. II, Abstracts 1947 p. 12, DERANIYAGALA **198**.

XANTUSIIDAE

Lepidophyma flavomaculatum flavomaculatum, from Mexico, SMITH **804**.

Xantusia vigilis, cannibalism, HEIMLICH & HEIMLICH **359**.

XENOSAURIDAE

Xenosauridae, family valid and more closely related to *Anguidae*, BARROWS & SMITH **43**.

Xenosaurus grandis, study of skeleton, taxonomic ranking, BARROWS & SMITH **43**.

SERPENTES

General; Recent.—Keys for identification of genera and species of poisonous British W. African snakes, MAEGRAITH **517**.—African snakes, keys, habits, poison apparatus, action, diagnosis and treatment, MINNING **568**.—Key to Australian snakes, HUNT **392**.—Snakes collected at Camp Eastman, Hancock County, Illinois [12 species and subspecies], LANGEBARTEL **455**.—Snakes of Upland Western Panamá, DUNN **217**.—Snakes of N. Bengal and Sikkim, SHAW, SHEBBEARE & BARKER **766**; **767**.—Reptiles of Cocanada, UNDERWOOD **880**.—Snakes of West Java, distributional survey, HAAS **333**.—Two types of opisthoglyph dentition; pro-opisthoglyph and pleuro-opisthoglyph suggested, SMITH **796**.—Head glands of snakes, SMITH & BELLAIRS **817**.—Hemipenis of snakes, VELLARD **896**.

ANILIDAE

Anilius scytale, from Peru, PRADO & HOGE **670**.

BOIDAE

Boa constrictor, mouth infection, MEYN **566**.—*B. hortulana hortulana* from Colombia, SHREVE **775**.—*B. hortulana cookii*, from Peru, PRADO & HOGE **670**.

Constrictor constrictor constrictor, relation between length of spur and total length, HOGE **376**.—*C. constrictor imperator*, from W. Panama, DUNN **217**; From Panamá, EVANS **239**; From Michoacan, SCHMIDT & SHANNON **739**.—*C. constrictor ortonii*, from Peru, PRADO & HOGE **670**.—*C. occidentalis*, breeding in captivity, LESTER **481**.

Epicrates cenchria cenchria, from Peru, PRADO & HOGE **670**; From Colombia, SHREVE **775**.

Epicrates striatus, common in Haiti, CURTISS **187**.

Eryx johni, extension of range, Cocanada, UNDERWOOD **880**.—*E. johni johni*, range in neighbourhood of Trichinopoly and Madras, LEIGH **480**.

Loxocemus sumichrasti from Michoacan, SCHMIDT & SHANNON **739**.

Python curtus, subspecies in Sumatra, BRONGERSMA **111**; recorded from Bangka Id., Dutch E. Indies, WESTERMANN **921**.—*P. curtus curtus*, additional synonymy; *P. curtus brongersmai* from Port Dickson, Negri Sembilan, BRONGERSMA **112**.—*P. molurus*, eggs

laid 9 years after mating, LEIGH **480** ; Eating mango-fruit, MOOKERJEE **585**.—*P. regius*, from Portuguese Guinea, MONARD **580**.—*P. reticulatus* from Port Dickson, Negri Sembilan, BRONGERSMA **112** ; Recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Tropidophis maculatus stulli, **subsp. nov.**, Portland Point, p. 157 ; *T. pardalis stejnegeri*, **subsp. nov.**, p. 157, Jamaica To-day, London 1940, GRANT **310**.

COLUBRIDAE

Revision of African group of Colubridae, DE WITTE & LAURENT **206**.

Achalinus spinalis, recorded from Shaowu Hsieu, N. Fukien, WANG & CHANG **912**.

Acrochordus javanicus, description of embryos and young, BERGMAN **56**.

Ahaetulla tristis, scale variation, UNDERWOOD **880**.

Alsophis angulifer adspersus, GRANT **312**.

Amblycephalus kuangtungensis, recorded from Shaowu Hsien, N. Fukien ; *A. stanleyi*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Amblyodipsas, synop. of species, DE WITTE & LAURENT **206**.

Aparallactus, synopsis of species ; *A. batesi* a syn. of *A. modestus modestus* ; *A. capensis luebberti* different from *A. c. bocagei* ; *A. capensis punctatolineatus* different from *A. c. capensis* ; *A. capensis uluguruensis* different from *A. c. capensis* ; *A. christyi* a syn. of *A. modestus ubangensis* ; *A. concolor* a syn. of *A. lunulatus* ; *A. concolor boulengeri* a syn. of *A. lunulatus* ; *A. congicus*, a syn. of *A. modestus ubangensis* ; *A. dolloi* a syn. of *A. modestus ubangensis* ; *A. flavitorques* a syn. of *A. modestus ubangensis* ; ? *A. graueri*, a syn. of *A. modestus ubangensis* ; *A. guentheri* distinct from *A. capensis* ; *A. liddiardae*, a syn. of *A. lunulatus* ; *A. modestus ubangensis* different from *A. m. modestus* ; *A. niger* distinct from *A. lineatus* ; *A. nigriceps* a subsp. of *A. capensis* ; *A. nigrocollaris* a syn. of *A. lunulatus* ; *A. nigrocollaris* var. *roucheti* a syn. of *A. lunulatus* ; *A. punctatolineatus* a subsp. of *A. nigriceps* ; *A. punctatolineatus* a subsp. of *A. capensis* and not of *A. nigriceps* ; *A. ubangensis* a subsp. of *A. modestus*, DE WITTE & LAURENT **206**.

Aproterodon **gen. nov.**, from Brazil, near to *Tomodon*, Pap. Avulsos Dept. Zool. **8** 14 1947 pp. 181–182, VANZOLINI **892**.—*A. clementei*, **sp. nov.**, Brazil, figs. of dentition and head, Pap. Avulsos Dept. Zool. **8** 14 1947 pp. 183–187, VANZOLINI **892**.

Atractus pōppigi from Colombia, SHREVE **775**.

Atretium schistosum, variation, length measurements, UNDERWOOD **880**.

Boaedon lineatus, from Portuguese Guinea, MONARD **580**.

Boiga cynodon, recorded from (specimen not preserved), Billiton Id., Dutch E. Indies, WESTERMANN **921**.—*B. dendrophila* from Port Dickson, Negri Sembilan, BRONGERSMA **112** ; Recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**. — *B. irregularis*, observations on a congregation in a tree on Guadalcanal Island, PENDLETON **641**.—*B. multimaculata*, recorded from Chungan Hsien, W. Fukien, WANG & CHANG **912**.

Brachyophis, discussion on genus and species, figs., DE WITTE & LAURENT **206**.

Calamaria septentrionalis, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Calamelaps, synop. of species ; *C. feae*, a distinct species and not a syn. of *C. u. unicolor* ; *C. unicolor hildebrandti* different from *C. u. unicolor* ; *C. unicolor miolepis* different from *C. u. polylepis* ; *C. warreni* a syn. of *C. unicolor miolepis*, DE WITTE & LAURENT **206**.

Chamaetortus aulicus, recorded from Zanzibar Id., PAKENHAM **628**.

Chilorhinophis, synop. of species, DE WITTE & LAURENT **206**.

Chironius carinatus, from W. Panama, DUNN **217** ; From Peru, PRADO & HOGE **670** ; From Venezuela, SHREVE **774** ; From Colombia, SHREVE **775** ; *C. fuscus* from Colombia, SHREVE **775** ; From W. Panama, DUNN **217**.—*C. multiventris* from Colombia, SHREVE **775**.

Chlorophis heterodermus, from Portuguese Guinea; *C. heterodermus pobeguini*, from Portuguese Guinea; *C. heterolepidotus*, from Portuguese Guinea; *C. irregularis*, from Portuguese Guinea, MONARD **580**.—*C. macrops*, recorded from Zanzibar Id., PAKENHAM **628**.

Choristocalamus **nom. nov.**, for *Choristodon* (non Jonas) Smith and *Calamelaps* (part. non Gthr.) Boul., DE WITTE & LAURENT **206**.

Choristodon Smith (non Jonas) separated from *Calamelaps* under *Choristocalamus* **nom. nov.**, DE WITTE & LAURENT **206**.

Chrysopelea ornata recorded from (specimen not preserved), Billiton Id. Dutch E. Indies, WESTERMANN **921**.—*C. paradisi* from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Coluber and *Masticophis* are not distinct, BRONGERSMA **109**.—*C. constrictor flaviventris*, N. Dakota records, WHEELER **922**.—*C. flagellum piceus*, eating carrion, COWLES **185**.—*C. gemonensis*, propagation, STEMMLER-MORATH **835**.—*C. mentovarius*, hemipinis described, BRONGERSMA **109**.

Coniophanes fissidens fissidens, from W. Panama, DUNN **217**.—*C. imperialis clavatus*, from Mexico, SMITH **804**.

Conopsis nasus from Michoacan, SCHMIDT & SHANNON **739**.

Contia tenuis, feeding on slugs, DARLING **191**.

Coronella a. austriaca, photo, Rhine-Main distribution, MERTENS **561**.

Crotaphopeltis hotamboeia, from Portuguese Guinea, MONARD **580**.

Cynodontophis Werner, revived for *Miodon* part; synop. of species; *C. aemulans* a subsp. of *C. notatus*; *C. neuwiedi* distinct from *Miodon gabonensis*, DE WITTE & LAURENT **206**.

Dendrelaphis caudolineatus, recorded from Bangka Id., Dutch E. Indies, WESTERMANN **921**.—*D. pictus* from Fort Dickson, Negri Sembilan, BRONGERSMA **112**.

Dendrophidion paucicarinatus, from W. Panama, DUNN **217**.

Dendrophis formosus, recorded from Bangka and Billiton Ids., Dutch E. Indies, WESTERMANN **921**.

Diadophis amabilis occidentalis, stomach contents, DARLING **191**; Ophiophagous, STORM **849**.—*D. punctatus edwardsii*, deviation from normal in head markings and scutellation in Maryland specimens, GROVES **326**; Recorded from Butler County, Ohio, FICHTER **248**.

Dinodon flavozonatum, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Dipsadoides decipiens, recorded from Bangka Id., Dutch E. Indies, WESTERMANN **921**; Referred to synonymy of *Boiga jaspidea*, BRONGERSMA **110**.

Dipsas catesbyei and *D. indica* recorded from Colombia, SHREVE **775**.—*D. nebulata*, from Venezuela, SHREVE **774**.

Dromophis lineatus, from Portuguese Guinea, MONARD **580**.

Dryadophis boddaerti boddaerti, from Venezuela, SHREVE **774**.—*D. boddaertii alternatus*, from W. Panama, DUNN **217**.—*D. boddaerti ruthveni*, from Venezuela, SHREVE **774**.

Drymarchon corais melanurus, from W. Panama, DUNN **217**.—*D. corais rubidus* from Michoacan, SCHMIDT & SHANNON **739**.

Drymobius margaritiferus fistulosus from Michoacan, SCHMIDT & SHANNON **739**.

Dryophiops rubescens from Port Dickson, Negri Sembilan and eating *Hemidactylus frenatus*, BRONGERSMA **112**.

Dryophis prasinus from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Dryophylax rutilus, description of allotype, pls., is now considered distinct from *D. pallidus strigilus*, PRADO **669**.

Elaphe carinata, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.—*E. confinis*, from Georgia, NEILL **597**.—*E. flavolineata* from Fort Dickson, Negri Sembilan, BRONGERSMA **112**.—*E. guttata*, from Georgia, NEILL **597**.—*E. g. guttata*, eating bats, FOWLER **264**.—*E. longissima*, coloured plate, MARCHLEWSKI **528**.—*E. l. longissima*, photo, Rhine-Main distribution, MERTENS **561**.—*E. mandarinus*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.—*E. melanura*, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.—*E. obsoleta*, from

Georgia, NEILL **597**.—*E. obsoleta obsoleta*, mating process, MANSUETI **523**; Recorded from Logan County, Ohio, DUELLMAN **215**; Eating bats, FOWLER **264**; Hatchling eating *Heterodon c. contortrix*, HUDSON **387**.—*E. quadrivittata*, from Georgia, NEILL **597**.—*E. oxycephala*, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.—*E. taeniurus*, recorded from Chungan Hsien, N. Fukien, WANG & CHANG **912**.—*E. vulpina vulpina*, copulation, CARPENTER **138**.

Elapocalamus, discussion on genus and species, DE WITTE & LAURENT **206**.

Elapomorphus coecutiens, a synonym of *Miodon gaboniensis* (*fide* de Witte & Laurent, in press), LAURENT **468**.

Elapotinus Jan., synonymy, description of species, figs., DE WITTE & LAURENT **206**.

Enhydris chinensis, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Erythrolamprus aesculapii, from Peru, PRADO & HOGE **670**.—*E. bizona*, from Panamá, EVANS **239**.

Eudryas bifossatus, quantative and analytical study of blood, VILLELA & PRADO **904**.

Eurypholis major, recorded from Shaowu Hsien and Chungan Hsien, N. Fukien, WANG & CHANG **912**.

Eutaenia ornata Baird = *Thamnophis sirtalis parietalis* (Say), type locality restricted to El Paso, SMITH & BROWN **806**.

Farancia abacura, feeding habits, HEDIGER **356**; Food, BUCK **120**.

Ficimia publia, from Mexico, discussion of races, SMITH **804**.—*F. publia taylori*, **subsp. nov.**, from Mexico, Veracruz, J. Wash. Acad. Sci. **37** 11 1947 pp. 411–412, SMITH **804**.

Geophis brachycephalus, from W. Panama; *G. godmani*, from W. Panama, new record; *G. hoffmanni*, from W. Panama, new record, DUNN **217**.

Glypholycus bicolor, from Tanganyika, LAURENT **468**.

Grayia smithii, from Portuguese Guinea, MONARD **580**.

Heterodon contorix contorix, N. Dakota, WHEELER **922**.—*H. nasicus nasicus* from Indiana, SMITH, A. G. & MITTLEMAN **789**; N. Dakota records, WHEELER **922**.—*H. simus*, feeding habits, GOIN **306**.

Holarchus chinensis, recorded from Shaowu Hsien, N. Fukien; *H. formosanus*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Homalopsis buccata, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Hydromorphus dunni, from W. Panama, endemic (Boguete and Lérida), DUNN **217**.

Hypoptophis, discussion on genus and species, figs.; *H. wilsoni katangae* different from *H. w. wilsoni*, DE WITTE & LAURENT **206**.

Hypsiglena torquata torquata from Michoacan, SCHMIDT & SHANNON **739**.

Hypsirhina plumbea, recorded from Billiton Id., Dutch E. Indies; *H. punctata*, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Imantodes cenchoa from Colombia, SHREVE **775**; From W. Panama, DUNN **217**; From Venezuela, SHREVE **774**.—*I. cenchoa leucomelas*, from Mexico, SMITH **804**.—*I. gemmistratus*, from Panamá, EVANS **239**.

Lampropeltis calligaster, from Tennessee, PARKER **632**.—*L. multicincta multifasciata*, col. pl., PICKWELL **654**.—*L. triangulum gaigae*, from W. Panama, DUNN **217**.

Leimadophis albiventris, from Peru, PRADO & HOGE **670**.—*L. almadensis* (Wagler, 1824), discarded for *Leimadophis almada* (Wagler, 1824), VANZOLINI **894**.—*L. epinephalus juvenalis*, from W. Panama, DUNN **217**.—*L. melanotus*, from Venezuela, SHREVE **774**.—*L. reginae* from Colombia, SHREVE **775**.—*L. triscalis*, photo from Curaçao, BRONGERSMA **109**.—*L. typhlus*, from Peru, PRADO & HOGE **670**.

Leptodeira annulata annulata, from Peru, PRADO & HOGE **670**; From Colombia, SHREVE **775**.—*L. larcorum* Schmidt, regarded as race of *L. rhombifera*, SHREVE **774**.—*L. rhombifera*, from Panamá, EVANS **239**; from W. Panamá, DUNN **217**.—*L. rhombifera kugleri*,

subsp. nov., from Falcón State, Venezuela, Bull. Mus. Comp. Zool. Harvard **99** 5 1947 pp. 531–532, SHREVE **774**.—*L. smithi* from Michoacan, SCHMIDT & SHANNON **739**.

Leptodrymus pulcherrimus, genus reinstated, synonymy, description, hemipenis fig., BOGERT **70**.

Leptophis, status, OLIVER **619**.—*L. ahaetulla nigromarginatus* from Colombia, SHREVE **775**.—*L. occidentalis nigromarginatus*, from Peru, PRADO & HOGE **670**.—*L. occidentalis occidentalis*, from Venezuela, SHREVE **774**.—*L. occidentalis ortonii*, from Peru, PRADO & HOGE **670**.

Liophis cobella, from Peru, PRADO & HOGE **670**.

Lycodon travancoricus, aberrant specimens, UNDERWOOD **880**.

Macrelaps Boul., synonymy, description, figs., DE WITTE & LAURENT **206**.

Masticophis flagellum lineatus from Michoacan, SCHMIDT & SHANNON **739**.—*M. taeniatus taeniatus*, range extension, MASLIN **534**.

Melanocalamus leopoldi, fig., DE WITTE & LAURENT **206**.

Micrelaps, synop. of species, DE WITTE & LAURENT **206**.

Miodon, synop. of species; *M. christyi* a distinct species and not a syn. of *M. gabonensis*, DE WITTE & LAURENT **206**.—*M. collaris*, from Nigeria; distinct from *M. gabonensis* (*fide* de Witte & Laurent, in press), LAURENT **468**.—*M. collaris collaris* distinct and not a syn. of *M. gabonensis*, DE WITTE & LAURENT **206**.—*M. collaris brevior* **subsp. nov.**, Nigeria to British Cameroon, Mem. Mus. R. Hist. Nat. Brussels 1947 (2) 29 p. 69, DE WITTE & LAURENT **206**.—*M. collaris longior*, **subsp. nov.**, N.E. Belgian Congo, Mem. Mus. R. Hist. Nat. Brussels (2) 29 p. 72, DE WITTE & LAURENT **206**.—*M. fulvicollis*, distinct from *M. gabonensis* (*fide* de WITTE & Laurent, in press), LAURENT **468**.—*M. fulvicollis fulvicollis* distinct from *M. gabonensis*, DE WITTE & LAURENT **206**.—*M. gabonensis schmidti*, **subsp. nov.**, Belgian Congo, Mem. Mus. R. Hist. Nat. Brussels (2) 29 p. 66, DE WITTE & LAURENT **206**.—*M. gracilis* a subsp. of *M. fulvicollis*, DE WITTE & LAURENT **206**.—*M. gracilis*, a race of *M. gracilis*, (*fide* de Witte & Laurent, in press); *M. graueri*, a race of *M. collaris* (*fide* de Witte & Laurent, in press), LAURENT **468**.—*M. graueri* distinct from *M. gabonensis*, a subsp. of *M. fulvicollis*, DE WITTE & LAURENT **206**.—*M. griseiceps*, LAURENT **468**.—*M. griseiceps*, **sp. nov.**, from Cameroon, Bull. Mus. Hist. nat. Belg. XXIII 16 1947 p. 11, LAURENT **468**.—*M. neuwiedi* is now *Cynodontophis neuwiedi*; *M. notatus* is now *Cynodontophis notatus notatus*, DE WITTE & LAURENT **206**.—*M. unicolor*, syn. of *M. christyi* (*fide* de Witte & Laurent, in press), LAURENT **468**.

Natrix, key to Rhine-Main species, MERTENS **561**.—*N. craspedogaster*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.—*N. kirtlandi*, recorded from Logan County, Ohio, DUELLMAN **215**; association and range extension in Ohio, WOOD & DUELLMAN **938**.—*N. maculata*, recorded from Bangka Id., Dutch E. Indies, WESTERMANN **921**.—*N. mairii*, redescribed, habits, diet, tail-breaking as defence to capture, WORRELL **947**.—*N. natrix*, biometric study of head, CHIOSSI **156**; coloured plate, MARCHLEWSKI **528**; European races, variations, etc., MERTENS **562**.—*N. n. natrix*; *N. n. helvetica*, photos, Rhine-Main distribution, MERTENS **561**.—*N. natrix helvetica*, melanic form from Tuscany, LANZA **461**; From caves in Firenze, LANZA **459**.—*N. olivacea olivacea*, from Zanzibar; *N. olivacea pembana*, a valid race; *N. olivacea uluguruensis*, PAKENHAM **628**.—*N. piscator*, variation, colour of young, UNDERWOOD **880**.—*N. rigida* in Texas, BROWN **115**.—*N. septemvittata*, food habits, RANEY & ROECKER **683**.—*N. sipedon sipedon*, food habits, RANEY & ROECKER **683**; Photo from life, MANSUETI **525**; Food and habits, LAGLER & SALYER **448**.—*N. sipedon sipedon* × *s. pleuralis*, probable intergrades with uncertain Guatemala locality, HAMILTON **343**.—*N. sipedon fasciata*, in Texas, SMITH & BURGER **810**.—*N. sipedon pleuralis*, hemipenis figured, MITTLEMAN **575**; type locality considered as unknown, NEILL **601**.—*N. stolata*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**; variation, UNDERWOOD **880**.—*N. tessellata*, photo, Rhine-Main distribution, MERTENS **561**.—*N. trianguligera*, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.—*N. viperina*, history of specimen in captivity, GESLIN **292**.

Ninia atrata, from Venezuela, SHREVE **774**.—*N. maculata and psephota*, from W. Panama, DUNN **217**.

Opheodrys vernalis, population study, SEIBERT & HAGEN **752**.—*O. vernalis blanchardi*, N. Dakota records, WHEELER **922**.

Oxybelis acuminatus, from Peru, PRADO & HOGE **670**.—*O. aeneus*, from W. Panama, DUNN **217**.—*O. aeneus aeneus*, from Panamá, EVANS **239**.—*O. aeneus auratus*, from Mexico, SMITH **804**.

Oxyrhopus petola from Colombia, SHREVE **775**.—*O. venezuelanus*, **sp. nov.**, from Falcón State, Venezuela, near to *doliatus*, Bull. Mus. Comp. Zool. Harvard **99** 5 1947 pp. 532–533, SHREVE **774**.

Philodryas olfersii and *P. viridissimus* from Peru, PRADO & HOGE **670**.—*P. viridissima* from Colombia, SHREVE **775**.

Phimophis guianense, from Panamá, EVANS **239**.

Pituophis, classification, keys and ranges of western United States forms, KLAUBER **419**.—*P. c. catenifer*, abnormal condition of transparent spectacle of eye, SLEVIN **780**.—*P. deppei brevilineata* **subsp. nov.**, from Michoacan, Mexico, Fieldiana, Zool. Chicago **31** 9 1947 pp. 79–80, SCHMIDT & SHANNON **739**.—*P. melanoleucus*, cancer in specimens, BALL **34**.—*P. m. melanoleucus*, range restricted, NEILL, W. T. **600**; Recorded from Great Smoky Mtns. National Park, Tennessee, WOOD **935**.—*P. sayi sayi*, N. Dakota records, WHEELER **922**.

Polemon, synop. of species, DE WITTE & LAURENT **206**.

Prosymna meleagris, from Portuguese Guinea, MONARD **580**.

Psammophis sibilans, from Portuguese Guinea, MONARD **580**.

Pseudoboa bitorquata, from Peru, PRADO & HOGE **670**.—*P. coronata* from Colombia, SHREVE **775**.—*P. neuwiedii neuwiedii*, from Venezuela, SHREVE **774**.—*P. trigemina*, from Peru, PRADO & HOGE **670**.

Pseudoficimia pulcherrima from Michoacan, SCHMIDT & SHANNON **739**.

Pseudoleptodeira latifasciata from Michoacan, SCHMIDT & SHANNON **739**.

Pseudorhabdion longiceps from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Pseudoxenodon fukienensis, recorded from Shaowu Hsien, N. Fukien; *P. striaticaudatus*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**. *Pseustes poecilonotus shropshirei*, from Barro Colorado Id., C.Z., Panamá, EVANS **239**.

Ptyas korros from Port Dickson, Negri Sembilan, BRONGERSMA **112**; Recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.—*P. mucosus*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Rhadinaea brevirostris from Colombia, SHREVE **775**.—*R. calligaster*, from W. Panama, DUNN **217**.—*R. hesperia hesperia*, from Mexico, SMITH **804**.—*R. laureata* from Michoacan, SCHMIDT & SHANNON **739**.—*R. pachyura decipiens*, from W. Panama, new record; *R. serperastra*, from W. Panama, DUNN **217**.—*R. taeniata* from Michoacan, SCHMIDT & SHANNON **739**.

Rhinobothryum lentiginosum, from Peru, pls., PRADO & HOGE **670**.

Rhinocalamus a syn. of *Calamelaps*, DE WITTE & LAURENT **206**.

Salvadora bairdi and *S. mexicana* from Michoacan, SCHMIDT & SHANNON **739**.—*S. pulcherrima*, status, see *Leptodrymus*, BOGERT **70**.

Scotophis confinis [*Elaphe o. confinis* or *E. confinis*], type locality discussed, NEILL **601**.

Sibynomorphus catesbyi, from Peru, PRADO & HOGE **670**.

Sibynophis geminatus from Port Dickson, Negri Sembilan, BRONGERSMA **112**; Recorded from Bangka and Billiton Ids., Dutch E. Indies, WESTERMANN **921**.

Simotes octolineatus, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Sonora michoacanensis michoacanensis from Michoacan, SCHMIDT & SHANNON **739**.—*S. s. semiannulata*, from Oregon, STORM **849**.

Spilotes pullatus pullatus, from W. Panama, DUNN **217**; from Venezuela, SHREVE **774**; from Colombia, SHREVE **775**.

Stenorhina degenhardtii, from Panamá, EVANS **239**; From W. Panama, DUNN **217**; From Venezuela, SHREVE **774**.

Stenorrhina, lapsus calami, for *Stenorhina*, SHREVE **774**.

Storeria occipitomaculata, breeding note, NORMAN **612**.—*S. occipitomaculata occipitomaculata*, N. Dakota records, WHEELER **922**.—*S. storeroides* from Michoacan, SCHMIDT & SHANNON **739**.

Tantilla bocourti bocourti, from Mexico, SMITH **804**.—*T. calamarina* from Michoacan, SCHMIDT & SHANNON **739**.—*T. melanocephalus*, from Venezuela, SHREVE **774**; From Colombia, SHREVE **775**.

Telescopus [*Tarbophis*] *fallax pallidus*, **subsp. nov.**, from Gaudos Ids., S. of Crete, Vest. ceskosl. zool. Spolec. Praze **9** 1944 pp. 146–147, ŠTĚPÁNEK **838**.

Thalerophis, **nom. nov.**, for *Leptophis*, type species *richardi* (*ahaetulla*), OLIVIER **619**.—*T. occidentalis occidentalis*, from W. Panama, DUNN **217**.—*T. richardi*, **nom. nov.**, for *Leptophis ahaetuela* (S. America), OLIVER **619**.—*T. richardi nigromarginatus* (*Leptophis nigromarginatus* auct.), seasonal study, OLIVER **620**.—*T. occidentalis*, from Panamá, EVANS **239**.

Thamnodynastes pallidus from Colombia, SHREVE **775**.

Thamnophis elegans and subspecies *elegans, vagrans; biscutatus, hueyi* separated from *Th. o. ordinoides* and *atratus*, *Th. elegans nigrescens*, **subsp. nov.**, from Tacoma, Washington, p. 161, Herpetologica San Diego **3** 5 1947 pp. 159–165, JOHNSON **403**.—*T. eques eques* from Michoacan; *T. eques postremus* from Michoacan, SCHMIDT & SHANNON **739**.—*T. radix*, population study, SEIBERT & HAGEN **752**; Navel closure time and age; possible aid in determining age, SMITH **785**; N. Dakota records, WHEELER **922**.—*T. radix, T. sirtalis parietalis*, identity of specific names included in synonymy, SMITH & BROWN **806**.—*T. sauritus proximus*, N. Dakota records, WHEELER **922**.—*T. scalaris scaliger* from Michoacan, SCHMIDT & SHANNON **739**.—*T. sirtalis*, found in tidal inlet, Massachusetts, DEXTER **207**.—*T. sirtalis parietalis*, N. Dakota records, WHEELER **922**.—*T. sirtalis srtalis*, albino, BARTON **46**.

Trimetopon slevini, from W. Panama, endemic to area, Lérida and Boquete, DUNN **217**.

Trimorphodon biscutatus biscutatus from Michoacan; *T. fasciolata* from Michoacan, SCHMIDT & SHANNON **739**.

Tropidoclonion lineatum, hibernation habits, HAMILTON **346**; Feeding behaviour of captive specimens, RAMSEY **680, 681**.

Tropidonotus kennicotti Jan 1863 = *Thamnophis radix* (B. & G.) 1853, type locality restricted to Racine, Wisconsin, SMITH & BROWN **806**.

Trypanurgos compressus from Colombia, SHREVE **775**.

Uromacer catesbyi, common in Haiti, CURTISS **187**.

Xenelaphis hexagonotus, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Xenocalamus, synop. of species, DE WITTE & LAURENT **206**.—*X. mechowii inornatus* **subsp. nov.**, S. E. Africa, Mem. Mus. R. Hist. Nat. Brussels (2) **29** 1947 p. 8, DE WITTE & LAURENT **206**.—*X. mechowii inortatus* **subsp. nov.**, Mem. Mus. R. Hist. Nat. Brussels (2) **29** 1947 pp. 8 & 51, typographical error for *inornatus*, DE WITTE & LAURENT **206**.

Xenodon merremii, quantative and analytical study of blood, VILLELA & PRADO **904**.—*X. rabdocephalus*, from Panamá, EVANS **239**.—*X. severus*, from Peru, PRADO & HOGE **670**; From Colombia, SHREVE **775**.

Zamenis viridiflavus, from the Rocca Valley, Saint-Thurial (I. & V.), SELLIER **753**.

Zaocys dhumnades montanus, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.—*Z. fuscus*, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

ELAPIDAE

Boulengerina annulata, size, KAUFFIELD **413**.

Bungarus caeruleus, specimen 5 ft. long recorded, size of sexes measured, LEIGH **480**.—*B. multicinctus multicinctus*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.

Dendroaspis sp., action of strychnine on venom, BURETTE **122**.—*D. viridis*, venom, BOQUET **77**.

Hemachatus haemachatus, size, KAUFFIELD **413**.

Hoplocephalus bungaroides, effect of its bite, ORMSBY **622**.

Maticora bivirgata flaviceps from Port Dickson, Negri Sembilan, BRONGERSMA **112**.—*M. intermedia*, **sp. nov.**, from Billiton Id., Dutch E. Indies, Treubia, Buitenzorg **18** 1942 pp. 611–619 fig., WESTERMANN **921**. — *M. intermedia* probably a synonym of *Bungarus flaviceps*, BRONGERSMA **110**.—*M. intestinalis* recorded (specimen not preserved) from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Micrurus diastema michoacanensis from Michoacan, SCHMIDT & SHANNON **739**.—*M. dissoleucus dunni*, from Panamá, EVANS **239**.—*M. fulvius*, venom, MACHT **516**.—*M. nigrocinctus nigrocinctus*, from W. Panama, DUNN **217**; From Panamá, EVANS **239**.—*M.* ? *peruvianus* from Colombia, SHREVE **775**.—*M. spixii obscura*, from Peru, PRADO & HOGE **670**.—*M. stewarti*, from Panamá, EVANS **239**.

Naja spp. list of species and size range, KAUFFIELD **413**.—*N. flava*, formol detoxication of venom, CHRISTENSEN **157**; Antidote for bite, CHRISTENSEN & WAAL **158**.—*N. haie*, photo., MINNING **568**.—*N. hannah*, recorded from Bangka and Billiton Ids., Dutch E. Indies, WESTERMANN **921**.—*N. melanoleuca*, from Zululand, FITZSIMONS **255**; From Portuguese Guinea, MONARD **580**.—*N. naja* from Port Dickson, Negri Sembilan, BRONGERSMA **112**; Photo, size, KAUFFIELD **413**.—*N. naja atra*, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**.—*N. naja oxiana*, daily activity, TSHERNOMORDIKOV **877**.—*N. naja* var. *sputatrix*, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

Ophiophagus hannah, photo, size, KAUFFIELD **413**.

Pseudohaje goldii and *P. nigra*, size, KAUFFIELD **413**.

Sepedon haemachates, antidote for bite, CHRISTENSEN & WAAL **158**; Treatment of bite, SHIRCORE **771**.

Walterinnesia aegyptia, size, KAUFFIELD **413**.

HYDROPHIIDAE

Enhydrina schistosa, BERGMAN **56**.

Hydrophis ornatus maresinensis, **subsp. nov.**, Ryu Kyu Archipelago, Proc. biol. Soc. Washington **60** 1947 pp. 1–6, MITTLEMAN **576**.—*H. ornatus*, geographic variation, key to subspecies, MITTLEMAN **576**.

Laticauda colubrina off Port Dickson, Negri Sembilan, BRONGERSMA **112**; Recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

ILYSIIDAE

Cylindrophis rufus, recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.

LEPTOTYPHLOPIDAE

Leptotyphlops albifrons, photo from Bonaire, HUMMELINCK **390**.—*L. macrolepis*, from Venezuela, SHREVE **774**.

TYPHLOPIDAE

Helminthophis frontalis, from W. Panamá, new record, DUNN **217**.

Liotyphlops albirostris, from Panamá, EVANS **239**.

Typhlops, review of Ceylonese species, key, TAYLOR **860**.—*T. braminus*, of Formosa, structure, fig. [In Japanese, names in English], AUTHOR (in Japanese) **6**; Skull, figs., AUTHOR ? (in Japanese) **9**; Alimentary system, AUTHOR ? (in Japanese) **10**; Skull & vert. col., AUTHOR ? (in Japanese) **11**; From Fort Dickson, Negri Sembilan, BRONGERSMA **112**; Circulatory system, NAKAMURA **594**; Recorded from Pemba Id., PAKENHAM **628**; Eggs described, SIGHTS **776**; Recorded from Shaowu Hsien, N. Fukien, WANG & CHANG **912**; Recorded from Billiton Id., Dutch E. Indies, WESTERMANN **921**.—*T. exocoeti*, Christmas Id., GIBSON-HILL **295**.—*T. lankaensis*, **sp. nov.**, Trincomalee, Ceylon, head fig., Univ. Kansas Sci. Bull. **31** 2 1947 pp. 287–289, figs., TAYLOR **860**.—*T. lehneri*, from Venezuela; specimen identified by ROUX 1927 appears to be *reticulatus*, SHREVE

774.—*T. malcolmi*, sp. nov., nr. Trincomalee, Ceylon, related to *leucomelas*, Univ. Kansas Sci. Bull. 31 2 1947 pp. 291–292, TAYLOR 860.—*T. punctatus*, recorded from Zanzibar Id., PAKENHAM 628.—*T. reticulatus*, from Venezuela, SHREVE 774; From Colombia, SHREVE 775.—*T. tenebrarum*, sp. nov., nr. Trincomalee, Ceylon, head fig., Univ. Kansas Sci. Bull. 31 2 1947 pp. 292–294, figs., TAYLOR 860.—*T. veddae*, sp. nov., nr. Trincomalee, Ceylon, head fig., related to *braminus* and *tenebrarum*, Univ. Kansas Sci. Bull. 31 2 1947 pp. 294–295, figs., TAYLOR 860.—*T. violaceus*, sp. nov., nr. Trincomalee, Ceylon, Univ. Kansas Sci. Bull. 31 2 1947 pp. 289–290, TAYLOR 860.

UROPELTIDAE

Brachyophidium, a distinct genus, not syn. of *Platyplectrurus*, ANGEL 15.

VIPERIDAE

Agkistrodon acutus, recorded from Shaowu Hsien, N. Fukien, WANG & CHANG 912.—*A. bilineatus* from Michoacan, SCHMIDT & SHANNON 739.—*A. mokasen*, hemipenes of embryos, REESE 687.—*A. piscivorus*, venom, FAIRBAIRN 241.—*A. piscivorus piscivorus*, size and habits, NEIL 599.—*A. piscivorus leucostoma*, recorded from Kansas, HALL & SMITH 339.

Ancistrodon himalayanum, from Chandanwari, 9,000 ft., Kashmir, AHMAD 12.

Aspis cerastes, observations, photo., MERTENS 555.

Bitis arietans, preparation of antivenene, BOQUET, GIRARD & CORVAZIER 78; Antidote for bite, CHRISTENSEN & WAAL 158; Photo., MINNING 568; Treatment of bite, SHIRCORE 771.—*B. gabonica*, photo., MINNING 568.—*B. nasicornis*, preparation of antivenene, GRASSETT 317; Photo. of head, MINNING 568.

Bothrops, experiments on effects of heparin on coagulant action, AHUJA, VEERARAGHAVAN & MENON 13.—*B. atrox asper*, from Mexico, SMITH 804.—*B. jararaca*, venom dermatotoxic activity neutralized by antivenines, EICHBAUM 229; Venom spreading neutralized, EICHBAUM 230; Effect of adrenalin and insulin on the blood sugar, PRADO 671; Seasonal modification in testes, VANZOLINI 891; Quantative and analytical study of blood, VILLELA & PRADO 904.—*B. lanceolatus*, of Martinique, ecology, habits, history, etc., LALUNG 449.—*B. lansbergi*, from Panamá, EVANS 239.—*B. lateralis*, from W. Panama, DUNN 217.—*B. microphthalmus*, from Peru, PRADO & HOGE 670.—*B. neuwiedii meridionalis*, study of venom, VIDAL BREARD 903.—*B. nigroviridis nigroviridis*, from W. Panama, DUNN 217.—*B. pictus*, from Peru, PRADO & HOGE 670.—*B. roedingeri*, sp. nov., from Hacienda Huayuri, Peru, Fauna Perus, E. Titschack, pp. 284–286, 1942, MERTENS 552.

Causus rhombeatus, photo., MINNING 568; From Portuguese Guinea, MONARD 580.

Cerastes cornutus, preparation of antivenene, BOQUET, GIRARD & CORVAZIER 78; Photo., MINNING 568.—*C. vipera*, unusual ecdysis, HUDSON 388.

Crotalus adamanteus, mid-brain, WARNER 913.—*C. atrox*, recorded from Kansas, HALL & SMITH 339.—*C. basiliscus* from Michoacan, SCHMIDT & SHANNON 739.—*C. durissus terrificus*, from Venezuela, SHREVE 774; Description of dicephalic specimen, VANZOLINI 893.—*C. durissus unicolor*, photos, from Aruba, BRONGERSMA 109.—*C. mitchelli pyrrhus*, intergrade between *m. pyrrhus* and *m. stephensi*, from N.W. Arizona, WOODBURY & HARDY 942.—*C. m. molossus*, range extended 100 miles N. of Comal County to Rough Creek, San Saba County, Texas, BROWN & MITTLEMAN 116.—*C. pulvis* an aberrant specimen of *C. durissus durissus* ?, BRONGERSMA 109.—*C. scutulatus scutulatus*, range in Utah, WOODBURY & HARDY 943.—*C. terrificus*, quantative and analytical study of blood, VILLELA & PRADO 904.—*C. t. terrificus*, venom, and antivenines ratios, BIER 59; Venom spreading neutralized, EICHBAUM 230.—*C. triseriatus triseriatus* from Michoacan, SCHMIDT & SHANNON 739.—*C. viridis viridis*, eastern record, from Crawford Co., Kansas, HALL & SMITH 339; N. Dakota records, WHEELER 922.—*C. viridis oreganus*, population field study, FITCH & GLADING 254.

Echis carinata, unknown at Ranchi, Chota Nagpur plateau, LEIGH 480; Photo., MINNING 568.

Lachesis muta, from Panamá, EVANS **239**.

Sistrurus catenatus, in Michigan, ROBERTS & QUARTERS **700**.

Trimeresurus atrox, from Venezuela, SHREVE **774**; From Colombia, SHREVE **775**.—*T. castelnaudi* from Colombia, SHREVE **775**.—*T. pradoi*, **sp. nov.**, from Pau Gigante, Espirito Santo, Brasil, near to *T. atrox*, Mem. Inst. Butantan XX 1947 pp. 193–202 pls. & hemipenis, HOGE **377**.—*T. wagleri* from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Viperus, period of fertility, PSENNER **676**.

Vipera ammodytes, venom, SERGENT **759**.—*V. aspis*, preparation of antivenenes, BOQUET, GIRARD & CORVAZIER **78**; Ecology, GIRONS **301**; Venom, LAMY & ROUYER **451**; Growth, SAINT GIRONS **723**; Of Canton Solothurn, Switzerland, habits, etc., photos, STEMMLER-MORATH **836**.—[*V. berus*], case histories of bites, MATHIAS & FFRENCH **540**.—*V. berus*. Anatolian forms discussed, *V. berus berus*, *V. b.* var. *renardi*, *V. b.* var. *ornata* **var. nov.**, Rev. Fac. Sci. Univ. Istanbul **12B** 3 1947 p. 189, BAŞOĞLU **47**.—*V. b. berus*, photo, Rhine-Main distribution, MERTENS **561**.—*V. lebetina*, photo., MINNING **568**; Daily activity, TSHERNOMORDIKOV **877**.

TESTUDINES

General; **Fossil**.—Chelonian fragments (indet.) from Oligocene of Colombia, STIRTON **845**.—Emydid fragments from Tertiary of Sirtica, Tripolitania, D'ERASMO **199**.—Relationship with *Diadectidae* discussed, OLSON **622**.

General; **Recent**.—Field-key to the turtles of Indiana, LAGLER **447**.—Kyphosis and other variations in soft-shelled tortoises, SMITH **799**.

†*Adocus* in Upper Cretaceous of Central Utah, GILMORE **298**.

Amyda sinensis, photo, growth rate in captivity, RUST **720**.

†*Aspideretes* in Upper Cretaceous of Central Utah, GILMORE **298**.

†*Basilemys* in Upper Cretaceous of Central Utah, GILMORE **298**.

Callugur borneoensis, colouration of a specimen in Frankfurt-a-M. Museum, KLINGELHÖFFER & MERTENS **422**.

Caretta caretta, oils, GIRAL & CASCAJARES **300**; first record from the eastern Pacific Coast; Gulf of California, Mexico and San Clemente Id., Los Angeles County, California, SHAW **765**; Observations on embryonic development, SMITH & DANIEL **816**; Stranded from N. Cornwall, WILSON **928**.

†*Chelonia* indet. from London Clay of Watford Heath, OAKLEY **615**.—*C. mydas*, found in tidal inlet, Massachusetts, DEXTER **207**; From Rio Hato, Panamá, EVANS **239**; Oils, GIRAL & GASCAJARES **300**; In Chesapeake Bay, ROBERTSON **701**.

Chelydra serpentina, ontogeny of adaptive peculiarities in shell, BANNIKOV **38**; Chemical changes in embryo, BRAND & LYNN **96**; SOCHUREK **818**.—*C. serpentina serpentina*, number of eggs (52) deposited, FINNERAN **249**; N. Dakota records, WHEELER **922**.

Chrysemys bellii bellii, N. Dakota records, WHEELER **922**.—*C. picta marginata*, development of shoulder region, WALKER **909**.

Clemmys caspica, ontogeny of adaptive peculiarities in shell, BANNIKOV **38**; Mediterranean races, MERTENS **557**.—*C. caspica cretica*, **subsp. nov.**, Crete, Senckenbergiana, Frankfurt 1946, 27 4/6 pp. 115–118 photos., MERTENS **557**.—*C. caspica rivulata* (Valenciennes 1833), range, MERTENS **557**.—*C. muhlenbergii*, from near Connecticut, STEWART **841**.

†*Compsemys* in Upper Cretaceous o Central Utah, GILMORE **298**.

Cuora amboinensis from Port Dickson, Negri Sembilan, BRONGERSMA **112**.

Dermatochelys coriacea from Beg Meil, nr. Ile aux Moutons, BOUXIN & LEGENDRE **85**.

Dermochelys coriacea, from Concarneau, LEGENDRE **478**.

Devisia mythodes Ogilby, a synonym of *Chelydra serpentina* Linn., LOVERIDGE & SHREVE **504**.

Emydura krefftii, from Katherine, N. Territory, N.S. Wales, photos; *E. latisternum*, from Waterhouse River, N. Territory, Australia, WORRELL **949**.

Emys orbicularis, ontogeny of adaptive peculiarities in shell, BANNIKOV **38**; Coloured plate, MARCHLEWSKI **528**; Photo, Rhine-Main distribution, MERTENS **561**.

Geomyda annulata, from Barro Colorado Id., C.Z., Panamá, EVANS **239**.—*G. rubida*, from Michoacan, SCHMIDT & SHANNON **739**.

Gopherus berlandieri, MITTLEMAN **577**.

Graptemys geographica, recorded from West Virginia, FRUM **273**.

Kinosternon, discussion on species and key, SCHMIDT **737**.—*K. cruentatum cruentatum*, from Michoacan, SCHMIDT & SHANNON **739**.—*K. dunni* **sp. nov.**, from Choco, Colombia, Fieldiana, Zool. Chicago **31** 13 1947 pp. 109–111 pl., SCHMIDT **737**.—*K. spurrelli*, lacking in sexual dimorphism of plastral lobes, SCHMIDT **737**.—*K. subrubrum*, NICHOLLS **607**.—*K. subrubrum subrubrum* in Chicago region, STILLE **844**.

Lepidochelys kempii, identification of, GRANT **311**.—*L. olivacea*, oils, GIRAL & CASCAJARES **300**.—*L. olivacea olivacea*, anomalous specimen from northwestern coast of Baja California, SHAW **763**.

Lissemys punctata [not *Lisissemys*, in error], variation in numerous specimens, UNDERWOOD **880**.

†*Lytoloma longiceps*, from London Clay, in St. Albans Museum, OAKLEY **615**.

Macrochelys temminckii, specimens from Kansas, seen but not preserved, HALL & SMITH **339**.

Malacochersus tornieri, behaviour, photos, MERTENS **550**.

†*Podocnemis* ? from Tertiary of Colombia, GOMEZ, J. R. Y **307**.—†*P. brasiliensis* **sp. nov.**, from Cretaceous of Brazil, figd. & descr., Bol. Serv. geol. e. min. Brasil **114** 1944 pp. 4–24, figs., STAESCHE **827**.

Pseudemys scripta, from Venezuela, possibly referable to *dorbignyi*, SHREVE **774**.—*P. scripta gaigeae*, range, HAMILTON **342**.—*P. scripta troosti*, colour abnormalities, CAGLE **125**.

Sternothaerus derbianus, from Portuguese Guinea, MONARD **580**.—*S. peltifer*, **sp. nov.**, from Mississippi, near to *carinatus*, J. Wash. Acad. Sci. **37** 1 1947 pp. 22–23, SMITH & GLASS **811**.—*S. peltifer*, *S. minor*, *S. carinatus*, *S. odoratus*, discussion of relationship, SMITH & GLASS **811**.

Terrapene carolina, evolution of bones of the forearm, HAINES **336**.

†*Testudo bosporica*, from Upper Miocene, S.E. Kertch Peninsula, Crimea, KHOZATSKY **418**. — *T. elephantopus*, MERTENS **551**.—*T. graeca*, ontogeny of adaptive peculiarities in shell, BANNIKOV **38**; Mediterranean races, MERTENS **557**; Heart, RIJLANT **693**.—*T. graeca floweri* Bodenheimer 1935, range, MERTENS **557**.—*T. graeca ibera* Pallas 1827, range; *T. graeca zarudnyi* Nikolsky, range, MERTENS **557**.—*T. horsfieldi*, ontogeny of adaptive peculiarities in shell, BANNIKOV **38**; Case of tumor, DVIZHKOV & ZVETAEVA **219**.—*T. marginata* from Albania, photos., CEI **143**.—*T. mauritanica*, heart, RIJLANT **693**.—*T. rugosa* Shaw = *Pseudemys rugosa rugosa* (Shaw) Rio Jobabo, E. Cuba population; other Cuban races, *P. rugosa decussata* (Gray) and *P. r. angusta* Barbour and Carr, MITTLEMAN **573**.—*T. whitei*, extracts from Gilbert White's journals and letters, WARNER **914**.

†*Trionyx* fragments from Tertiary of Sirtica, Tripolitania, D'ERASMO, G. **199**. — ? †*Trionyx* from ? Lower Tertiary of Chiapas, Mexico, MULLERRIED **590**.—*T. ferox*, egg-laying described, HAMILTON **345**.—†*T. marini*, **sp. nov.**, Oligocene of Lerida, Spain, descr. & figd., Notes Communic. Inst. Geol. Min. Espana **13** 1944 pp. 9–19, Oligocene species of *Trionyx* discussed, SAMPELAYO & BATALLER **724**.—*T. sinensis* from Hawii, BROCK **108**.

†THECODONTIA

Growth rate and sexual dimorphism in Phytosaurs, COLBERT **164**.

Relationships and development of Pseudosuchia discussed, HUENE **389a**.

Acompsosaurus wingatensis, Upper Trias of New Mexico, relationships discussed, HUENE **389a**.

Arizonasaurus babbitti **gen. & sp. nov.**, Trias of Northern Arizona, Pseudosuchian descr. & figd., Univ. Calif. Publ. Bull. **27** 7 1947 pp. 273–281, figs., WELLES **918**.

Cerritosaurus binsfeldi **gen. & sp. nov.**, Pseudosuchian from Triassic of Brazil, Bol. Serv. geol. Min. Brasil **120** 1946 pp. 1–38, PRICE **674**.

Desmatosuchus spurensis, Dockum beds of Texas, relationships discussed, HUENE **389a**.

Episcoposaurus horridus, Upper Trias of New Mexico, relationships discussed, HUENE **389a**.

Hoplitosuchus raui **gen. & sp. nov.**, Pseudosuchian from Trias of Rio Grande do Sul, Brazil, descr. & figd., Die Fossilen Rept. der Sudamerikanischen Gondwanalander Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29, Munchen 1935–1942 p. 195, HUENE **389a**.

Machaeroprosopus gregorii, Triassic of Arizona, skeleton descr. & figd., COLBERT **164**.

Prestosuchus chiniquensis, **gen. & sp. nov.**, Pseudosuchian from Rio-do-Rasto beds near Chiniqua, Brazil, descr. & figd., Die Fossilen Rept. der Sudamerikanischen Gondwanalander Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29, Munchen 1935–1942 p. 161, HUENE **389a**.

Prestosuchus loricatus **sp. nov.**, Trias, West of Chiniqua, Brazil, descr. & figd., Die Fossilen Rept. der Sudamerikanischen Gondwanalander Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29, Munchen 1935–1942 p. 161, HUENE **389a**.

Procerosuchus celer **gen. & sp. nov.**, Pseudosuchian from Triassic of Rio Grande do Sul, Brazil, descr. & figd., Die Fossilen Rept. der Sudamerikanischen Gondwandlander Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29, Munchen 1935–1942 p. 217.

Rauisuchus tiradentes, **gen. et sp. nov.**, Pseudosuchian from Triassic of Rio Grande do Sul, Brazil, descr. & figd., Die Fossilen Rept. der Sudamerikanischen Gondwanalander Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29, Munchen 1935–1942 p. 198.

Rhadinosuchus gracilis **gen. et sp. nov.** Pseudosuchian from Trias of Brazil, descr. & figd., Die Fossilen Rept. des Sudamerikanischen Gondwanalander Ergeb. d. Sauriergrabungen in Sudbrasilien 1928–29, Munchen 1935–1942 p. 191, HUENE **389a**.

Rileya platyodon, Rhaetic of Bristol, relationships discussed, HUENE **389a**.

Rutiodon carolinensis, Trias of N. Carolina, redescribed & figd., COLBERT **164**.

Stagonolepis, skeleton discussed, HUENE **389a**.

Typothorax meadei **sp. nov.**, Trias of Texas, descr. and relationships, J. Paleont. Menasha Wis. **21** 3 1947 pp. 201–238, and evolution of *Pseudosuchia* discussed, SAWIN **728**.

†THEROMORPHA

Quatradojugal bone, PARRINGTON **633**.

Bienotherium yunnanense and *B. elegans*, new material from Upper Trias of Lufeng, Yunnan, descr. & figd., *Bienotherium minor*, **sp. nov.**, Upper Trias of Lufeng, descr. & figd., Proc. Zool. Soc. London **117** 1947 pp. 568–575, figs., YOUNG **956**.

Clepsydrops colletii, *Cl. pedunculatus*, and *Cl. vinslovii* recorded from Pennsylvanian of Illinois, OLSON **621**.

Dimetrodon, quadrate and quadratojugal figd., PARRINGTON **633**.

Ictidosauria classification discussed, YOUNG **956**.

Kunminia minima **gen. & sp. nov.**, Upper Trias of Lufeng, descr. & figd., Proc. Zool. Soc. London **117** 1947 pp. 575–590, figs., YOUNG **956**.

Petrolacosaurus kansensis, Permo-Carboniferous of Kansas, brief description, LANE **453**.

Thrinaxodon liorhinus, occiput figd., PARRINGTON **633**.

Ulemosaurus svijagensis, Permian of Middle Volga, description of two new complete skulls, EFREMOV **223**.

ICHNITES

Dinosaur footprints in Rosewood Coal Measures (Jurassic), Australia, BRYAN & JONES **119**.

Footprints from Chester Shales (Carboniferous) of Indiana, COLBERT & SCHAEFFER **168**.

? *Akropus* in Trias of Wyoming, *Agealopus* Lull and *Eurichrinus* Lull probably = *Akropus* or *Hamatopus*, Lilienstern, BRANSON **100**.

Chirotherium, history of, PEABODY **640**.

Collettosaurus palmatus, in Trias of Wyoming, BRANSON **100**.

Eurichrinus jeneseni tracks from Trias of Wyoming, BRANSON **100**.

Hamatopus wildfeueri and *Akropus schoschardti*, Protorosaurian tracks from Trias of Thuringia, descr. & figd., PIERO **655**.

Kintneria brunswickii **gen. et sp. nov.**, Trias of Pennsylvania, amphibian footprint, descr. & figd., Proc. Penn. Acad. Sci. **21** 1947 p. 91, RYAN & WILLIRD **721**.

II.—SUBJECT INDEX

GENERAL LITERATURE AND HISTORY

General Works : Faunal.—Field identification of French birds, BARRUEL **73** ; Life histories of N. American Diving birds, BENT **101** ; Life histories of N. American Jays, Crows and Titmice, BENT **102** ; West Africa [Gold Coast], CANSDALE **214** ; Field Guide to South Australian birds, CONDON **254** ; Tranninh, French Indo-China, DAVID-BEAULIEU **286** ; Malaysia, DELACOUR **301** ; Department of Atlantico, Colombia, DUGAND **331** ; British sea-birds and waders, FISHER **380** ; Some birds of East Africa, FRÉMONT **400** ; Chile, GOODALL, JOHNSON & PHILIPPI **453** ; Maryland, HAMPE & KOLB **508** ; Worcestershire, HARTHAN **527** ; Field book of Eastern [U.S.A.] birds, HAUSMAN **529** ; Hertfordshire, HAYWARD **536** ; Tring Reservoirs, HAYWARD **537** ; Birds breeding in Holland, HAVERSCHMIDT **538** ; Somerset, HENDY **542** ; Hong Kong, HERKLOTS **545** ; Antarctic, HOLGERSEN **564** ; Coloured plates of Polish birds, JIRSIK **613** ; Desert life, KACHKAROV & KOROVINE **627** ; Galapagos Finches, LACK **681** ; German coastal birds, LEEGE & WECKMANN-WITTENBURG **710** ; Skokholm Island, LOCKLEY **725** ; Norwegian birds, LØVENSKIOLD **733** ; U.S.A. garden birds, MCKENNY **753** ; Key to Yugoslav birds [in Serbo-Croat], MARTINO & MATVEYEV **774** ; A working list of Australian birds MATHEWS **778** ; Portuguese Guinea, MONARD **826** ; Birds of Hawaii, MUNRO **849** ; Colombia, NICÉFORO **859** ; Field guide to North American birds, PETERSON **911** ; Mato Grosso, Brazil, PINTO **934** ; Para, Brazil, PINTO **936** ; Yukon, RAND **973** ; Ocean birds, POULSEN **954** ; Buckinghamshire, PRICE **961** ; Faroe Islands, SALOMONSEN **1039** ; Shanghai, SOWERBY **1130** ; Albert National Park, Belgian Congo, VERHEYEN **1267**.

General Works ; Miscellaneous.—Estimated weight of largest known bird, AMADON **32** ; Bird display and behaviour, ARMSTRONG **41** ; Cheshire, BOYD **159** ; Guide to practical zoology, BRIEN **170** ; Birds of the past, COLLVIER **249** ; Edibility of birds ; with reference to adaptive coloration, COTT **271** ; Birds in forestry, EDLIN **346** ; Ecology and management of the Ruffed Grouse, EDMINSTER **347** ; British sea birds, GIBSON-HILL **430** ; Ruffed Grouse, HALL **504** ; American Woodcock, HALL **505** ; Coloured photographs, HIGHAM **550** ; Falcons and falconry, ILLINGWORTH **597** ; Bioelectronic observations, KELSO **634** ; Memoirs of an artist naturalist, LODGE **727** ; LOWE **736** ; Birds of Brewery Creek, Ottawa, MACDONALD **745** ; Photos of flight, ORMOND **880** ; British geese and ducks, PITMAN **939** ; British Divers, RANKIN **977** ; British birds, ROGERSON & TUNNICLIFFE **1006** ; Birds of British Commonwealth, SETH-SMITH **1079** ; Photography without a hide, SPREDBURY & FINNIGAN **1138** ; A bibliography of birds, STRONG **1171** ; Deposits of shells transported by birds, TEICHERT & SERVENTY **1201** ; Pigeon racing, YARHAM **1356** ; Birds of Guadalquiver and Rhone deltas, YEATES **1358** ; Birds of southern England, YEATES **1359**.

History.—Babar the Great on Flamingoes, AKHTAR **20** ; Cheshire and south Lancashire, BOYD **161** ; Ancient bird-lore, HOLLAND **565** ; Nutcracker in France, MAYAUD **789** ; 50 years of Brazil ornithology, PINTO **935**.

Bibliography. — Swedish literature 1946, BERGSTRÖM **106** ; van Bemmelen, BROUWER **180** ; Franco da Rocha, CAMARGO **209** ; Hawaiian birds since 1890, FISHER **378** ; Domestic Pigeons, MÖBES **819** ; Dr. Gil Lletget, PARDO **895** ; Dr. F. M. Chapman on Venezuela, PHELPS **915** ; A bibliography of birds, STRONG **1171** ; F. N. Chasen, TWEEDIE **1242**.

Obituaries.—Jim Vincent, ANON. **7** ; S. F. Rathbun, FLAHAUT **388** ; G. Willett, HARRIS **518** ; S. W. Jackson, HINDWOOD **556** ; C. B. Moffat, KENNEDY **636** ; F. Chapman, KINNEAR **653** ; Allan Brooks, LAING **689** ; J. Mailliard, MILLER **812** ; E. E. Thompson Seton, PALMER **891** ; C. H. Townsend, PALMER **891** ; Dr. Gil Lletget, PARDO **895** ; O. Neumann, STRESEMANN **1170** ; K. E. Kivirikko [in Finnish], SUOMALAINEN **1176** ; F. N. Chasen, TWEEDIE **1242**.

Portraits. — Van Bemmelen, **180** ; S. F. Rathbun, **388** ; G. Willett, **518** ; S. W. Jackson, **556** ; Allan Brooks, **689** ; W. P. Lowe, **736** ; Dr. Gil Lletget, **895**.

Classification.—Revision of genus *Corvus*, DORST **324**; Pelecaniformes, LANHAM **694**; *Hypocolius*, LOWE **734**; Australian birds, MATHEWS **778**; *Dicaeidae*, MAYR & AMADON **795**; *Rhipidura rufifrons* evolution of the group, MAYR & MOYNIHAM **796**; Number of species, MOLTONI **824**; Venezuelan birds, YEPEZ **1362**.

Taxonomy and Nomenclature.—OPINIONS rendered by the International Commission on Zoological Nomenclature. See beginning of Titles. International Rules, ANON. **1**; B.O.U. List changes, ANON. **2**; Old World Flycatchers, DEIGNAN **299**; Geospizinae, LACK **680**; British Robin, LACK **680**; *Opopsitta marshalli*, MAYR **793**; Genus *Junco*, MILLER **805**; *Ploceidae*, ROBERTS **1000**; *Malurus elegans* Gould, SHEARD **1091**; STRAND **1166**; Higher groups of Swifts, WETMORE **1307**; Twenty-second supplement to A.O.U. Check-list, WETMORE **1308**; Corrections to Australian Checklist, WHITTELL **1321**.

Vernacular Names.—Zulu, CHADWICK **225**; Common sense in common names, GRISCOM **479**; Glossary of European birds in seventeen languages, JORGENSEN & BLACKBURN **621**; English names of Darwin's Finches, LACK **680**; Faroe Islands, RYGGI **1031**.

Folk-lore.—Swan, WEYGANDT **1309**.

Museums and Institutions.—Preservation of specimens, ANDERSON **38**.

Museums and Institutions.—Heimatmuseum, Bern, BAUMANN **78**; Royal Natal Birdwatching Society, BEALE **79**; Collections in Belgium, DUPOND **333**; Ottenby, Sweden, EDELSTAM & OTHERS **344**; Vienna, SASSI **1042**; Cabinet changes in bird-skins, WAGSTAFFE & WILLIAMSON **1285**.

Oology.—Black-headed Gull, ANDERSEN & NØRGAARD **36**; Black Cuckoo, COURTENAY-LATIMER **274**; Freak eggs, DAHLGREN **281**; DONS **320**; GOSNELL **462**; British variations, HOBSON **559**; South Africa, PLOWES **943**; Pigment in Emu's egg, TIXIER **1219**.

Extinct Birds.—Laysan Rail, BALDWIN **63**; Reasons for extinction, PALMGREN **892**; Ivory-billed Woodpecker, SPRUNT **1141**.

War Records.—Birds under shell fire, TALMADGE **1192**; Bird life at Bikini, TRAYLOR **1235**.

STRUCTURE
including CYTOLOGY

General.—Colic caeca of some Indian birds, BHADURI & BISWAS **115**; Wing of Archaeornithes, BOHLIN **132**; Alimentary tract of fowl, CHODNIK **236**; Anatomy of Limicolae, FENINGER **375**; Adaptive modifications for tree-trunk foraging, RICHARDSON **987**.

Plumage and Epithelial Structures.—Pterylography of Drongo, McDOWELL **747**; Malformations in Jay's feathers, MAYAUD **788**.

Osteology.—Morphology of thoracic girdle, FRANKENBERGER **398**; Quadrate in Ratitae, FRIAŇ **402**; Pheasant and fowl compared, LAUGHLIN **702**; Vomer in Tinamous, VILLIERS **1274**; Evolution of bill, WIMAN **1337**.

Nervous System and Sense Organs.—Eye, DETWILER **310**; Proportions of the brain of birds, PORTMANN **950**.

Circulatory System.—Lymphatic system in fowl, DRANSFIELD **328**; Study of main arteries in region of heart—Gruiformes, Pt. 2, GLENNY **446**; Ditto, Sphenisciformes, GLENNY **447**; Ditto, Charadriiformes, GLENNY **448**; Cardiac indices, SAKHAROVA **1033**.

Teratology.—Pigeon's bill, DAVIS **289**; Diplopodia, TAYLOR & GUNNS **1200**.

PHYSIOLOGY

Nutrition and Metabolism.—Riboflavin requirement, BOLTON **136**; BONT **144**; Moult in Chaffinch, KOCH & BONT **661**; Vitamin A requirements in game birds, NESTLER & OTHERS **857**; "Apparent death" from cold, ROLNIK **1007**; Microbial decomposition of cellulose by wild gallinaceous birds, SUOMALIEN & ARHIMO **1177**; Acidity in stomach of young chickens, VONK, BRINK & POSTMA **1278**.

Respiration.—Deep diving mechanism of the Loon and Old Squaw, SCHORGER **1055**; Ventilation of the respiratory tract, ZEUTHEN **1369**.

Nerves and Sense Organs.—Eye, DETWILER **310**; Carotenoids and eyesight, SUOMALAINEN **1175**.

Plumage.—Interrelation of thyroid and gonad, BLIVAISS **127**; Uric acid content of feathers, BOLLIGER & TOW, **134**; Function of uropygial gland and influence of diet, FABRICIUS **368**; Golden Eagle, JOLLIE **619**; JUHN **623**; Diet induced modification, JUHN & JULL **625**; MAYAUD **786, 787**; Barred feathers in fowl, MONTALENTI **830**; Ostrich, STEINER **1149**; WOITKEVICH **1342**.

Endocrines.—Gonadal hormones and mineral balance in fowl, COMMON & OTHERS **252**; Thyroid, FLEISCHMANN **391**; Cyclic change in thyroid, GÁL **413**; Seasonal changes in thymus of Mallard, HÖHN **562**; KAR **631**.

Growth and Weight.—Estimated weight of largest known bird, AMADON **32**; Ducks in Illinois, BELLROSE & HAWKINS **85**; In migratory and sedentary birds, BONT **146**; Young Cuckoo, BUSSMANN **199**; Investigation of fatness, ISAKOV **602**; Seasonal fluctuations in weights of Penguins and Petrels, RICHDALE **991**; Woodpeckers, SUTTER **1180**; Seasonal variations, VAUGIEN **1261**; Cuckoo, WERTH **1299**; ZEUTHEN **1370**.

Temperature.—Shrike and Wryneck, BÖNI **143**; Finnish birds, PALMGREN **892**; STONER **1159**.

Experimental Physiology.—Thyroidectomy, BLIVAISS **126**; Effect of Stilbestrol in Herring Gull, BOSS & WITSCHI **151**; Susceptibility to insulin, CHEN & OTHERS **230**; Sexual cycle of Greenfinch, DAMSTÉ **283**, LANDAUER **692**, MOSELEY **844**; WOLFF **1343**.

DEVELOPMENT

General Problems.—Alimentary canal, CAMPENHOUT **212**; Endocrines, DOMM & TABER **318**; Postembryonic growth of forest birds, POZNANIN **957**; Blood oxygen, ROSTORFER & RIGDON **1018**; Heart and circulation TOMPKINS & others. **1226**; Early stages, FRANKENBERGER **399**; Ganglion ciliaire, LIVI-MONTALLINI & AMPRINO **716**; Heron, PORTMANN **951**; Development of chick embryos influenced by changes in gas composition of air chamber of egg, ROLNIK **1008**; Limb-forming potencies of chick blastoderm, RUDNICK **1024**; Antigens, SCHECHTMAN **1049**.

Bones and Muscles.—Dehydration of muscles during ontogenesis, KOVALSKY & GLAZINA **669**; *Anas*, SWART **1185**.

Nervous System and Sense Organs.—Eye in Partridge, PUJIULA **964**.

Experimental Embryology. — Bifid spine, ANCEL **35**; LEVI-MONTALLINI & LEVI **717**; Effect of hormone injections in hen's eggs, NAESLUND **854**; Simple method for cultivating early chick embryos "in vitro," SPRATT **1137**; Control of limb development, WOLFF & KAHN **1346**; Production of polydactylism, WOLFF & KAHN **1347**; Production of twins, WOLFF & LUTZ **1349**.

REPRODUCTION AND SEX

Sexual Periodicity.—AROY **44**; Relation of day-length in Starling, BURGER **191**; Experimental modification of Greenfinch, DAMSTÉ **283**; Copulation in Turkey, HEINROTH **540**; Pheasants in Montana, HIATT & FISHER **549**; Male gonads in Mallard, HÖHN **563**; Equatorial species, MOREAU, WILK & ROWAN **839**; Experimental data on male gonads, SLUITER & OORDT **1108**; Testicular asymmetry in Woodpecker, TEST **1205**; VAN SOMEREN **1260**; VAUGIEN **1262**.

Sex Inversion.—The crowing hen, FORBES **394**; Chiffchaff, TREUENFELS **1236**.

Sex Hormones.—LEWIS **718**; PFEIFFER **914**; Experimental intersexuality in embryo, STOLL **1155**; In duck embryo, WOLFF **1345**.

Hybrids. — Evolution of genitals, LAVEDAN **704**; Woodpecker, SALOMONSEN **1040**; Sterile pigeons, TAIBEL **1190**.

EVOLUTION AND GENETICS

General Problems.—Did the Ostrich's ancestor fly, BROOM **178**; Role of temperature in relation to size of English Sparrow in U.S.A., CALHOUN **207**.

Genetics.—Antigenetic differences in Pigeons, IRWIN & CUMLEY **601**.

Genetics in Fowls.—HAZEL & LAMOREUX **538**; Inheritance of red blood components, KUSHNER & KITAEVA **676**; Population genetics, LERNER & HAZEL **715**; Influence of race on heredity in fowl, VANNUTELLI **1251**; Double spur inheritance, WARREN **1291**.

HABITS AND ECOLOGY

General Problems.—Seasons in a tropical rain-forest, BAKER **58**; Social order in pigeons, DIEBSCHLAG **314**; Birds as propagators of plants, DORST **325**; Fluctuations in animal populations in Canada, DYMOND **338**; Pattern convergence among unrelated groups, FRIEDMANN **407**; Effects of a hail storm, HERING **544**; Biotope discussion, HOMONNAY **571**; Preliminary survey of trends, HOWARD **582**; Geographical difference in tameness, HUXLEY **596**; Use of Creosote Bush, JAEGER **605**; Life in the reeds, KOENIG **662**; Dispersion of seeds by birds, KOVAČEVIĆ **668**; Social habits in Ducks, LAVELEYE **705**; Torpidity; Luminosity; Distribution of seeds, MCATEE **740**; Population size, MILLER **809**; Variation in bird population of north central U.S.A., MOSELEY **843**; "Apparent death" from cold, ROLNIK **1007**; Bird parties in Burma forest, STANFORD **1144**; Tameness and hypnosis, STEINIGER **1150**; Baron Von Pernau, pioneer in behaviour study, STRESEMANN **1167**.

General Habits; Single Species.—Square-tailed Drongo, ANON. **13**; Mating habits of Common Tern, AUSTIN **49**; N. American Jays, Crows and Titmice, BENT **102**; White-crowned Sparrow, BLANCHARD **122**; Black Woodpecker, EYGENRAAM **367**; House Sparrow, GILLES & PRECHTL **432**; Yellowhammers and Chaffinches, KLOCKARS **655**; Tree Swallow, KUERZI **673**; Robin, LACK **679**; Rook, LITTLEBOY **723**; Lyrebird, LITTLEJOHNS **724**; Shearwaters, LOCKLEY **726**; Pied-billed Grebe, MILLER **813**; Great Blue Heron, MILLER **814**; Cowbird, NORRIS **869**; Bee-Eater, RIVOIRE **997**; Magpie-Lark, ROBINSON **1004**; Harrier's sense of smell, SHARLAND **1088**; Turquoise-browed Motmot, SKUTCH **1099**; Marbled Wood-Quail, SKUTCH **1100**; Quetzal, SKUTCH **1102**; Cowbird, VALENZUELA **1248**; Black-footed Albatross, YOCOM **1365**.

Psychology.—Leadership in flock of ducks, ALLEE & OTHERS **26**; Aggression, COOKE **262**; Starlings' anger, DEVOE **311**; Innate fear in Capercaillie, GOETHE **452**; HAARTMAN **492**; Fright and escape, PALMGREN **893**; Fowl, STUBBS **1173**; Bird learning, THORPE **1216**; TINBERGEN **1218**; Magpies' reaction to poison, WIGGINS **1322**.

Territorial Habits. — Cirl Bunting, BENEDEN **89**, GAIT **412**; Coot, CRAMP **276**; Ringed Plover, MASON **775**; Mute Swan in winter, MAY **783**; [American] Red-wing, MAYR **791**.

Courtship and Display.—ARMSTRONG **41**; Blackcock female, ASHBY **45**; House Sparrow, BEVEN **114**; House-Martin, BISHOP **118**; Yellow Bunting, CAWKWELL **222**; Ringed Plover, EDWARDS, HOSKING & SMITH **348**; GILLES **431**; Crossbill, HOSKING & NETHERSOLE-THOMPSON **577**; Mute Swan, HUXLEY **595**; Duration of pair bond in Penguins and Petrels, RICHDALE **989**; SETH-SMITH **1082**; Sand-Martin, THOM **1211**; Black Duck, TRAUTMAN **1234**.

Brood Parasitism.—Cowbird reared by Arcadian Flycatchers, BRANDT **165**; Robin rears own young with Cuckoo, BURTON **196**; Cuckoo, KIVIRIKKO **649**.

Voice and Song.—Dawn calls at New Haven, Conn., BALL **65**; Mimicry in Australian birds, CHISHOLM **233**; Australian mimics, CHISHOLM **234**; Sky-Lark, CLARK **242**; Velvet Scoter, CORFIXSEN **266**; Duetting, HAVERSCHMIDT **533**; Yellowhammer, HUXLEY **595**; Flammulated Owl, MILLER **806**; Seasons of song, SAUNDERS **1043**; Vocal apparatus, STEINBACHER **1148**.

Miscellaneous Habits.—"Anting" by Carrion Crow, CONDRY **255**; Bird "look-outs," CORTI & MELCHER **270**; Sun-bathing, GIBB **424**; Egg retrieving, KIRKMAN **647**; Mocking bird's wing-flashing, LAWRENCE **706**; Wild Turkey "anting," MCATEE **740**; Hollowing activity by Woodpeckers, POZNANIN **956**; "Injury-feigning," ROBERTS **1002**; Fairy Bluebird and Monkeys in Philippine Is., STOTT **1161**; Chimney Swifts bathing, VAURIE **1264**.

Food habits; General.—Bitter cherry and Serviceberry as food, BOND **142**; Owl pellets, DRIVER **329**; Food-washing of waders, HARBER **514**;

Long-eared Owl in Iraq, HARTLEY **528**; Utah birds and Grasshoppers, KNOWLTON **659**; Competition between birds of prey, LACK **683**.

Food Habits; Single Species.—Hawaiian Goose, BALDWIN **64**; Short-eared Owl winter feeding, BANFIELD **67**; British wildfowl, CAMPBELL **211**; Certain Herons, DICKINSON **313**; Barn Owl, DOR **321**, EVANS & EMLEN **362**, GIBAN & GUIBERT **423**; S. American Vultures as vegetarians, HAVERSCHMIDT **532**; White-tailed Ptarmigan, QUICK **968**; Red-winged Blackbird, RICHARDSON **986**; Game ducks in Tennessee, SCHOFFMAN **1054**; Barn Owl and Marsh Hawk, SELLECK & GLADING **1073**; Wood Pigeon in Spring, WILLIAMS **1326**.

Nidification and Breeding Habits; General.—Forest edge in Illinois, JOHNSTON **618**; Significance of clutch-size, LACK **682**; Nesting heights, PRESTON & NORRIS **959**; African birds, VINCENT **1275**; Tendency of Blackbird and Song-Thrush to breed in their birthplaces, WERTH **1299**.

Nidification; Regional Observations. — Tanganyika, FUGGLES-COUCHMAN **410**; Christmas Island, GIBSON-HILL **428**; Around Delhi, HUTSON **594**; Ceylon, PHILLIPS **927**; UTLEY **1246**.

Nidification; Single Species.—Alpine Swift, ARN **42**; Chaffinch, BARRETT **71**; Ruff, BONT **145**; Wood Warblers in the unglaciated Appalachians, BROOKS **176**; Red-necked Avocet, BRYANT **186**; Wryneck, BUSSMANN **197**; Grey-headed Green Woodpecker, BUSSMANN **198**; American Robin, COMMON **251**; Red-breasted Flycatcher, CONGREVE **257**; Marsh Warbler, COOKE **263**; Canada Goose, DOW **326**; Magpie, EVENDEN **363**; Great Horned Owl, GANIER **414**; Weaver birds, GRIFFITHS **476**; Duck Hawk in Philadelphia, GROSKIN **481**; Heronry in S.W. Africa, HAHN **501**; Long-eared Owl, HAINES **502**; Kookaburra, HINDWOOD **555**; Swans, JONES **620**; Clutch-size in Alpine Swift, LACK & ARN **686**; Carolina Wren, LASKEY **700**; Lämmergeier, LOWTHER **737**; Willow Warbler, MAY **782**; Rook, OGILVIE **875**; American Pipit, PICKWELL **930**; Verreaux's Eagle, ROWE **1021**; Gull colonies in Denmark, SALOMONSEN **1037**; Photo of Weaver-bird nests, SCHOUTEDEN **1058**; Black-and-white Fantail, SEDGWICK **1069**; Brazilian Swift, SICK **1094**; Cape Weaver, SKEAD **1098**; Plumbeous Kite, SKUTCH **1100**; Sand-Martin, TOOBY **1230**; Wood Lark, VESEY-FITZGERALD **1270**; Sarus Crane in captivity, WALKINSHAW **1288**; Swift, WEITNAUER **1297**; Black-headed Grosbeak, WESTON **1304**; New Zealand Gannet, WODZICKI & MCMEEKAN **1341**; Golden Eagle, WORK & WOOL **1352**.

Incubation and Fledging Periods.—Carolina Wren, CHAPMAN **229**; Razorbill, Guillemot and Kittiwake, KEIGHLEY & LOCKLEY **633**; Pheasant in native haunts, KOZLOWA **670**; Guillemot, PERRY **909**; Western Flycatcher, RODECK **1005**; Wryneck, SUTTER **1179**.

Flight.—Wing-flapping rates, BLAKE **121**; Great Horned Owl, CHACE **224**; Speed of Heron, CURRAN **280**; Humming Birds, EDGERTON **345**; GLADKOV **439**; Flight speed of Turkey, GLOVER **449**; Evolution, GREGORY **470**; Petrels, NICHOLS **862**; Photos, ORMOND **880**; Gulls, SCHRODER **1059**; Determination of altitude, SINDING **1096**; Speed of some Texas birds, SOOTER **1125**; Birds of prey, VETTERLI **1271**; Abnormal flight, WHITAKER **1312**; Height of flight, WILSON **1336**.

Homing and Orientation.—Pigeons as war messengers, SPEARS **1132**; Carrier Pigeons, THAUZIÉS **1207**; A physical basis of bird navigation, YEAGLEY **1357**.

Migration; General. — Methods of observation, RENSE **983**; Experiments, ROWAN **1020**; VÄLIKANGAS **1249**; VERHEYEN **1268**.

Migration; Regional Observations.—Nuthatches in Gaspé, Canada, BALL **66**; Oveido in Cuba circa 1522, BAUGHMAN **77**; Holland, BROUWER & JUNGE **181**; Malta, GIBB **425**; Tring reservoirs, GLEGG **442**; Egypt, GOODWIN **456**; Utah, HARDY **517**; El Fasher, Sudan, MADDEN **761**; Friuli, Italy, MARTINIS **771**; Pennsylvania, MIDDLETON **804**; Possible effect of cloud cover in central America, ODUM **874**; Gulf of Mexico, PACKARD **887**; Karelia, SEMENOV-TIAN-SHANSKY **1074**; Autumn migration in Sweden, WAHLIN **1287**; Gulf of Mexico, DUFRESNE **330**, WILLIAMS **1325**.

Migration ; Single Species or Groups.—Rosy Pastor in India, ABDULALI **19** ; Florida Bald Eagles, BROLEY **172** ; Flying-height of Chaffinches and Starlings, DEELDER & TINBERGEN **292** ; Birds of Prey in Middle East, GOODWIN **459** ; Snowy Owl, GROSS **483** ; Bee-eaters, HUTSON **594** ; Terns, KULLENBERG **674** ; Teal, LEBRET **709** ; Honeyeaters, MCGILL **748** ; Pipit in Sweden, RUDEBECK **1023** ; Grouse, WYNNE-EDWARDS **1353**.

Bird Ringing ; Results.—AUSTIN **49**, FARNER **370**, HOYT **585**, LAMBERT **690**, LASKEY **700**, SANBORN **1041**, SHREVE **1093**. SMITH **1109**, WOOD **1350** ; Geese, DALGETY **282** ; Belgium, DUPOND **334** ; Leach's Petrel in Canada, GROSS **484** ; Black Duck at Cape Cod, HAGAR **498** ; Great Britain, LEACH **707** ; Yugo-Slavia, MÅSTROVIĆ **777** ; Evening Grosbeaks in Connecticut, PARKS **896** ; Herring Gulls in Bay of Fundy, Canada, PAYNTER **903** ; Tits and Nuthatch in Switzerland, PLATTNER **942** ; Denmark, SALOMONSEN **1035** ; Switzerland, SCHIFFERLI **1050** ; Ten years of Bank Swallows, STONER **1159** ; Great Britain, THOMSON **1215**.

Bird Ringing ; Methods. — GROSKIN **482** ; MEADE **797** ; Band size determination, MICHENER **803** ; Wing marking, NOTINI **871** ; Device for applying celluloid rings, SHAUB **1089** ; Panama bird traps, TAKOS **1191**.

Ecology ; General Problems.—Analysis of biotop conception, CORTI **268** ; The shelter provided by snow, FORMOSOV **396** ; Postembryonic growth of forest birds, POZNANIN **957** ; Some quantitative relationships, TUCKER **1239**.

Ecology ; Regional Studies.—Utah desert, FAUTIN **371** ; Finland, KALELA **630** ; Santa Ana Mountains, PEQUEGNAT **908** ; Winter birds in North Carolina, QUAY **967** ; Russian wildfowl reserve, SHAPOSHNIKOV **1086** ; Argentine, YEPES **1364**.

Population Studies. — Tennessee, ANON. **17** ; Heron, ALEXANDER **23** ; Woodcock in British Isles, ALEXANDER **24** ; Guam, Mariana Islands, BAKER **60** ; Changes in Belgium, BONT **146** ; 10 year changes, KALELA **628** ; General changes in Europe, KALELA **629** ; Census of nests on Finnish island, LEHTONEN **712** ; Hastings Reservation, California, LINSDALE **722** ; Counting Willet, MCDONALD & POTTER **746** ; Finland, MERIKALLIO **800** ; NORDBERG **864** ; Sweden, OLSSON **877** ; Chickadee flight of 1941–42, POOR **948** ; Ways and means, POUGH **952** ; Methods of survey, UDVARDY **1244** ; South Africa, WINTERBOTTOM **1339**.

Introduction and Naturalization.—House Sparrow at Oak Ridge, Tennessee, DUNBAR **332** ; Japanese Hill Robin in Hawaii, FISHER & BALDWIN **379** ; Ring-necked Pheasant in California, HJERSMAN **557**.

Conservation. — Waterfowl, BAKER **57** ; Raptores in Portugal, BARROS & CUNHA **72** ; Pheasant in Iowa, BASKETT **75** ; West Indies, BOND **137** ; Waterfowl, DAY **290** ; Mississippi delta, DENNIS **308** ; Ruffed Grouse, EDMINSTER **347** ; Norfolk, GAY **418** ; Blakeney Point, Norfolk, GAZE **419** ; Quail in California, GLADING & OTHERS **437**, GLADING & SAARNI **438** ; U.S.A., GRAHAM **464** ; Waterfowl, GRISCOM **478** ; Poland, MARCHLEWSKI **766** ; International Protection, HAYDEN **535** ; Wildfowl, HOCHBAUM **560** ; Vermin, MURDOCH **850** ; Waterfowl, SCOTT **1061** ; Blackbird in Poland, SOKOLOWSKI **1118** ; Poland, SZAFER **1187** ; Hawks in New York State, TEMPLE **1204** ; Curaçao, WESTERMANN **1301**.

Economics.—Farming friends and foes, BACK **51** ; Birds that eat Japanese beetles, BRACKBILL **163** ; Effects of DDT, COUCH **273** ; Jays and Magpies, DAY **291** ; Role of birds in checking defoliating moths, ELLIS **355** ; Birds and bees, FOSSATI **397** ; GIBAN **422** ; Rook cherry-eaters, GUNSTON **491** ; Black-headed Gull beneficial to agriculture, JIRSIK **612** ; Anatomical differences between pheasant and fowl as an aid to law enforcement, LAUGHLIN **702** ; Heron and fisheries, MALMBERG **763** ; Increase of seed-eating birds in Australia, PALMER **890** ; Ringdove "chasing" in the Pyrenees, PETTIT **912** ; Food of pigeons and gamebirds in Yugoslavia, PLANĆIĆ **941** ; Nesting-boxes, SOKOLOWSKI **1119** ; Egg allergy, SPRAGUE & BARNARD **1136** ; Oyster-catcher and oysters on Atlantic coast of N. America, TOMKINS **1227**.

Aviculture. — Penguin mortality, BENSON **100** ; Hybrid Parrakeets, BOOSEY **147** ; Budgerigar, COLEMAN

248; DERSCHEID 309; Remarkable Budgerigar, D'OMBRIAN 317; Penguins, ELANSKAYA 352; Bird pets in north China, HUGGINS & WILDER 588; Birds of Prey in Schönbrunn Zoo, KIDERLE 642; MORRISON 841; Kea Parrot, PORTER 949; PRESTWICH 960; Winter 1947, RISDON & OTHERS 996; Wildfowl, SCOTT 1062; Wild Geese, SCOTT 1064; Chick mortality, SENIOR & KEARNEY 1075; Pheasants, SETH-SMITH 1080; Parrakeets, VANE 1250; Pheasants, WEAVER 1294.

Longevity.—Common Tern twenty years old, AUSTIN 49; BOULIÈRE 153; DEMENTIEV 306; Herring Gull fifteen years old, EATON 339; American Herring Gull, MARSHALL 769; Chaffinch 29 years old, MOLTONI 825; Chickadee and Sparrows, ROOT 1013.

Pathological Vectors.—Hippoboscid on Screech Owl, BARTLETT 74; *Protocalliphora* larvae infecting nestling birds of prey, HILL & WORK 552; *Ornithodorus aquilae*, WILLIAMS 1329; Haematozoa of Swedish birds, WINGSTRAND 1338; Endoparasites of Rook, ZEKHNOV 1368.

Enemies and Defence.—New York Weasel, ELLIOTT 354; Owls in California, FITCH 384; Pheasant killed by Peregrine, GULLION 490; Merlins and Fieldfares, HAGEN 499.

Pathology and Disease.—Turalemia, BURROUGHS & OTHERS 195; Leucosis, Tumors, DVIZHKOV & ZVETAEVA 337; American Robin, GOSLIN 461; Fungus in Gulls, HERMAN & ROSEN 547; Leucosis in birds, HOECKER 561; Duck disease in California, McLEAN 757; MADSEN 762; Ornithosis, POLLARD 946.

Mortality.—Gull swallowed by fish, CARTER 219; Telegraph wires, DINESMAN 315; Insecticides, GHIGI 421; Prey to fishes and other aquatic animals, GLEGG 443; Birds as food of fishes, GLEGG 444; Spiders' webs, GLEGG 445; From fishes, GRANT 446; Martins on highway; Merganser and watersnake, JACOBSON 604; Snapping turtles as predators, LASKEY 698; Destruction of Corn-Crakes by mowing-machines, NORRIS 868; Ducks bemudded, O'NEILL 878; Young Gulls STEINBACHER 1147; Parrot and spear-grass seeds, THOMAS 1212; In Paris Zoo, URBAIN, NOUVEL & BULLIER 1245.

III.—DISTRIBUTION

(a) GEOGRAPHICAL

PALAEARCTIC REGION

British Isles.—CLANCEY 240, FISHER 380, MEINERTZHAGEN 798.

English Counties.—ANON. 8, CHISLETT 235; Southern counties, YEATES 1359; Berkshire, GLADSTONE 440, HARRISON 525; Buckinghamshire, HAYWARD 536, PRICE 961; Cambridgeshire, ANON. 4, HINDE & THOM 553; Cheshire, ANON. 9, BOYD 159–161; Cumberland, BLEZARD 124, CARR-LEWTY 218, JOHNSTON 616, STOKOE 1154; Derbyshire, MARSHALL 770; Devon, ANON. 12; Dorset, BLATHWAYT 123; Durham, BLAIR 120, TEMPERLEY 1203; Essex, CAMPBELL 210; Gloucestershire, DAVIS 287, SCOTT 1063; Hampshire, SCOTT 1063; Hertfordshire, HAYWARD 536; Hertfordshire, HOBBS 558; Kent, BEESLEY 81, HARRISON 519, 524, 525; Lancashire, BARNES 69; Lancashire, ELLISON & OTHERS 356; London, ANON. 10, 11, ASHBY 46, FITTER 387, HANSTRÖM 512, HOLLOM 566, PARRINDER 897, TURNER 1240; Middlesex, HURCOMB 591; Norfolk, BUXTON 200, GAY 418, HARRISON 519, 526, PIGGIN 931, SEAGO 1066; Northamptonshire, ANON. 6, BURTON 196; Northumberland, COOK 261, TEMPERLEY 1203; Nottinghamshire, ROMER 1010; Oxfordshire, GREEN 471; Somerset, CORNISH & CRASKE 267, DAVIS 288, HENDY 542, KING 643; Staffordshire, BRYAN 185; Suffolk, PEARSON 905; Sussex, ARNOLD 43, BROWN 182, CAWKWELL 222, HARRISON 524, ROMER 1010, TICEHURST 1217, WILKINSON 1324; Westmorland, BLEZARD 125, GARNETT 416; Wiltshire, ANON. 5, COOKE 263; Worcestershire, HARTHAN 527; Yorkshire, WAGSTAFFE & OTHERS 1286.

Wales. — Caernarvonshire, SWAINE 1184.

Scotland.—CLANCEY 241; Caithness, PILKINGTON 933.

Ireland.—GOODBODY 454, McCLINTOCK 743, RUTTLEDGE 1028–1030; Antrim, MITCHELL 817; Clare, MASON 776; Dublin, KENNEDY 637; Kerry, MEINERTZHAGEN 799; Wexford, BARLEE & RUTTLEDGE 68.

Smaller British Islands.—Lundy I., ETHERTON **361**; Grassholm, PITT **940**; Skomer I., BUXTON **201**; Skokholm, LOCKLEY **725**; South Uist, SWEETLOVE **1186**; St. Kilda, ATKINSON **48**; Eynhallow, Orkney, PITT **940**; Shetland, VENABLES **1266**, YEATES **1361**.

France.—BERTHET **110**, MAYAUD **785**, RIVOIRE & HUE **998**; Vendée, GUÉRIN **486**; Eure-et-Loir, LABITTE **678**; Camargue, LOMONT **729**, YEATES **1360**; Rhone delta, YEATES **1358**.

Belgium.—BENEDEN **88**, **89**, BONT **146**, DUPOND **333**.

Holland.—BROUWER & JUNGE **181**, DONIA **319**, HAVERSCHMIDT **530**, SEGERS **1070**, **1071**.

Denmark.—ASMUSSEN **47**, JESPERSON **609**, LØPPENTHIN **730**, MØHLHANSEN **821**, POULSEN **953**, **954**, SALOMONSEN **1035–1037**, WESTERSKOV **1302**.

Sweden.—BERGSTRÖM **106**, CHRISTIANSEN **238**, EDELSTAM & OTHERS **344**, LARSON **697**, NORÉHN **866**, **867**, OLSSON **877**, OTTERLIND **882**, **883**, SALOMONSEN **1038**, SVÄRDSON **1183**, THOMASSON **1214**.

Norway.—LØVENSKIOLD **733**.

Faeroe Islands.—FERDINAND **376**, RYGGI **1031**, SALOMONSEN **1039**, WILLIAMSON **1332**, **1334**.

Spitzbergen.—OUSTALET **884**.

Finland.—BÄCK **52**, HAARTMAN **493**, KIVIRIKKO **648**, KLOCKARS **654**, KURKISALO **675**, LAMPIO **691**, LEIVO **714**, MERIKALLIO **800**, NORDSTRÖM **865**, NYLUND **872**, PAATELA **886**, PERTTULA **910**, RAITASUO **971**; Helsinki, TAURIA **1196**.

Baltic Provinces.—Latvia, ROMS **1011**, RĀCENIS **969**, VILKS **1272**, VILKS & PETERSONS **1273**.

U.S.S.R.—Crimea, PARAMONOW **894**; Turkestan, DEMENTIEV & OTHERS **307**; Siberia, GROTE **485**, VOROBIOV **1281**.

Switzerland.—ARN **42**, BAUMANN **78**, BLOESCH **128**, BRUNNER **184**, BURCKHARDT & WYSS **190**, GÉROUDET **420**, MEYLAN **802**; Wallis, CORTI **269**; Zurich, EPPRECHT **359**.

Poland.—JIRSIK **613**, MARCHLEWSKI **766**, SOKOLOWSKI **1119**, SZAFER **1187**.

Hungary.—BERETZK **103**, HOMONNAY **569–572**, KLEINER **650–652**, PÁTKAI & SZENT-IVÁNY **899**, SZENT-IVÁNY **1188**, THIBAUT DE MAISÈRES **1209**, UDVARDY **1244**, SOLYMOSY **1121**; Balaton, ENTZ & SEBESTYÉN **358**, KEVE & OTHERS **641**; Budapest, DORNING **322**.

Italy.—CARLO **216**, CHIGI **232**, DATHE **285**, MOLTONI **823**, ROSSI **1016**, **1017**, SCOTTI **1065**, SEVESI **1085**; Venice, FAVERO **373**.

Malta.—GIBB **425**.

Yugo-Slavia.—KRONEISL **671**, MARTINO & MATVEYEV **774**, MĂSTROVIĆ **777**, MATVEJEV **781**, RUCNER **1021**.

Bulgaria.—PATEFF **898**.

Spain.—BERNIS **109**, CONGREVE **256**; Guadalquiver delta, YEATES **1358**.

Portugal.—BARROS E CUNHA **72**, THEMIDO **1208**.

Azores.—SPOLTON & MAYAUD **1135**.

North Africa.—Algeria, ROOKE **1012**.

Aegean Islands.—Rodi, TORTONESE & MOLTONI **1231**.

Palestine.—HARDY **516**.

Persia.—TROTT **1237**, **1238**.

Arabia.—TROTT **1237**.

Tibet.—MAYR **792**.

China.—GREENWAY **472**; Fukien, CHENG **231**; Honan, CHONG **237**; Hong Kong, HERKLOTS **545**, **546**; Peking, HEMMINGSEN **541**; Shanghai, ALLISON **31**, SOWERBY **1130**, WILDER **1323**.

ORIENTAL REGION

India.—LUMSDEN **738**; Kashmir, LOKE **728**, PHILLIPS **925**; Assam, BETTS **113**; Darjeeling, EDWARDS **349**; Bengal, INGLIS **598**; Punjab, BIVAR **119**, FLEMING **392**; Delhi, HUTSON **594**; Bhavnagar, DHARMAKUMARSINHJI **312**; Bihar, ANON. **15**; Nilgiris, MURRAY **853**; Deccan, RAHIMULLAH **970**; Mysore, FREND **401**; South India, FRITSCHI **409**.

Ceylon.—PHILLIPS **927**, RIPLEY **994**, WEST **1300**.

Burma.—SCHAUENSEE **1046**, STANFORD **1143–1145**.

Indo China.—Siam, DEIGNAN **295–298**; Tranninh, DAVID-BEAULIEU **286**; Thailand, WILLIAMSON **1335**.

Malaysia.—DELACOUR **301**, KEMPE **635**; Singapore, RICHARDSON & BRAND **988**; Philippine Is., DEIGNAN **297**, MAYR **794**, STOTT **1162**, VAURIE **1263**; Celebes, RUITER **1025**; Java, BEMMEL **86**, HOOGERWERF **574**, KOOIMAN **665**.

ETHIOPIAN REGION

West Africa.—CANSDALE **214**; Dakar, HEIM DE BALSAC **539**; Gold Coast, HOLMAN **567**; Portuguese Guinea, MONARD **826**; Nigeria, BOURDILLON **154**; River Niger, French Soudan, GUICHARD **488**; French Congo, BERLIOZ **107**; Belgian Congo, SCHOUTEDEN **1056–1058**, VERHEYEN **1267**; Angola, BENSON **93**, WHITE **1315**; Gabun, BERLIOZ **108**.

Ascension Island.—TOMLINSON **1228**.

South Africa.—BENSON **92**, GIBSON-HILL **427**, STEVENSON-HAMILTON **1151**, VINCENT **1275**, WHITE **1317**; Southern Rhodesia, BENSON **96**, HAMLING **506**, NEWBY-VARTY **858**, ROBERTS **1001**; Pondoland, WINTERBOTTOM & HARE **1340**; Transvaal, ZINN **1376**; Natal, GARLAND **415**, PLOWES **944**; Cape Province, GODFREY **451**, MURRAY **852**, PAGE **889**, SKEAD **1097**, SMITHIES **1114**, TAYLOR **1198**, **1199**.

Madagascar.—HOMES **568**, VAN SOMEREN **1257**.

Central and East Africa.—BENSON **92**, FRÉMONT **400**, GRANT & MACKWORTH-PRAED **467**, SUTHERLAND **1178**; Abyssinia, BENSON **94**; Eritrea, SMITH **1111**; Sudan, CAVE **221**; Northern Rhodesia, BRELSFORD **167**, WHITE **1315**, **1318**; Nyasaland, BENSON **94**, **98**, **99**, BROWN **183**; Uganda, VAN SOMEREN **1259**; Kenya, POLLARD **945**, TOMLINSON **1229**, WILLIAMS **1327**; Tanganyika Territory, GRANT & MACKWORTH-PRAED **468**, MOREAU **838**; Mozambique, SACARRAO **1032**; Portuguese East Africa, BENSON **93**, **97**.

AUSTRALIAN REGION and POLYNESIA

Australian Commonwealth.—BOEHM **129**, CHISHOLM **233**, HUMPHRIES **590**, MCGILL **749**, MATHEWS **778**, SHARLAND **1087**, STEWART **1152**, SOUTHERN & SERVENTY **1129**, WHEELER **1310**, WHITTELL **1321**; Queensland, BOURKE **156**, HOLLAND **565**, HUMPHRIES **590**, MARSHALL **768**, ROBERTSON **1003**; Northern Territory, SEDGWICK **1067**; Western Australia, GLAUERT **441**, JENKINS **607**, SEDGWICK **1069**, SERVENTY **1077**; South Australia, CONDON **254**; Victoria, BURGESS **192**, **193**, COLEMAN **248**, LEARMOUTH **708**, WATSON & LEARMOUTH **1293**; Tasmania, FLETCHER **393**.

New Zealand.—FALLA **369**, PHILLIPS **926**, RANSTON **978**.

Pacific Islands.—Hawaii, AMADON **33**, FISHER **378**, FISHER & BALDWIN **379**, MUNRO **849**; New Guinea, BEMMEL **87**; Admiralty Is., RIPLEY **995**; Christmas Island, GIBSON-HILL **428**; Guadalcanal, PENDLETON **907**; Riu Kiu Is., PHILLIPS **920**; Bourgainville I., VIRTUE **1277**; Guam I., BAKER **60**; Mariana Is., BAKER **61**, BORROR **149**, DOWNS **327**, STOTT **1161**.

NEOTROPICAL REGION

General.—CONOVER **258**.

Central America.—FRIEDMANN **406**; BRODKORB **171**; Costa Rica, SKUTCH **1103**; Guatemala, CORDIER **265**.

Galapagos.—LACK **681**.

West Indies.—Bermuda, MOORE **831**; Bahamas, ZAHL **1367**; Cuba, BOND & MORENO **141**, MCATEE **741**; Puerto Rico, BARNÉS **70**.

South America.—TODD **1220**, **1223**; Venezuela, AVELEDO **50**, GINÉS & AVELEDO **435**, PHELPS **916–919**, TODD **1224**, YEPEZ **1362**, YEPEZ & HOSTOS **1363**, ZIMMER & PHELPS **1375**; Dutch Guiana, HAVERSCHMIDT **531**; Colombia, BORRERO **148**, DUGAND **331**, FRIEDMANN **408**, MILLER **807**, NICÉFORO **859**, SCHAUENSEE **1048**, WETMORE **1306**, ZIMMER **1371**; Brazil, CAMAGO **208**, CAMARGO **209**, PINTO **934–936**, ZIMMER **1372**, **1375**, Bolivia, TODD **1222**, **1224**; Chile, GOODALL, JOHNSON &

PHILIPPI 453; Peru, MORRISON 842, BOND 139, 140, ZIMMER 1373, 1374; Ecuador, YAMASHINA 1355.

NEARCTIC REGION including MEXICO

General.—BENT 101, 102; WETMORE 1308.

Mexico.—AMADON & PHILLIPS 34, CAMPO 213, FRIEDMANN 404, MOORE 833, PITELKA 938, VAN ROSSEM 1253; Baja California, VAN ROSSEM 1255, 1256; Lower California, KENYON 639, 640; Sonora, NEFF 855.

U.S.A., Pacific Coast and Rocky Mts.—BEHLE 82; California, BOLANDER 133, COGSWELL 246, CROUCH 279, FITCH 384, HALL 503, HANNA & CARDIFF 511, HJERSMAN 557, HURD 592, JAEGER 606, JEWETT 610, KENT 638, KINSEY 645, LAUGHLIN 703, MCMURRY & MONSON 760, MOFFITT 820, MOWBRAY 847, ORR 881, PEQUEGNAT 908, PEYTON 913, RUSSELL 1026, SPAULDING 1131, STAGER 1142, STONER 1158, TALMADGE 1193; California, San Nicolas I., RETT 984; Oregon, ALDRICH 22, EVENDEN 364, EVENDEN & OTHERS 366, GULLION 489, 490, JEWETT 610, THATCHER 1206; Washington, ALCORN 21, BEHLE & ALDRICH 83, BROOKS 175, EDDY 343, FLAHAUT 389, HUDSON 587, LARRISON 695, 696, NICHOLS 861, OLIVIER 876, PICKWELL 930, SLIPP 1106, 1107; Idaho, EVENDEN 365, RUST 1027; Colorado, BAILEY 56; Utah, BEHLE & OTHERS 84, FAUTIN 371, GRATER 469, KNOWLTON 658, WEBSTER 1296; Nevada, BALDWIN 62.

U.S.A., South Western.—OBERHOLSER 873; Arizona, ANDERSON 37, MONSON 828, PEET 906, PHILLIPS 922, 923, PULICH 965, VAN ROSSEM 1252, 1254, VORHIES 1280; New Mexico, COMPTON 253; Texas, BUECHNER 187.

U.S.A., North Central.—MOSELEY 843; Iowa, KING 644; Illinois, FISHER 382, JOHNSTON 618, RIES & WERNER 992; Kansas, GOODRICH 455, LANE 693, SETTER & MONTELL 1083.

U.S.A., South Eastern.—HAUSMAN 529, PETERSON 911; Tennessee, GANIER 414, HERNDON 548, TANNER 1194, North Carolina, QUAY 967; South Carolina, SPRUNT 1140; Arkansas, LINCOLN 721; Alabama, WHEELER 1311; Mississippi, VAIDEN 1247; Georgia, FLEETWOOD 390; Florida, WESTON 1303.

U.S.A., North Eastern.—PETERSON 911; Massachusetts, BURNETT 194; Connecticut, POOR 948, SAUNDERS 1043; Delaware, COMAN 250, MANNERS 764, ROSS 1014; New York, EISENMANN 350, KUTZ 677, MCKEEVER 751; New York City, BULL 188, CARLETON 215, MCKEEVER 752, SOLL 1120, STORER 1160; Long Island, New York, FISCHER 377, LATHAM 701, MCKEEVER 752, MULLER 848; New Jersey, MCMULLEN 759; Pennsylvania, POOLE 947, REIMANN 982; Philadelphia, GILLESPIE 433, TRACY 1233; Maryland, BRACKBILL 163, HAMPE 507, HAMPE & KOLBE 508, STEWART & ROBBINS 1153.

Canada.—RAND 975, 976; Ontario, ALLIN 30, MANSELL 765, MOWAT 846; New Brunswick, ROSS 1015; Labrador, GRAYCE 470; Northwest Territories, GAVIN 417; British Columbia, PITELKA 938; Vancouver Island, PEARSE 904.

Alaska.—BAILEY 55, HANNA 510, JEWETT 611, RAND 973, WILLIAMS 1329; Yukon, SCHMID 1053.

Aleutian Islands.—CAHN 205.

Greenland.—FENCKER 374, RAND 972.

THE OCEANS

Atlantic.—BAKER 59; MOORE 831; PHILLIPS 928.

Indian.—Arabian and Red Seas, MACLAREN 756.

North Pacific.—YOCOM 1366.

(*b*) GEOLOGICAL

Oligocene.—New Zealand, MARPLES 767.

Pleistocene.—Oregon, HOWARD 581; California, HOWARD 583, MILLER 808, MILLER & DE MAY 811; Mexico, MILLER 810.

ANTARCTIC REGION

General.—HOLGERSEN 564.

South Shetlands.—MURPHY 851.

IV.—SYSTEMATIC INDEX

The classification of Sharpe's "Handlist" is here followed as regards orders and families.

Full references are given only in the cases of new genera and species when the figures in small Clarendon refer to volume number.

†ARCHAEOPTERYGES

The wing of the Archaeornithes, BOHLIN **132**.

RHEIFORMES

Quadrate in Ratitae, FRIANT **402**.

STRUTHIONIFORMES

STRUTHIONIDAE

Struthio, did it's ancestors fly? BROOM **178**.

Struthio camelus contents of a stomach, DEKEYSER **300**; Pterylosis, STEINER **1149**.

CASUARIIFORMES

DROMICEIIDAE (*olim* DROMAEIDAE)

Dromaeus novae-hollandiae pigment in egg, TIXIER **1219**.

†DINORNITHIFORMES

†DINORNITHIDAE

†*Dinornis novae-zealandiae* query re type, ACHEY & ALLAN **40**.

APTERYGIFORMES

APTERYGIDAE

Apteryx australis breeding in captivity, HUTCHINSON **593**.

TINAMIFORMES

TINAMIDAE

Crypturellus bones of the skull, VILLIERS **1274**.

Nothocercus bonapartei discrepans **subsp. n.** Colombia, FRIEDMANN Caldasia **4** p. 472.

GALLIFORMES

CRACIDAE

Penelope granti geographical distribution of the sub-species, CONOVER & PHELPS **259**.

MELEAGRIDAE

Meleagris gallopavo flight speed, GLOVER **449**; Copulation, HEINROTH **540**; "Anting," MCATEE **740**; *M. g. silvestris* present status and future in Alabama, WHEELER **1311**; *M. silvestris* Vieillot, note on name, MCATEE **740**.

TETRAONIDAE

Microbial decomposition of cellulose SUOMALAINEN & ARHIMO **1177**.

Bonasa umbellus life history, ecology and management, EDMINSTER **347**; Popular life history, HALL **504**; *B. u. obscura* **nom. n.** for *B. u. canescens*, TODD **1221**.

Centrocercus urophasianus phaios **subsp. n.** Oregon, ALDRICH Proc. biol. Soc. Washington **59** p. 129.

Tetrao urogallus innate fear, GOETHE **452**; *T. u. uralensis* pairing and breeding biology, KIRIKOV **646**.

Tetrastes bonasia griseonota **subsp. n.** northern Sweden, SALOMONSEN Dansk. Orn. Foren. Tiddskr. **41** p. 222.

Lagopus leucurus altipetens winter food in Colorado, QUICK **968**; *L. scoticus* migration, WYNNE-EDWARDS **1353**.

Lyrurus tetrix britannicus male-type display by female, ASHBY **45**; Courtship and display, PITT **940**.

PHASIANIDAE

Pheasants in aviculture, WEAVER **1294**.

Alectoris graeca critical notes, CREDARO & OTHERS **277**.

Coturnix c. coturnix biology in Denmark, WESTERSKOV **1302**.

Perdix perdix significance of clutch-size, LACK **684**; Incubation of eggs 23–27 days, MONCRIEFF **827**.

Phasianus colchicus preyed on by *Falco peregrinus*, GULLION **490**; Breeding habits and development of chick, KOZLOWA **670**; Anatomy compared with domestic fowl, LAUGHLIN **702**; *P. c. torquatus* nesting and production in north-central Iowa, BASKETT **75**; Reproductive cycle, HIATT & FISHER **549**; History of establishment in California, HJERSMAN **557**.

Pternistis afer aylwinae and *P. swainsoni lundazi* **subspp. n.** Northern Rhodesia, WHITE Bull. Brit. orn. Cl. **67** p. 72; *P. cooperi* **sp. n.** Southern Rhodesia, ROBERTS Ostrich **18** p. 197.

Pucrasia macrolopha bethelae **subsp. n.** Kulu, Punjab, FLEMING Fieldiana Zool. Chicago **31** 11 1947.

ODONTOPHORIDAE

Colinus virginianus conservation in California, GLADING & OTHERS **437**.

Lorphortyx californica effect of hunting on population in California, GLADING & SAARNI **438**; Success of artificial propagation, MCMILLAN **758**; *L. gambelii friedmann* (sic) **subsp. n.** Mexico, MOORE Proc. biol. Soc. Washington **60** p. 28.

Odontophorus gujanensis life history, SKUTCH **1100**.

TURNICIFORMES

TURNICIDAE

Turnix maculosa observations on Guadalcanal, PENDLETON **907**; *T. suscitator okinavensis* **subsp. n.** Okinava, PHILLIPS Auk **64** p. 126.

PTEROCLIDIDIFORMES

PTEROCLIDIDAE

Eremialector bicinctus usheri, Portuguese East Africa, p. 44, and *E. b. ansorgei*, Angola, p. 79, **subspp. n.** BENSON Bull. Brit. orn. Cl. **67**.

COLUMBIFORMES

COLUMBIDAE

Notes on nesting behaviour, GOODWIN **457**; Ecology and food of East African pigeons, TOSCHI **1232**.

Columba cayennensis obsoleta **subsp. n.** Venezuela, TODD Proc. biol. Soc. Washington **60** p. 67; *C. domestica* anatomy, BRIEN **170**; *C. livia* breeding behaviour in young, GOODWIN **458**; Bibliography, MÖBES **819**; *C. palumbus* netting and catching in the Pyrenees, PETTIT **912**; *C. palumbus* on the poultry market, ROTHSCHILD **1019**; Food in Spring, WILLIAMS **1326**.

Ectopistes migratorius a hidden note, MCATEE **740**.

Ocyphaps lophotes near Sydney, N.S.W., HINDWOOD **554**.

Oreopeleia erythropareia loricata **subsp. n.** Bolivia, TODD Proc. biol. Soc. Washington **60** p. 67.

Petrophassa rufipennis nesting in Arnhem Land, Australia, HUMPHRIES **590**.

Streptopelia d. decaocto in Italy, MOLTONI **823**; In Hungary 1939, SOLYMOSY **1121**; In Hungary, 1943, SZENT-IVÁNY **1188**; *S. t. turtur* in South Sweden, NORÉHN **866**.

Zenaida asiatica in California, KRUTZSH & DIXON **672**; *Z. a. clara* **subsp. n.** Baja California, VAN ROSSEM Proc. biol. Soc. Washington **60** p. 52; *Z. macroura* at sea in Pacific, ROEST **1009**; *Z. m. carolinensis* breeding in Quebec, CAYONETTE **223**.

PERISTERIDAE

Phloyoenas platenae evidence of the type, MARTINO **772**.

OPISTHOCOMIFORMES

[No record.]

RALLIFORMES

RALLIDAE

Crex crex report on status in British Isles, decrease due to mowing-machine, NORRIS **868**.

†*Epirallus natator* **gen. et sp. n.** Pleistocene, Mexico, MILLER Univ. Calif. Pub. Zool. **47** p. 43.

Fulica atra biology, NYLUND **872**; *F. a. atra* observations on hatching and fledgling success, ALLEY & BOYD **29**; Territorial habits, CRAMP **276**; Breeding in Bhavnagar, DHARMAKUMARSINHJI **312**.

Gallinula chloropus cachinnans life history and nidification, MILLER **815**.

Laterallus jamaicensis in eastern California, LAUGHLIN **703**; In California, ORR **881**.

Pardirallus maculatus in southern Mexico, FRIEDMANN **405**.

Porzana parva in Uppland, Sweden, BOLLVIK **135**.

Porzanula palmeri life history and apparent extinction in 1944, BALDWIN **63**; Note, GRANT **465**.

Rallus limicola nest-building observations, SNYDER **1116**; *R. longirostris magdalenae* **subsp. n.** Baja California, VAN ROSSEM Proc. biol. Soc. Washington **60** p. 51.

PODICIPEDIDIFORMES

Life histories of N. American Diving Birds, BENT **101**.

PODICIPEDIDAE

Podiceps auritus display, STONE **1156**; *P. cristatus* habits and photos, RANKIN **977**; *P. c. cristatus* in London area, HOLLOM **566**; *P. n. nigricollis* breeding in Durham, BLAIR **120**.

Podilymbus podiceps podiceps life history around Philadelphia, MILLER **813**.

COLYMBIFORMES

Life histories of N. American Diving Birds, BENT **101**.

COLYMBIDAE

Colymbus adamsii in Shetland Is., VENABLES **1266**; *C. arctica* habits and photos, RANKIN **977**; Photos at nest, HOSKING & NEWBERRY **579**; *C. dominicus* breeding in California, MCMURRY & MONSON **760**; *C. stellata* habits and photos, RANKIN **977**; *C. immer* near Rimini, Italy, DATHE **285**.

Gavia immer mechanism for deep diving, SCHORGER **1055**.

SPHENISCIFORMES

SPHENISCIDAE

Mortality in captivity, BENSON **100**; Popular account, GILLESPIE **434**; Study of main arteries in region of heart, GLENNY **447**.

Megadyptes antipodes study of mating period, RICHDALE **989**; Note on mating, RICHDALE **990**; Seasonal fluctuations in weight, RICHDALE **991**.

Pygoscelis papua ellsworthi **subsp. n.** South Shetlands, MURPHY Auk **64** p. 454.

Spheniscus demersus feeding requirements in captivity, ELANSKAYA **352**.

PROCELLARIIFORMES

HYDROBATIDAE
(*olim* PROCELLARIIDAE)

Loomelania [*Oceanodroma*] *melania* does it winter off California? VAN ROSSEM **1252**.

Oceanodroma l. leucorhoa report on bird ringing in Bay of Fundy, Canada, GROSS **484**.

PROCELLARIIDAE
(*olim* PUFFINIDAE)

Mating and duration of pair bond in Petrels, RICHDALE **989**.

Fulmarus g. glacialis colour-phases, FISHER **381**.

Procellaria parkinsoni westlandica **subsp. n.** Barrytown, New Zealand, FALLA Rec. Canterbury (N.Z.) Mus. **5** p. 111.

Puffinus gravis and *P. griseus* north of Orkney, WILLIAMSON **1334**; *P. puffinus* nidification and development, LOCKLEY **726**; *P. tenuirostris* in Western Australia, SERVENTY **1077**.

PELECANOIDIDAE

Pachyptilla vittata and *Pelecanoides urinatrix* seasonal fluctuations in weight, RICHDALE **991**.

DIOMEDEIDAE

Diomedea melanophrys note and photo, GLAUERT **441**; *D. nigripes* general habits, YOCOM **1365**.

†*Manu antiquus* **gen. et sp. n.** Upper Oligocene, New Zealand, MARPLES Trans. Proc. Roy. Soc. N.Z. **76** p. 133.

ALCIFORMES

Life histories of N. American Diving Birds, BENT **101**.

ALCIDAE

Alca torda population decrease in Finland, HAARTMAN **493**; *A. t. britannica* fledging period, KEIGHLEY & LOCKLEY **633**.

Alle alle sketches at nests, GITZ-JOHANSEN **436**.

Apphus grylle atlantis, Bohuslän, Sweden and *C. g. ultimus*, Melville Pen., Canada, **subspp. n.** SALOMONSEN **1034**.

Fratercula arctica use as human food in Faeroes, WILLIAMSON **1331**.

Uria aalge youngs' flight to sea, KAY **632**; fledging period, PERRY **909**; *U. a. albionis* fledging period, KEIGHLEY & LOCKLEY **633**.

LARIFORMES

LARIDAE

Terns in Nigeria, BOURDILLON **154**; Larinae on the Niagara Frontier, MITCHELL **818**; Gull colonies on Hirsholmene, Denmark, SALOMONSEN **1037**; Note on species in Congo, SCHOUTEDEN **1058**.

Chlidonias hybrida sclateri nesting note from Madagascar, MILON **816**; *C. n. niger* exceptional passage in England 1946, ANON. **3**; In Ireland, RUTTLEDGE **1028**; In Co. Mayo, RUTTLEDGE **1030**.

Gabianus pacificus agent in forming shell deposits, TEICHERT & SERVENTY **1201**.

Hydroprogne caspia in inland waters in Australia, FAVALARO **372**.

Larus a. argentatus nesting on buildings, BOSWALL **152**; Start of incubation ELLIOTT & MOREAU **353**; *L. a. smithsonianus* fifteen years old, EATON **339**; Nesting in New Jersey, MCMULLEN **759**; Study of longevity, MARSHALL **769**; Record of bird ringing since 1934 at Kent I., Bay of Fundy, Canada, PAYNTER **903**; *L. californicus* nests containing "foreign" eggs, SUGDEN **1174**; *L. canus* breeding in a pine-tree, BOS & PHILIPPONA **150**; *L. delawarensis* ringed in Canada recovered in the Azores, COOK **260**; *L. glaucoides* and *L. hyperboreus* in London area, ANON. **10**; *L. hyperboreus* winter observations in Shetland Is., KAY **632**; *L. marinus* and *L. fuscus intermedius* breeding on Samsø in the Kattegat, LOPPENTHIN **730**; *L. occidentalis* and *L. californicus* killed by fungus disease, HERMAN & ROSEN **547**; *L. occidentalis* nesting off Vancouver Island, PEARSE **904**; *L. ridibundus* eggs, ANDERSEN & NØRGAARD **36**; Stomach contents prove benefit to agriculture, JIRSIK **612**; Experiments on egg retrieving, KIRKMAN **647**; New breeding colony in Switzerland, SCHINZ **1051**; *L. r. ridibundus* breeding colony in Middlesex, HURCOMB **591**.

Pagophila alba in Massachusetts, BURNETT **194**.

Rissa t. tridactyla fledging period, KEIGHLEY & LOCKLEY **633**.

Sterna life history and migrations of species, KULLENBERG **674**; *S. albifrons antillarum* northward extension of breeding range, TABER **1189**; *S. bengalensis* at Geneva, GÉRONDET **420**; *S. hirundo* study of mating, longevity, AUSTIN **49**; Nest with seven eggs, WARBURTON **1290**; *S. macrura* nidification, SUOMALAINEN **1175**; *S. paradisaea* on Puget Sound, Washington, EDDY **343**; Breeding note from Alaska, WILLIAMS **1329**.

Thalasseus m. maximus on Long Island, N.Y., FISCHER **377**.

Xema sabini in Northumberland, COOK **261**.

STERCORARIIDAE

Stercorarius longicaudus and *S. parasiticus* observations in Somerset, CORNISH & CRASKE **267**; *S. longicaudus* in Cumberland, STOKOE **1154**; *S. pomarinus* observations, STARRETT & DIXON **1146**; †*S. shufeldti* **sp. n.** Pleistocene, Oregon, HOWARD **581**.

CHARADRIIFORMES

Study of main arteries in region of heart, GLENNY **448**.

CHARADRIIDAE

Anatomy of the Limicolae, FENINGER **375**; Food-washing habits of waders, HARBER **514**; Some Indian Plovers photographed at the nest, LEWIS **719**; Shorebirds along the Delaware, MANNERS **764**; Records and observations in Yugo-Slavia, MÁSTROVIĆ **777**; Photographs, SMITH **1112**.

Actitis macularia "teetering" as protective habit, McAtee **739**.

Aphriza virgata in Yukon, Schmid **1053**.

Arenaria i. interpres general biology, Bergman **104**.

Calidris species in Australia, McGill **749**; *C. canutus* on Swan River Estuary, Western Australia, Serventy & others **1078**; *C. maritima* breeding in Hårjedalen, Sweden, Christiansen **238**; *C. temminckii* in Cheshire, Boyd **160**; *C. testacea* and *C. minuta* exceptional passage in autumn 1946, Gibb & Tucker **426**.

Capella megala and *C. gallinago* note on migrations in Malaysia, Kempe **635**.

Charadrius alexandrinus and *C. peroni* taxonomic note from Java, Hoogerwerf **574**; *C. dubius curonicus* English 1946 summer records, Gladstone & others **440**; In London area 1946, Parrinder **897**; *C. h. hiaticula* eggs in nest of *Sterna macrura*, Clegg **244**; Aggressive display photos, Edwards, Hosking & Smith **348**; Territorial habits, Mason **775**; Display, Williamson **1333**.

Haematopus ostralegus occidentalis increased breeding in Sussex, Cawkwell **222**; *H. p. palliatus* and its relation to oysters on N. American Atlantic coast, Tomkins **1227**.

Heteroscelus incanus figure of young, Shortt **1092**.

Leucopolius alexandrinus breeding in Kathiawar, Dharmakumarsinhji **312**; In Gloucestershire, Davis **287**.

Limicola f. falcinellus photos, Southern & others **1128**.

Limnodromus griseus in Kent, Beesley **81**.

Limosa l. lapponica on Long Island, New York, Muller **848**; *L. l. limosa* on Orwell in Suffolk, Pearson **905**; Breeding in Scotland, Pilkington **933**.

Numenia arquata sleeping habits, Brook **174**; Breeding in Northamptonshire, Burton **196**; In Nottinghamshire, Romer **1010**; Perching in a tree, Etchécopar **360**; *N. phaeopus* notes on breeding biology, Williamson **1334**.

†*Palnumenius victima* **gen. et sp. n.** Pleistocene, Mexico, Miller Univ. Calif. Pub. Zool. **47** p. 45.

Philohela minor popular life history, Hall **505**.

Philomachus pugnax habits and behaviour, Bont **145**; In Connecticut, Saunders **1043**.

Pluvius dominica fulva note, Brice **169**.

Recurvirostra novae-hollandiae nesting observations, Bryant **186**.

Scolopax rusticola status in British Isles, Alexander **24**.

Steganopus tricolor observations in Colombia, Dugand **331**.

Tringa glareola photos., Southern & others **1128**; *T. luteo-fusca* Ström status, Strand **1165**; *T. totanus* geographical races, Verheyen **1268**; *T. t. robusta* in Kent, Harrison **524**; *T. t. totanus* in Norfolk, Harrison **519**.

Vanellus vanellus floating nests, Smith **1113**.

Otididae

Austrotis australis status past and present, Boehm **129**.

Otis tarda shot in northwest Punjab, Bivar **119**.

GRUIFORMES

Study of main arteries in region of heart, Glenny **446**.

Gruidae

Grus americana courtship display, Allen **27**; *G. antigone* nidification in captivity, Walkinshaw **1288**; *G. canadensis* in Oregon, Gullion **490**; *G. c. pratensis* sub-fossil eggs in Mexico, Campo **213**.

Eurypygidae

Eurypyga helias major at nest, Skutch **1104**.

ARDEIFORMES

Plegadidae
(*olim* Ibididae)

Ajaia ajaja mating habits, Allen **27**.

PLATALEIDAE

Platalea leucorodia shot in Wexford and Clare, MASON **776** ; *P. l. leucorodia*, in Hertfordshire, HOBBS **558**.

CICONIIDAE

Ciconia ciconia in Switzerland (1942 46), BLOESCH **128** ; Records from Skåne 1942–46, NORÉHN **867**.

Dipluravis taxonomic status, STRAND **1165**.

ARDEIDAE

Unusual feeding habits, DICKINSON **313**.

Ardea cinerea note on double brood, ELLISON & JOHNSTON **357** ; In north Finland, KONTUNIEMI **664** ; In relation to fisheries, MALMBERG **763** ; Development and comparative biology, PORTMANN **951** ; *A. c. cinerea* index of population 1946, ALEXANDER **23** ; *A. herodias* flies at 20 m.p.h., CURRAN **280** ; *A. h. herodias* life history and nidification, MILLER **814** ; *A. purpurea* photos, HIGHAM & OTHERS **551**.

Bubulcus ibis habits, VINCENT **1276**.

Butorides virescens anthonyi distribution and habits, GRAF **463** ; Northward extension of range, LARRISON **695**.

Egretta intermedia palleuca **subsp. n.** Siam, DEIGNAN Proc. biol. Soc. Washington **60** p. 97.

Gorsakius m. melanolophus shot in Mysore, FREND **401**.

Ixobrychus cinnamomeus nidification, BASTIDE **76**.

Nycticorax caledonicus large flock roosting in Australian city, D'OMBRAIN **316** ; *N. nycticorax* swimming, WHITE **1313**.

Tigrisoma lineatum habits, DATHE **284** ; *T. l. marmoratum* plumage succession, PINTO **937**.

PHOENICOPTERIFORMES

PHOENICOPTERIDAE

Phoenicopterus antiquorum historical reference, AKHTAR **20** ; Nesting in the Camargue, YEATES **1361** ; *P. ruber* popular account, ALLEN **28** ; Observations of nesting habits and probable extermination on Andros, Bahamas, ZAHL **1367**.

PALAMEDEIFORMES

PALAMEDEIDAE

Anhima cornuta systematic position, development of claw, FRIANT **403**.

ANSERIFORMES

ANATIDAE

Duck weights in Illinois, BELLROSE & HAWKINS **85** ; Food of some British species, CAMPBELL **211** ; Ducks along the Delaware, COMAN **250** ; Foot action in swimming, HOWELL **584** ; Sexual and social habits, LAVELEYE **705** ; Food of game ducks at Reelfoot Lake, Tennessee, SCHOFFMAN **1054** ; Migration in Holland, SEGERS **1071**.

Aix sponsa versus squirrels, BRECKENRIDGE **166** ; Homing of transplanted young, MCCABE **742** ; In Arizona, PULICH **965**, VORHIES **1280**.

Anas acuta nesting in Outer Hebrides, SWEETLOVE **1186** ; *A. a. tzitzihoa* shot in Surinam, HAVERSCHMIDT **531** ; *A. capensis* note on habits, HAMLING **506** ; Note, LOWE **735** ; *A. crecca* nidification, GUICHARD **487** ; Migration in western Europe, LEBRET **709** ; In Switzerland, MEYLAN **802** ; *A. formosa* in California, LAUGHLIN **703** ; *A. fulvigula rubipes* courtship behaviour, TRAUTMAN **1234** ; *A. penelope* effect of severe weather in Kent, HARRISON & MCLEAN **520** ; Most southerly range in Kenya, MACINNES **750** ; *A. platyrhyncha* sexual behaviour and seasonal changes in gonads and adrenals, HÖHN **563** ; *A. platyrhynchos* nest with twenty eggs, HARBER **513** ; Coition on land, NICHOLAS **860** ; *A. rubripes* and *A. fulvigula* occurrences in Colorado, BAILEY **56** ; *A. rubripes* bird ringing results at Cape Cod, HAGAR **498** ; *A. sparsa maclatchyi* **subsp. n.** Gabun, BERLIOZ Oiseau **17** p. 89.

Anser albifons results of ringing in Greenland, DALGETY **282** ; *A. anser* in Lakeland, England, JOHNSTON **616** ; *A. caerulescens* in Wexford, BARLEE & RUTTLEDGE **68** ; In Holland traced from Sweden, OORDT **879** ; *A. canagicus* note, SCOTT **1062** ; *A. erythropus* on the Severn, SCOTT **1063** ; *A. fabalis* original description, COOMBES **264** ; *A. f. sibiricus* new to N. America, GABRIELSON **411** ; *A. indicus* in Deccan RAHIMULLAH **970**.

Aythya collaris breeding in Ontario, MANSELL **765**; Brood observations, SEVERINGHAUS & BENSON **1084**; *A. valisineria* breeding in California, JEWETT **610**.

Branta c. canadensis study of nesting in Honey Lake Valley, California, DOW **326**; *B. nigricans* 1942 census in California, MOFFITT **820**.

Bucephala clangula habits in captivity, DERSCHEID **309**.

Charitonetta albeola nesting in Oregon, EVENDEN **364**.

Chen caerulescens in California, JEWETT **610**; *C. hyperborea* breeding in California, JEWETT **610**; *C. rossi* body weight, SHAW **1090**.

†*Chendytes lawi* wing elements, HOWARD **583**.

Clangula hyemalis mechanism for deep diving, SCHORGER **1055**.

Cygnus in folk-lore and history, WEYGANDT **1309**.

Cygnus spp. lamentable destruction in France 1946–47, BERTHET **112**; *C. cygnus* shot near Peshawar, BIVAR **119**; Habits in Finland, KIVIRIKKO **648**; *C. olor* note on display, CROSS **278**; Abundance in France, GUÉRIN **486**; Display, HUXLEY **595**; Winter territory, MAY **783**.

Dendrocygna autumnalis discolor field notes in Dutch Guiana, HAVERSCHMIDT **534**; *D. autumnalis fulgens*, Texas and *D. a. lucida*, Veracruz **subsp. n.** FRIEDMANN Condor **49** p. 190.

Glaucionetta islandica in California, STONER **1158**.

Histrionicus histrionicus in Pisa, Italy, CATERINI **220**; Near Los Angeles, California, KENT **638**.

Melanitta fusca voice, CORFIXSEN **266**.

Mergus albellus near Paris ETCHÉCOPAR **360**.

Nesochen sandvicensis study of food habits, BALDWIN **64**.

Netta rufina in southern India, LUMSDEN **738**; Brood parasitism, VOOUS **1279**.

Nettapus coromandelianus in Queensland, ROBERTSON **1003**; Note on distribution, WHITTELL **1320**.

Nyroca fuligula influence of diet on function of uropygial gland in young, FABRICIUS **368**.

Philacte canagica in California, TALMADGE **1193**.

Plectropterus gambensis breeding season, WALLS **1289**.

Somateria mollissima food habits, SEGERSTRÅLE **1072**.

PELICANIFORMES

Nidification of Frigate Birds and Boobies on Christmas Island, GIBSON-HILL **428**; Notes on phylogeny, LANHAM **694**.

PHALACROCORACIDAE

Phalacrocorax a. auritus nesting in New York, KUTZ **677**; *P. carbo* development of wing, SLABÝ **1105**; *P. c. sinensis* in Kent and Sussex, HARRISON **524**.

Microcarbo melanoleucus nesting note, WHEELER **1310**.

ANHINGIDAE
(*olim* PLOTIDAE)

Anhinga melanogaster photos, C—— **202**; Field note from Ceylon, SOMANADER **1124**.

SULIDAE

Nidification of species on Christmas Island, GIBSON-HILL **428**.

Sula bassana breeding in France, BERTHET **110**; In Grassholm, PITT **940**; *S. serrator* breeding biology on Cape Kidnappers, N.Z., WODZICKI & MCMEEKAN **1341**; *S. sula* in Ascension Island, TOMLINSON **1228**.

PHAETONTIDAE

Phaeton spp. normal food, GIBSON-HILL **429**; *P. aetherus* taken in state of Washington, FLAHAUT **389**; *P. rubricaudus* in southeastern Australia and Tasmania, HINDWOOD **554**.

Phaethon aethereus nidification, HEIM DE BALSAC **539**.

PELECANIDAE

Pelecanus erythrorhynchos on Puget Sound, Washington, NICHOLS **861**.

CATHARTIDIFORMES

CATHARTIDAE

Coragyps atratus observations at nest, DORSEY **323**; And live prey, HAGOPIAN **500**; As a vegetarian, HAVERSCHMIDT **532**; Kills young pigs, LOVELL **731**.

Cathartes aura and *Coragyps atratus* large roost in Tennessee, TANNER **1194**.

ACCIPITRIFORMES

Competition for food by birds of prey, LACK **683**.

VULTURIDAE

Gypaëtus barbatus observations and photos at nest, LOWTHER **737**; Observations in Kenya, POLLARD **945**.

Gyps f. fulvus observations, BERTHET **111**.

Neophron perenopterus breeding in Kenya, NORTH **870**.

Otogyps auricularis in Palestine, HARDY **516**.

Torgos tracheliotus nubicus in Palestine, HARDY **515**.

FALCONIDAE

Falcons and falconry, ILLINGWORTH **597**.

Falco and *Aquila* nestlings infected by *Protocalliphora* larvae, HILL & WORK **552**; Infestation by *Ornithodorus aquilae*, WILLIAMS **1329**.

Accipiter notes on some Neotropical species, CONOVER **258**.

Accipiter cooperii survival records, CRAIGHEAD & LAWRENCE **275**; Observations in nesting and predation, FITCH & OTHERS **385**; Drowning its prey, SCHMID **1053**; *A. gentilis* and *Buteo buteo* nesting in proximity, TAYLOR **1197**; *A. nisus* male at nest with young, TURNER **1241**.

Aquila chrysaëtos ancestry from Rancho La Brea Pleistocene beds, HOWARD **580**; *A. c. canadensis* captures hawk, BROUN **179**; Study of plumage changes, JOLLIE **619**; Observations and photos at nest, WORK & WOOL **1352**; *A. c. chrysaëtus* male incubating, GORDON **460**; *A. verreauxi* breeding biology, ROWE **1020**.

Astur novae-hollandiae study of the two colour phases, SOUTHERN & SERVENTY **1129**.

Buteo albonotatus feeding on Rock Squirrel, COTTAM **272**; Breeding along Colorado River, MONSON **829**; *B. borealis* food items, BOND **142**; *B. buteo* note on biology in west France, MAYAUD **785**; *B. b. buteo* nesting season, PRING **963**; *B. jamaicensis* feeding on *Fulica americana*, HUBBARD **586**; *B. swainsoni* history of type, SLIPP **1106**.

Circaëtus gallicus note from Sweden, RUDEBECK **1022**.

Circus approximans sense of smell, SHARLAND **1088**; *C. cyaneus* concentrated nesting, HALL **503**; Photos at nest HOSKING & NEWBERRY **578**; *C. hudsonius* food items, BOND **142**; Nesting in southern Idaho, EVENDEN **365**; Food habits determined by "cage nest" method, SELLECK & GLADING **1073**; *C. pygargus* drawings of food passing, HARRISON **521**; As breeding bird in Denmark, JESPERSON **609**; Distribution in Italy, SCOTTI **1065**.

Elanus leucurus food habits STONER **1158**.

Falco species in the Balkans, MARTINO **773**.

Falco churrug revision of races, DEMENTIEV **304**; *F. columbarius aesalon* as protector of *Turdus pilaris* colonies, HAGEN **499**; *F. c. suckleyi* in California, SPAULDING **1131**; *F. naumanni* breeding in France, RIVOIRE & HUE **998**; †*F. oregonus* **sp. n.** Pleistocene, Oregon, HOWARD **581**; *F. peregrinus* photos at nest, BROOK **174**; Successful nesting with three adults present, SPOFFORD **1134**; Nesting sites around the Baltic, THOMASSON **1214**; *F. p. anatum* nesting observations from Philadelphia, GROSKIN **481**; *F. p. germanicus* note, MERTENS **801**; *F. rusticolus obsoletus* study of plumages in North America, TODD & FRIEDMANN **1225**; *F. subbuteo* habits and photos at nest, HOSKING & NEWBERRY **578**; *F. t. tinnunculus* crustacean remains in pellets, RICHARDS **985**; A diary of feeding and development, SCHLEIDT **1052**.

Haliaeetus l. leucocephalus migration and nesting in Florida, BROLEY **172**.

Ictinia misisippiensis note, ALLAN **25**; *I. plumbea* nesting habits in Ecuador, SKUTCH **1100**.

Milvus m. migrans in Northumberland, COOK **261**.

Pernis apivorus as devil-bird in Ceylon, SPITTEL **1133**; Occurrence in Portugal, THEMIDO **1208**.

Polyborus cheriway in New York, EISENMANN **350**.

Spizaetus nipalensis bartelsi of Java, taxonomic note, HOOGERWERFF **573**, **574**.

PANDIONIDAE

Pandion haleaëtus carolinensis decrease of numbers in Lower California, KENYON **639**; *P. h. haliaetus* in Oxfordshire, GREEN **471**; Taking *Vanellus vanellus* in west Wales, SWAINE **1184**.

STRIGIFORMES

Competition for food by birds of prey, LACK **683**.

STRIGIDAE
(*olim* BUBONIDAE)

Predation by Owls in Sierran foothills of California, FITCH **384**.

Aegolius ridgwayi tacanensis **subsp. n.** Mexico, MOORE Proc. biol. Soc. Washington **60** p. 141.

Asio flammeus study of winter feeding habits in Toronto region, BANFIELD **67**; *A. o. otus* food habits in Iraq, HARTLEY **528**; *A. o. wilsonianus* observations at nest, KOLB **663**; *A. wilsonianus* observations at nest, HAINES **502**.

Athene noctua vidalii taking grass-snake, BUXTON **201**; Robbed of prey by *Falco t. tinnunculus*, MOREAU **837**.

Bubo buto Russian note on behaviour, DEMENTIEV **306**; *B. virginianus* photos and observations, CARR **217**; Flight photos, CHACE **224**; Preying on *Accipiter cooperi*, GULLION **490**; Nesting habits in Tennessee, GANIER **414**.

Ciccaba albitarsus tertia **subsp. n.** Bolivia, TODD Proc. biol. Soc. Washington **60** p. 95.

Glaucidium minutissimum griscomi and *G. m. occultum* **subspp. n.** Mexico, MOORE Proc. biol. Soc. Washington **60** pp. 33 & 144.

Nyctea nyctea cyclic invasions in U.S.A., GROSS **483**; *N. scandiaca* migration of 1945–46, SNYDER **1117**.

Otus asio egg in nest of *Corvus brachyrhynchos*, HALL **503**; Note on ear, KELSO **634**; *O. a. naevius* with hippoboscid parasite, BARTLETT **74**; Pellet containing *Parus atricapillus* bird rings, SMITH **1109**; *O. bakkamoena aurorae* **subsp. n.** North China, ALLISON Musée Heude Notes Ornith. Chang-Hai **1** 2 p. 2; *O. cooperi chiapensis* **subsp. n.** Chiapas, MOORE Proc. biol. Soc. Washington **60** p. 31; *O. flammeolus* choked by grasshopper, KENYON **640**; Note on voice, MILLER **806**.

Pulsatrix melanota philoscia **subsp. n.** Bolivia, TODD Proc. biol. Soc. Washington **60** p. 95.

Scotiaptex nebulosa note on bird ringing, LAMBERT **690**.

Strix leptogrammica chaseni **subsp. n.** Billiton, Dutch East Indies, HOOGERWERF & DE BOER Chronica Naturae Batavia **103** p. 140; *S. occidentalis caurinus* in state of Washington, ALCORN **21**.

TYTONIDAE
(*olim* STRIGIDAE)

Speotyto cunicularia boliviana **subsp. n.** Bolivia KELSO Biol. Leaflet **11** 1939.

Tyto alba food as evidenced by pellets, DOR **321**, GIBAN & GUIBERT **423**; Ecological notes on prey selected, EVANS & EMLEN **362**; Food habits determined by "cage nest" method, SELLECK & GLADING **1073**; *T. a. pratincola* in Quebec, CAYONETTE **223**; Breeding near Chicago, FISHER **382**.

PSITTACIFORMES

LORIDAE

Nestor notabilis popular account, DERSCHEID **309**; Breeding in captivity, PORTER **949**.

Vini kuhli breeding in captivity, PATTEN **900**.

PSITTACIDAE

Agapornis and *Coryllis* nesting habits, PRESTWICH **960**.

Loriculus notes on species, GRIFFITHS **477**.

Melopsittacus undulatus avicultural notes, COLEMAN **248**; A remarkable bird, D'OMBRIAN **317**.

Neophema chrysostoma and *N. chrysogaster* habits, SHARLAND **1087**; *N. elegans* field notes in Victorian Mallee, BINNS **117**.

Opopsitta leadbeateri historical note and habits, BOURKE & AUSTIN **157**.

Opopsitta marshalli note, MARSHALL **768**; A synonym of *O. diophthalma aruensis*, MAYR **793**.

Pionus sordidus antelius **subsp. n.** Venezuela TODD Ann. Carn. Mus. **30** pp. 331–338.

Platycercus eximius splendidus in New Zealand, RANSTON **978**.

Psephotus haematogaster killed by spear-grass seeds, THOMAS **1212**; *P. pulcherrimus* specimens in Exeter Museum, LOWE **735**.

Psittacus erithacus historical note and coloured plate, BOOSEY **147**.

Pyrrhura molinae sordida and *P. m. restricta* Bolivia, *Pyrrhura picta orinocensis* Venezuela, *P. p. microtera* Brazil, *P. subandina caeruleiceps* Colombia, **subspp. n.** TODD Ann. Carn. Mus. **30** pp. 331–338.

Rhynchopsitta terrisi **sp. n.** Mexico, MOORE Proc. biol. Soc. Washington **60** p. 27.

CORACIIFORMES

CORACIIDAE

Eurystomus orientalis latouchei **subsp. n.** Northern Kiangsu Prov., China, ALLISON Musée Heude Notes Ornith. Chang-Hai **1** 2 p. 6.

ALCEDINIDAE

Alcedo atthis ispida habits at nest, BAERENDS **54**.

Chloroceryle americana ecuadorensis **subsp. n.** Ecuador, YAMASHINA **1355**.

Dacelo gigas nesting habits, HINDWOOD **555**.

Sauropatis chloris chloris breeding in Arakan, SERLE **1076**.

Halcyon chloris bennetti **subsp. n.** Nissan I., RIPLEY J. Wash. Acad. Sci. **37** p. 97.

Megaceryle alcyon nesting in California, PEYTON **913**; proximity of nests, WOOD **1351**.

BUCEROTIDAE

Buceros hydrocorax habits in Philippine Islands, STOTT **1163**.

Bucorvus cafer habits, TEIGH **1202**.

UPUPIDAE

Upupa epops defence of young, SCHATZMAYR **1045**.

MEROPIDAE

Merops apiaster and *M. superciliosus* migrations in middle East and India, HUTSON **594**; *M. apiaster* biology in the Camargue, LOMONT **729**; Biological study, RIVOIRE **997**; *M. superciliosus persicus* breeding in Bhavnagar, DHARMAKUMARSINHJI **312**.

MOMOTIDAE

Eumomota superciliosa life history SKUTCH **1099**.

Momotus momota spatha **subsp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 1.

CAPRIMULGIDAE

Batrachostomus moniliger nidification, PHILLIPS **929**.

Chordeiles gundlachi the Cuban Nighthawk, MCATEE **741**; *C. minor* records from eastern Long Island, N.Y., LATHAM **701**; *C. m. hesperis* migration and nesting in northern Idaho, RUST **1027**; *C. m. minor* nesting note, PARKS **896**; *C. pusillus esmeraldae* **subsp. n.** Venezuela, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 1.

Phalaenoptilus nuttallii centralis **subsp. n.** Mexico, MOORE Proc. biol. Soc. Washington **60** p. 146.

APODIDAE
(*olim* CYPSELIDAE)

Chaeturidae **nom. n.** for *Apodidae* with *Chaetura* Stephens as type genus. *Chaeturae* and *Chaeturiformes* **nomina n.**, WETMORE **1307.**

Panyptilinae **nom. n.** with *Panyptila* Cabanis as type genus, WETMORE **1307.**

Apus apus observations at nest, NERINCX **856**; Sharing nesting hole with *Passer domesticus*, VERSCHUREN **1269**; *A. a. apus* as a nocturnal bird, BERTHET **112**; July migration in Kent, HARRISON **519**; Storm soaring, POUNDS **955**; Observations at nest and development of young, WEITNAUER **1297**; *A. melba* significance of clutch-size, LACK & ARN **686**; *A. m. melba* in Hampshire, SCOTT **1063.**

Chaetura caudacuta bourreti **subsp. n.** French Indo-China, DAVID-BEAULIEU Pub. Univ. indochin. 1944 p. 89; *C. pelagica* bathing, VAURIE **1264.**

Micropus a. apus movements during breeding season, KOSKIMIES **667**; *M. melba melba* general biology, ARN **42.**

Panyptila cayennensis nidification and method of nest building, SICK **1094**; *P. c. veraecrucis* **subsp. n.** Mexico, MOORE Proc. biol. Soc. Washington **60** p. 143.

Tachornis batasiensis palmorum breeding in Bhavnagar, DHARMAKUMARSINHJI **312.**

TROCHILIDAE

Popular account, CHAPLIN **228**; Flight photographs, EDGERTON **345**; Habits of male near nest, MOORE **834.**

Amazilia violiceps races, WETMORE **1305.**

Amazilla violiceps ellioti in Arizona, PEET **906.**

Calothorax lucifer biological observations, nidification and moult, WAGNER **1283.**

Calypte anna nest with three eggs, HALL **503**; Status in southern Arizona, PHILLIPS **924**; At play, STONER **1158.**

Metallura viacunda **sp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 3.

Selasphorus platycercus courtship, HERING **544**; Photos and observations, RIPER & NIEDRACH **993.**

COLIIDAE

Colius striatus races in Belgian Congo, SCHOUTEDEN **1056.**

Urocolius indicus note on habits, BADENHORST **53.**

TROGONIFORMES

Species in Venezuela, YEPEZ & HOSTOS **1363.**

TROGONIDAE

Pharomachrus mocinno life history, SKUTCH **1102.**

Trogon personata and *T. assimilis* selection of types, MACDONALD **744.**

CUCULIFORMES
(*olim* COCCYGES)

Systematic position of Musophagi as indicated by their mallophagan parasites, CLAY **243.**

CUCULIDAE

Clamator glandarius new in Finland, BACK **52**; In N. Italy, MOLTONI **825.**

Coccyzus erythrophthalmus effect of feeding on hairy caterpillars, ELLIOTT **354.**

Cuculus canorus young reared by *Erithacus rubecula melophilus* with its own brood, BURTON **196**; Growth and weight of nestling, BUSSMANN **199**; Two eggs in one nest, CHAPE **226**; In Alaska, first record in N. America, HANNA **510**; Method of egg disposal, KIVIRIKKO **649**; Display, MATTHEWS **780**; Study of nestling, THOMAS DE BOSSIERRE **1213**; Study of growth, WERTH **1299**; *C. saturatus* taxonomic note, MATHEWS **779.**

Eudynamis scolopaceus as an egg-stealer, PUREFOY **966.**

Geococcyx californianus stone-turning habits, JAEGER **605.**

Piaya cayana inexpectata **subsp. n.** Venezuela, TODD Proc. biol. Soc. Washington **60** p. 60.

Surniculoides clamosus description of egg, COURTENAY-LATIMER **274**; Breeding in Cape Province, SKEAD **1097**.

SCANSORES

INDICATORIDAE

Lybius zombae coloration changes, BENSON **92**.

RAMPHASTIDAE

Ramphastos ambiguus Swainson, further note, TODD **1223**.

PICIFORMES

GALBULIDAE

Brachygalba lugubris obscuriceps **subsp. n.** Brazil, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 3.

BUCCONIDAE

Malacoptila fusca venezuelae **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 149.

PICIDAE

Hollowing activities and sizes of chips, POZNANIN **956**; Growth rate in Woodpeckers, SUTTER **1180**.

Belanosphyra formicivora races in south western U.S.A., MILLER **808**.

Campephilus principalis history of its extinction, SPRUNT **1141**.

Chrysocolaptes festivustantus **subsp. n.** Ceylon, RIPLEY Spolia zeylan. Colombo **24** p. 214.

Colaptes testicular asymmetry, TEST **1205**.

Dedrocopus major races in China, GREENWAY **472**; *D. stricklandi aztecus* **subsp. n.** Mexico, MOORE Proc. biol. Soc. Washington **59** 1946 p. 104.

Dendropicos fuscescens races in South and Central Africa, WHITE **1317**.

Dinopium rafflesi dulitense **nom. n.** for *Gauropicoides rafflesi borneonenis*, DELACOUR **303**.

Dryobates albolarvatus in California, JAEGER **606**; *D. l. leucotus* nesting note from Hungary, THIBAUT DE MAISÈRES **1209**; *D. macei macei* general description and figure, INGLIS & LEWIS **599**; *D. major* as spoiler of nesting boxes, PIHL & KNUDSEN **932**; *D. m. anglicus* almond splitting habit, C—— **203**; Taking young *Parus caeruleus*, COHEN **247**.

Dryocopus m. martius general biology, EYGENRAAM **367**.

Jynx torquilla in Alaska, BAILEY **55**; Temperature control in nest, BÖNI **143**; Breeding biology, BUSSMANN **197**; Development of young, SUTTER **1179**.

Pica p. pica ab. *latviensis* status, STRAND **1164**.

Picummus exilis pernambucensis **subsp. n.** Brazil, ZIMMER Proc. biol. Soc. Washington **60** p. 99.

Picus canus brunneatus **subsp. n.** Szechwan, China, ALLISON Musée Heude Notes Ornith. Chang-Hai **1** 2 p. 6; *P. c. canus* breeding biology, BUSSMANN **198**; *P. v. viridis* × *P. c. canus* hybrid, SALOMONSEN **1040**; *P. viridis pluvius* attacked by *Falco s. subbuteo*, CLIFFORD **245**.

Sphyrapicus varius role of male in care of young, JOHNSON **615**.

EURYLAIMIFORMES

EURYLAIMIDAE

Calyptomena viridis gloriosa **subsp. n.** Borneo, DEIGNAN Proc. biol. Soc. Washington **60** p. 121.

Corydon sumatranus pallescens Malaya, *C. s. morator* Siam, *C. s. ardescens* Siam and *C. s. khmerensis* Annam, **subspp. n.** DEIGNAN Proc. biol. Soc. Washington **60** pp. 119–120.

Eurylaimus javanicus friedmanni **subsp. n.** Siam, DEIGNAN Proc. biol. Soc. Washington **60** p. 120.

Psarisomus dalhousiae divinus **subsp. n.** Annam, DEIGNAN Proc. biol. Soc. Washington **60** p. 120.

MENURIFORMES

MENURIDAE

Menura supurba photo, ANON. **18**, general habits, LITTLEJOHNS **724**; *M. novachollandiae* note, BOYS **162**, SETH-SMITH **1080**.

PASSERIFORMES

FORMICARIIDAE

Chamaeza brevicauda yavii **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 154.

Grallaria rufula saltuensis **subsp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 4.

Gymnopithys rufigula pallidigula **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 155.

Microbates collaris paraguensis **subsp. n.** Venezuela, PHELPS Bol. Soc. Venez. Cienc. nat. **10** p. 153.

Myrmeciza atrothorax metae **subsp. n.** Colombia, DE SCHAUENSEE Not. Nat. Philad. no. 186.

Schistocichla caurensis australis **subsp. n.** Venezuela, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 4.

Thamnophilus insignis nigrofrontalis **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 153.

FURNARIIDAE

Automolus rubiginosus caquetae and *A. r. sasaimae* **subspp. n.** Colombia, DE SCHAUENSEE Not. Nat. Philad. no. 186; *A. r. venezuelanus* **subsp. n.** southern Venezuela, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 4.

Certhiaxis cinnamomea marabina **subsp. n.** Venezuela, PHELPS Bol. Soc. Venez. Cienc. nat. **10** p. 152.

DENDROCOLAPTIDAE

Asthenes d'orbignyi usheri **subsp. n.** Peru, MORRISON Bull. Brit. orn. Cl. **67** p. 80.

Automolus leucophthalmus lamni **subsp. n.** Brazil, ZIMMER Proc. biol. Soc. Washington **60** p. 100; *A. roraimae paraquensis* Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 151.

Lochmias nematura chimantae **subsp. n.** Bolivar, PHELPS Proc. biol. Soc. Washington p. 152.

Synallaxis cabanisi yavii **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 150; *S. cinnamomea aveledoi* **subsp. n.** Venezuela, PHELPS Bol. Soc. Venez. Cienc. nat. **10** p. 151.

TYRANNIDAE

Notes on Peruvian species, BOND **140.**

Cnemarchus erythropygius orinomus **subsp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 5.

Empidonax difficilis incubation period of 19 days, RODECK **1005**; *E. hammondii* in Oregon JEWETT **610**; *E. trailii zopholegus* **subsp. n.** British Columbia, OBERHOLSER Proc. biol. Soc. Washington **60** p. 77.

Mecocerculus leucophrys palliditergum **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 156.

Muscisaxicola maculirostris niceforoi **subsp. n.** Colombia, ZIMMER Auk **64** p. 453.

Muscivora forficata in California, HALL **503**; Selection of roosting tree, FITCH **383.**

Ochthoeca diadema rubellula and *O. rufi-pectoralis rubicundulus* **subspp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 7–8.

Pseudotriccus pelzelni peruvianus **subsp. n.** Peru, BOND Not. Nat. Philad. no. 196.

Pyrocephalus rubinus in Central Mohave Desert, California, JAEGER **605.**

Ramphotrigon megacephala pectoralis **subsp. n.** southern Venezuela, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 5.

Sayornis nigricans in Oregon, EVENDEN & OTHERS **366**; *S. phoebe* in Canada, MOORE **835**; Temperature, growth and other studies, STONER **1159.**

Sublegatus arenarum a correction, ZIMMER **1371**; *S. glaber tortugensis* **subsp. n.** Venezuela, PHELPS Bol. Soc. Venez. Sci. nat. **10** p. 156.

TYRANNIDAE

Tolmomyias flaviventris zimmeri **subsp. n.** Peru, BOND Not. Nat. Philad. no. 196.

HIRUNDINIDAE

Swallows in Malaya, REDWAY **981.**

Delichon u. urbica display, BISHOP **118**; Nesting in eastern Cape Colony, GODFREY **451.**

Hirundo rustica nesting in Florida, WESTON **1303**.

Hylochelidon nigricans in New Zealand, PHILLIPS **926**.

Irodoprocne bicolor life history studies, KUERZI **673**.

Orochelidon murina meridensis **subsp. n.** Venezuela, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 6.

Progne s. subis early autumn migration, SPRUNT **1139**.

Riparia riparia breeding in Humboldt County, California, TALMADGE **1193**; *R. r. riparia* ten years' ringing returns, STONER **1159**; Social display, THOM **1211**; Observations in Worcestershire. TOOBY **1230**.

Tachycineta thalassiana lepida and *Iridoprocne bicolor* use of artificial nesting sites, GULLION **489**.

PIPRIDAE

Chiroxiphia linearis breeding biology, WAGNER **1282**.

COTINGIDAE

Platypsaris aglaie nesting note, EATON & EDWARDS **341**.

MUSCICAPIDAE

Culicicapa ceylonensis races, DEIGNAN **294**; *C. helianthea mayri* **subsp. n.** Philippine Is., DEIGNAN Proc. biol. Soc. Washington **60** p. 61.

Muscicapa migrator **nom. nov.** for *Siphia hyperythra*; *M. amabilis* **nom. nov.** for *S. hodgsonii*; *M. hyperythra oliga* **nom. nov.** for *M. malayana*; *M. h. trinitatis* **nom. nov.** for *M. luzoniensis*; *M. indigo delicata* **nom. nov.** for *Stoparola cerviniventris*; *M. solitaris arakanensis* **nom. nov.** for *A[nthipes] gularis*; *M. rufigastra lepidula* **nom. nov.** for *Cyornis rufigastra longipennis*; *M. r. simplicior* **nom. nov.** for *C. simplex*; *M. banyumas liga* **nom. nov.** for *M. cantatrix*; *M. caervulata deliensis* **nom. nov.** for *C. c. albiveater*; *M. venusta* **nom. nov.** for *C. superba* DEIGNAN Proc. biol. Soc. Washington **60** pp. 165–168.

Muscicapa h. hypoleuca note, HAARTMAN **494**; *M. p. parva* nidification, CONGREVE **257**; In Yugo-Slavia, RUCNER **1021**; *M. striata* note on habits, TINBERGEN **656**.

Polioptila dumicola saturata **subsp. n.** Bolivia, TODD Proc. biol. Soc. Washington **59** p. 155.

Rhipidura leucophrys nidification, SEDGWICK **1069**; *R. rufifrons* geographical distribution and evidences of evolution, MAYR & MOYNIHAN **796**; *R. rufifrons mariae* **subsp. n.** Rota I., Mariana Is., BAKER Proc. biol. Soc. Washington **59** p. 77.

Tchitrea perspicillata ungujaensis **subsp. n.** Zanzibar Island, GRANT & MACKWORTH-PRAED Bull. Brit. orn. Cl. **67** p. 42.

CAMPEPHAGIDAE

Minivets of Bengal, INGLIS **598**.

Pericrocotus peregrinus thai and *P. p. separatus* **subspp. n.** Siam, DEIGNAN J. Wash. Acad. Sci. **37** pp. 254–255; *P. r. roseus* general description, INGLIS **598**.

PYCNONOTIDAE

Chlorocichla flaviventris dilutior **subsp. n.** N. Rhodesia, WHITE Ibis **88** p. 80.

Irena cyanogastra association with monkeys in Philippine Is., STOTT **1161**; *I. puella* note on biology, BEMMEL **86**.

Phyllastrephus grotei is a synonym of *P. f. munzneri*, MOREAU **836**; *P. terrestris bensoni* **subsp. n.** Lower Meru Forest, Kenya, VAN SOMEREN Bull. B.O.C. **66** p. 11.

Pycnonotus cafer vicinus **subsp. n.** Ceylon, RIPLEY Spolia zeylanica **24** p. 228.

TIMALIIDAE

Cutia nipalensis melanchima **subsp. n.** Siam, DEIGNAN J. Wash. Acad. Sci. **37** p. 105.

Garrulax erythrocephalus shanus **subsp. n.** Southern Shan States, Burma, DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **98** p. 110; *G. leucolophus peninsularis* **nom. nov.** for *G. l. peninsulae* DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **98** p. 122

Leiothrix lutea introduction results in Hawaii, FISHER & BALDWIN **379**.

Pellorneum fuscocapillum scortillum **subsp. n.** Ceylon, RIPLEY Spolia Zeylanica **24** p. 226.

Stachyris striolata nigrescentior **subsp. n.** Siam, DEIGNAN J. Wash. Acad. Sci. **37** p. 104.

TROGLODYTIDAE

Campylorhynchus griseus pallidus **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 158; *C.* [*Heleodytes*] *zonatus* races in Middle North America, BRODKORB **171**.

Catherpes mexicanus griseus **subsp. n.** Washington, ALDRICH Proc. biol. Soc. Washington **59** p. 131.

Heleodytes brunneicapillus use of extra nest, ANTEVS **39**.

Talmatodytes palustris pulverinus **subsp. n.** Washington, ALDRICH Proc. biol. Soc. Washington p. 130.

Thryomanes bewickii adaptability to nest molestation, BEEMER **80**.

Thryophilus leucotis collinus **subsp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 9.

Thryothorus coraya obscurus **subsp. n.** Venezuela, ZIMMER & PHELPS Amer. Mus. Nov. no. 1338 p. 6; *T. ludovicianus* observations at nest, LASKEY **700**; *T. l. ludovicianus* observations at nest, CHAPMAN **229**; *T. rufalbus transfinis* **subsp. n.** Mexico, FRIEDMANN Auk **64** p. 128.

Troglodytes aëdon and *Thryomanes bewickii* interrelations, BROOKS **177**.

Troglodytes troglodytes communal roost in California, WILLIAMS **1328**; *T. t. borealis* display, WILLIAMSON **1333**; *T. t. hirtensis* photos, ATKINSON **48**; *T. t. indigenus* Clancey question of validity, HENS **543**.

CINCLIDAE

Cinclus c. aquaticus note on habits, BENEDEN **89**.

MIMIDAE

Dumatella carolinensis popular account of life and habits, SKUTCH **1101**; *D. c. ruficrissa* **subsp. n.** Washington, ALDRICH Proc. biol. Soc. Washington **59** p. 132.

Mimus polyglottos wing-flashing, LAWRENCE **706**.

Molothrus ater behaviour at *Vireo* nest, PRESCOTT **958**; *M. a. artimisae* apparent breeding in Oregon, GULLION **489**.

Toxostoma rufum longicaudus in California, RUSSELL **1026**.

TURDIDAE

Erithacus rubecula note on northern Scottish specimens, CLANCEY **239**; Habits, LACK **685**; General biology, LACK **679**; Note on taxonomy, LACK **680**; Nest 8 feet above ground, RAUHALA **980**; *E. r. melophilus* varieties, INMAN **600**; *E. r. rubecula* winter observations in north Algeria, ROOKE **1012**; Physiological rôle of carotenoids, SUOMALAINEN **1175**.

Erythropygia zambesiana races, p. 60, GRANT & MACKWORTH-PRAED **467**.

Hylocichla guttata late nesting observations, SMYTH **1115**.

Luscinia svecica cyanecula in Croatia, IVKOVIĆ **603**; *L. s. svecica* photos, SOUTHERN & CHISLETT **1127**.

Myadestes ralloides candelae **subsp. n.** Colombia, DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **99** p. 117.

Oenanthe monticola habits, TAYLOR **1198**.

Phoenicurus ochrurus gibraltarensis report of inquiry for 1946, FITTER **386**; In London area 1946, FITTER **387**; *P. phoenicurus* observations at nesting-box, EBBUTT **342**; *P. p. caesitergum* **subsp. n.** British Isles, CLANCEY Bull. Brit. orn. Cl. **67** p. 77.

Sialia currucoides insect food, KNOWLTON & HARMSTON **660**; *S. s. sialis* evidence of polyandry, LASKEY **698**.

Saxicola torquati delacouri **subsp. n.** French Indo-China, DAVID-BEAULIEU Pub. Univ. indochin. 1944 p. 106.

Turdus ericetorum territorial habits, SIIVONEN **1095**; *T. e. philomelus* migration in Switzerland, BRUNNER **184**; *T. leucomelas cautor* **subsp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 10; *T. merula* mimicry of Curlew call, HULME **589**; Protection and biology in Poland, SOKOLOWSKI **1118**; *T. m. merula* building seven

nests, SOUTHERN **1126**; "Anting," WILLIAMS **1330**; *T. m. merula* and *T. e. ericetorum* tendency to breed in their birthplaces, WERTH **1299**; *T. migratorius* period of dependency, aberrant sexual behaviour, choice of nest-site, BRACKBILL **164**; Observations at nest, COMMON **251**; Albino, JOHNSTON **617**; Story of a one-eyed robin, LASKEY **699**; *T. m. migratorius* return to birthplace, PACKARD **888**; Few return to hatchplace, WOOD **1350**; *Turdus roraimae paraquensis* and *T. r. ptaritepui* **subspp. n.** Venezuela, PHELPS Bol. Soc. venez. Cienc. nat. **10** pp. 231–232; *T. ruficollis atrigularis* in Italy, RASOINI **979**; *T. v. viscivorus* nesting note from Hungary, THIBAUT DE MAISÈRES **1209**.

Xenocopsychus ansorgei rediscovered in Angola, STRESEMAN **1169**.

PRUNELLIDAE

Prunella m. modularis in Kent, HARRISON **525**.

SYLVIIDAE

Abroscopus superciliaris contii **subsp. n.** Southern Shan States, Burma, DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **98** p. 118; *A. superciliaris drasticus* Assam, *A. s. smythiesi* Burma, *A. s. euthymus* Tongking, *A. s. bambusarum* Siam, *A. s. papilio* Sumatra, **subspp. n.** DEIGNAN Proc. biol. Soc. Washington **60** pp. 19–26.

Acanthiza chrysorrhoa nest-building habits, HINDWOOD **556**.

Acrocephalus paludicola breeding in Latvia, ROMS **1011**; *A. palustris* breeding in Wiltshire, COOKE **263**; Distribution in Finland, LEIVO **714**.

Agrobates galactotes familiaris photos, STUBBS **1172**.

Apalis melanocephala muhuluensis **subsp. n.** Tanganyika Territory, GRANT & MACKWORTH-PRAED Bull. Brit. orn. Cl. **67** p. 43.

Bradypterus (Caffrillas) barratti priesti **subsp. n.** Southern Rhodesia, BENSON Ostrich **17** p. 197.

Calamonastes fasciolatus buttoni **subsp.** Northern Rhodesia, WHITE Bull. Brit. orn. Cl. **67** p. 55.

Cettia fortipes taxonomic note, DELACOUR **302**.

Cisticola distincta note, VINCENT **1276**; *C. lais mariae* **nom. n.** for *C. l. nyika*, BENSON **91**; *C. natalensis matengorum* Meise is a synonym of *C. n. natalensis*, p. 39, GRANT & MACKWORTH-PRAED **467**.

Dasyornis broadbenti extension of range, TARR **1195**.

Eremomela griseoflava belli **subsp. n.** Tanganyika Territory, GRANT & MACKWORTH-PRAED Bull. Brit. orn. Cl. **67** 1947 p. 44.

Geothlypis nelsoni karlenae **subsp. n.** Mexico, MOORE Proc. biol. Soc. Washington **59** p. 99.

Hippolais pallida elaica photos, STUBBS **1172**.

Lusciniola melanopogon nidification in Cambridgeshire, HINDE & THOM **553**.

Megalurus timoriensis note on habits, HINDWOOD **554**.

Orthotomus cinereiceps obscurior **subsp. n.** Mindanao, Philippines, MAYR **794**.

Phylloscopus collybita geographical variation, JOHANSEN **614**; Sex inversion, TREUENFELS **1236**; *P. c. tristis* on Irish coast, RUTTLEDGE **1028**; *P. sibilatrix* spring migration over Scandinavia, SVÄRDSON **1183**; *P. trochilus acredula* in Berkshire, HARRISON **525**; *P. t. trochilus* territory and breeding behaviour, MAY **782**.

Prinia subflava kasokae **subsp. n.** Kaonde-Lunda, WHITE Ibis **88** p. 96.

Sylvia c. communis colour of iris, BUXTON **201**; *S. c. conspicillata* observations in Malta, GIBB **425**; *S. melanocephala carmichael-lowi* **subsp. n.** south-east Italy, CLANCEY Bull. Brit. orn. Cl. **67** p. 66; *S. melanocephala mystacea* photos, STUBBS **1172**; *S. nisoria* note from Finland, BERGMAN **105**.

Sylvietta chapini Kabali-Ituri, Congo, SCHOUTEDEN Rev. Zool. Bot. afr. Tervuren **40** p. 193.

VIREONIDAE

Neochloe brevipennis specimen in Berlin museum, STRESEMANN **1168**.

Vireo griseus occurrence in Canada, MOWAT **846**; *V. solitarius alticola* nesting in Georgia, FLEETWOOD **390**; Nesting observations, LOVELL **732**.

BOMBYCILLIDAE
(*olim* AMPELIDAE)

Bombycilla garrulus in Ireland winter 1946–47, McCLINTOCK **743**; *B. g. garrulus* invasion in Italy 1946–47, MOLTONI **824**; In Savonlinna, daily rythm, GRENQUIST **474**.

ARTAMIDAE

Artamus superciliosus arrival in Melbourne with first north wind, WHEELER **1310**.

PRIONOPIDAE

Grallina cyanoleuca study in behaviour, ROBINSON **1004**.

Hypocolius systematic position should be close to *Saxicola*, LOWE **734**.

Prionops species and races of Eastern Africa, p. 61, GRANT & MACKWORTH-PRAED **467**.

LANIIDAE

Chlorophoneus colour variation, CHAPIN **227**; *C. andaryae* Jackson is a synonym of *C. sulfurcopectus similis*, p. 39, GRANT & MACKWORTH-PRAED **467**.

Cracticus torquatus feeding on young Honeyeaters, SEDGWICK **1068**.

Falcunculus frontatus feeding habit, HINDWOOD **556**.

Gymnorhina dorsalis inter-flock fighting, BULLER **189**.

Laniarius nigerrimus a mutation of *L. ferrugineus sublacteus*, STRESEMANN **1169**.

Lanioturdus torquatus note on nest and eggs, ROBERTS **999**.

Lanius collurio temperature control in nest, BÖNI **143**; *L. c. collurio* method of bathing, OWEN **885**; *L. excubitor* killing *Galerida cristata*, BOER **130**; *L. tephronotus* as name for Tibetan species, MAYR **792**.

Nilaus nigrotemporalis occidentalis **subsp. n.** N. Rhodesia, WHITE Ibis **88** p. 206.

Telephonus senegalus meinertz-hageni **subsp. n.** Algeria, PAYN Bull. B.O.C. **66** p. 15; *T. viridis vieirae* **subsp. n.** Eastern Angola, WHITE Bull. Brit. orn. Cl. **67** p. 23.

PARIDAE

Life histories of North American species, BENT **102**; Ringing results in Switzerland, PLATTNER **942**; Courtship feeding of Tits, see Brit. Birds **40** 1947 pp. 51 & 249.

Aegithalos caudatus Danish note, ASMUSSEN **47**; Forms and races, SCHUBERT-SOLDERN **1060**.

Anthoscopus caroli winterbottomi **subsp. n.** Kaonde-Lunda, WHITE Ibis **88** p. 101.

Parus afer lundarum **subsp. n.** Kaonde-Lunda, WHITE Ibis **88** p. 100; *P. ater hibernicus* courtship feeding, RUTTLEDGE **1028**; *P. ater* and *P. caeruleus obscurus* notes on colour, CLANCEY **239**; *P. atricapillus* races and distribution, JOUARD **622**; Population increase and eruptive movement 1941–42, POOR **948**; *P. a. borealis* and *P. p. palustris* biology [in Swedish], DURANGO **336**; *P. gambeli* feeding young Sapsuckers, RUSSELL **1026**, *P. m. major* winter biology, LEHTONEN **713**; *P. palustris* note on races, CLANCEY **241**; Note on habits, THIJSSE **1210**; *P. wollweberi phillipsi* Arizona, and *P. w. caliginosus* Mexico, **subspp. n.** VAN ROSSEM Fieldiana Zool. Chicago **31** p. 89.

SITTIDAE

Ringing results in Switzerland, PLATTNER **942**.

Sitta canadensis migration in Gaspé peninsula, BALL **66**.

CERTHIIDAE

Certhia familiaris caurina **subsp. n.** Oregon, ALDRICH Proc. biol. Soc. Washington **59** p. 130.

DICAEIDAE

A review of the family, MAYR & AMADON **795**.

Dicaeum agile atjehense **nom. n.** for *D. a. sumatranum*, DELACOUR **303**.

NECTARINIIDAE

Cinnyris chalybeus intermedius and *C. c. bractiutus* only two East African races, p. 84, GRANT & MACKWORTH-PRAED **467**.

Nectarina famosa habits, TAYLOR **1198**.—*N. famosa cupreonitens* only one East African race, p. 83, GRANT & MACKWORTH-PRAED **467**.

MELITHREPTIDAE
(*olim* MELIPHAGIDAE)

Honeyeaters in the Mallee, BURGESS **193**.

Certhionyx variegatus breeding in Victoria, BURGESS **192**.

Gliciphila melanops in a heavily-forested area, WEBSTER **1295**.

Meliphaga chrysops and other Honeyeaters on migration, MCGILL **748**.

Myzomela nigra occurrence in Victoria, BINNS **116**.

COMPSOTHLYPIDAE
(*olim* MNIOTILTIDAE)

Dendroica cerulea in California, HANNA & CARDIFF **511**; *D. erithachorides hueyi* Baja California, Mexico, **subsp. n.** VAN ROSSEM **1256**; *D. pensylvanica* in California, KINSEY **645**; Note on nesting, SAWYER **1044**.

Geothlypis trichas campicola **subsp. n.** Montana, BEHLE & ALDRICH Proc. biol. Soc. Washington p. 69.

Icteria virens nesting note, HOYT **585**.

Myioborus albifacies **sp. n.** Venezuela, PHELPS Bol. Soc. venez. Cienc. nat. **10** p. 237.

Oporornis tolmiei monticola, Arizona, *O. t. austinsmithi*, Montana, *O. t. intermedia*, British Columbia, **subspp. n.** PHILLIPS Auk **64** pp. 297–299.

Seiurus aurocapillus incubates eight eggs, HANN **509**; In Mohave Desert, California, JAEGER **606**.

Vermivora chrysoptera and *V. pinus* interchange of song, EISENMANN **351**; *V. cilata* wintering in Oregon, GULLION **490**.

DREPANIIDAE

Ecology and evolution, AMADON **33**.

MOTACILLIDAE

Anthus c. campestris in Somerset, KING **643**; *A. cervinus* autumn migration in south Sweden, RUDEBECK **1023**; *A. hodgsoni* taxonomic note, WILLIAMSON **1335**; *A. pratensis* "injury-feigning," ROBERTS **1002**; "Injury-feigning," RUTTLEDGE **1028**; *A. spinoletta rubescens* nidification, PICKWELL **930**; *A. r. richardi* in Kent, HARRISON **519**.

Malurus elegans Gould, question of status, SHEARD **1091**.

Motacilla a. alba autumn migration in Helsinki, KOSKIMIES **666**; *M. a. yarrellii* large flock in Surrey, WELLER **1298**; *M. flava flavissima* in Sussex in winter, BROWN **182**; "Injury-feigning," BUXTON **201**.

ALAUDIDAE

Alauda a. arvensis seasonal song fluctuations, CLARK **242**; *A. a. theresae* **subsp. n.** West Ireland, MEINERTZHAGEN Bull. Brit. orn. Cl. **67** p. 93.

Calandrella somalica megaensis **subsp. n.** southern Abyssinia, BENSON Bull. Brit. orn. Cl. **67** p. 26.

Heterocorys status, WHITE **1317**.

Lullula arborea note from Switzerland, WYSS **1354**; *L. a. arborea* nidification and song, VESEY-FITZGERALD **1270**.

Mirafra africanoides austin-robertsi **nom. n.** for *M. a. transvaalensis*, WHITE **1317**; *M. javanica* habits and song periods, BOURKE **155**; *M. rufocinnamomea lwenarum* **subsp. n.** Zambesi R., Northern Rhodesia, WHITE Bull. B.O.C. **66** p. 15.

Otocoris alpestris distribution of races of western North America, BEHLE **82**; *O. a. leucansiptila* distribution in Arizona, VAN ROSSEM **1252**; *O. a. praticola* increase on Long Island, New York, MCKEEVER **752**.

Pseudalaemon fremantlii megaensis **subsp. n.** southern Abyssinia, BENSON Bull. Brit. orn. Cl. **67** p. 25.

FRINGILLIDAE

Scientific and English names of the Geospizinae, LACK **680**.

Aeremon schlegeli fratruelis **subsp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 13.

Aimophila b. botterii in Arizona, MONSON **828**; *A. ruficeps sanctorum* **subsp. n.** Baja California, VAN ROSSEM Proc. biol. Soc. Washington **60** p. 55.

Atlapetes personatus paraquensis **subsp. n.** Venezuela, PHELPS Bol. Soc. Venez. Cienc. nat. **10** p. 237.—*A. rufigenis forbesi* **subsp. n.** South Peru, MORRISON Bull. Brit. orn. Cl. **67** p. 88; *A. semirufus zimmeri* **subsp. n.** Colombia, DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **99** p. 123.

Callacanthis burtoni note on nesting, WATERS **1292**.

Carduelis genus to include *Acanthis* and *Spinus*, ANON. **2**; *C. f. flammea* photos, SOUTHERN & CHISLETT **1127**; *C. f. flavirostris* first record in Yugo-Slavia, KRONEISL **671**.

Carpodacus note on species in western Washington, SLIPP **1107**; *C. mexicanus frontalis* extension of range, BROOKS **175**; *C. purpureus taverni* Alberta, Canada, **subsp. n.** RAND Canad. Field-Nat. **60** p. 95.

Chloris chloris sexual cycle controlled by experiment, DAMSTÉ **283**; Early breeding in Finland, RAUHALA **980**; *C. c. turkestanicus* in Ireland, new to British list, MEINERTZHAGEN **798**.

Coccothraustes c. coccothraustes nidification in Appenines, CARLO **216**; Plumage change with age, MAYAUD **784**.

Emberiza calandra clanceyi **subsp. n.** west Ireland, MEINERTZHAGEN Bull. Brit. orn. Cl. **67** p. 91; *E. cirlus* biology in France, MAYAUD **784**; *E. c. cirlus* territorial habits, BENEDEN **89**; Territory, GAIT **412**; *E. c. citrinella* display, CAWKWELL **222**; Song variants, HUXLEY **595**; *E. pusilla* note from Switzerland, NOLL **863**; In East Sussex, WILKINSON **1324**; *E. rustica* in Sussex, ROMER **1010**; *E. schoeniclus intermedia* first record in Hungary, KLEINER **652**.

Fringilla coelebs breeding habits, BARRETT **71**; Definition of races, HARRISON **523**; Daily movements in early spring in Finland, KLOCKARS **655**; *F. c. coelebs* autumn migration, HAARTMAN **495**; Metabolism of moult, KOCH & BONT **661**; 29 years old, MOLTONI **825**; *F. c. iberiae*, Portugal, *F. c. syriaca*, Syria and *F. c. cypriotis*, Cyprus, **subspp. n.** HARRISON Bull. B.O.C. **66** pp. 4–7; *F. c. solomkoi* in Ireland, new to British list, MEINERTZHAGEN **798**.

Geospizinae, biology and classification, LACK **681**.

Hesperiphona vespertina and *Carpodacus purpureus* in Baltimore, BRACKBILL **163**; *H. vespertina* nesting note, HOPE **576**; In New Brunswick, ROSS **1015**; *H. v. vespertina* bird ringing results at Hartford, Connecticut, PARKS **896**.

Junco analysis of races and species, MILLER **805**; *J. oreganus shufeldti* nesting 20 feet above ground, GRIFFEE **475**.

Loxia c. curvirostra, courtship-feeding and photos, HOSKING & NETHERSOLE-THOMPSON **577**.

Melospiza melodia note on races, TWOMEY **1243**.

Passerculus guttatus a correction, VAN ROSSEM **1252**; *P. sandwichensis* study of races in northwestern Mexico; *P. s. magdalenae* **subsp. n.** Lower California, VAN ROSSEM Condor **49** p. 102.

Pheucticus melanocephalus breeding behaviour, WESTON **1304**; *P. m. maculatus* nest stealing, STONER **1157**.

Pinicola e. enucleator biology, GRENQUIST **473**.

Plectrophenax nivalis in the Faroe Islands, SALOMONSEN **1038**; *P. n. pallidior* **subsp. n.** Arctic Siberia, SALOMONSEN Dansk. orn. Foren. Tidsskr. **41** p. 136.

Pyrrhula pyrrhula europaea study of the moult, MAYAUD **786**; Age distinctions in plumage, MAYAUD **787**; *P. p. wardlawi* **subsp. n.** Scotland, CLANCEY Bull. Brit. orn. Cl. **67** p. 76.

Richmondia cardinalis fledglings fed by *Pipilo fuscus*, ANTEVS **39**; Races in Central Baja California, VAN ROSSEM **1252**.

Richmondena cardinalis behaviour at mirror, SUTTON **1181**.

Serinus canarius serinus on Skomer I., Pembrokeshire, BUXTON **201**.

Spinus pinus vagans **subsp. n.** Idaho, ALDRICH Proc. biol. Soc. Washington **59** p. 133 ; *S. tristis* variations in colour of shoulders of male, GROSKIN **480** ; *S. t. salicamans* extension of range, BROOKS **175**.

Spizella arborea eight years old, ROOT **1013** ; *S. pallida* in British Columbia, PITELKA **938**.

Xenospiza baileyi sierrae **subsp. n.** La Cima, Mexico, PITELKA Condor **49** p. 199.

Zonotrichia albicollis bird ringing return, SHREVE **1093** ; *Z. leucophrys* study of environment and annual cycle, BLANCHARD **122**.

COEREBIDAE

Coereba flaveola frailensis **subsp. n.** Venezuela, PHELPS Bol. Soc. venez. Sci. nat. **10** p. 158.

Cyanerpes nitidus caquetae **subsp. n.** Colombia, DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **99** p. 118.

Diglossa major chimantae **subsp. n.** Venezuela, PHELPS Proc. biol. Soc. Washington **60** p. 160.

THRAUPIDAE
(*olim* TANAGRIDAE)

Chlorornis riefferii diluta, Peru, and *C. r. celata*, Peru, **subspp. n.** ZIMMER Amer. Mus. Nov. No. 1367 pp. 20–21.

Chlorospingus ophthalmicus macarenae, Eastern Colombia, *C. parvirostris medianus*, Peru, and *C. canigularis paulus* Ecuador, **subspp. n.** ZIMMER Amer. Mus. Nov. no. 1367 pp. 4–11.

Dubusia carrikeri **sp. n.** Colombia, WETMORE Smithson. misc. Coll. **106** 16 p. 11.

Hemispingus superciliaris maculifrons Ecuador, *H. s. insignis* Peru, and *H. s. urubambae* Peru, **subspp. n.** ZIMMER Amer. Mus. Nov. No. 1367 pp. 13–15.

Hemithraupis guira amazonica, Brazil, and *H. g. boliviana* Bolivia, **subspp. n.** ZIMMER Amer. Mus. Nov. no. 1345 pp. 9–10 ; *H. ruficapilla bahiae* Brazil, and *H. flavicollis sororia*, Northern Peru, ZIMMER Amer. Mus. Nov. no. 1345 pp. 13–15.

Nemosia pileata interna, lower Rio Negro, Brazil, and *N. p. surinamensis* Surinam, **subspp. n.** ZIMMER Amer. Mus. Nov. no. 1345 pp. 4–5.

Piranga leucoptera venezuelae **subsp. n.** Venezuela, ZIMMER Amer. Mus. Nov. no. 1345 p. 21 ; *P. ludoviciana* winter record at San Diego, California, CROUCH **279**.

Schistochlamys melanopis amazonica **subsp. n.** Lower Amazon, ZIMMER Amer. Mus. Nov. no. 1367 p. 24.

Tangara arthus palmitae **subsp. n.** Colombia, DE SCHAUENSEE Proc. Acad. nat. Sci. Philad. **99** p. 119 ; *T. chilensis* colour varieties, BOURLIÈRE **158** ; *T. gouldi* (Sclater) is a hybrid, BOND **138**.

PLOCEIDAE

Philetairinae, *Euplectinae*, *Amblyospizinae* and *Anomalospizinae* **new subfamilies**, ROBERTS Ostrich **18** pp. 75–77.

Amblyospiza albifrons observations at nest, see WILLIAMS **1327**.

Anomalospiza imberbis mukandakundae **subsp. n.** Kaonde-Lunda, WHITE Ibis **88** p. 219.

Bensonhyphantes **subgen. n.** genotype *Symplectes oliveiceps* Reichenow, ROBERTS Ostrich **18** p. 82.

Eremiphantes **subgen. n.** genotype *Plocenstrothae* Reichenow, ROBERTS Ostrich **18** p. 78.

Eremiplectes **subgen. n.** genotype *Cinnamopterix trothae* Reichenow, ROBERTS Ostrich **18** p. 74.

Euplectes zavattarii **sp. n.** Abyssinia, MOLTONI **822**.

Hyphantornis capensis olivaceus breeding biology, SKEAD **1098**.

Melanoploceus **gen. n.** (genotype *Hyphantornis tricolor* Hartlaub), MACKWORTH-PRAED & GRANT **754**.

Oriolinops **gen. n.** genotype *Hyphantornis xanthops* Hartlaub, ROBERTS Ostrich **18** p. 73.

Ortygospiza atricollis minuscula **subsp. n.** Kaonde-Lunda, WHITE Ibis **88** p. 218.

Passer domesticus display, BEVEN **114** ; Variations in plumage, CALHOUN **206** ; Role of temperature in relation to size in U.S.A., CALHOUN **207** ; At

Oak Ridge, Tennessee, DUNBAR **332**; Habits and nidification, GILLES & PRECHTL **432**; *P. d. soror* **subsp. n.** Ceylon, RIPLEY Spolia zeylanica **24** p. 241; *P. griseus* races, p. 57, GRANT & MACKWORTH-PRAED **467**.

Phormoplectes insignis altitudinal variation, MACDONALD **744**.

Pirinestes spp. relationships, MACKWORTH-PRAED & GRANT **755**.

Ploceella hypoxantha hymenaica **subsp. n.** Siam, DEIGNAN Auk **64** p. 305.

Sitagra nigriceps nesting habits, BENSON **99**.

Sitagroides **gen. n.** genotype *Sitagra aliena* Sharpe, ROBERTS Ostrich **18** p. 81.

Urolonchа striata squamicollis notes on food [in Chinese], LI & PAN **720**.

Xanthoploceus **gen. n.** (genotype *Hyphantornis bertrandi* Shelley), MACKWORTH-PRAED & GRANT **754**.

ICTERIDAE

Agelaius phoeniceus territorial habits, MAYR **791**; Water-surface feeding, RICHARDSON **986**.

Cassidix mexicanus nesting in New Mexico, COMPTON **253**.

Dolichonyx oryzivorus on Gulf of Mexico, DUFRESNE **330**.

Euphagus cyanocephalus breeding in Ontario, ALLIN **30**.

Icterus b. bullocki in Arkansas, LINCOLN **721**; *I. galbula* adopted by the Legislature as Maryland's state bird, ANON. **16**; *I. v. virens* first winter record in South Carolina, SPRUNT **1140**.

Molothrus ater reared by *Empidonax virescens*, BRANDT **165**; Observations at Preston Frith, Pennsylvania, NORRIS **869**; *M. b. bonariensis* general habits and biology, VALENZUELA **1248**.

†*Pandanaris* **gen. n.** and *P. convexa* **sp. n.** Pleistocene, California, MILLER Condor **49** p. 22.

Quiscalus quiscalus note on predation in New York, POOR **948**.

Xanthocephalus xanthocephalus some insect foods, KNOWLTON **657**; Nesting note from Kansas, SETZER & MONTELL **1083**.

STURNIDAE

Starlings and Mynas of Bengal, Inglis **598**.

Acridotheres tristis melanosternus nesting holes, SOMANADER **1123**.

Aethiopsar f. fuscus general description and figure, INGLIS **598**.

Pastor roseus movements in India, ABDULALI **19**.

Sturnus vulgaris catching insects on the wing, CAYOUETTE **223**; Psychology, DEVOE **311**; In state of Washington, LARRISON **696**; Systematic position of races in Bulgaria, PATEFF **898**; in southern California, STAGER **1142**; *S. v. faroensis* biology field-notes, WILLIAMSON **1332**.

EULABETIDAE

Aplonis metallica and *A. cantoroides* breeding note, SMITH **1110**.

Stilbopsar kenricki bensoni **subsp. n.** Mount Kenya, VAN SOMEREN Bull. B.O.C. **66** p. 11.

ORIOLIDAE

Oriolus chlorocephalus amani **subsp. n.** Tanganyika Territory, BENSON Bull. Brit. orn. Cl. **67** p. 26; *O. o. oriolus* plumage and moult, MAYAUD **790**.

DICRURIDAE

Dicrurus hottentottus samarensis and *D. balicassius abraensis* **subspp. n.** Philippines, VAURIE Amer. Mus. Nov. no. 1335 pp. 1–3; *D. modestus coracinus* pterylography, McDOWELL **747**.

PTILONORHYNCHIDAE

Sericulus chrysocephalus bower painting, GODDARD **450**.

CORVIDAE

Life histories of North American species, BENT **102**; Depredations by Jays and Magpies, DAY **291**.

Coloeus monedula spermologus exceptional migration in Lombardy, SEVESI **1085**.

Coracia the genus for the Chough, ANON. **2**.

Corvinella corvina races, p. 62, GRANT & MACKWORTH-PRAED **467**.

Corvus systematic revision of the genus, DORST **324**; *C. corax* quarrelsomeness, HARRISON **521**; *C. c. corax* large Welsh roost, CADMAN **204**; *C. cornix* breeding in Texel, DONIA **319**; *C. c. corone* "anting," CONDRY **255**; *C. frugilegus* rookeries in London area, ASHBY **46**; Intelligence, CROSS **278**; Rookeries in Belgium, DUPOND **333**; Abnormal colour, FORDHAM **395**; Eating cherries, GUNSTON **491**; Observations at a rookery, OGILVIE **875**; Feeding on mussels, PRIESTLEY **962**; General habits, LITTLEBOY **723**; Age alterations in infestation by endoparasites, ZEKNOV **1368**; *C. monedula* observations in Shetland Is., VENABLES **1265**; Remarks on races, WAGSTAFFE & WILLIAMSON **1284**.

Garrulus glandarius malformation of feathers, MAYAUD **788**; *G. g. glandarius* in Yorkshire, WAGSTAFFE & OTHERS **1286**; *G. g. rufitergum* taking a slow-worm, JENNER **608**.

Periscoreus canadensis griseus nine years old, FARNER **370**.

Pica nuttallii reaction to poison, WIGGINS **1322**; *P. pica hudsonia* observations at nest, EVENDEN **363**; *P. p. servica* economic value as destroyer of hairy caterpillars, WILDER **1323**.

Pyrrhocorax p. pyrrhocorax observations in Wales, WHITTAKER **1319**.

Nucifraga caryocatactes migrations across France since 1753, MAYAUD **789**; *N. c. macrorhynchos* observations on race in Siberia, GROTE **485**.

Struthidea cinerea associated with native pine, BINNS **117**.

Xanthoura yucas colour of eye, SUTTON **1182**.

artists, C. R. KNIGHT **690**; Farm animals, breeding, feeding, management, SCHMIDT and others **1078**; Domestication, THEVENIN **1217**; Technique of domestic animal dissection, BOURDELLE and others **166**; Gestation periods, KENNETH **679**; Pre-natal life, BARCROFT **98**; Game and hunting, GHIGI **478**; Natural history and hunting of European game, VETTERLI **1279**; Bats and their parasites, RYBERG **1044**; The puma, YOUNG and GOLDMAN **1361**; Book of bears, VOLMAR **1297**; The African Elephant, JEANNIN **651**; Camel and its diseases, CURASSON **314**; The European Red Deer, CASTELLI **249**; Japanese whaling, OMURA and others, **918**; Fur (Revised ed.), BACHRACH **84**; Review of Tertiary mammals, GOMEZ-LLUECA **506**; Fossil man, 3rd ed., BOULE **165**.

Faunal Works.—Key to Indian Rodents, ELLERMAN **395**; Mammals of Eastern Asia, TATE **1201**; History of Japanese mammals, fossil and recent, NAORA **893**; Japanese marine mammals, MATSUURA **842**; Summary of mammalian palaeontology of Japan, NAORA **892**; Mammals of S. Africa, STEVENSON-HAMILTON **1168**; N. American mammals, CAHALANE **230**; Catalogue of Canadian mammals, R. M. ANDERSON **47**; Mammals of Yukon, RAND **998**; Alaskan mammals, DUFRESNE **379**; Mammals of California, INGLES **637**; Mammals of Australia, Revised (3rd) ed. 1946, TROUGHTON 1238.

History.—Menabenus and his "Tractatus de magno animali" (1581), LINDROTH **786**; Apes in antiquity, MONTAGU **874**; The Wolf in N. American history, YOUNG **1358**; Stone Age seal hunting in N.W. Europe, J. G. D. CLARK **282**; Walrus in zoological history, BRINCK **185**; Short historical review of modern whaling, ANON. **22**; Burchell's rhinoceros drawings, CAVE **251**; African elephant in early warfare, GOWERS **513**.

Obituaries.—H. H. Brimley, ANON. **23**; F. N. Chasen, TWEEDIE **1249**; Sir Clive Forster-Cooper, WATSON **1310**; Sir David Ezra, LAW **762**; E. A. Goldman, TAYLOR **1208**; E. A. Goldman, YOUNG **1359**; E. A. Goldman, YOUNG **1360**; C. W. Hobley, G. F. H. SMITH **1145**; T. R. Hubback, POCOCK **974**; R. I. Pocock, HINDLE **592**; R. I. Pocock, KINNEAR **684**; W. E. Saunders, CROSS **310**; G. Willett, STAGER **1159**.

Biographies.—E. A. Goldman, JACKSON **644**; E. Heller, GRINNELL **523**; S. I. Ognev, STROGANOV **1186**.

Bibliography.—G. M. Allen, LAWRENCE **764**; F. N. Chasen, TWEEDIE **1249**; E. A. Goldman, YOUNG **1360**; E. Heller, GRINNELL **523**; Indian mammals by R. I. Pocock, KINNEAR **684**; Principal references to N. American mammals, CAHALANE **230**; Micronesian mammal literature, UTINOMI **1258**; Japanese mammalogy 1868–1940, KURODA **742**; Bibliography of Triassic mammal literature, HUENE **626**.

Taxonomy.—Miscellaneous taxonomic notes, STRAND **1183, 1184, 1185**; Notes on some genera of Brisson, 1762, HOPWOOD **620**; Status of pre-binomial specific name, published prior to 1758, in relation to generic name published prior to 1930, OPINION 16, **1**; 1946 international convention annex nomenclature of whales, ANON. **7**; Invalid and indeterminate "*Bison*" names, p. 240, SKINNER and KAISEN **1136**; The type of the genus *Chinchilla*, OSGOOD **922**.

Museums and Collections.—Catalogue of types and figured specimens in Geological Dept. of Yorkshire Museum, MELMORE **857**; Types in Chicago Nat. Hist. Museum, SANBORN **1058**; Catalogue of fossil types in University of Michigan, E. C. CASE **246**; Duke of Orleans museum guide, RODE **1024**; Skinning and preserving methods, ANDERSON **46**; Preparation and preservation of bacula, FRILEY **462**; Skull cleaning by dermestids, W. C. RUSSELL **1042**; Acarian infestation of dermestids used for skull cleaning, DOETSCHMAN **366**.

Zoological Gardens.—Diets for zoo animals, ANGHI **52**; Sea lion enclosure Leipzig, K. M. SCHNEIDER **1090**; History of Giraffes in Schonbrunn Zoo, ANTONIUS **64**; Khartoum Zoo, FORBES **432**.

Vernacular Names.—Faroese mammals, RYGGI **1046**; Hainan mammals, HACHISUKA **539**; Vernacular names for some Tanganyika mammals, SWYNNERTON **1188**.

STRUCTURE.

General.—Textbook of dissection of domestic animals, BOURDELLE and others **166**; Functional anatomy, LEACH **766**; Comparative anatomy of vertebrates, IHLE **636**; Atlas of cat anatomy, HORSBURGH and HEATH **624**; Animal anatomy for artists, C. R. KNIGHT **690**; *Mus* general anatomy, TEAL **1209**; Mammalian toilet adaptations, WOOD JONES **1339**; External characters of *Ailuropus*, K. M. SCHNEIDER **1086**; Externals of *Manatus* embryo, MATTHES **844**; Morphology of camels and elephants, ICHIKAWA **635**; Appendix and its evolution, GLUCKMANN **497**; Affinity in appendix structure between *Hylobates* and man, GLUCKMANN **496**; Appendix of *Oryctolagus*, GULINO **534**.

Integumentary and Epidermal Structures.—Scales and plates, BASTIN **106**; Skin structure in *Equus zebra*, MANACAS **827**; Hair follicles in *Ovis* dom., CARTER and HARDY **245**; Hair follicles in marsupials, H. H. HARDY **555**; Fibrous tissues in skin, economic importance in tanning, DEMPSEY and GANOD **351**; Hair whorl in *Bubalus*, ALBRICH **34**; Metabolic products of mammalian hair, BOLLIGER and McDONALD **151**; Papillae of embryonic *Sus*, PUJIULA **992**; Mammal identification from hair structure, OYER **928**.

Osteology; General.—Thoracic transpedicular foramina in Lorisidae, HILL **588**; Forelimb skeletal adaptations of large Felidae, HOPWOOD **618**; Feet of polydactyl cats, DANFORTH **322**; Intercarotid bone in *Equus*, ARGAUD and BOISSEZON **72**; Artiodactyl tarsus, SCHAEFFER **1064**; Penis bone of Mustelidae, DIDIER **358**; Bacula in *Pteropus*, D. D. DAVIS **328**; Bacula preservation, FRILEY **462**; Os phallus of *Procyon lotor* used as tool, JAEGER **647**; Number of vertebrae in primates, SCHULTZ and STRAUS **1101**; Malleus of anthropoids, SEGALL **1107**; Vertebral column of recent and fossil *Hyaena*, KERNERKNECHT and EHRENBERG **680**; Limb skeleton of recent and fossil *Hyaena*, KERNERKNECHT **681**.

Osteology; Skull of Recent Forms.—Interior of skull in lion, leopard and cheetah, HOPWOOD **619**; Petrosal bone variations in higher primates, CARETTE-PILLOT **239**; Skull form modified by temporal muscle, WASHBURN **1309**; A new craniometer, LAMBERTON **749**.

Osteology; Skull of Fossil Forms.—Sphenoid and orbit in †*Plesianthropus*, BROOM and Robinson **196**; Skull and skeleton of Australopithecinae, LE GROS CLARK **773**.

Osteology and Dentition of Fossil Forms.—Metapodial lengths in †*Smilodon*, MENARD **858**; Metapodials of †*Canis* (*Aenocyon*), NIGRA and LANCE **905**; Upper milk molars of †*Plesianthropus transvaalensis*, BROOM **194**. Hypsodonty in fossil Equidae, STIRTON **1171**.

Dentition; General and Recent Forms.—Morphology of Primate teeth, FRECHKOP **445**; Dentition of primates, STESLICKA **1166**; Primary dentition in man, primitive features, H. G. JONES **659**; Molar structure and identification in *Loxodonta*, MORRISON-SCOTT **882**; Prelacteal incisors in *Macropus*, TATE **1203**; Specialization in 1st lower premolar and its diastema, GALLI **472**; Dental anomalies in *Lepus europaeus*, CHRISTIANSEN **277**.

Myology.—*M. masseterico-temporalis* in marsupials, ZLABEK **1368, 1369**; Inguinal musculature of primates, MILLER **862**; Caudal musculature in *Ateles*, CHANG and RUCH **262**; Development of ocular muscles in cat, GILBERT **484**; Teres minor muscle in *Canis*, PAIVA **931**; Cheek muscles in *Oryctolagus* **855**; Buccinator muscle in Bovidae, CHOMIAK **273**.

Heart and Circulation.—Coiled arterioles in endometrium of primates, KAISER **664**; Cardiovascular system in *Nycticebus*, DAVIS **326**; Circulation in bat wing, MISLIN and KAUFMANN **866**; Blood vessels of pituitary of rabbit, G. W. HARRIS **559**; Variations in postrenal vena cava of *Felis* and *Rattus*, ABELL **26**; Venous valves in *Giraffa*, *Okapia* and *Camelus*, AMOROSO and others **41**.

Haematology.—Serological kinship of *Okapia* and *Giraffa*, BERGHE and BONÉ **135**; Blood groups in *Rattus norvegicus*, BURHOE **212**; Character of blood in *Rattus*, ROSA **1029**; Blood cell counts for *Cricetus*, ROSE and others **1030**; Haematology of Cercopithecinae, GRIGOROVA and NESTURKH **522**.

Nervous system: General.—Spinal cord system of *Ateles*, CHANG and RUCH

260; Spinothalamic fibres in *Ateles*, CHANG and RUCH **261**; Spinal cord and nerves of *Ateles*, CHANG and RUCH **262**; Submicroscopic structure of nerve fibre, OLIVECRONA and others **916**; Submicroscopic structure of nerve fibre, LOFSTROM and OLIVECRONA **794**; Spinal motor cells, ELLIOTT **398**; Primary optic centres in rat, NAUTA and VAN STRAATEN **891**; Origin of preganglionic fibres of cervical sympathetic ganglia, MORIN **880**; Rudimentary nerve cells in suprarenal of cat and rat, DENBER **352**; Nerves of zone X of suprarenal cortex, DENBER **353**; Innervation of adrenal medulla in rat, HILLARP **591**; Afferent fibres in cat facial nerve, BRUESCH **207**; Muzzle of *Galemys*, ARGAUD **71**; Peripheral nerve endings of auditory organs in new born *Mus*, GRATZL **516**; Motor end plates and nerve endings of tactile hairs, in new-born *Mus*, GRATZL-CZERMAK **519**; Peripheral nerve endings in new-born *Mus*, technique, GRATZL and GRATZL-CZERMAK **518**.

Nervous system: Brain.—Brain in mammals, review, GRATZL **517**; Embryo brain structure, KRABBE **708, 709, 710**; Brain structure evolution, WILKINSON **1328**; Form and variations of the dura mater, HOCHSTETTER **599**; Telencephalon of *Blarina*, CROSBY and HUMPHREY **309**; Primate frontal cerebral extracortical connections, METTLER **860**; External morphology of brain in Platyrrhine monkeys, ANTHONY **60**; Lateral geniculate complex in *Cebus*, HARMAN and SOLNITZKY **556**; Neocortex of *Hapale*, PEDEN and BONIN **951**; Atlas of brain-stem sections of *Macaca*, MONNIER and SANDER **872**; Medulla oblongata in foetal *Gorilla*, FRANKENBERGER **438**; Foetal brain in *Hapalemur*, FRIANT **453**; Connections of cerebral cortex in rat, W. J. S. KRIEG **738**; Endocranial cast of *Perunium ursogulo* Orlov, ORLOV **920**; Pyramidal tract of *Manis*, CHANG **259**; Telencephalus of *Hippopotamus*, FRIANT **452**; Brain in elephant, ANTHONY **59**; Natural endocranial impression of †*Elephas primigenius*, KUBACSKA **740**; Brain of Suidae, FRIANT **455**; Brain of †*Coenotherium*, ANTHONY and FRIANT **63**.

Sense Organs.—Morphology of bat acoustic apparatus, STEFANELLI **1160**; Visual cells in *Cavia*, O'DAY **913**; Eye in *Idiurus*, CEI **252**; Eye in Cetacea, MANN **828**, ROCHON-DUVIGNEAUD **1018**.

Alimentary System. — Stomach of *Orycteropus*, ALLISON **39**; Gross and histological structure in *Myotis lucifugus*, CHURCHILL **278**; Kultschitzky cells, MORRA and CORNARA **881**.

Reproductive System.—Accessory reproductive glands in *Parascalops*, EADIE **387**; Female reproductive tract in *Dendrolagus*, MATTHEWS **846**; External genitalia in *Gorilla*, GOSS **512**; Placenta of *Dendrohyrax* as systematic character, FRECHKOP **446**.

Endocrine Glands.—Hypophysis in *Elephas* and *Felis tigris*, HANSTROM **551**; in *Thalarctos* and Mustelidae, HANSTROM **552**; Hypophysial portal vessels in *Phocaena*, G. W. HARRIS **558**; Accessory reproductive glands in *Sorex* and *Blarina*, EADIE **388**; Pharyngeal duct in mouse, GORBMANN **509**.

Other Glands.—Prostate of *Herpestes edwardsii*, SIDDIQUI **1126**; Organ of Chievitz in Chiroptera, MASSART **837**; Sweat glands of *Rattus*, RING and RANDALL **1011**; Sebaceous glands of rat, MONTAGNA and NOBACK **873**; Nictitating gland in insectivores and rodents, CEI **253**; Development of dorsal gland in *Procavia*, BROMAN **189**; Phylogeny of mammary gland, FLORENTIN **425**; Mammary gland position in *Solenodon*, photo, J. J. ANGULO **54**; Variation in numbers of mammae in *Lepus brachyurus*, ABE **24**.

Teratology.—"Monsters" in domestic animals, HANSEN **548**; "Parrot-beak" in cattle, RANSTEAD **1001**; Abnormal head growths in *Sylvilagus*, ROWE **1035**; A 4-horned sheep, MARTINS D'ALTE **834**; Two-headed calf anatomy, GIER **482**; Hereditary hydrocephalus in *Mus*, BONNEVIE and BRODAL **158**; Placental fusion in mice and rat, J. G. CARR **243**; Persistent left superior vena cava in dog, STOLAND and LATIMER **1176**; Abnormalities in embryonic rat development, NICHOLAS **902**; New hereditary abnormalities in *Mus*, DUNN and GLUECKSOHN-SCHOENHEIMER **383**; Intercarotid bone in *Equus*, ARGAUD and BOISSEZON **72**; Abnormal atlas in *Pan troglodytes*, DEHAUT **344**; Paramastoid bone in *Cercopithecus*, DEHAUT **345**; Polydactyly in *Canis familiaris*, COSTA GUERREIRO **299**; Polydactyly in cats, DANFORTH **322**; Bilateral defect

of radius in *Mus*, GRUNEBERG **529**; Abnormal horns in *Capreolus*, TORNE **1230**; Cranial and dental abnormalities in Primates, GALLI **473**; Supernumerary premolars in *Felis* dom., VAN EATON **1266**; Dental anomalies in *Lepus*, CHRISTIANSEN **277**; Malocclusion in *Ondatra* incisors, WOODWARD **1341**; Excess teeth in *Rattus*, TOKORO **1225**; Abnormal crown structure in †*Anancus* molar, LOSS **797**.

Histology and Cytology.—Definition of cell types in testis, HOFFMAN **602**; Cellular structure in rabbit joint articulation, HOLMDAHL and INGELMARK **607**; Golgi elements of anterior pituitary in *Rattus*, C. L. FOSTER **436**; Sebaceous glands of rat, MONTAGNA and NOBACK **873**; Kultschitzky cells of alimentary canal, MORRA and CORNARA **881**; Duodenum of *Rattus*, GIER and WHITE **483**; Histogenesis of cornea, PASQUALINO **940**; Chromosomes of *Microtus nivalis*, MATTHEY **850**; of *Apodemus*, MATTHEY **851**; Histology of moderator band, TRUEX and COPENHAVER **1241**; Residual epithelial cells of pulmonary walls, MACKLIN **816**; Placenta of *Blarina* and *Sorex*, WISLOCKI and WIMSATT **1333**; "Cytogenetics" of black and white *Cavia* skin, BILLINGHAM and MEDAWAR **142**; Histological investigation of osteogenesis of antlers, WISLOCKI and others **1332**; Chemical cytology of mammary gland, DEMPSEY and others **350**; Influence of alloxan on cells of Islets of Langerhans, GROBETY **524**; Histogenesis of rat and mouse epidermis, HANSON **549**; Changes in uterine membranes after foetal death, PRITCHARD and HUGGETT **989**; Experimental production of goblet cells, MEIROWSKY and others **856**.

Laboratory Technique.—Microfluoroscopy and histospectography of *Cavia* ovary, BOMPIANI **152**; of *Cavia* suprarenal, LERMA and BOMPIANI **783**; Electron-microscopy of sperm, BRETSCHNEIDER and ITERSON **183**; Supravital staining of osteoclasts with neutral-red, BARNICOT **101**.

PHYSIOLOGY.

General.—Carriage of the head in relation to vestibular canal, GIRARD **489**; Relation of head posture to plane of lateral semicircular canals, DE BEER **337**.

Integument.—Growth and quality of animal skin, J. N. TURNER **1247**; Origin and development of hair in *Procavia* embryos, BROMAN **188**; Survival of skin in absence of oxygen, MEDAWAR **854**; Fleece humidity in sheep, CRAGG and DAVIES **307**; Epidermal thickness following oestrone injections in mouse, BULLOUGH **210**.

Nutrition and Metabolism.—Oxygen consumption of some small mammals, O. P. PEARSON **948**; Balanced diets for zoo animals, ANGHI **52**; Metabolism and role of thyroid, RERABEK **1005**; Water expenditure in cattle in tropics, RHOAD **1008**; Nutritional requirements of Cetacea, TOMILIN **1227**; Experimental feeding of *Dama*, SHAKHNAZAROV and OBUKHOVA **1117**; Respiratory metabolism in diving mammals, CHAPMAN **263**; Whale liver as source of vitamin A, LAGOVSKAIA **745**; Transference of vitamin D from female rat to young, EMBLETON and COLLINGS **400**; Vitamin B, effect on thyroid, RERABEK **1004**.

Heart, Circulation, and Blood.—Function of venous valves in *Giraffa*, *Okapia* and *Camelus*, AMOROSO and others **41**; Function of retia mirabila in *Nycticebus* and others, DAVIES **326**; Circulation in bat wings, CHAMPY and others **257**; Cinephotomicroscopy of blood circulation in cheek pouch of *Cricetus*, FULTON and JACKSON **463**; Cranial circulation in Primates, LAMBERTON **748**; Blood-pressure hormonal regulation, HASE **562**.

Respiration.—Lung contraction experiments on laboratory animals, UZHANSKY and STEIN **1259**; Respiration in diving mammals, CHAPMAN **263**; Deep diving respiration, HILL **586**; Pulmonal morphogenesis of embryonic rat and dog, HJORTSJO **598**.

Excretion.—Urinary behaviour in dogs affected by sex hormones, MARTINS and VALLE **835**; Protrusion of tubular epithelium in dogs, MAYER and OTTOLENGHI **852**.

Nervous System.—Regeneration of sensory nerve fibres in *Rattus*, GUTMANN and KUCEROVA **538**; Sensory fibres in hypoglossal nerve in dog, TARKHAN and ABOU-EL-NAGA **1200**; Prenatal medullation of sheep nervous system, ROMANES **1027**; Embryonic growth of brain, ABELOOS **30**; Func-

tions of frontal lobes in Primates, FULTON **464**; Function of pars nervosa of pituitary, O'CONNOR **912**.

Sense Organs.—Bat echolocation, GALAMBOS **471**; Bat echolocation, brief account, R. H. KNIGHT **691**; Echolocation in bats, function of nose-leaves and tragus, VESEY-FITZGERALD **1278**; Orientation in bats, DIJKGRAAF **363**; Orientation and sense organs in bats SALA **1053**; Vision in Cetacea, MANN **828**; Vision in Cetacea, ROCHON-DUVIGNEAUD **1018**; Visual perception development in chimpanzees, RIESEN **1010**; Optic field of hypothalamus, FREY **451**; Sense of smell in *Pan*, BLACKMAN **144**; Sense of smell in tigers, T. E. H. SMITH **1146**, WRENICKE **1342**; Sensitivity to supersonics of dolphins, FRASER **444**; Sensitivity of dog to siren, ROONWAL **1028**.

Muscles.—Post-natal development of muscle in rabbit, MEARA **853**; Growth of regenerating muscle fibres, LE GROS CLARK and WAJDA **775**; Act of mastication in Bovidae, CHOMIAK **273**; Relation of temporal muscle to skull form, WASHBURN **1309**.

Bone and Teeth.—Development of premaxilla in *Gorilla*, ANTHONY **62**; Function of sesamoid bones, BROEK **186**; Function of Artiodactyl tarsus, SCHAEFFER **1064**; Changes in pubic symphysis of *Cavia*, TALMAGE **1193**; Osteoclasts and growth mechanism of brain case, BARNICOT **101**; Proportional bone growth rate in *Miniopterus*, SHIMOIZUMI and others **1123**; Natural repair of fractured penis bone in †*Ursus spelaeus*, KOBY **695**; Bone repair experiments, STEINMAN **1164**; Osteogenesis of antlers, WISLOCKI and others **1332**; Abnormal incisor growth in *Ondatra*, WOODWARD **1341**.

Endocrinology.—Blood-pressure principle of pituitary anterior lobe, HASE **562**; Pituitary control of urine secretion, O'CONNOR **912**; Hypophysis changes after castration, BROLIN and LOFGREN **187**; Hypophysis of *Cavia*, DESCLAUX **356**; Controlling factors of thyroid gland, ARON and ARON **73**; Role of thyroid in metabolism of small rodents, RERABEK **1005**; Thyroid hormone, FLEISCHMANN **423**; Secretion in dog parathyroid, BENSLEY **129**; Function of thymus, ANDREASEN **49**; Age changes in adrenals, DRIBBEN and WOLFE **378**; Action of oestrogens, a survey, ARVY **74**; Effect of oestrone on epidermal thickness in mouse, BULLOUGH **210**; Gonadotropic hormones effect on *Talpa* ovary, GODET **500**; Effect of hormones on development of reproductive system in *Cricetus*, ORTIZ **921**; Effect of hormones on development of reproductive tract, PRICE **984**; Hormonic effects on sex differentiation, M. R. WHITE **1320**; Effect of sex hormones on pubic symphysis of *Cavia*, TALMAGE **1193**; Endocrine activity of *Erinaceus* in relation to seasonal activity, SKOWRON and ZAJACZEK **1141**; Effect of hormones on endocrine glands of *Erinaceus*, ZAJACZEK and KAMINSKI **1364**; Effect of hormones on dog urinary behaviour, MARTINS and VALLE **835**; Hormone effect on aggressive behaviour in mice, BEEMAN **120**; Accessory male glands induced in female monkey, DANTCHAKOFF **323**; Effect of maternal hormones in rat milk on growth of male reproductive organs, PRICE **985**.

Other Glands.—Musk, civet and other scents, J. E. HARRIS **560**; Stimulation of sweat glands in *Rattus*, RING and RANDALL **1011**; Lactation study in *Mus*, FALCONER **410**; Lactation and nutrition in Cetacea, TOMILIN **1227**.

Lymph and its organs.—Hemolymph nodes in *Rattus*, ANDREASEN and GOTTLIEB **50**; Lymph node regeneration, FURUTA **467**.

Growth, Weight and Mensuration.—Growth curves, BUNAK **211**; Relative growth of limbs and tail in monkeys, LUMER and SCHULTZ **800**; Factors in growth of reproductive tract, PRICE **984**; Antler growth in *Cervus elaphus*, DAY **332**; Growth of antlers, VESEY-FITZGERALD **1275**; Antler growth experiments, WISLOCKI and others **1331**; Weather effects on growth of antlers, BEDFORD **117**; Record horns of *Capricornis*, VAN INGEN and VAN INGEN **1268**; Relative growth of bones of face in ruminants, ABELOOS **27**; Growth of *Lepus californicus*, HASKELL and REYNOLDS **563**; New born young of *Eutamias*, BOOTH **160**; Development of *Thalarctos* cub, DUNCAN **382**; Comparative growth rates in *Cavia* and *Oryctolagus*, ABELOOS **28**; Post-natal growth in *Felis dom.*, ABELOOS **29**; Growth of young *Erethizon*, TRYON **1244**; Young *Thalarctos*, OUWEHAND AZN **925**; Growth and weight ratios in

Papio, YAKIMOV **1346**; Height and weight of captive *Gorilla*, ANON. **16**; Height of *Elephas maximus*, SHEBBEARE **1119**, STRACEY **1181**; Large Rhodesian elephant tusks, FLEMING **424**; Record elephant tusks, FORAN **429**; Weights of some Australian mammals, FINLAYSON **418**; Weights of *Ondatra*, J. M. ANDERSON **45**; Weights of *Bos* (*Bison*) *gaurus*, MORRIS **884**; Weights and measurements of Maine Soricidae, R. S. PALMER **935**; Weights in Cetacea, KHARKOF **683**; Organ weight correlation with body weight and length in cat, LATIMER **759**; Organ weights in *Lepus europaeus*, FREUND **450**; Organ-body weight ratios for liver etc. of *Rattus*, WEBSTER and others **1314**; Genitalia–body weight ratio in *Talpa*, BALLI **91**; Determination of sheep age by teeth, TAGLE and HELMAN **1189**; Measurement of variability of fossil teeth, SIMPSON **1133**; Craniometry of *Gorilla*, ALLODIATORIS **40**.

Longevity.—Table of longevity in mammals, ANON. **13**; Longevity of small mammals, BOURLIÈRE **169**; Minimum and maximum longevity, BOURLIÈRE **168**; Age limits in *Myotis myotis*, EISENTRAUT **394**; Effects of senescence in rat, BOURLIÈRE **170**.

Biochemistry.—Biochemistry of Cetacea, KHARKOF **683**; Biochemistry of *Oryctolagus* hair, BOLLIGER and McDONALD **151**; Phosphoarginine in spermatozoa, WAJZER and BROCHART **1302**; Phosphatases in placentas, DEMPSEY and WISLOCKI **349**; Alkaline phosphatase in rat uterus, PRITCHARD **988**; Alkaline glycerophosphatase in developing rat teeth, MORSE and GREEP **885**; Alkaline phosphatase in bones, LORCH **796**; Histochemical reactions for ketosteroids, CLAESSON and HILLARP **280**; Calcium content of mammal blood, PASQUIER **941**; Ascorbic acid content of whale milk, BEGG **121**; Chemical cytology of mammary gland, DEMPSEY and others **350**; Blood chemistry in *Cricetus*, ROSE and others **1030**; Blood of *Rattus*, ROSA **1029**; Fatty acids in alimentary tract of *Canis*, PHILLIPSON **967**; Copper content of sheep blood, E. I. McDOUGALL **808**; Copper, iron and lead of sheep livers, E. I. McDOUGALL **809**; Nature of pigment in hepatic cell of *Cavia*, BENSLEY **128**.

Locomotion.—Speed in animals, M. BURTON **217**; Length of leap in *Macropus*, SERVENTY **1112**; Gait in *Panthera*, K. M. SCHNEIDER **1088**; Mechanics of swimming in Phocidae, TAMINO **1194**; Changes in gallop in horse revealed by films, CHIEFFI **272**; Gliding of *Glaucomys volans*, first action photos, E. P. WALKER **1303**.

Hibernation.—Body temperatures of hibernating *Muscardinus*, KLAAS **687**; Body temperature in hibernation in *Glirulus japonicus*, SHIMOIZUMI **1122**; Hibernation in some U.S.A. bats, BENSON **131**.

Albinism, Melanism.—Albinism in *Cynomys*, TATE **1202**; In *Anoa*, WENDNAGEL **1319**; In *Lepus europaeus* in Wiltshire, R. G. COOKE **296**; In *Lepus europaeus pyrenaicus*, ASTRE **75**; In *Pipistrellus*, GOSLIN **511**; In *Blarina*, CHRISTIAN **276**; Albinism percentage in *Canis latrans*, D. D. GREEN **520**; Melanism in *Galago* in Kenya, WEBB **1311**; In *Genetta*, WEBB **1312**; In *Sciurus carolinensis* in Minnesota, BRECKENRIDGE **182**; In *Mellivora capensis cottoni*, RODE **1022**; Status of melanism in *Rattus norvegicus* in France, RODE **1020**; Melanistic Felidae of Congo, SCHOUTEDEN **1096**.

Voice.—Vocal sounds of *Delphinus*, FRASER **444**; Vocal sounds of *Delphinus*, KULLENBERG **741**; In *Giraffa*, MABERLEY **803**; 'Death cry' of tiger, BOSWELL **164**.

Experimental Studies.—Effects of increased light on breeding season of sheep, YEATES **1349**; Effect of X-rays on rabbit spermatozoa and embryonic development, AMOROSO and PARKES **42**; Effect of amphetamine on social behaviour of mice, CHANCE **258**; Castration and hormonal injection effects on antler growth, WISLOCKI and others **1331**; Artificially lengthened daylight effect on moult in silver fox, BASSETT **105**; Vascular changes in bat wings, COWLES **305**; Thermoregulation in Cetacea, TOMILIN **1228**; Body temperatures in *Sylvilagus*, PETRIDES **960**; Diet and body temperatures in sheep, CLARK and QUIN **284**; Albino rat behavior due to modification of brain and endocrine glands, KEELER **673**; Growth after decapitation in embryonic rabbits, JOST **662**.

Pathology.—Pathology of Swiss mammals in 1946, BOUVIER **172**; Causes of mortality at Vincennes Zoo, 1946, URBAIN and others **1257**; Hydrophobia symptoms and history, WOODSON **1340**; Diseases of *Ondatra*, ERRINGTON **407**; Pathology of *Camelus*, CURASSON **314**; Tuberculosis of voles and shrews, WELLS **1318**; Rats as carriers of scrub-typhus bearing chiggers in New Guinea and Philippines, C. O. MOHR **867**; Mexican mammals susceptible to murine typhus, VARELA and MAZZOTI **1270**; Sylvatic plague in wild rodents of America, HOEKENGA **601**; Rodents in relation to bubonic plague in Manchuria, TANIMOTO **1199**; *Citellus* as disease carrier, BROWN and ROY **205**; Immunity to yellow fever of Uganda Primates, HADDOW and others **540**; Yellow fever virus susceptibility of *Caluromys*, ANDERSON and ROCA-GARCIA **43**; Immunity of *Lemur* to poliomyelitis virus, FAVAREL **412**; *Ursus* susceptibility to fox encephalitis, STULBERG and GREEN **1187**; Infection of *Callithrix* with *Plasmodium knowlesi*, CRUZ and PIMENTA DE MELLO **313**; Articular lesions in *Gorilla*, A. L. FERREIRA **413**; Fractures in fossil bones, PALES **932**.

Laboratory Technique.—Germ free rearing of rats, GUSTAFSSON **537**; Improved cage for handling monkeys, BRUBACH **206**; Method of handling monkeys, SETTLAGE and HARLOW **1113**; Transparent chamber for observation of pancreas of living mouse, FLORY and THAL **426**; Staining of embryonic skeletal systems, TRUE **1240**.

REPRODUCTION AND SEX.

General Problems.—Oviparity and viviparity, their relation to evolutionary stages, FRECHKOP **447**; Marsupial reproduction survey, BOLLIGER **150**; Review of early development problems in *Rattus*, NICHOLAS **903**; Experimental superfecundity in sheep, THIBAULT and LAPLAUD **1219**; Pre-natal life, BARCROFT **98**; Sex-ratios in *Ondatra*, J. M. ANDERSON **45**; Effects of delayed sexual maturity on reproduction of sheep, KELLEY **677**; Sexual differentiation in embryo rabbit, JOST **663**; Embryonic external genitalia of ungulates, BROMAN **190**; Seasonal changes in clitoris of *Talpa*, GODET **499**; Development of sex organs in *Dasypus* embryos, NEWFANG **900**; Breeding rate in *Callorhinus*, ENDERS **402**; Male accessory reproductive glands in *Parascalops*, EADIE **387**, in *Sorex* and *Blarina*, EADIE **388**; Factors influencing development of reproductive tract, PRICE **984**; Post-natal development of reproductive system in *Cricetus auratus*, ORTIZ **921**; Masculinisation of *Cavia* by U.F.E., TAILLARD and VEYRAT **1190**; Colchicine effect on mouse embryos, KERR **682**; Artificial insemination in sheep, BAICOIANU **86**; Female reproductive tract in *Dendrolagus*, MATTHEWS **846**; Pairing in lion and tiger, photos, DATHE **325**; Foetal sizes in *Delphinus delphis*, DESBROSSES and others **355**; Sterility and prenatal mortality in wild *Oryctolagus*, BRAMBELL and MILLS **179, 180**; Lactation studies in *Mus*, FALCONER **410**; Mammary gland development in male *Mus*, RICHARDSON and CLOUDMAN **1009**.

Reproduction in Special Forms.—Reproduction in *Mustela vison*, with special reference to delayed implantation, HANSSON **550**; Light stimulation and sexual activity in *Mustela vison*, STEVENSON **1167**; Reproduction in *Scotophilus wroughtoni*, GOPALAKRISHNA **508**; Sterility and prenatal mortality in *Oryctolagus*, ALLEN and others **38**; Early breeding of *Sylvilagus*, HENDRICKSON **575**; *Cricetus cricetus*, PETZSCH **963**; *Peromyscus eremicus* reproduction in captivity, DAVIS and DAVIS **330**.

Ovary and Ovulation Problems.—Hormone effects on *Talpa* ovary, GODET **500**; Variations in medulla of *Talpa* ovary, GODET **501**; Ovarian connective tissue in rabbit, DUKE **380**; Ovarian follicles of rabbit, evolutionary mechanism, DESAIVE **354**; Effect of ovarian hormones on reproductive tract of *Didelphys*, RISMAN **1012**; Removal of corpus luteum and ovaries without affecting pregnancy in *Macaca*, HARTMAN and CORNER **561**; No smooth musculature in Graafian follicle, CLAESSON **279**.

Oestrous and Sex Cycle.—Breeding cycle in *Pteropus*, MARSHALL **831**; Breeding seasons of bats in New Hebrides, BAKER **89**; Post-partum oestrous in *Cynopterus*, RAMAKRISHNA **995**; Sex cycle of male *Mustela frenata*, P. L. WRIGHT **1344**; Cyclic

changes in cervix uteri of rat, C. E. HAMILTON **546**; Oestrous in sheep controlled by light factors, YEATES **1348**; Experimental modification of breeding season in sheep, YEATES **1349**; Late oestrus in *Talpa*, GODET **498**; Menstrual swellings in Cercopithecinae, NESTURKH **898**; Blood vessels in menstruation of primates, KAISER **664**; Menstrual process in New World monkeys, KAISER **665**; Mating and pregnancy in *Mulatta*, VAN-WAGENEN **1269**.

Placentation.—Placental fusion in mice, CARR **243**; Placentation in *Blarina* and *Sorex*, WIMSATT and WISLOCKI **1330**; Function of inverted yolk sac in rat, NOER and MOSSMAN **908**.

Pregnancy and Gestation Periods.—Gestation periods, table and bibliography, KENNETH **679**; Gestation periods in Cervidae, PRELL **983**; Sex and pregnancy ratios in *Rattus* and *Mus*, STEPANOV **1165**; Relation between foetal movement and gestation periods in mammals, BACKMAN and HJORTSJO **85**; Resorption of embryos in *Ondatra*, DOZIER **376**.

Testis and Spermatozoa.—Spermatogenic wave-cycle in *Peromyscus*, MOREE **879**; Accessory glands and spermatogenesis in rabbit, DAVIES and MANN **327**; Electron-microscopical study of sperm in *Bos* dom., BRETSCHNEIDER and ITERSON **183**; Mitotic chromosomes in *Rattus*, TOBIAS **1223**; Effect of hormones on seminal fructose, MANN and PARSONS **829**; X-ray effects on rabbit spermatozoa and fertility, AMOROSO and PARKES **42**.

Parturition.—Birth of *Alces*, HEDIGER **571**; Incomplete twinning in *Cricetus*, BOYER **176**; Twin and triplet births in *Macropus*, TROUGHTON **1239**.

Hybridization. — *Bibos sauvelli* — a hybrid ? EDMOND-BLANC **390**; Yak-cattle hybrids in Alaska, WHITE and others **1322**; *Martes zibellina* × *M. martes* hybrids U.S.S.R., PONOMAREV **980**.

Parthenogenesis.—Experimental parthenogenesis in rabbit, THIBAULT **1218**.

Intersex.—*Talpa europaea*, GALLIEN and GODET **474**; Intersexual *Rattus norvegicus*, MATTHEWS **845**.

DEVELOPMENT.

Early Stages.—Pre-natal functional development, BARCROFT **98**; Ovarian connective tissue in rabbit, DUKE **380**; Variability in rat early development, NICHOLAS **902**; Cleavage stages in Monotreme eggs, FLYNN and HILL **427**; Embryological sexual differentiation in rabbit, JOST **663**; Review of early development problems in *Rattus*, NICHOLAS **903**.

External and Epidermal Structures.—External genitalia of Ungulates, BROMAN **190**; Dorsal gland in *Procavia*, BROMAN **189**.

Bone, Tooth, Muscle.—Embryonic growth of facial bones in ruminants, ABELOOS **27**; Cranial development of some Insectivora, phylogenetic bearing, ROUX **1033**; Ocular muscles in cat, GILBERT **484**; Muscle-tendon attachment in rat, LONG **795**; Embryological forelimb development, JAKIMOV **648**; Glycerophosphatase in developing rat teeth, MORSE and GREEP **885**.

Brain and Nervous System.—Embryonic growth in brain, ABELOOS **30**; Prenatal medullation of sheep nervous system, ROMANES **1027**; Brain development in Ungulata and Carnivora, KRABBE **710**; Brain in lower mammals, KRABBE **708**; Brain in higher mammals, KRABBE **709**; Vascular plexus in brain of dog, KISSELEVA **686**; Cerebellum in *Mus*, BONNEVIE and BRODAL **158**; Foetal nervous reactions in *Rattus*, A. W. ANGULO **53**; Spinal cord cells of *Ovis*, BARRON **103**.

Other Organs.—Post-natal development of reproductive system in *Cricetus auratus*, ORTIZ **921**; Urinogenital system of rat, TORREY **1231**; Urinogenital organs in embryo *Dasypus*, NEWFANG **900**; Kidney in embryonic rabbits, TOIVONEN **1224**; Ontogenesis of prostatic gland in *Talpa*, GODET **502**; Histogenesis of cornea in bats and sheep, PASQUALINO **940**; Ovary of new-born *Cavia*, BUJARD **209**; Abnormal position of *Elephantulus* embryo, VAN DER HORST **1264**; Pulmonal development in rat and dog, HJORTSJO **598**.

EVOLUTION AND GENETICS.

Evolution : General Themes.—Evolution and interchange of N. American and Eurasian Cenozoic faunas, SIMPSON

1134; Polymorphism and monomorphism in evolution, DECHAMBRE **339**; Evolution of appendix, GLUCKMANN **497**; Evolutionary significance of epiphyses, FRIDMAN **461**; Origins of colour patterns, PETZSCH **962**; Introduction to evolution of brain, WILKINSON **1328**; Morphogenesis of brain, KRABBE **708**, **709**, **710**.

Evolution: Primates.—The cause of human evolution, WEIDENREICH **1317**; Chronology of man, ZEUNER **1367**; Importance of Australopithecinae in study of human evolution, LE GROS CLARK **774**; Origin of man, ARAMBOURG **70**; Evolution of man, BURKITT **213**; Orthogenetic development in human evolution, KAPPERS **667**; Recent views on fossil man, TWIESSELMANN **1250**; Primitive features in human dentition, H. G. JONES **659**; Cranial circulation in Primates, LAMBERTON **748**.

Evolution: Other Orders.—Evolution of Monotremata, GREGORY **521**; Problems of marsupial phylogeny, J. PEARSON **947**; Phylogenetic relationships and evolution of some Ethiopian Insectivora, ROUX **1033**; Origins of *Canis familiaris*, MATTHEY **849**; Evolution of rodents, A. E. WOOD **1337**; Evolution and spread of recent *Equus*, SKORKOWSKI **1140**; Evolution of hypsodonty in fossil Equidae, STIRTON **1171**; Origins of Artiodactyl tarsus, SCHAEFFER **1064**; Evolution of Bovidae, PILGRIM **970**.

Variation.—White-spotted *Clethrionomys*, BOOTH **159**; Tricolour variations in cattle, I. C. JONES **660**; Tail colour in *Napaeozapus*, C. A. FOSTER **435**; Dimorphism in new-born *Hydropotes*, BEDFORD **114**.

Mutation.—Colour phases in *Vulpes fulva*, L. BUTLER **224**; Inheritance of white face and platinum characters in *Vulpes*, JOHANSSON **653**; Recent fur mutations, STEVENSON **1170**; Silvering in *Cavia*, S. WRIGHT **1345**; Waltzing ferrets, HAGEDOORN **541**.

Genetics: General Problems.—Horse breeding principles, SKORKOWSKI **1137**; Cattle genetics, review, SHRODE and LUSH **1125**; Immunogenetic analysis of racial differences in dairy cattle, OWEN and others **927**; Inheritance of coat colour in cattle, CHESTER JONES **271**; Inheritance of "parrot-beak" in cattle, RANSTEAD **1001**; Inheritance of psychological reflexes in *Cavia*, PICTET **968**; Tortoise-shell colour in cats, KOMAI **699**; Genetics of coat colour in *Sus* dom., JORDAS **661**; Polyallelomorphism in rabbits, KRIZENECKY and NOVAK **739**; Inheritance of rib ossification in rabbits, HULL **627**.

Genetics: Researches and Problems in *Mus*.—FALCONER **409**; Urinogenital mutation, DUNN and GLUECKSOHN-SCHOENHEIMER **383**; Genetics of cancer, LITTLE **789**; Reverse mutation, LITTLE and HUMMEL **790**; New mutation, W. L. RUSSELL **1043**; Undulated, new genetic factor, M. E. WRIGHT **1343**; Chromosomes of *Mus*, MAKINO **820**; Mammary glands in males, strain differences, RICHARDSON and CLOUDMAN **1009**.

Genetics: Studies of Other than *Mus*.—Genetic variations in pelage colour in *Peromyscus*, BLAIR **145**; Buff and gray genes in *Peromyscus* on differing soils, BLAIR **146**; Buff and gray pelages in *Peromyscus*, BLAIR **148**; Colour protection in *Peromyscus* as natural selection factor in relation to owl predation, DICE **357**; Genetic factors in domestication of *Rattus*, KEELER **673**; Results of domestication of *Rattus norvegicus*, CASTLE **250**; Relation of tail length to genetic strains of *Rattus norvegicus*, KEELER **671**; Effect of coat-colour genes on size in *Rattus*, KEELER **672**; Genetic modifications of brain and glands affecting behaviour in *Rattus*, KEELER **673**; Genetics of female prostate in *Rattus*, MAHONEY and WITSCHI **819**; Chromosomes of *Rattus norvegicus*, MAKINO **821**; Chromosomes of some *Rattus* species, MAKINO **822**; Chromosomes of *Nesokia* and *Micromys*, MAKINO **823**; Chromosomes of *Lutreola vison*, SHACKELFORD and WIPF **1115**.

ECOLOGY AND HABITS.

General.—Rabbits and prairie vegetation, Kansas, H. L. BROWN **204**; Rodent ecology on Kansas prairie, H. L. BROWN **202**; Toilet habits, WOOD JONES **1339**; Ecological factors affecting closely related species in same area, SPERBER **1158**; Commensal rats in Texas, D. E. DAVIS **329**; Ecology of Spanish bats, L. N. ANGULO **55**; Game in relation to man, GHIGI **478**.

Regional Field Notes.—Basse-Loire, France, SAINT-GIRONS **1049**; Gold Coast, CANSDALE **237**; Alaska tundra and *Rangifer*, PALMER and ROUSE **933**; Santa Ana Mts., California, PEQUEGNAT **953, 954**; Life zones in Argentina, YEPES **1350, 1351**.

Habits of Special Forms.—*Panthera leo* in relation to man, MATHESON **838**; *Canis lupus occidentalis* in Rocky Mts., COWAN **303**; *Lepus californicus eremicus*, HASKELL and REYNOLDS **563**; *Sylvilagus floridanus mearnsi* winter den studies, LINDUSKA **788**; *Sylvilagus audubon*i in California, FITCH **420**; *Sciurus griseus* in California, INGLES **638**; *Eutamias* in Washington, LARRISON **757**; *Ammospermophilus* in California, HAWBECKER **564**; *Cynomys gunnisoni zuniensis* in Arizona, T. H. SCHEFFER **1073**; Gold Coast Sciuridae, CANSDALE **235**; *Fiber zibethicus* in California, HENSLEY and TWINING **577**; *Arvicola amphibius* colony, DEAN **336**; Rodents in Argentine, LLANOS **792**; *Myospalax dybowskii*, NEKIPELOW **895**; *Cervus elaphus scoticus* in Highlands, WHITEHEAD **1323**; Deer in Colorado, PACKARD **929**.

Psychology.—Social behaviour of apes and monkeys, CARPENTER **242**; Animal intelligence, BEACH **110**; Primate behaviour, BEACH **111**; Posing behaviour, PRECHTL **982**; Psychological importance of antlers, HEDIGER **572**; Psychology of *Canis familiaris*, FISCHEL **419**; Behaviour in *Canis lupus*, SCHENKEL **1075**; *Canis lupus* attacking man, PETERSON **958**; Behaviour of *Vulpes fulva*, COMSTOCK **291**; Behaviour of *Canis latrans*, ROBINSON and CUMMINGS **1017**; Elephants moving dead leader, SAUVEL **1063**; Death feigning, R. W. BURTON **219**.

Food Habits.—Cannibalism in lions, FORAN **428**, STEVENSON-HAMILTON **1169**; Cattle killing *en masse* by tigers, MORRIS **883**; Man-eating tiger, R. W. BURTON **220**; *Lynx* killing *Odocoileus*, DILL **364**; *Procyon* preying on turtles, ERICKSON and SCUDDER **406**; *Lutra* feeding on terrapins (*Pseudemys*), STOPHLET **1180**; *Mustela nivalis* in *Talpa* runs, ELLISON **399**; *Mustela erminea* carrying hen's egg, ATKINSON **78**; Stone-swallowing by Pinnipedia LEGENDRE **769**; Invertebrate food of *Phoca hispida*, PIKHAREV **969**; Fish-eating bat, *Pizonyx*, GUDGER **530**; *Lasiurus* eating *Pipistrellus*, BISHOP **143**; *Sorex* capturing fish, LAMPMAN **751**; Is *Neomys fodiens* destructive to fish? LESTAGE **785**; Food of *Orycteropus*, PATRIZI **943**; Fish-eating in *Balaenoptera*, JACOB and MENON **646**; Formosan Muridae, AOKI **67**; Deer horns eaten by *Sciurus vulgaris*, HORNUNG **622**; Food storage by captive *Tamias s. striatus*, ENGELS **403**; *Ondatra* in Maine, TAKOS **1192**; *Sylvilagus* winter browse Wisconsin, A. McCABE **804**; A carnivorous deer, MOOKERJEE **875**; Food of *Boocercus* in Gold Coast, CANSDALE **236**.

Breeding Habits.—*Meles meles*, wild and in captivity, NEAL **894**; Paternal care of young *Peromyscus*, HORNER **621**; Grouping of *Bison* cows with calves, BEDFORD **118**.

Aquatic habits. — Ice-breaking of *Castor*, ANON. **15**; *Talpa* swimming, DALLMAN **316**; *Microtus pennsylvanicus* swimming and diving ability PETERSON **959**.

Fossorial Habits.—*Thomomys* and Mima mounds, V. B. SCHEFFER **1074**; Burrowing ability of *Echidna*, photos, ANON. **17**.

Miscellaneous Habits.—Nest of *Erinaceus*, photo, GAIT **470**; Nest building of *Glaucomys volans querceti*, J. C. MOORE **877**; Arboreal life of Sloths, M. BURTON **216**; Procession of *Crocidura caerulea*, DE **335**; Bats in captivity, RAMAGE **994**.

Moult and Seasonal Pelage-Change.—Coat change in *Mustela erminea*, PSENNER **991**; Colour change in *Lepus othus*, WALKINSHAW **1306**; Moult in silver fox advanced by artificial daylight, BASSETT **105**.

Colour and Environment.—Effectiveness of colour in *Peromyscus* as natural selection factor, DICE **357**; Soil colour and *Peromyscus*, BLAIR **146**; Soil colour and *Peromyscus*, BLAIR **147**; Colour and camouflage in mammals, STOCKLEY **1175**; ? Erythrism in *Hystrix* due to food, WEBB **1311**.

Population Studies.—Home range areas, MOHR **868**; Summary and comparisons of N. American mammal population studies, MOHR **868**; Population cycles in Canada, DYMOND **386**; Cycles in animal populations, BRAESTRUP **177**; Dynamics of animal

population, SEVERTZOV **1114**; *Macropus* sample count W. Australia, SHIPWAY **1124**; Sea lion census California, 1946, ANON. **18**; Counts of *Delphinapterus* in northern seas, KLUMOV **689**; *Castor* in Colorado, PACKARD **930**; Kansas rodent populations, H. L. BROWN **202**; Mouse populations and predators, GRAF **514**; *Oryzomys* population cycles and outbreak Peru, GILMORE **486**; Big-game of U.S.A., JACKSON **643**.

Migration and Homing.—Annual migrations of *Sus barbatus*, HEYNSIUS-HIRULY and HEURN **582**; Antelope migrations in Sudan, LYTH **801**, WEEKS **1315**; Homing in *Glaucomys volans*, R. A. MCCABE **305**; Emigration of *Sciurus* in Wisconsin, SCHORGER **1094**; Migration not normal in American bats, BENSON **131**; Migration of *Tadarida* in U.S.A., CHRISTENSEN **275**; Migration in *Lasiurus*, HILL **585**; Bat migration, DORST **371**; Homing of *Nyctalus* in Holland, BELS **123**; Homing in bats, DIJKGRAAF **363**; RYBERG **1044**.

Conservation.—International protection of wild life, history of past and present treaties, HAYDEN **565**; Game, principles of conservation, GHIGI **478**; Conservation in Africa as affected by dessication and erosion, JEANNIN **650**; Early conservation attempt in S. Africa, ROBERTSON **1016**; Conservation areas and laws of Belgian Congo, FRECHKOF **449**; Effects of conservation on big game of Rutshuru plains, Parc National Albert, HUBERT **625**; Game conservation in Tanganyika, RUSHBY and SWYNNERTON **1041**; Uganda game control report 1940–1946, SALMON **1054**; Mammals of Kruger National Park, Transvaal, STEVENSON-HAMILTON **1168**; **1168**; Big-game conservation results in U.S.A., JACKSON **643**; Predator-prey relationships in National Parks, CAHALANE **229**; Lions on Serengeti Plains FORAN **430**; Status of *Genetta* in France, RODE **1023**; Increase of *Mirounga angustirostris* on Guadeloupe, L. W. WALKER **1305**; *Castor fiber* on Rhône, CORDIER-GONI **297**; Beaver conservation in California, HENSLEY **576**; African elephant, JEANNIN **651**; The Knysna elephant, A. ROBERTS **1013**; Elephants in Ceylon, ANON. **14**; *Dicerorhinus sumatrensis* need for conservation in Burma, ANSELL **56**; *Connochaetes gnu* in S. Africa, BIGALKE **140**; *Bison* in Europe, GLOVER **485**; Principles for *Bison* breeding in Poland, ZABINSKI **1362**; *Bison bonasus* pedigree book, ZABINSKI **1363**; History of *Elaphurus davidianus*, BEDFORD **119**; *Elaphurus davidianus* history and prospects, DELACOUR **348**; *Antilocapra* in Canada, RAND **999**.

Extermination. — Threatened mammals of Dutch East Indies, HEYNSIUS-VIRULY and HEURN **582**; Threats to Australian mammals, WAGNER **1300**; Big game slaughter in Rhodesia, REDFERN **1003**; Last survivors of *Canis lupus* in France, BENECH **125**; *Canis lupus hodophylax* in Japan, HIRAIWA **594**; Threatened extermination of *Lutra* in Holland, BROUWER **200**; Records of the Californian grizzly bear, BENSON **130**; Depletion of mountain sheep and antelope in Lower California, WALER, L. W. **1304**; *Rhinoceros sondaicus* probably extinct in Burma, ANSELL **56**.

Enemies, Defence and Concealment.—Predator-prey balance in National Parks, CAHALANE **229**; Protective weapons and armour in mammals, VESEY-FITZGERALD **1274**; Scale and plate armour in mammals, BASTIN **106**; Function of antlers, BEDFORD **115**; *Antilocapra* as prey of eagles, LEHTI **776**; *Canis latrans* — *Odocoileus hemionus* hunt, CAHALANE **231**; Bat captured by *Accipiter nisus*, CRELLIN **308**; *Lasiurus* attacked by jay, P. F. ALLAN **36**.

Naturalization. — Introductions to Europe, brief account, K.—— **707**; Warning against introductions to National Parks, BIGALKE **141**; History of introduced *Rangifer* in Canada, p. 187, R. M. ANDERSON **47**; *Sciurus carolinensis* in Britain, M. BURTON **214**; *Glis glis* in England, W., J. D. U. **1335**; *Myocastor* feral in Kansas, HOFFMEISTER and KENNEDY **604**; *Ondatra* in N. France, NOURY **910**, in Poland, SKURATOWICZ **1142**; *Cervus* (*Rusa*) *unicolor* on Ponape Id., Carolines, SHIKAMA **1120**.

Hibernation and Aestivation.—Hibernation in *Glirulus japonicus*, SCHIMOIZUMI **1121**; Hibernating temperatures of *Muscardinus*, KLAAS **687**; Aestivation in *Citellus*, BAZHANOV **109**.

Commensalism.—Associations of apes and monkeys, CARPENTER **242**; *Ctenomys* and *Galea* associating in Peru, SANBORN and PEARSON **1061**.

Domestication.—Origins of domestication, THEVENIN **1217**; Pariah dogs, wild or feral? DECHAMBRE **341**; Origin of domestic cat, VESEY-FITZGERALD **1276**, a reply, POCOCK **975**; Changes in *Rattus norvegicus* under domestication, CASTLE **250**; Breaking in zebras, RZASNICKI **1047**; *Elephas maximus*, LEMAIRE **777**; Elephant management, FERRIER **415**; Elephant farm in Belgian Congo, popular account, FORBES **433**; Domestication of *Alces*, TRANSEHE **1234**.

Mortality and Longevity.—Deaths in London Zoo in 1945, HAMERTON **545**; Mortality at Vincennes Zoo, 1946, URBAIN and others **1257**; Natural death of elephants, rapid disappearance of remains, GIBBON **480**; *Loxodonta africana* dying on Lake Edward islands, E. A. T. PERKINS **955**; Natural death in *Elephas*, TUTEIN NOLTHENIUS **1248**; Otters drowned in lobster pots, COX **306**; Road mortality of hedgehogs and skunks, M. BURTON **215**; *Colobus caudatus* dead in unusual habitat, TRAPPE **1236**; *Erethizon* as highway victim, STONER **1177**; Annual mortality rates in sexes of *Myotis myotis*, EISENTRAUT **394**; Longevity of some Michigan mammals, LINDUSKA **787**; *Solenodon* ageing in captivity, E. MOHR **870**.

Parasitism.—Bat parasites, RYBERG **1044**; Haemosporidian of bats, MER and GOLDBLUM **859**; *Pteropus* and *Plasmodium pteropi*, BEARUP and LAWRENCE **112**; Larval parasites of Swiss mammals, BOUVIER **171**; Fox and fleas, eye-witness account, ATKINSON **79**; Rodent ectoparasite survey problems, COLE and KOEPKE **289**; Rodent hosts of plague carrying fleas, CHABAUD **254**; Endoparasites of *Rattus norvegicus*, JIROVEC and STECKER **652**; 10 year study of parasites on *Rattus* in Prague, DRBOHLAV and GABRIEL **377**; Scrub typhus bearing chiggers on rats in New Guinea and Philippines, C. O. MOHR **867**; Rodent tolerance to hemipterus bugs, S. F. WOOD **1338**; Helminths of *Sylvilagus*, MOORE and MOORE **876**; Helminths of *Capra cylindricornis* in captivity, BONDAREVA **153**; Parasitic infection of *Odocoileus hemionus*, DIXON and HERMAN **365**; Thermic dehelminthization of animal cages, SHAKHNAZAROVA **1118**.

Economics: General Topics.—Game, its value, conservation, care, GHIGI **478**; Big-game resources of U.S.A., JACKSON **643**; Game animals of France, CHAIGNEAU **256**; Economic value of red deer in Scotland, F. WALLACE **1307**; Park deer as meat producers, BEDFORD **116**; Economic uses of antlers, MORTIMER-BATTEN **887**; British mammals in relation to agriculture, LANCUM **752**; Madagascan mammals of economic importance, DECARY **338**; Farm animals, breeding, feeding, management, SCHMIDT and others **1078**; Value of Soricidae in insect control in forestry, KARPINSKI **670**; Bats as insect controls, MACKENZIE **813**; *Macropus* control on sugar cane land Queensland, READING **1002**; Llamas and their uses, MASCHERONI **836**; Beasts of burden, PARKER **938**; History of ivory trade, FORBIN **434**; Musk, and other commercial mammal scents, J. E. HARRIS **560**; Squirrels as food, M. BURTON **218**; Skin variations affecting leather, J. N. TURNER **1247**; Stone Age sealing in N. W. Europe, J. G. D. CLARK **282**; Os phallus of *Procyon* used as tool, JAEGER **647**.

Economics: Fur and Wool.—Fur textbook (revised ed.), BACHRACH **84**; Canadian fur bearers, distribution, numbers, values, RAND **1000**; New fur mutations, STEVENSON **1170**; California fur catch 1940–1941, TWINING **1251**; Muskrats in California, TWINING and HENSLEY **1252**; *Chinchilla* in England, A. ROBERTS **1015**; *Callorhinus alascanus* statistics 1942, 1943, 1944, BOWER **173**, **174**, **175**.

Economics: Rodent Control.—Rodent control survey, ANON **12**; Rodent control modern methods, BARNETT **99**; Modern methods of urban rodent control, BARNETT **100**; Modern rat control methods, WILLEMS **1329**; Rodenticides tested on *Rattus*, EMLEN and STOKES **401**; Control of *Rattus* in food stores, COLLINS **290**; *Rattus conatus* as cane pest Queensland, W. A. MCDOUGALL **810**; Rodents as forestry pests, KRAUCH **714**; *Sciurus* damage to forestry, SCHANTZ-HANSEN **1070**; *Microtus* damage to conifers, LITTLEFIELD and others **791**; Rodent plagues in Brazil, GIOVANNONI and others **488**; *Oryzomys* in Peru, GILMORE **486**; Colour selection of poisoned grain by field mice, CHAPPELLIER **264**; *Citellus*

as economic pest and disease carrier, control methods, BROWN and ROY **205**; Reported plague white rats Madagascar about 1863–1868, POIRIER **977**.

Economics: Whaling.—International Conference 1946, Convention, ANON. **6**; Amendment to whaling regulations, ANON. **5**; Statistics compiled for International Whaling Conference 1946, ANON. **9**; Statistics for Antarctic seasons 1939/40–1945/46 and subsequent summer seasons, ANON. **8**; International whaling statistics, 1941, 1942, ANON. **10**; International whaling statistics, 17, 1947, ANON. **2**; International whaling statistics, No. XVII, ANON. **3**; Antarctic season 1946/47, ANON. **4**; Short history of modern whaling, ANON. **22**; Economics of modern whaling, JOHNSEN **654**; Whalebone whales, MACKINTOSH **814**; Prehistoric European whaling, CLARK **283**; Problems of illegal taking of under-sized whales, KNUDTZON **692**; New method for estimating quantity of whales, KLEINBERGER **688**; Antarctic, SLIJPER and VERVOORT **1144**; Alaskan Eskimo whaling technique, RAINEY **993**; Japanese whaling, OMURA and others **918**; Russian whaling N. Pacific 1941–1944, VADIVASOV **1260**; Economic value of *Delphinus* and *Phocaenoides* in Japan, NOGUCHI **909**; *Delphinapterus* in Soviet seas, KLUMOV **689**; Ambergris, FRASER **441**; Full utilisation of whales, KNUDTZON **693**; Culinary uses of whale fats, SOLINEK **1152**; Vitamin A from whale liver, LAGOVSKAIA **745**; Whale meat canning technique, SOLINEK **1149**; Whale meat salting, SOLINEK **1150**, **1151**.

Methods and Technique.—Bat ringing, AGACINO **33**; Trapping manual, CHAIGNEAU **255**; Live v. snap trap effectiveness, COCKRUM **287**; Owl catches and trapping in Pennsylvania comparisons, PEARSON and PEARSON **949**; Live trapping of deer, DUNBAR **381**; A Sudan game trap, CORKILL **298**; Effects of DDT on mammals, ERICKSON **405**.

DISTRIBUTION AND FAUNAS.

PALAEARCTIC REGION.

General.—Asia, ELLERMAN **396**.

Europe: General.—Europe, FRIANT **454**, GAFFREY **469**, GLOVER **495**, K —— **707**, SKINNER and KAISEN **1136**, VETTERLI **1279**, ZABINSKI **1363**; E. Europe, KOSTRON **702**.

British Isles.—British Isles, BUXTON **226**, JOICEY **656**, LANCUM **752**, J. F. TURNER **1246**, WHITEHEAD **1325**, VESEY-FITZGERALD **1277**; England, DAY **333**, **334**; Sussex, TICEHURST **1222**; Dorset, LANG **754**; Somerset, CLEGG **285**, MATTHEWS and MAYES **848**, THOMSON **1221**; Essex, TUCKER **1245**; Hertfordshire, BARCLAY **97**, LLOYD **793**; Bedfordshire, R. PALMER **934**; Cambridgeshire, BURTSAL and HARRISON **221**; Norfolk, SERGEANT and HARRISON **1111**; Yorkshire, DEAN **336**, HAZELWOOD **570**; Lakeland, CLAPHAM **281**, MOORHOUSE **878**, WHITEHEAD **1324**; Isle of Man, PATON **942**; Alderney, MATTHEWS **847**; Scotland, BARTHOLOMEW **104**, DARLING **324**, LOWLANDER **799**, MORTIMER BATTEN **886**, F. WALLACE **1307**, WHITEHEAD **1323**; Argyll, HINDLE **593**; Mull, MACINTYRE **812**.

France.—France, ASTRE **77**, BENECH **125**, BOURDELLE and DOUBLET **167**, CANTUEL **238**, CHAIGNEAU **256**, CORDIER-GONI **297**, DECHAMBRE **340**, DIDIER and RODE **359**, NOURY **910**, RODE **1026**, SAINT-GIRONS **1049**; S. France, BALAZUC and THEODORIDES **90**; Charente-Maritime, GIBAN and GUIBERT **479**.

Spain.—AGACINO **33**, L. N. ANGULO **55**, VALLMITJANA **1261**.

Portugal.—SANTOS **1062**, THEMIDO **1213**.

Italy.—GULINO **533**.

Mediterranean.—RODE **1025**.

Switzerland.—AUBERT **80**.

Belgium.—NERINCX **897**.

Holland.—BELS **123**, **124**, DEINSE **347**, SCHREUDER **1100**; Amsterdam, MAAN **802**.

Germany.—SCHLOTT **1076**; Brandenburg, STEIN **1162**.

Czecho-Slovakia. — KOSTRON **705**, **706**; White Russia, KOSTRON **704**.

Austria.—KOENIG **697**, WHITEHEAD **1326**.

Hungary.—KRETZOI **734**.

Rumania.—WITTING **1334**.

Poland.—BENES **126**, DEHNEL **346**, KARPINSKI **668**, **669**, KOSTRON **703**, MARCHLEWSKI **830**, RESHETNIK **1006**, SKURATOWICZ **1143**.

Denmark.—BONDESEN 154.

Scandinavia.—LINDROTH 786.

Norway.—CHAWORTH-MUSTERS 266.

Sweden.—CHAWORTH-MUSTERS 266, RYBERG 1045.

Faroe Islands.—RYGGI 1046.

Finland.—LAMPIO 750.

U.S.S.R.—BARABASH-NIKIFOROV 96, KLUMOV 689, KOSTRON 702, MAKSIMOV 825, RESHETNIK 1006, SKALON 1135, OGNEV 1186; Siberia, BASHANOV 108; C. Asia, BANNIKOV 93; Mongolia, BANNIKOV 94, 95; Kamtschatka, BERGMAN 136.

Tibet.—PEN 952.

China.—Manchuria, TANIMOTO 1199; Shanghai, SOWERBY 1156, 1157; Fukien, CHENG 268, 269, 270.

Japan.—Japanese Empire, TOKUDA 1226; Japan, ABE 24, 25, HIRAIWA 594, INUKAI 640, KISHIDA 685, KURODA 742, MATSUI and NOGUCHI 839, MATSUI and UCHIHASHI 840, MATSUURA 841, 842, NAORA 893, OKADA and HANAOKA 915; OMURA and others 918, SHIMOIZUMI 1121, TAKASHIMA 1191; Sakhalin, INUKAI 640, YOSHIKURA 1356, 1357; Kurile Is., INUKAI 640, MATSUURA 843; Riu-Kiu Islands, KURODA 743; Caroline Is., SHIKAMA 1120; Mariana Is., YAMASHINA 1347; Pelew Is., OGATA 914, SANBORN 1056; Formosa, AOKI 67; TANAKA 1195, 1196, 1197; Hainan, HACHISUKA 539, TANAKA 1198.

E. Asia.—TATE 1201, SOWERBY 1155.

S.W. Asia.—Persia, POCOCK 973, ROUSSELOT 1032; Baluchistan, POCOCK 973.

Palestine.—DOR 368, E. HARDY 553, 554.

ETHIOPIAN REGION.

General. — Africa, MORRISON-SCOTT 882.

N.E. Africa.—Egypt, KEIMER 674, 675; Sudan, BENZON 134, LYTH 801, WEEKS 1313; Abyssinia, TOSCHI 1232; Boran, S. Abyssinia, ZAVATTANI 1366; Italian Somaliland, ZUKOWSKY 1370.

E. Africa.—Kenya, BEATON 113, BRAMWELL 181, DÖNHOFF 367, TOSCHI 1232, WEBB 1311; Mau, Kenya, TOSCHI 1233; Tanganyika, BABAULT 83, FORAN 430, GRANT 515, RUSHBY and SWYNNERTON 1041, SWYNNERTON 1188; Uganda, HADDOW and others 540, HOPKINS 617.

S.E. Africa.—Mozambique, AUGUSTO SILVA 81, 82; Portuguese E. Africa, THEMIDO 1212.

S. Africa.—BIGALKE 140, 141, CAVE 251; A. ROBERTS 1013, 1014, ROBERTSON 1016, A. D. THOMAS 1220; Zululand, POTTER and MITCHELL 981; Transvaal, STEVENSON-HAMILTON 1168.

S.W. Africa, Angola.—S.W. Africa, NIETHAMMER 904; Angola, A. L. FERREIRA 413, THEMIDO 1212.

Belgian Congo.—FORBES 433, FRECHKOP 448, 449, POLL 979, SCHOUTEDEN 1095, 1096, 1097; Parc National Albert, HUBERT 625.

Cameroons, Gaboon.—Mt. Cameroon, EISENTRAUT 393; French Cameroons, GOOD 507; Gaboon, MACLATCHY and MALBRANT 815, MALBRANT and MACLATCHY 826, RODE 1022; Spanish Guinea, SALA DE CASTELLARNAU 1051; French Equatorial Africa, MALBRANT and MACLATCHY 826.

W. Africa.—Gold Coast, CANSDALE 232, 234, 235, 236, 237, HAYMAN 566, 567, 568; Ivory Coast, RODE 1022; Sierra Leone, HAYMAN 569; Portuguese Guinea, MONARD 871, THEMIDO 1212.

Sahara and N.W. Africa.—Sahara, BRAESTRUP 178, HEIM DE BALSAC 574; French Sudan, DOUTRESSOULE 374; North Africa, RODE 1021; Madeira, NOBRE 907.

Madagascar.—DECARY 338, DORST 369, 372, FRIANT 459, 460, LAMBERTON 747.

ORIENTAL REGION.

India, Ceylon, Burma.—India, R. W. BURTON 220, ELLERMAN 397, JACOB and MENON 646, MOSES 888; British India, ELLERMAN 395; Kumaon, MINETT 863; Madras, WEBB-PEPLOE 1313; Ceylon, MARSHALL 831; Assam, INGLIS 639, STONOR 1178; Burma, ANSELL 56, 57, FERRIER 415.

Indo-China.—DORST 370; Cambodia EDMOND-BLANC 390, URBAIN and FRIANT 1256.

Malaysia.—Malaya, SCHWARZ 1104; Dutch East Indies, HEYNSIUS-VIRULY and HEURN 582; Christmas Island, GIBSON-HILL 481; Timor, THEMIDO 1212.

Philippines and Celebes.—Philippines, KURODA **744**, SANBORN **1055**, K. P. SCHMIDT **1079**; Celebes, KURODA **744**.

AUSTRALASIAN REGION.

General.—Australasia, TATE **1204**.

Australia.—BARRETT **102**, FINLAYSON **417**, **418**, FLEAY **421**, MCCARTHY **806**, TROUGHTON **1238**, WAGNER **1300**; Queensland, READING **1002**, WHITLOCK **1327**; West Australia, GLAUERT **492**, SHIPWAY **1124**; Rottnest Id., W. Australia, GLAUERT **493**; S. Australia, H. M. HALE **542**; Tasmania, E. O. G. SCOTT **1106**; Pedra Branca, Tasmania, FOWLER **437**.

Pacific Islands.—Solomon Islands, SANBORN and BEECHER **1060**; New Hebrides, BAKER **89**; Polynesia, LESCURE **784**; Micronesia, UTINOMI **1258**.

NEARCTIC REGION.

General.—New World, ANTHONY **61**; America, YOUNG and GOLDMAN **1361**; North America, CAHALANE **230**, CARHART **240**, HIGHTOWER **584**, SKINNER and KAISEN **1136**, YOUNG **1358**.

Canada and Alaska.—Canada, R. M. ANDERSON **47**, ANDERSON and RAND **48**, DYMOND **386**, RAND **1000**; New Brunswick, HIRTLE **595**; Ontario, DOWNING **375**; Alberta, BROWN and ROY **205**; British Columbia, CARL **241**, COWAN and RACEY **304**, MUNRO **890**, RAND **996**; N.W. Canada, L. BUTLER **224**; Northwest Territories, RAND **997**; Yukon, RAND **997**, **998**; Alaska, PALMER and ROUSE **933**, POCOCK **976**, RAINEY **993**; Aleutians, EAST **389**.

U.S.A.: General.—SOCHUREK **1147**, **1148**, SOLLARS **1153**.

Eastern U.S.A.—New York, LITTLEFIELD and others **791**; Pennsylvania, CHRISTIAN **276**, LATHAM and STUDHOLME **758**, PEARSON & PEARSON **949**; Maryland, FARNER **411**; Virginia, J. W. BAILEY **87**; Florida, J. C. MOORE **877**, ULMER **1255**.

Middle U.S.A.—Middle U.S.A., JAMESON **649**; Ohio, J. M. ANDERSON **45**, LEEDY **768**, R. S. PHILLIPS **966**; Wisconsin, LEOPOLD **781**, A. MCCABE **804**, SCHORGER **1093**, **1094**; Iowa, SCHANTZ **1068**.

Western U.S.A.—Nebraska, FICHTER and HANSEN **416**, VELICH **1271**; Kansas, H. L. BROWN **202**, **203**, HOFFMEISTER **603**, HOFFMEISTER and KENNEDY **604**, VILLA-R. and HALL **1286**; Texas, GUNTER **535**, TAYLOR **1207**; Montana, TRYON **1243**; Wyoming, MICKEY and STEELE **861**; Colorado, GOLDMAN and GARDNER **504**, PACKARD **929**; New Mexico, W. H. CARR **244**, GARDNER **476**; Utah, DURRANT **384**, DURRANT and KELSON **385**, SCHANTZ **1067**; Nevada, SCHANTZ **1069**; Arizona, HALLORAN **544**, T. H. SCHEFFER **1073**; Washington, BONHAM **155**, BOOTH **161**, LARRISON **756**, **757**, V. B. SCHEFFER **1074**; Oregon, KELLOGG and SCHEFFER **678**; California, BENSON **130**; DALQUEST **317**, **318**, FITCH **420**, GUDGER **530**, HAWBECKER **564**, HENSLEY **576**, HENSLEY and TWINING **577**, INGLES **637**, **638**, D. H. JOHNSON **655**, LAWRENCE **763**, OLSON **917**, PEQUEGNAT **953**, **954**, TEVIS **1211**, TWINING **1251**, TWINING and HENSLEY **1252**, **1253**, VAN ATTA **1263**.

Mexico.—BENSON **132**, **133**, DALQUEST and HALL **319**, **320**, **321**, GILMORE **485**, GOLDMAN and GARDNER **504**, HOOPER **616**, JACKSON **645**, LAWRENCE **765**, Lower California, WALKER **1304**; Guadalupe Island, CABALLERO Y C. **227**, L. W. WALKER **1305**.

NEOTROPICAL REGION.

C. America and W. Indies.—Panama, TRAPIDO **1235**; Cuba, LEON and AGUAYO **778**.

South America.—HODGE **600**, OSGOOD **923**, SANBORN **1059**, YEPES **1354**, British Guiana, ROTH **1031**; Venezuela, TATE **1205**; Brazil, GIOVANNONI and others **488**, H. KRIEG **737**, VIEIRA **1280**; Colombia, HERSHKOVITZ **579**; Ecuador, ENOCK **404**; Peru, SANBORN **1057**, SANBORN and PEARSON **1061**; Chili, O. SCHNEIDER **1091**; Argentine, CABRERA and YEPES **228**, GOLLAN **505**, LLANOS **792**, MARSH-SIMPSON **832**, YEPES **1350**, **1351**, **1352**, **1353**, **1355**.

OCEANS AND SEAS.

Arctic, BERTRAM **137**, R. D. HAMILTON **547**; N. Pacific, NIKULIN **906**, VADIVASOV **1260**; Sea of Japan, MATSUURA **842**; Antarctic, BRYANT **208**, J. E. PERKINS **956**, SLIJPER and VERVOORT **1144**.

GEOLOGICAL (FOSSIL FAUNAS).

General Problems.—Continental time chart, SIMPSON **1130**; Holarctic faunas, relationships, migrations, SIMPSON **1132**; Evolution, interchange and resemblance in holarctic Cenozoic mammalian faunas, SIMPSON **1134**; Extinct mammals contemporaneous with man, COLBERT **288**.

Triassic.—General, HUENE **626**; Europe, SIMPSON **1131**.

Jurassic.—KRETZOI **735**; Somerset, PARRINGTON **939**; Switzerland, PEYER **965**.

Eocene.—Hampshire, P. M. BUTLER **225**; Europe, HÜRZELER **628, 629, 630, 631**; France, LAVOCAT and LAPPARENT **761**; Alsace, HÜRZELER **632**; New Mexico, ANON. **20**; Brazil, PRICE and COUTO **986**, SIMPSON **1128**.

Oligocene.—France, VIRET **1291**; Hungary, KRETZOI **719, 730**; Dakota, KRETZOI **721**; S. Dakota, CONNOLLY and BUMP **292**; Colombia, STIRTON **1173**; Argentine, MINOPRIO **864**.

Miocene: Old World.—W. Europe, VIRET **1288**; France, KRETZOI **721**, VIRET **1287, 1292**; Spain, CRUSAFONT PAIRO and VILLALTA COMELLA **311, 312**, VILLALTA COMELLA and CRUSAFONT PAIRO **1283, 1284**, GAONA and others **475**, GIMENO GRANADOS and PADRENY PINEDA **487**; Italy, BONI **156**; Austria, THENIUS **1215**; Hungary, KRETZOI **718, 724, 729**; Samos, WEHRLI **1316**; Ukraine, ORLOV **919**; Morocco, CHOUBERT **274**; Cyrenaica, PETROCCHI **961**; Kenya, LE GROS CLARK **772**.

Miocene: New World.—N. America, SCHULTZ and FALKENBACH **1102**; Florida, T. W. WHITE **1321**, A. E. WOOD **1336**; Oregon, R. E. WALLACE **1308**; Dakota, KRETZOI **716**; Nebraska, MACDONALD **807**; California, STOCK **1174**; Venezuela, SIMPSON **1129**; Colombia, STIRTON **1172**; Argentine, CASTELLANOS **248**.

Pliocene: Old World.—Italy, GUIDI **531**, LOSS **797**, TREVISAN **1237**; Hungary, KRETZOI **733**; Greece, THENIUS **1216**; Bulgaria, BAKALOV **88**; China, THENIUS **1214**; Algeria, ARAMBOURG **68**; Egypt, ARAMBOURG **69**; Victoria, GLAESSNER **490**.

Pliocene: New World. — Kansas, FRANZEN **439**; Colombia, STIRTON **1172**; Argentine, KRAGLIEVICH **712**, RUSCONI **1039**; Patagonia, KRETZOI **716**.

Tertiary: General.—GOMEZ-LLUECA **506**; Holarctic, SIMPSON **1134**.

Tertiary: Old World. — LEONARDI **780**; Europe, SCHAUB and VIRET **1072**, VIRET and SCHAUB **1294**; Hertfordshire, OAKLEY **911**; Holland, SCHREUDER **1098, 1099**; Spain, GOMEZ-LLUECA **506**, VILLALTA (COMELLA) and CRUSAFONT (PAIRO) **1285**; Majorca, RULIAN **1036**; Italy, TAVANI **1206**; Austria, TRUMLER **1242**; Greece, PAPP **936**; Kazakhstan, BORISSIAK **162**; Kansu, BOHLIN **149**; Japan, NAORA **892, 893**; S. Africa, H. B. S. COOKE **293, 294**, COOKE and WELLS **295**, DALE and TOBIANSKY **315**, VAN DER SPUY MOLLETT **1265**.

Tertiary: New World.—Kansas, LANE **753**; S. America, VIRET **1289**; Venezuela, OSTEN **924**; Argentine, KRAGLIEVICH **711, 713**, RUSCONI **1040**.

Pleistocene to Recent: General.—Holarctic, SKINNER & KAISEN **1136**.

Pleistocene to Recent: Europe.—Hertfordshire, OAKLEY **911**; Stirlingshire, ABSALOM and HENDERSON **31**; S. Wales, ALLEN and RUTTER **37**; France, ALIMEN **35**, ASTRE **76**, BOURDELLE and DOUBLET **167**, CHAPUT and ENSELME **265**, GLORY **494**, GUILLAUME **532**, PATTE **944**, PAULUS **945, 946**, VALLOS **1262**; Belgium, LERICHE **782**; Holland, HOOIJER **608, 610, 612**, MARTIN **833**; Switzerland, DOTTRENS **373**, KOBY **694**, KRETZOI **733**; Italy, ANELLI **51**, BONI **157**; Germany, DIETRICH **360**; Austria, A.—— **32**; Hungary, GAAL **468**, KORMOS **700, 701**, KRETZOI **715, 717, 723, 728, 731**, MOTTL **889**; Rumania, HÖHR **605**; Czechoslovakia, POKORNY **978**, STEHLIK **1161**; Gibraltar, SAINZ **1050**; Mediterranean, LEONARDI **779**.

Pleistocene to Recent: U.S.S.R. and Asia.—Russia, GROMOVA **527**; Crimea, PARAMONOW **937**; Caucasus, IVANOVA **642**; Azerbaijan, VERESHCHAGIN **1272, 1273**; Siberia, GROMOVA **528**; Transbaikalia, GROMOV **525**; China, HOOIJER **615**, KOENIGSWALD **698**; Dutch East Indies, HOOIJER **614**; Java, HOOIJER **609**, KOENIGSWALD **698**.

Pleistocene to Recent: Africa.—ANON. **11**; Sudan, BATE **107**; Tanganyika, DIETRICH **361, 362**, LEAKEY **767**; Transvaal, BROOM **192, 193**, BROOM and ROBINSON **199**; S. Africa, BROOM **191, 195**, BROOM and ROBINSON **197, 198**, VAN HOEPEN **1267**; Madagascar, LAMBERTON **746**.

Pleistocene to Recent: New World.—New World, COLBERT **288**; N. America, SELLARDS **1108**; U.S.A., SCHULTZ and FRANKFORTER **1103**; Texas, SELLARDS and others **1109**; California, FURLONG **466**, MENARD **858**, NIGRA and LANCE **905**; Mexico, FURLONG **465**; Brazil, CASTELLANOS **247**, COUTO **302**; Uruguay CASTELLANOS **247**; Argentine BUSTOS **223**, RUSCONI **1038**, VIGNATI **1281**.

III.—SYSTEMATIC INDEX

In the arrangement of the Orders of the Mammalia, Simpson's classification and terminology in his "The principles of classification and a classification of Mammalia," 1945, have been adopted.

Systematic list of Triassic mammals, HUENE **626**.

The first appearance of mammals, with review of the characters of the Tritylodontidae, PIVETEAU **972**.

Origin of Monodelphi, SERA **1110**.

ORDER MONOTREMATA.

Marsupionta **subclass nov.** for Monotremata, p. 88; their evolution and relation to Marsupialia, GREGORY **521**.

Relation of Monotremes to Monodelphia, FRECHKOP **447**.

Developmental stages of Monotreme eggs, FLYNN and HILL **427**.

TACHYGLOSSIDAE.

Echidna burrowing ability, photos, ANON. **17**.—*E. aculeata* morphogenesis of brain, KRABBE **708**.

ORNITHORHYNCHIDAE.

Ornithorhynchus anatinus breeding in captivity, FLEAY **421**; capture, transportation, care in captivity, FLEAY **422**; behaviour in captivity, WAGNER **1299**; habits, growth, photos, BARRETT **102**.

Incertae sedis.

†MICROCLEPTIDAE.

†Haramyidae nom. nov. for Microlestidae Murray 1866 and Microcleptidae Simpson 1928, both preoccupied, SIMPSON J. Paleont. Menasha Wis. **21** 5 1947 p. 497 **1131**.

†*Haramiya* **nom. nov.** for †*Microcleptes* Simpson, preoccupied, SIMPSON J. Paleont. Menasha Wis. **21** 5 1947 p. 497 **1131**.

†*Microcleptes* Simpson 1928 preoccupied, replaced by *Haramiya* **nom. nov.** q.v. SIMPSON **1131**.—*M. moorei* Jurassic Somerset, additional descrs. p. 712 figs., PARRINGTON **939**.

†*Thomasia antiqua* Jurassic Somerset, additional descrs. p. 715 figs., PARRINGTON **939**.

†ORDER TRICONODONTA.

†TRICONODONTIDAE.

†*Eozostrodon* new finds Jurassic Switzerland, PEYER **965**.—*E. parvus*, *E. problematicus* Jurassic Somerset, additional descrs. figs. p. 708, PARRINGTON **939**.

†ORDER PANTOTHERIA.

†DOCODONTIDAE.

†Docodonta **ord. nov.** for Jurassic genera *Peramus*, *Peraicynodon* and *Docodon*, KRETZOI M. Ann. hist. nat. Mus. Hung. **39** 1946 p. 111.

ORDER MARSUPIALIA.

Problems of Marsupial phylogeny, J. PEARSON **947**.

Marsupial reproduction survey, BOLLIGER **150**.

Maxillary tooth replacement in Marsupials, FRIANT **458**.

Facial muscles in marsupials, ZLABEK **1369**.

Hair follicle arrangement in Australian marsupials, H. H. HARDY **555**.

New distribution records for some S. American marsupials, YEPES **1354**.

DIDELPHIDAE.

†*Eobrasilia* **gen. nov.** for genotype *E. coutoi* **sp. nov.** Eocene, Itaborai, Rio de Janeiro, Brazil p. 2, SIMPSON, Amer. Mus. Nov. 1357, 1947.

Didelphis reproductive tract, effect of ovarian hormones, RISMAN **1012**.—*D. virginiana* morphogenesis of brain, KRABBE **708**; field notes, SOCHUREK **1148**; spread in Washington, p. 12, LARRISON **756**.

Dromiciops australis australis history, distribution, habitats, GOLLAN **505**.

DASYURIDAE.

Dasyuridae systematic revision, anatomical and phylogenetic notes, TATE **1204**.

Antechinus wilhelmina **sp. nov.** 9 km. N.E. of L. Habbema, Dutch New Guinea, *A. mayeri misim* **subsp. nov.** Mt. Misim, Morobe, Papua, p. 130, TATE **1204**.

Myoictis melas waricus **subsp. nov.** Wau, Morobe, N.E. Papua, p. 140, TATE **1204**.

Parantechinus **gen. nov.** for genotype *Phascogale apicalis* Gray, p. 136, TATE Bull. Amer. Mus. Nat. Hist. **88** 1947.

Pseudantechinus **gen. nov.** for genotype *Phascogale macdonnellensis* Spencer, p. 139, TATE Bull. Amer. Mus. Nat. Hist. **88** 1947.

PHALANGERIDAE.

Phascolarctos cinereus morphogenesis of brain, KRABBE **708**.

MACROPODIDAE.

Dendrolagus female reproductive tract, MATTHEWS **846**.

Macropus prelacteal incisors in pouch young, TATE **1203**; twin and triplet births, TROUGHTON **1239**; as pest on sugar cane lands Queensland, READING **1002**.—*M. ocydromus* length of leap, SERVENTY **1112**; sample count W. Australia, SHIPWAY **1124**.—*M.* (*Setonyx*) *brachyurus* history and status on Rottnest Id., GLAUERT **493**.

ORDER INSECTIVORA.

Systematic relationships of some Ethiopian "Insectivora" based on cranial development, ROUX **1033**.

Phyletic significance of nictitation gland in Insectivora, CEI **253**.

Italian Insectivora, descrs., keys, GULINO **533**.

Insectivora of N. Africa, RODE **1021**.

Insectivora of China and adjacent regions, popular account, SOWERBY **1155**.

SOLENODONTIDAE.

Solenodon cubanus mammae location, J. J. ANGULO **54**.—*S. paradoxus* tooth loss in old age, E. MOHR **870**.

TENRECIDAE.

Echinops generic characters, compared with *Ericulus*, FRIANT **460**.

Ericulus generic characters, compared with *Echinops*, FRIANT **460**.—*E. setosus* deciduous and permanent dental formulas, FRIANT **459**; morphogenesis of brain, KRABBE **708**.

Setifer setosus cranial development as affecting affinities, ROUX **1033**.

CHRYSOCHLORIDAE.

Golden Moles in Uganda, HOPKINS **617**.

Chrysochloridae distinct from Insectivora, ROUX **1033**.

Eremitalpa granti cranial development as affecting affinities, ROUX **1033**.

†LEPTICTIDAE.

? †Leptictidae *inc. sedis* a tooth from Eocene, Corbières, Aude, France, LAVOCAT and LAPPARENT **761**.

ERINACEIDAE.

Erinaceidae fossil and recent dental characters, VIRET **1287**.

Erinaceus europaeus endocrinology in relation to seasonal activity, SKOWRON and ZAJACZEK **1141**; nest photo, GAIT **470**; mortality on roads, M. BURTON **215**.

†*Lanthanotherium robustum* **sp. nov.** Miocene Grive-St.-Alban, France, p. 55, VIRET **1287.**

†*Neurogymnurus major* Lydekker wrongly attributed to Erinaceidae, redescribed as †*Opsiclaenodon* **gen. nov.** in Arctocyonidae (q.v.), P. M. BUTLER **225.**

MACROSCELIDIDAE.

Elephantulus myurus jamesoni cranial development as affecting affinities, ROUX **1033**; abnormal position of embryo, VAN DER HORST **1264.**

SORICIDAE.

Soricidae economic importance in forestry, KARPINSKI **670.**

Systematic key to genera of European Soricidae, FRIANT **454.**

Soricidae as prey of *Tyto alba* in France, GIBAN and GUIBERT **479.**

British Shrews, habits, photos, VESEY-FITZGERALD **1277.**

Soricidae of Maine, weights, age variation, breeding data, R. S. PALMER **935.**

Blarina albinism in Pennsylvania, CHRISTIAN **276.**—*B. brevicauda* brain studies, CROSBY and HUMPHREY **309**; accessory reproductive glands, EADIE **388**; placentation, WIMSATT and WISLOCKI **1330**; sense of smell, SCHORGER **1092.**—*B. brevicauda manitobensis* **subsp. nov.** Max Lake, Turtle Mts. Manitoba, p. 23, R. M. ANDERSON **47.**

Crocidura caerulea procession of mother and young, DE **335.**—*C. campuslincolnensis* **sp. nov.** Shanghai, SOWERBY **1157.**—*C. m. mimula* distribution in Germany, STEIN **1162.**—*C. russula* status in Alderney, MATTHEWS **847.**

†*Drepanosorex* **gen. nov.** ? for genotype *D. tasnadii* **sp. nov.** Pleistocene, Gombaszog, Hungary, p. 109, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

†*Limnoecus niobrarensis* **sp. nov.** Miocene Niobrara River, Nebraska, p. 123, MACDONALD **807.**

Neomys fodiens, habits, colouration, photos, VESEY-FITZGERALD **1277**; destructive to fish ?, LESTAGE **785.**—*N. soricoides* rediscovered in Poland, KARPINSKI **669.**

Paradoxodon J. A. Wagner 1855 for *Pachyura* Selys 1839 (*nec* Hope 1834) p. 114, STRAND **1184** [Antedated by *Suncus* H. and E. 1832. R.W.H.]

†*Petenyia neglecta* Pliocene, Hungary, p. 607; *P. stehlini* Pleistocene, Cotancher, Switzerland, p. 608, **spp. nov.** KRETZOI **733.**

†*Plesiosorex soricinoides* Oligocene, S. France, new remains, descr. figs., VIRET **1291.**

Sorex capturing fish, LAMPMAN **751.**—*S. cinereus* accessory reproductive glands, EADIE **388.**—*S. fumeus* placentation, WIMSATT and WISLOCKI **1330.**—*S. lapponicus* Melander probably a race of *S. macropygmaeus* Miller, CHAWORTH-MUSTERS **266.**—*S. macropygmaeus* first record Poland, KARPINSKI **668.**—*S. m. merriami* first record Wyoming, MICKEY and STEELE **861.**—*S. milleri* **sp. nov.** Carmen Mts., Coahuila, Mexico, p. 131, JACKSON **645.**—*S. minutus* food, NEWSTEAD **901.**

Suncus etruscus found in Charente-Maritime, S.W. France, GIBAN and GUIBERT **479**; new to Palestine, from owl pellets, DOR **368.**—*S. orangiae* cranial development as affecting affinities, ROUX **1033.**

TALPIDAE.

†*Desmana* from well borings Holland, SCHREUDER **1099.**—*D. thermalis tegelensis* **subsp. nov.** Tertiary Tegelen, Holland, p. 173, SCHREUDER **1098.**

Galemys pyrenaicus nerve structure of muzzle, ARGAUD **71.**

Parascalops breweri accessory reproductive glands, EADIE **387.**

Talpa europaea seasonal changes in external female genitalia, GODET **499**; genitalia—body weight correlation, BALLI **91**; intersex, GALLIEN and GODET **474**; ontogenesis of prostatic gland, GODET **502**; oestrous in December, GODET **498**; morphogenesis of brain, KRABBE **708**; in captivity, SCHAERFFENBERG **1065**; swimming ability, DALLMAN **316.**

ORDER DERMOPTERA.

Galeopterus volans morphogenesis of brain, KRABBE **708.**

ORDER CHIROPTERA.

Short review of bat biology, SALA **1052**.

Popular account of bat life, PEATTIE **950**.

Bat echolocation, summary of recent work, GALAMBOS **471**.

Bat echolocation, brief account, R. H. KNIGHT **691**.

Echolocation in bats, further problems, VESEY-FITZGERALD **1278**.

Acoustic apparatus in Microchiroptera, morphological study, STEFANELLI **1160**.

Orientation and sensitivity in bats, SALA **1053**.

Bat migration, DORST **371**.

Experiments in bat homing, DIJKGRAAF **363**.

Blood supply to bat wing, MISLIN and KAUFMANN **866**.

Circulation in bat wings, CHAMPY and others **257**.

Vascular changes in bat wings, COWLES **305**.

Persistence of organ of Chievitz in adult bats, MASSART **837**.

Economic importance of bats, particularly in relation to control of insects harmful to forestry, MACKENZIE **813**.

Bats in captivity, RAMAGE **994**.

British bats, list of species, descriptions, habits, J. F. TURNER **1246**.

Bats of France, pocket guide, RODE **1026**.

Distribution of bats in caves in Belgium, NERINCX **897**.

Bats from Limburg caves, BELS **124**.

Notes on some bats in E. Germany, SCHLOTT **1076**.

Mass occurrence of bat skeletons, incl. two recent species, Pleistocene Austria, A.—— **32**.

Bats of Sweden, RYBERG **1045**.

Life history, distribution, parasites of Bats, with special reference to Scandinavia, RYBERG **1044**.

Ecology of Spanish bats, L. N. ANGULO **55**.

Technique of bat ringing, and field key to Spanish bats, AGACINO **33**.

Bats of N. Africa, RODE **1021**.

Bats as Barn Owl food in Palestine, DOR **368**.

Ecology and reproduction of Mt. Cameroon bats, EISENTRAUT **393**.

Bats of Madagascar, DORST **369**.

Key to Madagascan bats, DORST **372**.

Bats from Solomon Islands, SANBORN and BEECHER **1060**.

New distribution records for some S. American bats, YEPES **1354**.

SUBORDER MEGACHIROPTERA.

PTEROPODIDAE.

Cynopterus sphinx sphinx postpartum oestrous and double annual breeding, RAMAKRISHNA **995**.

Eidolon helvum occurrence in Kavirondo, Kenya, BRAMWELL **181**.

Pteropus bacula of five species descr. and figs., D. D. DAVIS **328**.—*P. dasymallus inopinatus* chromosomes, MAKINO **824**.—*P. geddiei* breeding season in New Hebrides, BAKER **89**.—*P. giganteus* breeding cycle in Ceylon, MARSHALL **831**.—*P. hypomelanus luteus* first record Solomon Is., SANBORN and BEECHER **1060**.—*P. scapulatus* field notes Queensland, WHITLOCK **1327**.

Scotonycteris zenkeri occidentalis **subsp. nov.** Oda, Gold Coast, HAYMAN **567**.

SUBORDER MICROCHIROPTERA.

EMBALLONURIDAE.

Emballonura semicaudata palauensis descr., measurements, OGATA **914**; addt. descr., extension of range, SANBORN **1056**.—*E. s. rotensis* **subsp. nov.** Rota Id., Mariannas, p. 99, YAMASHINA **1347**.

Saccolaimus nudicluniatus first record Solomon Is., SANBORN and BEECHER **1060**.

NYCTERIDAE.

Nycteris nana new to Gold Coast, HAYMAN **567**.

RHINOLOPHIDAE.

Rhinolophus euryale a cave colony in S. France, BALAZUC and THEODORIDES **90**; habits in captivity, LAURENT **760**. —*R. moravicus* status and distribution in N. Moravia, KOSTRON **705**.

HIPPOSIDERIDAE.

Hipposideros cupidus first record Solomon Is., SANBORN and BEECHER **1060**.—*H. jonesi* **sp. nov.** Makeni, Sierra Leone, p. 71, HAYMAN **569**.

Paracoelops **gen. nov.** for genotype *P. megalotis* **sp. nov.** Vinh, Annam, DORST Bull. Mus. Hist. nat. Paris (2) **19** 6 1947 p. 436.

PHYLLOSTOMATIDAE.

Choeronycteris mexicana first record California, OLSON **917**.

DESMODONTIDAE.

Diphylla ecaudata centralis range in Mexico, DALQUEST and HALL **321**.

VESPERTILIONIDAE.

Corynorhinus rafinesquii Californian races, habits, distribution, DALQUEST **318**.

Eptesicus nilssoni notes on hibernation in E. Germany, photos, SCHLOTT **1076**.—*E. serotinus* first record Cambridgeshire, distribution map, BURTSAL and HARRISON **221**; second Dorset record, LANG **754**.

Glauconycteris superba sheila **subsp. nov.** Oda, Gold Coast, p. 547, HAYMAN **568**.

Lasiurus borealis, *L. cinereus* migratory habits, HILL **585**.—*L. cinereus* attacking *Pipistrellus*, BISHOP **143**.

Miniopterus australis breeding season in New Hebrides, BAKER **89**.—*M. macrocneme* first record Solomon Is., SANBORN and BEECHER **1060**.—*M. schreibersii japoniae* proportional bone growth rate, SHIMOIZUMI and others **1123**.

Murina hilgendorfi notes on captive specimen, KISHIDA **685**; notes on a specimen, TAKASHIMA **1191**.

Myotis abei **sp. nov.** S. Sakhalin, p. 6, YOSHIKURA **1356**.—*M. argentatus* **sp. nov.** Coatzocoalcos, Veracruz, Mexico, p. 239, DALQUEST and HALL **319**.—*M. coluotus* status and distribution in N. Moravia, KOSTRON **705**.—*M. lucifugus* digestive system, CHURCHILL **278**.—*M. myotis* life span, annual mortality rates, EISENTRAUT **394**.—*M. mystacinus* first record Norfolk, SERGEANT and HARRISON **1111**.—*M. yumanensis lambi* **subsp. nov.** San Ignacio, Baja California, Mexico, p. 45, BENSON **132**.—*M. y.* distribution in California, habits, habitats, *M. y. oxalis* **subsp. nov.** Oxalis, San Joaquin valley, Fresno County, California, p. 228, DALQUEST **317**.

Nyctalus leisleri occurrence in Switzerland, AUBERT **80**.—*N. noctula* homing in Holland, BELS **123**.

Pachyotis temminckii panayensis Sody a synonym of *Scotophilus t. temminckii* Horsfield, SANBORN **1055**.

Pipistrellus subflavus obscurus partial albinism, GOSLIN **511**.

Pizonyx vivesi fish eating habits, GUDGER **530**.

Plecotus auritus, a semi-domesticated specimen, BELS **122**.

Scotophilus wroughtoni reproduction, gestation, longevity, GOPALAKRISHNA **508**.

Vespertilio sp. morphology of brain, KRABBE **708**.

MOLOSSIDAE.

Eumops sonoriensis **sp. nov.** Rancho de Costa Rica, Rio Sonora, Sonora, Mexico, p. 133, BENSON **133**.

Tadarida femorosacca occurrence in Tamaulipas, E. Mexico, DALQUEST and HALL **320**.—*T. mexicana* comments on migration and hibernation, BENSON **131**; migration, CHRISTENSEN **275**; habits in captivity, PERRY **957**.—*T. teniotis insignis* first record Japan, ABE **25**.

ORDER PRIMATES.

Primate psychology and behaviour, BEACH **111**.

Dentition of Primates, morphological analysis, STESLICKA **1166**.

Dental morphology of Primates in relation to diet, FRECHKOP **445**.

Dental and cranial abnormalities in Primates, GALLI **473**.

Numbers of vertebrae in Primates, SCHULTZ and STRAUS **1101**.

Variations in petrosal bone of higher Primates, CARETTE-PILLOT **239**.

Occipital axis in Primates, NEMEC **896**.

Blood vessels in Primate menstruation, KAISER **664**.

Functions of frontal lobes in Primates, FULTON **464**.

Primate frontal cerebral cortex, METTLER **860**.

Primates of Bwamba, W. Uganda, species, distribution, habits, yellow fever immunity, HADDOW and others **540**.

Key to New World primates on skull characters, ANTHONY **61**.

Incertae sedis.

†*Alsaticopithecus* **gen. nov.** for genotype *A. leemanni* **spec. nov.** Eocene, Buchsweiler, Alsace, HURZELER, Verh. Schweiz. naturf. Ges. **127** 1947 p. 81.

SUBORDER PROSIMII.

TUPAIIDAE.

Tupaia tana habits in captivity, photos, STEINBACHER **1163**.

Urogale everetti photo in captivity, K. P. SCHMIDT **1079**.

LEMURIDAE.

The genera of Chirogalinae, FRIANT **456**.

Hapalemur sp. foetal brain, FRIANT **453**.

Microcebus murinus morphogenesis of brain, KRABBE **709**.

Opolemur synonym of *Chirogale*, FRIANT **456**.

INDRIDAE.

†*Bradytherium* Grandidier almost certainly a synonym of †*Palaeopropithecus*, addt. descr. figs., LAMBERTON **747**.

†*Palaeopropithecus* probably includes †*Bradytherium* Grandidier, addt. descr. and figs. of material, LAMBERTON **747**.

LORISIDAE.

Lorisidae thoracic transpedicular foramina, HILL **588**.

Arctocebus calabarensis external characters, osteology and dentition of type-specimen, affinities of genus, W. C. O. HILL **589**.

Galago crassicaudatus argentatus an established melanistic population in Kenya, WEBB **1311**.—*G. demidovii pusillus* Peters antedated by *G. d. murinus* Murray, W. C. O. HILL **590**.—*G. murinus* Murray antedates *G. d. pusillus* Peters, lectotype selected, W. C. O. HILL **590**.

Nycticebus tardigradus archaic molar structure, FRIANT **457**.—*N. t. malaianus* cardiovascular system, DAVIES **326**.

Perodicticus edwardsi morphology, habits, photos, SALA DE CASTELLARNAU **1051**.—*P. potto* habits in captivity, CANSDALE **233**.

†ANAPTOMORPHIDAE.

Characteristics, systematic position, distribution of †Necrolemuridae in Eocene Europe, HURZELER **628**.

†*Nannopithex pollicaris* Stehlin a synonym of †*Necrolemur filholi* Chantre and Gaillard, p. 126, HURZELER **630**.

†*Necrolemur* characters, systematic position, stratigraphical distribution, HURZELER **630**.

TARSIIDAE.

Tarsius sp. photo in captivity, HESS **581**.—*T. carbonarius* habits, distribution, photos in captivity, K. P. SCHMIDT **1079**.

PROSIMII *incertae sedis.*

†*Gesneropithex* **gen. nov.** for genotype *G. peyeri* **sp. nov.**, Eocene, Gosgen, Switzerland, p. 126, HURZELER Verh. Schweiz. Nat. Ges. **126** 1946; addt. descr., figs., HURZELER **629**.

SUBORDER ANTHROPOIDEA.

CEBIDAE.

External morphology of brain in Platyrrhine monkeys, their classification and origin, ANTHONY **60**.

Ateles spinal nervous system, CHANG and RUCH **260**; morphology of spinal cord, nerves, caudal segmentation and caudal musculature, CHANG and RUCH **262**.

Cacajao calvus habits, ANON. **21**.

CALLITHRICIDAE.

Callithrix jacchus as laboratory animal, infection with *Plasmodium knowlesi*, CRUZ and PIMENTA DE MELLO **313**.—*C. penicillata* attributed to Humboldt; correction of recent designation of lectotype, RODE and HERSHKOVITZ **580**.

Hapale neocortex, PEDEN and BONIN **951**.

CERCOPITHECIDAE.

Cercopithecinae menstrual swellings, NESTURKH **898**.

Cercopithecinae blood study, GRIGOROVA and NESTURKH **522**.

Cercocebus note on Congo forms, SCHOUTEDEN **1097**.

†*Cercopithecoides* **gen. nov.** for genotype *C. williamsi* **sp. nov.** Tertiary, Makapan Valley, Potgietersrust, S. Africa, p. 298, VAN DER SPUY MOLLETT S. Afr. J. Sci. **43** 1947.

Cercopithecus cephus gabonensis **subsp. nov.** Gaboon, p. 256, MACLATCHY and MALBRANT **815**.—*C. l'hoesti l'hoesti*, *C. mona denti* recorded from Uganda, HADDOW and others **540**.—*C. mona schwarzianus* **nom. nov.** for *C. m. schwarzi* Schouteden (preoccupied by *C. mitis schwarzi* Roberts), p. 553, SCHOUTEDEN **1095**.

Choeropithecus Blainville replaces *Papio* Erxleben (preoccupied), HOPWOOD **620**.

Colobus caudatus found dead in unusual habitat, TRAPPE **1236**.

Macaca innua distribution and characters, RODE **1021**.—*M. mulatta* early mating and pregnancy, VAN WAGENEN **1269**.—*M. rhesus* topographical atlas of brain stem, MONNIER and SANDER **872**.

Papio Erxleben preoccupied, must be replaced by *Choeropithecus* Blainville, HOPWOOD **620**.—*P.* sp. growth rates and weights, YAKIMOV **1346**.—*P. ruhei* **sp. nov.** between Mogadiscio and lower Webbi Shebeli, Italian Somaliland, ZUKOWSKY **1370**.

†*Parapapio* Jones redefined, p. 297, *P. broomi* addt. descr., figs., p. 295, VAN DER SPUY MOLLETT **1265**.

PONGIDAE.

The Apes in antiquity, MONTAGU **874**.

†Australopithecinae cranial and skeletal anatomy, systematic position, LE GROS CLARK **773**.

Importance of Australopithecinae in study of human evolution, LE GROS CLARK **774**.

'Dartians' a proposed colloquial name for Australopithecinae, KEITH **676**.

A new pre-hominid skull from S. Africa, first details, BROOM **191**.

Significance of the recent African hominid finds, ANON. **11**.

The recent pre-hominid discoveries, review and comparisons, HOOIJER **611**.

Malleus in anthropoids, systematic value, SEGALL **1107**.

†*Africanthropus* skull from Pleistocene Eyasi, Tanganyika, age of site, LEAKEY **767**.

†*Austriacopithecus* further notes, EHRENBERG **392**.

Gorilla craniometrical study, ALLODIATORIS **40**.—*G. g. gorilla* external genitalia and sex determination in life, photos, GOSS **512**; habits in French Cameroons, GOOD **507**; range extension in Mayumbe, Angola, A. L. FERREIRA **413**; development of premaxilla, ANTHONY **62**.—*G. g. gorilla*, *g. beringei* photos of large zoo specimens, ANON. **16**.

Hylobates of Dutch East Indies, range and status, HEYNSIUS-HIRULY and HEURN **582**.—*H. concolor leucogenys* an archaic mandibular character, DEHAUT **343**.

†*Kansupithecus* **gen. nov.** (no species designated) Tertiary, Taben-Buluk, Kansu, p. 235, BOHLIN Rept. Scient. Exp. N.W. Prov. China (6) Vert. Pal. 4 1946.

Pan troglodytes sense of smell, BLACKMAN **144**; distribution Tanganyika, GRANT **515**.—*P. satyrus verus* skull with abnormally developed supraorbital ridges, RODE **1019**.

†*Plesianthropus transvaalensis* story of recent Sterkfontein find, reconstructions and photos, BROOM **192**; a new mandible from Pleistocene, Sterkfontein, BROOM **193**; upper milk molars, descr. figs., BROOM **194**; new skull, prelim. notice, BROOM **195**; note on sphenoid and orbit characters, BROOM and ROBINSON **196**; a male lower jaw descr. fig., BROOM and ROBINSON **197**; further remains Sterkfontein, BROOM and ROBINSON **198**; further discoveries Pleistocene Sterkfontein, figs., BROOM and ROBINSON **199**; further note on status, F. W. JONES **658**.

†*Proconsul* first reported limb bones Miocene Kenya, LE GROS CLARK **772**.

Simia satyrus past and present range, need for protection, HEYNSIUS-HIRULY and HEURN **582**.

HOMINIDAE.

Zoological position of man, BURKITT **213**.

Chronology of man, ZEUNER **1367**.

Fossil man, 3rd ed., BOULE **165**.

Review of fossil Hominidae, BENNETT **127**.

Fossil man, a general account, DAWE **331**.

Review of history of man, ARAMBOURG **70**.

Contemporaneity of man with Pleistocene New World faunas, COLBERT **288**.

Trend of human evolution, WEIDENREICH **1317**.

Fossil man, comments on some recent views, TWIESSELMANN **1250**.

Recent progress in human palaeontology reviewed, PIVETEAU **971**.

Recent hominid discoveries in E. Asia, brief review, H. SCHMIDT **1077**.

The Neanderthal skulls from Gibraltar, SAINZ **1050**.

Premaxilla in man, apes and 'hominids,' F. W. JONES **657**.

Premaxilla and ancestry of man, LE GROS CLARK **771**.

Origin of man in Australia, MCCARTHY **806**.

Homo, popular account of fossil ancestry, BURY **222**.—*H. sapiens*, geographical origins, RÜSCHKAMP **1037**; recent work on N. American remains, SELLARDS **1108**; remains from lower Paleolithic of France, VALLOS **1262**.—†*H. soloensis* primitive characters, preliminary note (von Koenigswald), N(EVE) **899**.

†*Meganthropus* affinities, TEILHARD DE CHARDIN **1210**.

†*Pithecanthropus* history of recent discoveries, KOENIGSWALD **698**.

ORDER EDENTATA.

SUBORDER XENARTHRA.

New distribution records for some S. American edentates, YEPES **1354**.

†MEGALONYCHIDAE.

†*Lophiodolodus* **gen. nov.** for genotype *L. chaparralensis* **sp. nov.** Oligocene, Tolima, Colombia, p. 332, STIRTON Serv. Geol. Nacional, Colombia **7** 1947.

†MEGATHERIIDAE.

†*Megatherium americanum* femur from Pleistocene, Argentine, descrs., figs., RUSCONI **1038**.

MYRMECOPHAGIDAE.

Tamandua tetradactyla morphogenesis of brain, KRABBE **709**.

BRADYPODIDAE.

Bradypodidae, popular account, BURTON **216**.

Bradypus didactylus morphogenesis of brain, KRABBE **709**.

†*Bradytherium* Grandidier probably wrongly attributed to Bradypodidae, almost certainly a synonym of †*Palaeopropithecus*, addt. descr. and figs. of material, LAMBERTON **747**.

Choloepus didactylus birth in captivity, REVENTLOW **1007**.

DASYPODIDAE.

Armour plate of armadillos, BASTIN **106**.

Dasypus sp. morphogenesis of brain, KRABBE **709**.—*D. novemcinctus* early sex differentiation, NEWFANG **900**; susceptible to murine typhus, VARELA and MAZZOTI **1270**.

†*Macroeuphractus morenoi* from Miocene, Argentine, descr. figs., CASTELLANOS **248**.

†*Proeuphractus scalabrini*, *P. villosissimus* from Miocene Argentine, descr. figs., CASTELLANOS **248**.

Tolypeutes conurus habits in Gran Chaco, photos, H. KRIEG **737**.

Zaedyus pichiy distribution in Argentine, YEPES **1355**.

†GLYPTODONTIDAE.

†*Asterostemma venezolensis* **sp. nov.** Miocene, San Francisco, Rio Guere, northwestern Anzoategui, east Venezuela, p. 2, SIMPSON **1129**.

†*Boreostracon* occurrence in Uruguay and Brasil, *B. oliveirai* **sp. nov.** Pleistocene N.E. Brazil, p. 11, CASTELLANOS **247**.

ORDER PHOLIDOTA.

Scales of pangolins, BASTIN **106**.

Manis sp. morphogenesis of brain, KRABBE **709**.—*M. pentadactyla* Linn. correct name for Formosan *M.*, not *M. aurita* Hodgson, type locality Formosa, HORIKAWA, Y. Trans. Nat. Hist. Soc. Formosa **33** (234) 1943 pp. 67–70; food habits Formosa, SONON **1154**.—*M. p. dalmanni* brain structure, CHANG **259**.

†*Manis palaeojavanica* Pleistocene Java, recent find of femur, HOOIJER **609**.

Phataginus tricuspis habits in Gold Coast, photos, CANSDALE **234**.

Uromanis longicaudata habits in Gold Coast, photos, CANSDALE **234**.

ORDER LAGOMORPHA.

OCHOTONIDAE.

Ochotonidae skeletal remains Tertiary Kansu, descr. figs. pp. 147–168, BOHLIN **149**.

†*Lagopsis* Schlosser (*nec* Rafinesque) preoccupied, see †*Opsolagus*.—*L. penai*, *L. cadeoti* Miocene Spain, characters and status, VILLALTA COMELLA and CRUSAFONT PAIRO **1284**.

†*Lagotona* **gen. nov.** for genotype *L. lazari* **sp. nov.** Pleistocene, Gombaszok, Hungary, p. 111, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

†*Metochotona* **gen. nov.** for genotype *M. gobiensis* (Young), p. 111, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

Ochotona princeps septentrionalis **subsp. nov.** Itcha Mts., Brit. Columbia, p. 102, COWAN and RACEY **304**.

†*Ochotona chiki* **sp. nov.** Pliocene, K'ing-yang-fou, China, p. 111, KRETZOI **715**.—*O.* sp. Pleistocene Hungary, KORMOS **701**.

†*Opsolagus* **nom. nov.** for †*Lagopsis* Schlosser (nec Rafinesque) p. 350, KRETZOI Foldt. Kozl. Budapest **71** 1941.

†*Pliochotona* **gen. nov.** for genotype *P. lagrelii* (Schlosser), p. 111, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

LEPORIDAE.

Brachylagus idahoensis extension of range, distribution map, SCHANTZ **1067**.

Lepus brachyurus variation in mammary formula, ABE **24**.—*L. californicus eremicus* growth, feeding and breeding habits, HASKELL and REYNOLDS **563**.—*L. c. melanotis* relation to prairie vegetation, H. L. BROWN **204**.—*L. europaeus* organ weights, FREUND **450**; dental abnormalities, CHRISTIANSEN **277**.—*L. e. aurigineus* Hollister type locality probably incorrect, p. 8, SOWERBY **1156**.—*L. e. caspicus* **natio nova** *turgaicus*, S. of Kusstanai, N.W. Kazakstan, U.S.S.R., OGNEV, S.I., Mammals of U.S.S.R., **4** 1940 p. 161.—*L. e. cyrensis* **natio nova** *lencoranicus*, Kisil-Agatch, Lenkoran, Azerbaijan, U.S.S.R., OGNEV, S. I., Mammals of U.S.S.R. **4** 1940 p. 158.—*L. e. occidentalis* white variety, R. G. COOKE **296**.—*L. e. pyrenaicus* albino, ASTRE **75**.—*L. othus* nesting habit, growth, colour change and behaviour in captivity, WALKINSHAW **1306**.—*L. townsendii campanius* decrease in Kansas, H. L. BROWN **203**.—*L. t. c.*, *L. americanus phaennotus* distribution changes in Wisconsin, LEOPOLD **781**.—*L.* (*Poelaqus*) *marjorita ruandensis* nomen nudum, Nyakatare, Ruanda-Urundi, p. 536, SCHOUTEDEN **1095**.

Oryctolagus cuniculus sterility and prenatal mortality, ALLEN and others **38**, BRAMBELL and MILLS **179**, **180**; appendix, GULINO **534**.

†*Pliolagus tothi* **sp. nov.** Pleistocene, Betfia, Hungary, pp. 250, 322, KRETZOI **717**.

Pronolagus crassicaudatus subsp. recorded from Kwango, Belgian Congo, p. 536, SCHOUTEDEN **1095**.

Sylvilagus auduboni vallicola ecology and population study California, FITCH **420**.—*S. floridanus* helminth parasites, MOORE and MOORE **876**.—*S. f. mearnsi* relation to prairie vegetation, H. L. BROWN **204**; breeding at 5 months, HENDRICKSON **575**; body temperatures, PETRIDES **960**; winter den studies, LINDUSKA **788**; winter food study Wisconsin, A. MCCABE **804**; abnormal head growths, ROWE **1035**.

Tarimolagus **gen. nov.** for genotype *Lepus yarkandensis* Günter (central Asia), GUREEV, A. A. C.R. Acad. Sci. Moscow 57 5 1947 p. 517 fig. 2.

ORDER RODENTIA.

Evolution, convergence and parallelism of rodents, with revised subordinal classification, A. E. WOOD **1337**.

Phyletic significance of nictitation gland in rodentia, CEI **253**.

Summary of revision of Asiatic Rodents, ELLERMAN **396**.

Key to Indian Rodents, ELLERMAN **395**.

Zonal distribution of Mongolian Rodents, BANNIKOV **94**.

Rodents of Teheran, key and lists, ROUSSELOT **1032**.

Small rodents from owl pellets Palestine, DOR **368**.

Rodentia of Belgian Congo, SCHOUTEDEN **1095**.

Rodents of southern prairies of Canada, ANDERSON and RAND **48**.

New distribution records for some S. American rodents, YEPES **1354**.

Influence of rodents on forest regeneration, KRAUCH **714**.

Modern rodent control, BARNETT **99**; in towns, BARNETT **100**.

Rodents as plague vectors, CHABAUD **254**.

American rodents as sylvatic plague vectors, HOEKENGA **601**.

Rodent ecto-parasite survey problems, COLE and KOEPKE **289**.

Rodent tolerance of bugs, S. F. WOOD **1338**.

Rodent types of U.S.S.R., MAKSIMOV **825**.

Simplicidentate skeletal material Tertiary Kansu, descr. figs. pp. 169–197, BOHLIN **149**.

SUBORDER SCIUROMORPHA.

†MYLAGAULIDAE.

†*Mesogaulus* sp. Miocene Florida, new unnamed material, p. 491, A. E. WOOF **1336**.

SCIURIDAE.

Orbit length in classification of Sciuridae, p. 259, ELLERMAN **396**.

Gold Coast forest squirrels, field key, food, habits, distribution, photos, CANSDALE **235**.

Squirrel migration in Wisconsin, SCHORGER **1094**.

Ammospermophilus nelsoni habitats, food and moisture requirements, HAWBECKER **564**.

Citellus sp. preglacial remains Hungary, KORMOS **700**.—*C. dauricus ramosus* habits, habitat, food in Manchuria, TANIMOTO **1199**.—*C. eversmanni* distribution, habits, SKALON **1135**.—*C. major* aestivation, BAZHANOV **109**.—*C. richardsonii* economic and medical importance in Alberta, BROWN and ROY **205**.—*C. spilosoma major* winter activity Oklahoma, MCMURRY **818**.—*C. suslica volhynensis* Olyki, Volhyn, Poland p. 25, *C. s. ognevi* Kishenev, Bessarabia p. 27, **subspp. nov.**, RESHETNIK **1006**.—*C. tridecemlineatus tridecemlineatus* spread in Ohio, LEEDY **768**.

Cynomys gunnisoni zuniensis ecology in Arizona, SCHEFFER **1073**.—*C. ludovicianus* albinism, TATE **1202**.

Eutamias of Washington, distribution and ecology, LARRISON **757**.—*E. amoenus albiventris* **subsp. nov.** Wickiup Spring, west of Anatone, Washington,

BOOTH **161**.—*E. a. luteiventris* weight and measurements of new born young, BOOTH **160**.—*E. a. ochraceus* distribution California, D. H. JOHNSON **655**.

Glaucomys volans habits in captivity, first action photos in flight, E. P. WALKER **1303**; homing, partially over treeless ground, R. A. MCCABE **805**; field notes, SOCHUREK **1147**.—*G. v. querceti* nest building habits Florida, J. C. MOORE **877**.

Glis Erxleben 1777 valid name for Marmots, p. 535, HOPWOOD **620**.

Heliosciurus undulatus leakeyi **subsp. nov.** Garissa, Kenya, p. 7, TOSCHI **1232**.

Notosciurus J. A. Allen a synonym of *Sciurus* (*Guerlinguetus*), with *N. rhoadsi* J. A. Allen synonym of *S.* (*G.*) *soderstromi* Stone, p. 8, HERSHKOVITZ **579**.

Paraliscus **subgen. nov.** (type *hosei* Thomas) see *Sciurus*.

Petaurista caniceps habits in captivity, possibly first record Kumaon, MINETT **863**.

Prosciurillus **gen. nov.** for *Sciurus murinus* Mull. and Schleg; *P. evidens* (Miller and Hollister) synonym of *P. murinus* p. 259, ELLERMAN Proc. Zool. Soc. London **117** 1947.

Sciurus aberti first record Utah, DURRANT **384**.—*S. a. navajo*, **subsp. nov.**, Kigalia, San Juan County, Utah, p. 79, DURRANT and KELSON **385**.—*S. carolinensis* unusual case of melanism Minnesota, BRECKENRIDGE **182**; history and spread in Britain, BURTON **214**; food value, BURTON **218**; in Somerset, THOMSON **1221**; in West Dorset, LANG **754**; distribution in Scotland BARTHOLOMEW **104**, LOWLANDER **799**; reported in Perthshire, MACINTYRE **811**.—*S. granatensis* Humboldt valid name, with *S. variabilis* I. Geoffroy a subspecies; *S. g. agricolae* Sierra Nevada de Santa Marta, Magdalena, p. 16, *S. g. norosiensis* Norosi, Mompos, Bolivar, p. 21, *S. g. perijae* Sierra Perija, Valleduplar, Magdalena, p. 23, *S. g. tarrae* Rio Tarra, upper Catatumbo, San Calixto, Dept. of Norte de Santander, p. 26, all Colombia; *S. g. maracaibensis* Lake Maracaibo, Zulia, Venezuela, p. 25, all **subspp. nov.**; *S. g. splendidus* Gray, type locality defined as Rio Cesar, near Rio Magdalena, Colombia, p. 17, *S. g. variabilis* Gray, type locality restricted to La Gloria, Rio Magdalena 45 kms. above mouth of R. Cesar, Colombia, p. 19, *S. g. griseogena* Gray type locality restricted to San Julian, near La Guaira, coast of Venezuela, p. 29, supplementary list of S. American subspecies, p. 35, HERSHKOVITZ **579**.—*S. griseus griseus* status and ecology in California, INGLES **638**.—*S. vulgaris* local variations and population cycles in Finland, LAMPIO **750**; eating deer horn, HORNUNG **622**.—*S. v. leucourus* in Hertfordshire, BARCLAY **97**; rarity in Highams Park, Epping Forest, TUCKER **1245**,—*S.* (*Paralariscus* **subgen. nov.** p. 259) for *S. hosei* Thomas, ELLERMAN Proc. Zool. Soc. Lond. **117** 1947.

†*Sciurus* sp. Oligocene Kansu, teeth descr. figs., p. 14, BOHLIN **149**.

Spermophilus citellus morphogenesis of brain, KRABBE **709**.

Tamias s. striatus food storage in captivity, ENGELS **403**.—*T. s. griseus* status Nebraska, VELICH **1271**.

Tamiasciurus hudsonicus damage to mature pine, SCHANTZ-HANSEN **1070**.

GEOMYIDAE.

Cratogeomys tylorhinus arvalis **subsp. nov.**, Mexico City, p. 45, HOOPER **616**.

Geomys bursarius review of Kansas races, *G. b. industrius* **subsp. nov.** Fowler, Meade County, Kansas, p. 226, VILLA-R. and HALL **1286**.

†*Geomys quinni* from Pliocene, Kansas, descr. figs., FRANZEN **439**.

Thomomys possibly originator of Mima mounds in Western U.S.A., V. B. SCHEFFER **1074**.

HETEROMYIDAE.

Dipodomys phillipsii oaxacae **subsp. nov.** Teotitlan, Oaxaca, Mexico, p. 48, HOOPER **616**.

Liomys irroratus pullus **subsp. nov.** Tlalpam, Mexico, p. 47, HOOPER **616**.

Perognathus hispidus revision of local races with distribution, GLASS **491**.

†*Proheteromys floridanus*, *P. magnus* Miocene, Florida, new finds, p. 489, A. E. WOOD **1336**.

CASTORIDAE.

Castor canadensis races of California, introductions, distribution, conservation, HENSLEY **576**; ice-breaking habit, photos, ANON. **15**.—*C. c. concisor* ecological survey Colorado, PACKARD **930**.—*C. fiber* status, habits, history on Rhône, CORDIER-GONI **297**; survival till recent times in N.E. France, DECHAMBRE **340**; distribution in France and Belgium in prehistoric times, LERICHE **782**; of Rhone valley, characters of recent and fossil skulls, BOURDELLE and DOUBLET **167**; status in White Russia in 1936, KOSTRON **704**; subfossil jaw from Holland, MARTIN **833**.—*C. f. vistulinus* status, distribution, ecology in Poland, KOSTRON **703**.

ANOMALURIDAE.

Idiurus kiruensis cansdalei **subsp. nov.** Oda, Gold Coast, p. 211, with revision of genus, HAYMAN **566**.—*I. zenkeri* study of eye and accessory organs, CEI **252**.

SUBORDER MYOMORPHA.

CRICETIDAE.

Cricetine rodent plagues in Brazil, GIOVANNONI and others **488**.

Microtinae of Poland, a review, DEHNEL **346**.

†Cricetidae indet. Miocene Florida, p. 491, A. E. WOOD **1336**.

Akodon (*Chroeomys*) *jelskii ochrotis* **subsp. nov.**, Huacullani, Puno, Peru, p. 140, revision of all races and distribution, SANBORN **1057**.

Alticola barakshin **sp. nov.** Mongolia, p. 217, BANNIKOV **95**.

†*Anaptogonia* Cope a synonym of *Ondatra*, HIBBARD **583**.

†*Anomalomys gaudryi* characters and stratigraphy, SCHAUB and VIRET **1072**; addt. descrs. and figs., *A. gaillardi* **sp. nov.** Miocene, Aude, France, p. 349, VIRET and SCHAUB **1294**.

Arvicola amphibius observations on a colony, DEAN **336**; new to Palestine, from owl pellets, DOR **368**.—*A. terrestris* habits in captivity, WAHLSTROM **1301**.

Clethrionomys gapperi saturatus white spotted mutation, BOOTH **159**.

Cricetus auratus post-natal development of reproductive system, ORTIZ **921**; haematology, ROSE and others **1030**.—*C. cricetus* reproduction, PETZSCH **963**; feeding on *Microtus*, PETZSCH **964**.

Cricetulus sp. new to Palestine, from owl pellets, DOR **368**.

Cuniculus itinerator Gistel a synonym of *Lemmus obensis* Brants, p. 382, STRAND **1182**.

†*Epicricetodon* **nom. nov.** for †*Neocricetodon* Schaub (nec Kretzoi), p. 349, KRETZOI Foldt. Kozl. Budapest **71** 1941.

Gerbillus provisional revision, p. 269, ELLERMAN **396**.

Holochilus spp. ecology in Argentine, LLANOS **792**.

Lemmimicrotus **gen. nov.** for genotype *Arvicola mandarinus* Milne-Edwards, TOKUDA, M., Biogeographica Tokyo **4** 1 1941 p. 68.

Lemmus obensis Brants taxonomic note, *Cuniculus itinerator* Gistel a synonym, STRAND **1182**.

Loxodontomys **subgen. nov.** (type *micropus* Waterhouse) see *Phyllotis*.

Meriones provisional revision, p. 270, ELLERMAN **396**; systematic revision, with key, synonymy and measurements, CHAWORTH-MUSTERS and ELLERMAN **267**.—*M.* (*Sekeetamys* **subgen. nov.** p. 270) for *M. calurus* Thos, ELLERMAN Proc. Zool. Soc. Lond. **117** 1947.—*M. unguiculatus* habits, habitat, food in Manchuria, TANIMOTO **1199**.

Microtus andersoni **sp. nov.** Little Keele R., 82 miles W. of Mackenzie R., Canol Road, N.W. Territories, Canada, p. 42, RAND **997**.—*M. chrotorrhinus chrotorrhinus* occurrence in New Brunswick, HIRTLE **595**.—*M. nivalis* new record from Cantal, S. France, CANTUEL **238**; chromosomes, MATTHEY **850**.—*M. ochrogaster* distribution, ecology, parasites, breeding habits, JAMESON **649**.—*M. oeconomus* status in Holland, SCHREUDER **1100**.—*M. pennsylvanicus* swimming and diving ability, PETERSON **959**; damage to conifers, LITTLEFIELD and others **791**.—*M. ratticeps*, *M. nivalis* distinguishing skull characters, GAFFREY **469**.—*M. ratticeps stimmingi* reproduction, food, aquatic habits, BARABASH-NIKIFOROV **96**.

Microtus (*Stenocranius*) *cantator* **sp. nov.** near Tepee Lake, St. Elias Range, 61° 35′ N, 140° 22′ W. Yukon, p. 161, R. M. ANDERSON **47**.

†*Mimomys* from well borings Holland, SCHREUDER **1099**.

Myopus middendorffi vinogradovi first record Sakhalin, new to Japanese fauna, YOSHIKURA **1357**.

Myospalax dybowskii distribution, habits, food, breeding, NEKIPELOW **895**.

†*Neocricetodon* Schaub (*nec* Kretzoi) preoccupied, see †*Epicricetodon*.

Neotoma fuscipes canescens susceptible to murine typhus, VARELA and MAZZOTI **1270**.

Neotomys ebriosus, *e. vulturnus* status, measurements, distribution, SANBORN **1059**.

Ondatra zibethica habits, distribution, economic value, SOLLARS **1153**; food habits Maine, TAKOS **1192**; sex ratios and weights in Ohio, J. M. ANDERSON **45**; distribution and economic importance in California, TWINING and HENSLEY **1252**; ecology in California, HENSLEY and TWINING **577**; photo of five-day old young, COURTNEY **300**; acclimatization in N. France, NOURY **910**; naturalization in Poland, SKURATOWICZ **1142**; diseases, ERRINGTON **407**.—*O. z. cinnamomina* abnormal incisor growth, WOODWARD **1341**.—*O. z. macrodon* resorption of embryos, DOZIER **376**.

Oryzomys p. palustris in Maryland, FARNER **411**.—*O. rostratus carrorum* **subsp. nov.** Rio Soro la Marina, Tamaulipas, Mexico, p. 101, LAWRENCE **765**.—*O. xanthaeolus ica* "plague" in Peru, GILMORE **486**.

Peromyscus paternal care of young, HORNER **621**.—*P. eremicus* reproduction in captivity, DAVIS and DAVIS **330**; color variation in relation to soil colours, BLAIR **147**.—*P. maniculatus* buff and grey pelage strains, BLAIR **148**; effect of colour in selection by owls, DICE **357**.—*P. m. blandus* genetic variations in pelage colour, BLAIR **145**; colour genes in relation to soil colours, BLAIR **146**.

Phyllotis group, new systematic arrangement, OSGOOD **923**.

Phyllotis (*Loxodontomys* **subgen. nov.** p. 172) for *Mus micropus* Waterhouse, OSGOOD, J. Mamm. Baltimore **28** 1947.

Pitymys s. subterraneus distribution E. Germany, STEIN **1162**.

†*Pitymys hintoni* **sp. nov.** Pleistocene, Betfia, Hungary, pp. 249, 319, KRETZOI **717**.

Rheomys thomasi chiapensis **subsp. nov.** Prusia, Chiapas, Mexico, p. 53, HOOPER **616**.

Sekeetamys **subgen. nov.** (type *calurus* Thos) see *Meriones*.

Sigmodon hispidus alfredi **subsp. nov.** Springfield, Baca County, Colorado, p. 57, GOLDMAN and GARDNER **504**.—*S. minimus goldmani* type locality correction, GARDNER **476**.—*S. ochrognathus madrensis* **subsp. nov.** 30 m. N.W. of Parral, S. Chihuahua, Mexico, p. 58, GOLDMAN and GARDNER **504**.

†*Sycium* Cope a synonym of *Ondatra*, lectotype of *S. cloacinum* (Cope) designated, HIBBARD **583**.

Synaptomys cooperi gossii first records Nebraska, revised distribution, FICHTER and HANSEN **416**.

RHIZOMYIDAE.

†*Tachyoryctoides* sp. Tertiary Taben-Buluk, Kansu, discussion, p. 67, BOHLIN **149**.

MURIDAE.

Smaller murines of France, characters, key, distribution, DIDIER and RODE **359**.

Monograph of Muridae of Japanese Empire, TOKUDA **1226**.

Muridae of Hainan, TANAKA **1198**.

Food habits of Formosan murids, AOKI **67**.

Comparative studies on four Formosan muridae, TANAKA **1197**.

Sex and pregnancy ratios in commensal Muridae in S. Russia, STEPANOV **1165**.

Commensal rats in Texas, D. E. DAVIS **329**.

Murine chromosomes, MAKINO **820**, **821**, **822**.

Modern rat control methods, WILLEMS **1329**.

Rats as stored foodstuff pests, COLLINS **290**.

Colour selection of poisoned grain by field mice, CHAPPELLIER **264**.

Reported plague of white rats Madagascar about 1863–1868, POIRIER **977**.

Apodemus agrarius in Formosa, biostatistical analysis, TANAKA **1195**; variation statistics, TANAKA **1197**; status in Poland, BENES **126**.—*A. a. insulaemus* **subsp. nov.** Taihoku, Formosa p. 84, TOKUDA **1226**.—*A. flavicollis* heterochromosomes MATTHEY **851**. —*A. speciosus sadoensis* Sado Island, Japan, *A. s. tusimaensis* Izuhara, Tusima, Japan, **subspp. nov.** p. 89, TOKUDA **1226**.

Apomys reduced to subgenus of *Rattus*, p. 260, ELLERMAN **396**.

Berylmys **subgen. nov.** (type *manipulus* Thomas) see *Rattus*.

Coelomys reduced to subgenus of *Mus*, p. 260, ELLERMAN **396**.

Crateromys schadenbergi photo in captivity, K. P. SCHMIDT **1079**.

Diomys crumpi valid, re-described, p. 204, ELLERMAN **397**.

Hadromys humei additional descr. and measurements, p. 204, ELLERMAN **397**.

Laomys Thomas is synonym of *Zyzomys* Thomas, p. 260, ELLERMAN **396**.

Lehpoldamys **subgen. nov.** (type *sabanus* Thos.) see *Rattus*.

Micromys minutus takasagoensis **subsp. nov.** Sikayau, Formosa, p. 78, TOKUDA **1226**; chromosomes, MAKINO **823**.

Mus, question of the Mediterranean forms, RODE **1025**.—*M. formosanus* variation statistics, TANAKA **1197**.—*M. mayori pococki* **nom. nov.** for *M. bicolor* Thomas (preoccupied), p. 382, ELLERMAN **395**.—*M. musculus*, *M. formosanus* comparative analysis, TANAKA **1196**.—*M. musculus* variation statistics Formosa, TANAKA **1197**; anatomy and behaviour, TEAL **1209**; morphogenesis of brain, KRABBE **709**; development of cerebellum, hereditary hydrocephalus, BONNEVIE and BRODAL **158**.

Mycteromys not valid genus, possibly subgenus of *Mus*, p. 260, ELLERMAN **396**.

Neanthomys **gen. nov.** for genotype *N. giaquintoi* **sp. nov.** TOSCHI Ric. Zool. Appl. Cacc. Bologna (Suppl.) 2 1 1947 p. 4.

Nesokia nemorivaga taiwanus **subsp. nov.** Taihoka, Formosa, p. 74, TOKUDA **1226**; chromosomes, MAKINO **823**.

Paramelomys not valid, p. 268, ELLERMAN **396**.

Phloeomys cumingi photo in captivity, K. P. SCHMIDT **1079**.

Pogonomelomys valid genus, p. 260, ELLERMAN **396**.

Pseudomys (*Gyomys*) *apodemoides* distribution, habits, breeding, systematic position, FINLAYSON **417**.

"*Pyromys*" a composite genus, invalid, p. 260, ELLERMAN **396**.

Rattus Asiatic subgeneric divisions, with species lists, p. 261, ELLERMAN **396**; excess teeth, TOKORO **1225**.—*R. conatus* as cane pest Queensland, life history studies, W. A. MCDOUGALL **810**.—*R. exulans* habitat study New Guinea, carrier of scrub-typhus bearing chiggers, C. O. MOHR **867**.—*R. losea* variation statistics, TANAKA **1197**.—*R. macleari*, *R. nativitatis* probably extinct on Christmas Island, GIBSON-HILL **481**.—*R. norvegicus* domestication, morphological and physiological results, CASTLE **250**; history and distribution Montana, TRYON **1243**; rarity of melanism in France, RODE **1020**; intersex, MATTHEWS **845**; blood groups, BURHOE **212**; early developmental problems, NICHOLAS **903**; effectiveness of rodenticides, EMLEN and STOKES **401**; endoparasites, JIROVEC and STECKER **652**; tail length relation to genetic strains under domestication, KEELER **671**.—*R. ringens* habitat study in New Guinea; carrier of scrub-typhus bearing chiggers, C. O. MOHR **867**.

Rattus (*Berylmys* **subgen. nov.** pp. 261, 267) for *R. manipulus* Thomas, ELLERMAN Proc. Zool. Soc. London **117** 1947.

Rattus (*Cremnomys*) *elvira* **sp. nov.** Kurumbapatti, Salem District, E. Ghats, p. 207, ELLERMAN **397**.

Rattus (*Leopoldamys* **subgen. nov.** pp. 261, 267) for *R. sabanus* Thos, ELLERMAN Proc. Zool. Soc. Lond. **117** 1947.

Tokudaia **nom. nov.** for *Acanthomys* Tokuda 1941 (genotype *Rattus jerdoni osimensis* Abe), KURODA Bull. Biogeog. Soc. Japan **13** (9) 1943 pp. 59–64.

Tokudamys Johnson 1946 preoccupied by *Tokudaia* Kuroda 1943 (see *Tokudaia*) **743.**

GLIRIDAE.

Revision of Muscardinidae subfamilies and genera, KRETZOI **729.**

Euglires **subord. nov.** p. 273, KRETZOI **729.**

Idioglires **subord. nov.** p. 273, KRETZOI **729.**

Claviglis vulcanius **aberratio** *albolineatus*, Gabiro, Parc National de Kagera, Ruanda, Belgian Congo, p. 222, FRECHKOP **448.**

Glirulus japonicus hibernation study, SHIMOIZUMI **1121, 1122.**

Glis sp. preglacial remains Hungary, KORMOS **700.**—*G. glis* distribution in England, W.——, J. D. U. **1335.**

Graphiurus schoutedeni **sp. nov.** Katanga, Belgian Congo, p. 220, FRECHKOP **448.**

†*Leithia melitensis* skeleton at Padua, problem of Pleistocene insular fauna of Mediterranean, LEONARDI **779.**

†*Miodyromys* **gen. nov.** for genotype †*Dyromys hamadryas* Stomer, p. 272, KRETZOI **729.**

Muscardinus avellanarius hibernation body temperatures, KLAAS **687.**

Myoxus Zimmermann valid for Dormice (*Glis* Storr preoccupied), p. 535, HOPWOOD **620.**

†*Pentaglis* **gen. nov.** for genotype *P. foldvarii* **sp. nov.** Miocene, Budapest, Hungary pp. 182, 271, KRETZOI Foldt. Kozlony Budapest **73** 1–3, 1943.

ZAPODIDAE.

Napaeozapus insignis white tail colour variability, C. A. FOSTER **435.**

†*Parasminthus* **gen. nov.** p. 15 for genotype *P. asiae-centralis* p. 18, *P. tangingoli* p. 23, *P. parvulus* p. 30, all Tertiary, Taben-buluk, Kansu, **spp. nov.**, BOHLIN Rept. Scient. Exp. N.W. Prov. China (6) Vert. Pal. 4 1946.

†*Plesiosminthus* systematic comparison with †*Parasminthus*, p. 15, BOHLIN **149.**

Sicista cranial and dental comparisons with †*Parasminthus*, pp. 15–66, BOHLIN **149.**—*S. betulina* in Norway not a steppe-period relict, CHAWORTH-MUSTERS **266.**

DIPODIDAE.

Dipus sagitta sowerbyi habits, habitat, food in Manchuria, TANIMOTO **1199.**

SUBORDER HYSTRICOMORPHA.

HYSTRICIDAE.

Atherurus macrurus distribution and habits, Assam, STONOR **1178, 1179.**

Hystrix africae-australis erythrism in Kenya due to food ?, WEBB **1311.**—*H. galeata* habits in Tanganyika, LOVERIDGE **798.**

ERETHIZONTIDAE.

Erethizon spine, rate of penetration in flesh, SHADLE **1116.**—*E. dorsatum* a highway mortality victim, STONER **1177.**—*E. epixanthum* post-natal development and behaviour, TRYON **1244.**

CAVIIDAE.

Dolichotis australis spread and distribution in Argentine, YEPES **1353.**

HYDROCHOERIDAE.

Hydrochoerus isthmius in Canal Zone, Panama, TRAPIDO **1235.**

DINOMYIDAE.

Dinomys branickii photos in captivity, ANON. **19**; history and habits, photos, HODGE **600.**

†HEPTAXODONTIDAE.

†? *Gyriabrus royoi* **sp. nov.** Miocene Bolivar, Colombia, p. 320, STIRTON **1172.**

CHINCHILLIDAE.

Chinchilla Bennett, identification of type species, OSGOOD **922.**—*C.* sp. as fur animal, history, photos, A. ROBERTS **1015.**

CAPROMYIDAE.

Myocastor coypus feral in Kansas. HOFFMEISTER and KENNEDY **604**.

CTENOMYIDAE.

Ctenomys peruanus **sp. nov.** Pisacoma, 14,000 ft., Puno, Peru, p. 135; *C. leucodon* first record Peru, p. 136. SANBORN and PEARSON **1061**.

THRYONOMYIDAE.

†*Thryonomys arkelli* **sp. nov.** Mesolithic, Khartoum, Sudan, p. 65. BATE **107**.

BATHYERGIDAE.

Mole-rats in Uganda. HOPKINS **617**.

CTENODACTYLIDAE.

†*Leptotataromys* **gen. nov.** for genotype *L. gracilidens* **sp. nov.** Tertiary, Taben-Buluk, Kansu, p. 107, BOHLIN Rept. Scient. Exp. N.W. Prov. China (6) Vert. Pal. 4 1946.

†*Sayimys obliquidens* **sp. nov.** Tertiary, Taben-Buluk, Kansu, p. 118, BOHLIN **149**.

†*Tataromys grangeri* **sp. nov.** Tertiary Taben-Buluk, Kansu, p. 91, with discussion of other material, BOHLIN **149**.

†*Yindirtemys* **gen. nov.** for genotype *Y. woodi* **sp. nov.** Tertiary, Taben-Buluk, Kansu, p. 108. BOHLIN Rept. Scient. Exp. N.W. Prov. China (6) Vert. Pal. 4 1946.

ORDER CETACEA.

Antarctic whaling season 1946/47 preliminary survey. ANON. **4**.

International Whaling statistics, 17, 1947, ANON. **2**, **3**.

History of whaling and international conservation, HAYDEN **565**.

Thermoregulation and geographical races of cetaceans, TOMILIN **1228**.

Structure, physiology and economic importance of whales, popular account. EWER **408**.

Eye structure and vision in whales, MANN **828**.

Anatomy and physiology of the eye in Cetacea. ROCHON-DUVIGNEAUD **1018**.

Weight and biochemistry of some Cetacea. KHARKOF **683**.

Popular account of Cetacea, FRASER **440**.

Eskimo whaling technique, RAINEY **993**.

Whaling in prehistoric Europe. CLARK **283**.

Whale liver as vitamin A source, LAGOVSKAIA **745**.

Ambergris, FRASER **441**.

Scottish Cetacea, pp. 176–180, DARLING **324**.

List of Cetacea known from Holland coasts, DEINSE **347**.

Russian whaling statistics for N. Pacific 1941–1944, VADIVASOV **1260**.

A modern textbook of Japanese whaling, OMURA and others **918**.

Japanese marine mammals, MATSUURA **842**.

Distribution and migration of whales off Tchukotha Peninsula, NIKULIN **906**.

Cetacea stranded on Indian coasts, MOSES **888**.

SUBORDER ODONTOCETI.

PLATANISTIDAE.

†*Pachyacanthus* sp. from Miocene, Austria, THENIUS **1215**.

ZIPHIIDAE.

Berardius bairdii occurrence off Japan, measurements, weights, reproduction, MATSUURA **841**; occurrence in Sea of Okhotsk, MATSUURA **843**.

Mesoplodon europaeus second Florida record, comparative measurements of all known skulls, ULMER **1255**.—*M. grayi* external and cranial measurements of W. Australian specimen; *M. bowdoini* first record Australia, cranial description and measurements, GLAUERT **492**.

†*Mesoplodon longirostris* new specimen from Pliocene, Victoria, Austr alia with notes on synonymy, origin of rostrum, GLAESSNER **490**.

Ziphius cavirostris notes on a Spanish specimen, VALLMITJANA **1261**.

PHYSETERIDAE.

Kogia breviceps in S. Australia, H. M. HALE **542**; first Cuban record, LEON and AGUAYO **778**.

MONODONTIDAE.

Delphinapterus dorofeevi, *D. freimani* *D. leucas* distribution, populations, hunting techniques, in U.S.S.R. waters, KLUMOV **689**.—*D. leucas* first stranding in Denmark, cranial measurements and fig., BONDESEN **154**.

DELPHINIDAE.

Delphinus delphis biology and physiology, TOMILIN **1229**; vocal sounds, KULLENBERG **741**; vocal sounds, further observations, FRASER **444**; size, weight, colour of a French example, PRUDHOMME **990**; foetal measurements and gestation, DESBROSSES and others **355**; economic value in Japan, NOGUCHI **909**.

Globicephalus melas large school stranded Tasmania, general study, E. O. G. SCOTT **1106**; records from Madeira, NOBRE **907**.

Grampus rectipinna school stranded in British Columbia, notes and measurements, CARL **241**.

Lagenorhynchus cruciger should include *L. obscurus*, *L. fitzroyi*, *L. wilsoni*, *L. australis* and *L. superciliosus*; notes on colour pattern and distribution, BIERMAN and SLIJPER **138**.

Pseudorca crassidens an Argentine multiple stranding, MARSH-SIMPSON **832**; note on Argentine stranding, FRASER **443**.

Stenella euphrosyne on Oregon coast, photos; a valid species, KELLOGG and SCHEFFER **678**.

Tursio (*Lissodelphis auct.*) *borealis* study of Japanese specimens, OKADA and HANAOKA **915**.

Tursiops tursio size, weight and colour of some French examples, PRUDHOMME **990**; on Sussex coast, TICEHURST **1222**.

PHOCAENIDAE.

Porpoises and Dolphins, distinguishing characteristics, FRASER **442**.

Neomeris phocaenoides first record Fukien, CHENG **268**.

Phocaena phocaena hypophysial portal vessels, G. W. HARRIS **558**.

Phocaenoides dallii size, reproduction, migration off Japan, MATSUI and NOGUCHI **839**, **840**; economic value in Japan, NOGUCHI **909**.

SUBORDER MYSTICETI.

Whalebone whales, biology, distribution, economic importance, history and prospects of whaling, MACKINTOSH **814**.

BALAENOPTERIDAE.

Balaenopteridae geographical races result of thermoregulation controlling size, TOMILIN **1228**.

Balaenoptera sp. fish-eating in Indian Ocean, JACOB and MENON **646**.—*B. physalus* ascorbic acid content of milk, BEGG **121**.

†*Balaenula balaenopsis* Pliocene Italy, descr. figs., TREVISAN **1237**.

ORDER CARNIVORA.

Phylogenetic and systematic revision of fossil and recent Carnivora, KRETZOI **736**.

Carnivora of Portuguese Guinea, MONARD **871**.

New distribution records for some S. American carnivores, YEPES **1354**.

Tertiary Carnivora from Kansu, p. 198, BOHLIN **149**.

Pleistocene Carnivora from Hungary, KRETZOI **715**.

Quaternary Carnivora from S. France, PAULUS **945**.

†SUBORDER CREODONTA.

†Creophaga **ord. nov.** for Pseudocreodi with Hyaenodontidae and Oxyaenidae, Deltatheridioidea and Acreodi with Mesonychidae, Ptolemayidae and Triisodontidae, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 62.

†Didymoconidae **fam. nov.** for *Didymoconus* pp. 16, 194, KRETZOI **730**.

†? *Didymoconus* sp. Tertiary Kansu, new finds descr. figs. p. 198, BOHLIN **149**.—*D.* probably Arctocyonid, p. 699, P. M. BUTLER **225**.

†Dyspternidae **fam. nov.** for *Dyspterna* pp. 16, 194, KRETZOI **730**.

†*Dyspterna* probably Arctocyonid, p. 699, P. M. BUTLER **225**.

Kochictis **gen. nov.** for genotype *K. centennii* **sp. nov.** Oligocene, Egeres, Hungary, pp. 10, 190, KRETZOI Foldt. Kozl. Budapest **73** 1943.

†Kochictidae **fam. nov.** for *Kochictis* **gen. nov.** pp. 16, 194, KRETZOI **730**.

†Paroxyclaenidae **fam. nov.** for *Paroxyclaenus* pp. 16, 194, KRETZOI **730**.

†ARCTOCYONIDAE.

†*Opsiclaenodon* **gen. nov.** for genotype *O. major* (Lydekker), originally attributed to Erinaceidae as *Neurogymnurus*, p. 691, redescribed and figured, P. M. BUTLER Ann. Mag. Nat. Hist. (11) 13 1947.

†HYAENODONTIDAE.

†*Neohyaenodon semseyi* **sp. nov.** Miocene, Bad Lands, Dakota, p. 172, KRETZOI **716**.

†*Paradoxodonta* **nom. nov.** for *Paradoxodon* Scott (*nec* Wagner 1855), p. 114, STRAND Folia zool. hydrobiol. Riga **12** 1943.

SUBORDER FISSIPEDA.

Caniformia **subord. nov.** pp. 16, 194. KRETZOI **730**.

Canioidea **subord. nov.** for superfamilies Proaeluroidae **spf. nov.** and Ursoidae, KRETZOI, M. Ann. hist.-nat. Mus. Hung. **38** 1945 p. 81.

Feliformia **ord. nov.** for Nimravidae, Felidae, Megantereontidae and Machairodontidae, KRETZOI M. Ann. hist.-nat. Mus. Hung. **38** 1945 p. 62.

Hyaenoidea **subord. nov.** for Viverridae and Hyaenidae, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 81.

†Quercygalidae **fam. nov.** for *Quercygale angustidens* Filhol, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 81.

CANIDAE.

The wolf in N. American history, YOUNG **1358**.

Some rare Canidae in Schonbrunn Zoo, ANTONIUS **65**.

The pariah dog, wild or feral? DECHAMBRE **341**.

History of domestic dog in Denmark, DEGERBOL **342**.

Dogs of the world, KALESKI **666**.

Lycaoninae taxonomic revision, p. 112, KRETZOI **715**.

†*Acticyon* **gen. nov.** for genotype *A. leardi* **sp. nov.** Miocene, Apache Canyon, Ventura County, California, p. 85, STOCK Bull. S. Calif. Ac. Sci. **46** 1947.

†*Aelurodon johnhenryi* **sp. nov.** Miocene, Gilchrist County, Florida, p. 503, T. E. WHITE **1321**.

†*Amphicynops* **gen. nov.** for genotype *A. platyodon* **sp. nov.** Tertiary, Bad Lands, Dakota, p. 174, KRETZOI Foldt. Kozl. Budapest **71** 1941.

Canis antarcticus Kerr preoccupies *C. dingo* Meyer, IREDALE **641**.

Canis familiaris possible origins, MATTHEY **849**; in Polynesia, history, origins, importance, LESCURE **784**; polydactyly, COSTA GUERREIRO **299**; Mexican hairless, WAGNER **1298**; Sensitivity to siren, ROONWAL **1028**.—*C. latrans* albinism percentage, D. D. GREEN **520**; deer-hunting methods, CAHALANE **231**; habits, ROBINSON and CUMMINGS **1017**.—*C. lupus* survival and present distribution in France, BENECH **125**; in historic times in France, measurements of recent and Quaternary skulls, PAULUS **945**; attacking man in Ontario, PETERSON **958**; recent record Washington, p. 12, LARRISON **756**; behaviour study in captivity, SCHENKEL **1075**.—*C. l. hodophylax* history and extermination in Japan, HIRAIWA **594**.—*C. l. knighti* **nom. nov.** for *C. l. griseus* Anderson 1943 (*nec C. griseus* Bodd.), p. 54, R. M. ANDERSON **47**.—*C. l. occidentalis* ecological study in Rocky Mts. National Parks, Canada, COWAN **303**.

†*Canis spelaeoides* **nom. nov.** for *C. gigas* Kretzoi 1938 nec Townsend, p. 349, KRETZOI **727**.

†*Canis* (*Aenocyon*) *dirus* Pleistocene California, statistical analysis of metapodials, NIGRA and LANCE **905**.

Chrysocyon jubatus in captivity, photos, ANTONIUS **65**.

†*Crassicuon* **gen. nov.** for genotype *C. antiquus* Matthew and Granger, p. 118, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

Cuon alpinus litter size, ANSELL **57**.

†*Cuon europaeus* Pleistocene Czechoslovakia, new finds descr. figs., STEHLIK **1161**.

†*Dinocyon thenardi* Miocene Austria, first record, THENIUS **1215**.

†*Nothocyon insularis* Miocene, Florida, addt. material, p. 502, T. E. WHITE **1321**.

Nyctereutes procyonoides notes on a specimen in captivity, SIIVONEN **1127**.

†*Parictis bathygenus* **sp. nov.** Miocene, Gilchrist County, Florida, p. 500, T. E. WHITE **1321**.

†*Semicuon* **gen. nov.** for genotype *S. europaeus* Bourguignat, p. 119, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

†*Sinicuon* **gen. nov.** for genotype *S. peii* **sp. nov.** Pliocene, North China, p. 118, KRETZOI Ann. Hist. Nat. Mus. Hung. Min. Geol. Pal. **34** 1941.

Urocyon re-appearance in Ontario, DOWNING **375**.

Vulpes fulva experimental lighting effect on moult and winter coat, BASSETT **105**; genetics of colour phases in Canada, L. BUTLER **224**; peculiar behaviour, COMSTOCK **291**.—*V. vulpes* white face and platinum inheritance, JOHANSSON **653**.—*V. v. crucigera* general habits, DAY **333**; eye-witness account of flea-ridding method, ATKINSON **79**.

URSIDAE.

†*Agriarctos* **gen. nov.** for genotype *A. qaali* pp. 257, 350, and *A. vighi* pp. 258, 352, both **spp. nov.** Miocene Hungary, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Euarctos americanus general habits, HIGHTOWER **584**; six cubs in one litter, ROWAN **1034**.

†*Plionarctos* (?) *stehlini* **sp. nov.** Pleistocene Hungary, p. 125, KRETZOI **715**.

Thalarctos maritimus development of young born in captivity, VLASAK **1295**; successful artificial rearing of new-born cub, photos, VLASAK **1296**; breeding in captivity, K. M. SCHNEIDER **1084**; birth and growth in captivity, OUWEHAND AZN **925**; hand-reared, DUNCAN **382**; hypophysis, HANSTROM **552**.

†*Ursavus ehrenbergi* addt. descr., figs., THENIUS **1216**.

Ursus sp. (grizzly) records of extinct Californian form, BENSON **130**.—*U. americanus altifrontalis*, *U. mendocinensis* former range in Marin County, California, VAN ATTA **1263**.—*U. arctos* history, habits, distribution, particularly in Europe, VOLMAR **1297**; Alaskan races and others, size comparisons, POCOCK **976**.—*U. horribilis* skull of the extinct Californian form, LAWRENCE **763**.—*U. malayanus* birth in captivity, photos, HUTZELSIDER **634**.—*U. piscator* history, distribution, habits in Kamtschatka, photos, BERGMAN **136**.

†*Ursus* sp. from Pleistocene Austria, ZAPFE **1365**.—*U. arctos binagadensis* **subsp. nov.** Pleistocene Azerbaijan p. 351, VERESHCHAGIN **1273**.—*U. arvernensis r. pyrenaicus* Depéret synonym of *U. bockhi* Schlosser, p. 208, THENIUS **1214**.—*U. spelaeus* penis bone fractures, KOBY **695**.—*U. s. major* fractured mandible, PALES **932**.

†*Ursus* (*Helarctos*) *sino-malayanus* **sp. nov.** ? Pliocene, Liang-Chia-Ho, Shansi, China, p. 202, THENIUS **1214**.

PROCYONIDAE.

Ailuropoda melanoleuca extension of range to Tibet, extension of food range, PEN **952**; external characters, behaviour in captivity, photos, K. M. SCHNEIDER **1086**.

Ailurus fulgens habits and behaviour in captivity, K. M. SCHNEIDER **1087**.

Bassariscus astuta doubtfully a Kansas mammal, HOFFMEISTER **603**.

Nasua nasua aricana, **subsp. nov.** Arica, Cuiaba, Matto Grosso, Brazil, p. 404, VIEIRA **1280**.

Procyon lotor preying on turtles, ERICKSON and SCUDDER **406**.—*P. l. psora* feeding habits California, TEVIS **1211**.

MUSTELIDAE.

Review of some Hungarian Pleistocene and Recent Mustelidae, KRETZOI **723**.

Review of fossil Mellivorinae, KRETZOI **726**.

Mustelids represented in Egyptology, KEIMER **674**.

Hypophysis of Mustelidae, HANSTROM **552**.

Penis bone of the Mustelidae, DIDIER **358**.

†*Aelurocyon spissidens* **sp. nov.** Miocene, Gilchrist County, Florida, p. 497, T. E. WHITE **1321**.

Arctonyx dictator first record Cambodia, cranial and dental characters, study of brain, and review of other species, URBAIN and FRIANT **1256**.

†*Baranogale helbingi* Kormos is synonym of *B. beremendensis* Petenyi, pp. 244, 331, KRETZOI **723**.

†*Basarabictis* **gen. nov.** for genotype †*Lutra rumana* Simionescu 1930, p. 320, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Enhydra lutris history and habits, brief summary, HILL **587**; history habits, and recovery, EAST **389**.

†*Eomellivora hungarica* **sp. nov.** Tertiary Hungary, p. 319, *E. h. altera* **subsp. nov.** Tertiary Hungary, p. 321, *E. californica* **sp. nov.** Pliocene, Kern River, California, p. 319, KRETZOI **726**.

Lutra canadensis general habits, GOIN **503**.—*L. c. vaga* feeding on terrapins (*Pseudemys*), STOPHLET **1180**.—*L. lutra* marine habits, drowned in lobster pots, COX **306**; threatened extinction in Holland, BROUWER **200**.

Lutreola lutreola ehiki **nom. nov.** for *L. hungarica* Ehik 1932 (nec Ehik 1928), pp. 324, 369, KRETZOI **723**.

Lutrogale perspicillata flatness of tail, habits, ANSELL **57**.

Martes caurina status and conservation in California, TWINING and HENSLEY **1253**.—*M. martes* reported in Somerset, MATTHEWS and MAYES **848**; recent records in Somerset, CLEGG **285**; status in Lakeland, CLAPHAM **281**; status in Scotland, MORTIMER BATTEN **886**.—*M. zibellina* × *M. martes* hybrids, PONOMAREV **980**.

Meles meles meles general habits in England, DAY **334**; variation in gestation, NEAL **894**.

†*Melido* **gen. nov.** for *M. pachecoi* Villalta and Crusafont, p. 171, GOMEZ-LLUECA Trab. Inst. Cienc. Nat. (Geol.) "José de Acosta" Madrid **1** 2 1944.

Mellivora capensis cottoni recorded from Ivory Coast and Gaboon, RODE **1022**.

Mustela erminea seasonal coat change, PSENNER **991**.—*M. e. stabilis* carrying hen's egg, ATKINSON **78**.—*M. frenata* male sex cycle, P. L. WRIGHT **1344**.—*M. nivalis* in *Talpa* runs, ELLISON **399**.—*M. putorius* morphogenesis of brain, KRABBE **710**.—*M. vasarhelyii* **nom. nov.** for *M. hungarica* Vasarhelyi 1942 nec Ehik 1928, p. 349, KRETZOI **727**.—*M. vison* reproduction study, delayed implantation, HANSSON **550**; sexual activity unaffected by light stimulation, STEVENSON **1167**.

†*Mustela putorius spelaea* **subsp. nov.** Pleistocene, Gard, S. France, p. 24, PAULUS **945**.

†*Oligobunis floridanus* **sp. nov.** Miocene, Gilchrist County, Florida, p. 498, T. E. WHITE **1321**.

†*Paleomeles* **gen. nov.** for *P. pachecoi* nom. nud. Miocene, Spain, p. 182, GOMEZ-LLUECA **506**.

†*Paramellivora* **gen. nov.** p. 322 (no species given), KRETZOI Foldt. Kozl. Budapest **72** 1942.

†*Perunium* **gen. nov.** for *P. ursogulo* **sp. nov.** Miocene, Ukraine, p. 947, ORLOV C.R. Acad. Sci. Moscow N.S. **57** 9 1947. [Peruniinae **subfam. nov.**].—*P. ursogulo* brain, ORLOV **920**.

Putorius eversmanni occurrence in Czechoslovakia, KOSTRON **706**.—*P. furo* feral in Mull, recent decrease, MACINTYRE **812**.—*P. putorius* reported in Scotland, MORTIMER BATTEN **886**.—*P. p.* × *P. furo* "waltzing" hybrid mutations, HAGEDOORN **541**.

†*Sivamellivora* **gen. nov.** for genotype *Eomellivora* (?) *necrophila* Pilgrim 1932, p. 320, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Spilogale putorius first Pennsylvania record, LATHAM and STUDHOLME **758**.

Taxidea taxus taxus spread in Ohio, LEEDY **768**.—*T. t. iowae* **subsp. nov.** Clarion, Wright County, Iowa, p. 287, SCHANTZ **1068**.

†*Trocharion albanense* systematic position, VIRET **1290**.

†*Vormela petenyii* **sp. nov.** Pleistocene Hungary, pp. 244, 331, KRETZOI **723**.

VIVERRIDAE.

Atilax paludinosus guineensis **subsp. nov.** Catio, Portuguese Guinea, p. 198, MONARD **871**.

Genetta genetta races in France, distribution and need for protection, RODE **1023**.—*G. g. neumanni* melanism in Kenya, WEBB **1312**.

Herpestes brachyurus systematic revision, synonymy, *H. semitorquatus* a colour mutant, SCHWARZ **1104**.—*H. ichneumon occidentalis* **subsp. nov.** Portuguese Guinea, p. 193, MONARD **871**.

HYAENIDAE.

Crocuta melanistic specimen in Kenya, BEATON **113**.

Hyaena morphology of vertebral column, KERNERKNECHT and EHRENBERG **680**; morphology of limb skeleton, KERNERKNECHT **681**.—*H. brunnea* doubtfully in Tanganyika, RUSHBY and SWYNNERTON **1041**.—*H. striata* behaviour at kill, BOSWELL **163**.

†*Hyaena spelaea* morphology of vertebral column, KERNERKNECHT and EHRENBERG **680**; morphology of limb skeleton, KERNERKNECHT **681**; review of skeletal characters, EHRENBERG **391**.

†*Ictitherium montadai* nom. nud. Miocene, Spain, p. 182, GOMEZ-LLUECA **506**.

†*Lycyaena chaeretis* found in Miocene, Spain, CRUSAFONT PAIRO and VILLALTA COMELLA **311**.

FELIDAE.

Adaptive modifications of forelimb in large Felidae, HOPWOOD **618**.

Lion, leopard and cheetah systematic status on skull interior morphology, HOPWOOD **619**.

Felidae of Gran Chaco, habits, photos, H. KRIEG **737**.

Pairing in lion and tiger, photos, PATHE **325**.

†Proaeluridae **fam. nov.** for *Anictis* **gen. nov.**, *Brachictis* **gen. nov.**, *Stenoplictis*, *Haplogale*, *Bunaelurus*, *Stenogale*, and *Proaelurus*, KRETZOI, M. Ann. hist.-nat. Mus. Hung. **38** 1945 p. 81.

†*Anictis* **gen. nov.** for genotype *Viverra simplicidens* Schlosser, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 79.

†*Brachictis* **gen. nov.** for genotype *Proaelurus medius* var. *crassa* Teilhard de Chardin, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 79.

Felis concolor history, distribution, habits, economic status, control, systematics; *F. c. capricornensis* **subsp. nov.** (Goldman), Piracicaba, 80 miles N.W. of São Paulo, Brazil, p. 246, YOUNG and GOLDMAN **1361**.—*F.* dom., atlas of anatomy, HORSBURGH and HEATH **624**; coat colour and tortoiseshell inheritance, KOMAI **699**; history and suggested origins, VESEY-FITZGERALD **1276**; origins, comment on previous article, POCOCK **975**; capturing *Mustela nivalis*, HORNUNG **623**; supernumerary premolars, VAN EATON **1266**.—*F. lybica* melanism, SCHOUTEDEN **1096**.—*F. maka* Van Saceghem is synonym of *Felis* (*Profelis*) *aurata*, SCHOUTEDEN **1096**.—*F. onca* recent record Texas, TAYLOR **1207**.

Felis (*Leptailurus*) *serval* melanism in Congo, SCHOUTEDEN **1096**.

Felis (*Profelis*) *aurata* melanism in Belgian Congo, SCHOUTEDEN **1096**.

†*Felis* (?) *batalleri* nom. nud. Miocene, Spain, p. 182, GOMEZ-LLUECA **506**.

†*Ictidailurus* **gen. nov.** for genotype *Ailurictis jourdaini* Kretzoi, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 66.

Lynx canadensis recent record Wisconsin, SCHORGER **1093**; first record for Nevada, SCHANTZ **1069**.—*L. rufus* killing *Odocoileus*, DILL **364**.

†*Machairodus jourdani andresi* nom. nud. Miocene, Spain, p. 181, GOMEZ-LLUECA **506**.

†*Nimravinus* **gen. nov.** for genotype *Nimravus sectator* Matthew 1907, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 66.

†*Nimraviscus* **gen. nov.** for genotype *Ailurogale minor* Filhol, KRETZOI, M., Ann. hist.-nat. Mus. Hung. **38** 1945 p. 66.

Panthera leo historical account, relation to man, a vanishing species, MATHESON **838**; habits under protection on Serengeti Plains, FORAN **430**; morphogenesis of brain, KRABBE **710**; habits of domesticated specimens, C. SCOTT **1105**; gait, K. M. SCHNEIDER **1088**; cannibalism, FORAN **428**; cannibalism, STEVENSON-HAMILTON **1169**.—*P. pardus* in Palestine, description, history, status, declining numbers, E. HARDY **554**; melanism in Africa, SCHOUTEDEN **1096**; behaviour at kill, BOSWELL **163**; habits of domesticated specimens, C. SCOTT **1105**.—*P. tigris* sense of smell, WRENICKE **1342**; sense of smell, T. E. H. SMITH **1146**; 'death cry,' BOSWELL **164**; cattle killing *en masse*, MORRIS **883**; a very old man-eater, R. W. BURTON **220**; hypophysis, HANSTROM **551**.—*P. t.* subsp. Pleistocene China, skull and size characters, relation to recent forms, HOOIJER **615**.

†*Panthera spelaea* Pleistocene Holland, calcaneum measurements compared with recent species, p. 47, HOOIJER **612**; new finds Pleistocene Switzerland, KOBY **694**.—*P. s. bayoli* **subsp. nov.** Pleistocene, Gard, S. France, p. 29, PAULUS **945**.

Prionailurus bengalensis breeding season, GEE **477**.—*P. viverrinus* recorded from Burma, ANSELL **57**.

†*Pseudaelurus marini* nom. nud. Miocene, Spain, p. 182, GOMEZ-LLUECA **506**.

†*Smilodon* reconstruction and possible mode of life, COUTO **301**.—*S. californicus* metapodial length analysis, MENARD **858**.

Uncia uncia breeding in captivity, K. M. SCHNEIDER **1085**.

SUBORDER PINNIPEDIA.

Biological notes on Pinnipedia, LEGENDRE **770**.

Mechanics of swimming in seals, TAMINO **1194**.

Sea lion pond in Leipzig Zoo, plan and description, SCHNEIDER **1090**.

Seal hunting in Stone Age, J. G. D. CLARK **282**.

Etymology of "seal" in various languages, HARRINGTON **557**.

Stone swallowing by seals, possible function and disturbing geological results, LEGENDRE **769**.

Phocidae of N. Japan to Kuriles, general account, INUKAI **640**.

OTARIIDAE.

Otariidae of California, 1946 census, ANON. **18**.

Arctocephalus pusillus external characters, habits and behaviour in captivity, K. M. SCHNEIDER **1089**.

Callorhinus, history of conservation, present status, HAYDEN **565**.—*C. alascanus* 1942 statistics, BOWER **173**; 1943 statistics, BOWER **174**; 1944 statistics, BOWER **175**; breeding age and rate, ENDERS **402**.

Otaria sp. birth in captivity, K. M. SCHNEIDER **1083**.

ODOBENIDAE.

Odobaenus history, distribution, economic value, habits, R. D. HAMILTON **547**.—*O. rosmarus* in early histories, BRINCK **185**.

PHOCIDAE.

Cystophora cristata a Portuguese record, SANTOS **1062**.

? *Gypsophoca tasmanica* colony on Pedra Branca, Tasmania, FOWLER **437**.

Halichoerus grypus life history in Scotland, pp. 217–231, DARLING **324**; breeding colony, photos, GORDON **510**; in captivity, general notes, LEGENDRE **770**.

Hydrurga leptonyx feeding habits, J. E. PERKINS **956**.

Leptonychotes weddelli field notes and weights at Palmer Peninsula, Antarctica, BRYANT **208**; field notes from Bay of Whales, J. E. PERKINS **956**.

Lobodon carcinophaga morphogenesis of brain, KRABBE **710**; field notes, J. E. PERKINS **956**.

Mirounga angustirostris present status on Guadelupe Id., CABALLERO Y C. **227**; increase on Guadeloupe, L. W. WALKER **1305**.

†*Monachopsis* **gen. nov.** for genotype †*Phoca pontica* Eichwald, pp. 278, 353, KRETZOI Foldt. Kozlony Budapest **71** 1941 pp. 274–279, 350–356.

Monachus tropicalis sight records Texas coast, GUNTER **535**.

Ogmorhinus leptonyx first specimen in captivity in Europe, habits, photos, E. MOHR **869**.

Ommatophoca rossi field notes, photos, J. E. PERKINS **956**.

Phoca hispida stomach contents Okhotsk Sea, PIKHAREV **969**.—*P. vitulina* Portuguese records, SANTOS **1062**; history in Portugal, THEMIDO **1213**.—*P. v. richardi* occurrence in fresh water, Seattle, BONHAM **155**.

†*Pliophoca etrusca* addt. descr. figs., TAVANI **1206**.

(ORDER UNGULATA *auct.*).

Origins of African Ungulates, ANTONIUS **66**.

Ungulata of Belgian Congo, SCHOUTEDEN **1095**.

Prehistoric rock drawings of ungulates in S. France, GLORY **494**.

†ORDER CONDYLARTHRA.

†MENISCOTHERIIDAE.

†*Meniscotherium* first complete skeletons reported from Eocene, New Mexico, ANON. **20**.

†ORDER LITOPTERNA.

†PROTEROTHERIIDAE.

†*Prothesodon* sp. Oligocene Colombia, desc. figs. p. 333, STIRTON **1173**.

†MACRAUCHENIIDAE.

†*Macrauchenia patachonica* from Pleistocene, Bahia, Brazil, COUTO **302**.

†ORDER NOTOUNGULATA.

†SUBORDER NOTIOPROGONIA.

†HENRICOSBORNIDAE.

†*Henricosbornia* Eocene Brazil, first records, p. 7, SIMPSON **1128**.

†SUBORDER TOXODONTA.

†TOXODONTIDAE.

†*Chapalmalodon chapalmalensis* femur with embedded arrow-head from Pleistocene Argentine, VIGNATI **1281**.

†*Nesodon imbricatus maior* **subsp. nov.** Pliocene, "Patagonia," p. 170, KRETZOI **716**.

†*Proadinotherium* sp. Oligocene Colombia, descr. figs., p. 334, STIRTON **1173**.

†*Toxodon* sp. tibia with man-made fracture, VIGNATI **1282**.

†SUBORDER TYPOTHERIA.

†MESOTHERIIDAE.

†*Typotheriopsis jachalensis* **sp. nov.** Pliocene, Jachal, San Juan, Argentine, p. 248, RUSCONI **1039**.

†SUBORDER HEGETOTHERIA.

†HEGETOTHERIIDAE.

†*Prohegetotherium carettei* **sp. nov.** Oligocene, Cerro Divisadero Largo, Mendoza, Argentine, p. 374, MINOPRIO **864**.

†ORDER ASTRAPOTHERIA.

†SUBORDER TRIGONOSTYLOPOIDEA.

†TRIGONOSTYLOPIDAE.

†*Trigonostylops* Eocene Brazil, first records, p. 7, SIMPSON **1128**.

†SUBORDER ASTRAPOTHERIOIDEA.

†ASTRAPOTHERIIDAE.

†? *Parastrapotherium* Oligocene, Colombia, descr. figs., p. 334, STIRTON **1173**.

ORDER TUBULIDENTATA.

ORYCTEROPIDAE.

Orycteropus afer stomach structure, ALLISON **39**; stomach contents, PATRIZI **943**; morphogenesis of brain, KRABBE **709**; in Egyptology, KEIMER 675.

†*Plesiorycteropus madagascariensis* Pleistocene Madagascar, detailed descr. figs., nearest to *Orycteropus*, LAMBERTON **746**.

ORDER PROBOSCIDEA.

SUBORDER ELEPHANTOIDEA.

†GOMPHOTHERIIDAE.

†*Anancus* sp. abnormal molar crown, LOSS **797**.—*A. arvernensis* subsp. Pleistocene Tanganyika, DIETRICH **362**.—*A. osiris* **sp. nov.** Pliocene, Cairo, p. 479, ARAMBOURG **69**.

†*Bunolophodon* sp. Pliocene Austria, teeth descr. figs., TRUMLER **1242**.

†*Protanancus* **gen. nov.** p. 493 for genotype *P. macinnesi* **nom. nov.** p. 494 for †*Trilophodon angustidens kisumuensis* MacInnes 1942 (in part), Miocene, Kiboko Island, L. Victoria, Kenya, ARAMBOURG Bull. Soc. geol. Fr. 5 **15** 1945.

†*Stegotetrabelodon* **gen. nov.** for genotype *S. syrticus* **sp. nov.** Miocene, Sahabi, Cyrenaica, PETROCCHI Boll. Soc. geol. Ital. **60** 1 1941 p. 110.

†? *Trilophodon connexus* Tertiary Kansu, descr. figs., p. 202, BOHLIN **149**.

†MAMMUTIDAE.

†*Mastodon arvernensis* new finds Pliocene Italy, descr. figs., GUIDI **531**.—*M. borsoni* new remains Pliocene Bulgaria, BAKALOV **88**.

ELEPHANTIDAE.

Systematic revision of fossil Proboscidea of S. Africa, H. B. S. COOKE **293**.

History of ivory trade, FORBIN **434**.

Elephas morphology and pathology, ICHIKAWA **635**.—*E. maximus* care and management in Burma, FERRIER **415**; habits in captivity, training for work, LEMAIRE **777**; conservation measures in Ceylon, ANON. **14**; hypophysis, HANSTROM **551**; record sizes, STRACEY **1181**; height variation lying and standing, comparative figures, SHEBBEARE **1119**; "natural" death observed, TUTEIN NOLTHENIUS **1248**; herd moving dead leader, SAUVEL **1063**.

†*Elephas primigenius* extension of range in Britain to Stirlingshire, ABSALOM and HENDERSON **31**; new finds France, GUILLAUME **532**; mandible from Italy, ANELLI **51**; a natural endocranial cast from Hungary, KUBACSKA **740**.

†*Hemilophodon* **gen. nov.** for genotype *H. osborni* **sp. nov.** Miocene, Sansan, Gers, France, p. 139, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Loxodonta, zoology, history, folklore, hunting, protection, JEANNIN **651**; molar form and identification, *L. cyclotis* external characters, notes on so-called pygmy elephants, MORRISON-SCOTT **882**.—*L. africana* molar variation, H. B. S. COOKE **293**; status of Knysna herd, A. ROBERTS **1013**; mortality on islands of Lake Edward, E. A. T. PERKINS **955**; habits and hunting, G. H. ANDERSON **44**; habits and numbers in Mozambique, AUGUSTO SILVA **81**; some large tusks, FORAN **429**; large Rhodesian tusks, FLEMING **424**; size of feet, W. H. HALE **543**; farm in Belgian Congo, popular account, FORBES **433**; early use in warfare, GOWERS **513**.

†*Mammuthus* (*Archidiskodon*) *proplanifrons* Osborn synonym of *M.* (*A.*) *subplanifrons* Osborn, p. 455, *M.* (*A.*) *milletti*, *M.* (*A.*) *loxodontoides* Dart both synonyms of *M.* (*A.*) *vanalpheni* Dart, p. 456, H. B. S. COOKE **293**.

†SUBORDER DEINOTHERIOIDEA.

†DEINOTHERIIDAE.

†*Dinotherium* sp. Miocene Austria, teeth descr. figs., TRUMLER **1242**.

ORDER HYRACOIDEA.

PROCAVIIDAE.

Morphogenesis of brain in Hyracoidea, KRABBE **710**.

Dendrohyrax placental form as systematic character, FRECHKOP **446**.

Procavia phylogenetic significance of hair origins and development, BROMAN **188**.—*P. capensis* general description,

habits, status S. Africa, A. D. THOMAS **1220**.—*P. daemon* embryonic development of dorsal gland, BROMAN **189**.—*P. syriaca* habits, E. HARDY **553**.

ORDER SIRENIA.

TRICHECIDAE.

Manatus form and structure, systematic revision, MATTHES **844**.

ORDER PERISSODACTYLA.

SUBORDER HIPPOMORPHA.

EQUIDAE.

Ancestry of recent Equidae, SKORKOWSKI **1140**.

Original distribution and relationships of Kertak and Tarpan, KOSTRON **702**.

Origin of domestic ass in C. Asia. GROMOVA **526**.

Short review of zebras. J. B. FERREIRA **414**.

Evolution of hypsodonty in fossil Equidae, STIRTON **1171**.

†*Anchitherium* co-existent with *Hipparion* in W. Europe, VIRET **1288**.

Equus caballus ancestry, structure, physiology, MIRANDA DO VALE **865**; systematic review of races; *E. c. ewarti* **nom. nov.** for *E. c. sivalensis* Ewart 1910, p. 18, SKORKOWSKI **1137**.—*E. c. ferus* Pallas, *E. c. przewalskii* Poljakov, *E. c. ferus* forma *silvatica* Vetulani taxonomic and distributional notes. KOSTRON **702**; origins of Arabian and Turkmenian breeds, SKORKOWSKI **1139**; origin of French Sudan breeds, DOUTRESSOULE **374**; changes in gallop shown by films, CHIEFFI **272**; morphogenesis of brain, KRABBE **710**; subspecies recognisable in Paleolithic drawings, SKORKOWSKI **1138**.—*E. markhami* Tichomirow 1878 not a valid form, RZASNICKI **1048**.—*E. quagga chapmanni* in harness, RZASNICKI **1047**.—*E. zebra hartmannae* microscopic skin structure, MANACAS **827**.

†*Equus hydruntinus davidi* **subsp. nov.** Pleistocene, Charente, France, p. 588, ALIMEN **35**.—*E.* (*Asinus*) cf. *hydruntinus* remains Pleistocene S.W. France, PATTE **944**.—*E. robustus* Pleistocene Holland, new remains, p. 40, HOOIJER **612**.—*E. woldrichi* Antonius a synonym of *E. minor* Woldrich, KOSTRON **702**.

†*Hemihipparion* **gen. nov.** for genotype *H. dietrichi* **sp. nov.**, *H. proboscideum* (Studer) and *H. matthewi* (Abel). all Miocene, Samos, WEHRLI Pal. Z. Berlin **22** 3–4 1941 pp. 321–386.

Megacephalonella **nom. nov.** for *Megacephalon* Hilzheimer 1912 (*nec* Temminck 1844) p. 216, STRAND Folia zool. Hydrobiol. Riga **12** 1943. [Synonym of *Dolichohippus* Heller 1912. R.W.H.]

Microhippus hemionus bahram Yezd, Central Persia, *M. h. blanfordi* Sham Plains, E. Baluchistan, **subspp. nov.** p. 143, POCOCK **973**.

†PALAEOTHERIIDAE.

†*Lophiotherium* cf. *cervulum* Tertiary, Majorca, Spain, descr. figs., RULIAN **1036**.

†CHALICOTHERIIDAE.

†*Ancylotherium pentelicum* forelimb study, SCHAUB **1071**.

†*Neoschizotherium* **gen. nov.** Miocene, Soblay, France (no species designated), p. 354, VIRET C.R. Acad. Sci. Paris **224** 5 1947.

†*Phyllotillon betpakdalensis* full descr., figs., systematics of Chalicotheres, relationship with Titanotheres, BORISSIAK **162**.

†? *Schizotherium* sp. Tertiary Kansu, descr. figs., p. 232, BOHLIN **149**.

SUBORDER CERATOMORPHA.

TAPIRIDAE.

†*Tapirus augustus* notes and measurements of teeth, p. 290.—*T. pandanicus* Dubois, *T. sinensis* Owen both synonyms of *T. indicus* Desmarest; *T. indicus intermedius* **subsp. nov.** subfossil Padang Highlands, C. Sumatra, p. 288, HOOIJER **614**.

†AMYNODONTIDAE.

Amynodontinae, Cadurcotheriinae p. 144, Metamynodontinae, Paramynodontinae p. 145, new subfamilies, with remarks on the systematics of Amynodontidae, KRETZOI **721**.

†*Cadurcodon* **gen. nov.** for genotype *Cadurcotherium ardynense* Osborn, p. 146, KRETZOI Foldt. Kozl. Budapest **72** 1942.

†*Cadurcopsis* **gen. nov.** for genotype *C. dakotana* **sp. nov.** Oligocene, Bad Lands, S. Dakota, p. 140, KRETZOI Foldt. Kozl. Budapest **72** 1942.

†*Sharamynodon* **gen. nov.** for genotype †*Amynodon mongoliensis* Osborn, p. 145, KRETZOI Foldt. Kozl. Budapest **72** 1942.

RHINOCEROTIDAE.

Post-Miocene Rhinocerotidae, KRETZOI **722.**

Rhinocerotidae remains from Tertiary Kansu, descrs. figs. p. 214, BOHLIN **149.**

Fossil Rhinocerotidae in Geol. Inst. Univ. Padua, LEONARDI **780.**

†*Aceratherium* sp. Tertiary Austria, teeth descr. figs., TRUMLER **1242.**

†*Acerorhinus* **gen. nov.** for *Aceratherium zernowi* Borissiak, pp. 236, 311, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Ceratotherium simum Burchell's drawings reproduced, definition of type locality, list of known original specimens, CAVE **251**; habits in Zululand, POTTER and MITCHELL **981**; young specimen in Pretoria zoo, BIGALKE **139**; notes on the Pretoria Zoo calf from Zululand, SCHACK **1080**; not a Tanganyika mammal, RUSHBY and SWYNNERTON **1041.**

†*Coelodonta* Bronn a valid name, p. 347, KRETZOI **727.**

Diceros bicornis habits and status in Mozambique, AUGUSTO SILVA **82**; range extension west of Nile, OWEN **926**, FORBES **431**, LARKEN **755**; BURCHELL'S drawings reproduced with notes, CAVE **251.**—*D. b. palustris* **subsp. nov.** Aweng, north of River Lol, Bahr-el-Ghazal, Sudan, BENZON **134.**—*D. b. punyana* **subsp. nov.** Hluhluwe Game Reserve, Zululand, p. 385, POTTER and MITCHELL **981.**

Dicerorhinus sumatrensis past and present status Burma, need for conservation, recent literature, ANSELL **56.**

†*Dicerorhinus kirchbergensis* new remains Pleistocene Holland, p. 43, HOOIJER **612.**

†*Gobitherium* **gen. nov.** for genotype *Baluchitherium mongoliense* Osborn, p. 268, KRETZOI Foldt. Kozl. Budapest **73** 1943.

†*Hispanotherium* nom. nud. for †*Rhinoceros matritensis* Prado, CRUSAFONT PAIRO and VILLALTA COMELLA Bol. Soc. esp. Hist. nat. **45** 5–6 1947 pp. 391–392 **312.**

†Iranotheriinae **subfam. nov.**, pp. 237, 315, KRETZOI **722.**

†*Indotherium* **gen. nov.** for genotype †*Teleoceras fatehjangense* Pilgrim, pp. 237, 315, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Monocerorhinus Wüst 1922 for *R. sondaicus* antedated by *Eurhinoceros* Gray 1867, p. 349, KRETZOI **727.**

†*Pliodiceros* **gen. nov.** for genotype *Diceros pachygnathus*, pp. 237, 314, KRETZOI Foldt. Kozl. Budapest **72** 1942.

†*Proceroorhinus* **gen. nov.** for genotype *Rhinoceros hemitoechus* Falconer, pp. 236, 314, KRETZOI Foldt. Kozl. Budapest **72** 1942.

Rhinoceros sondaicus history, past distribution, now probably extinct Burma, recent literature, ANSELL **56.**—*R. sondaicus*, *R. sumatrensis* past and present status and conservation in Dutch East Indies, HEYNSIUS-HIRULY and HEURN **582.**—*R. unicornis* photographed in habitat, TYNDALE **1254.**

†*Rhinoceros lenensis* Pallas must replace *R. antiquitatis* Blumenbach, *R. kirchbergensis* Jager 1839 antedates *R. merckii* Jager 1841, both p. 348, *R. schleiermacheri samius* Toula and *R. s. orientalis* Schlosser both synonyms of *Dicerorhinus pikermiensis* Toula, p. 349, KRETZOI **727.**—*R. mercki* new find Pleistocene France, ASTRE **76.**

†*Serengeticeros* **gen. nov.** for genotype *S. efficax* **sp. nov.** Pleistocene Serengeti, Tanganyika, p. 299, DIETRICH Zbl. Min. Geol. Pal. Stuttgart 1942 (B).

†*Shansirhinus* **gen. nov.** for genotype *S. ringstromi* **sp. nov.** Pliocene Shansi, China, pp. 236, 311, KRETZOI Foldt. Kozl. Budapest **72** 1942.

†*Sinorhinus* **gen. nov.** for genotype *Rhinoceros oweni*, pp. 237, 317, KRETZOI Foldt. Kozl. Budapest **72** 1942.

†*Stephanorhinus* **gen. nov.** for genotype †*R. etruscus* Falconer, p. 348, KRETZOI Foldt. Kozl. Budapest **72** 1942.

ORDER ARTIODACTYLA.

Origin and function of Artiodactyl tarsus, SCHAEFFER **1064.**

SUBORDER SUIFORMES.

†ENTELODONTIDAE.

†*Elodon* **gen. nov.** for genotype *E. transilvanicus* **sp. nov.** Oligocene, Gyala Mendru, Hunyad, Hungary, pp. 272, 347, KRETZOI Foldt. Kozl. Budapest **71** 1941.

†*Elotherium hungaricum* **sp. nov.** Oligocene, Banffyhunyad, Kolozs, Hungary, pp. 271, 346, KRETZOI **719**.

SUIDAE.

Brain of Suidae, FRIANT **455**.

Two fossil Suidae from S. Africa, preliminary notice, DALE and TOBIANSKY **315**.

Babirussa status and distribution, HEYNSIUS-HIRULY and HEURN **582**.

Hylochoerus meinertzhageni in Mau Forest, Kenya, weights, measurements, habits, habitat, photos, DONHOFF **367**.

†*Hyotherium* cf. *simorense* Miocene Spain, GIMENO GRANADOS and PADRENY PINEDA **487**.

Phachochoerus africanus snake-killing habit, BEATON **113**.

†*Paradoxodonides* **nom. nov.** for *Paradoxodon* Filhol (*nec* Wagner 1855), p. 114, STRAND Folia zool. hydrobiol. Riga **12** 1943.

Sus dom. genetics of coat colour, JORDAS **661**; feral history on Isle of Man, PATON **942**.—*S. barbatus* annual migrations in Dutch E. Indies, HEYNSIUS-HIRULY and HEURN **582**.—*S. scrofa* history in Rumania, WITTING **1334**.

†*Sus strozzi* Pleistocene Holland, new remains, p. 41, HOOIJER **612**.

TAYASSUIDAE.

†*Floridachoerus olseni* Miocene Florida, revised generic diagnosis, p. 507, T. E. WHITE **1321**.

†*Platygonus carlesi wagneri* from prehistoric tumuli in Argentine, RUSCONI **1040**.

†*Selenogonus* **gen. nov.** for genotype *S. narinoensis* **sp. nov.** Pliocene, Narino, Colombia, p. 322, STIRTON Serv. Geol. Nacional. Colombia **7** 1947.

†ANOPLOTHERIIDAE.

Skeletal characters and systematic position of the †Dacrytheridae, VIRET and PRUDANT **1293**.

†ANTHRACOTHERIIDAE.

†*Isodactylella* **nom. nov.** for †*Isodactylus* Dal Piaz (*nec* J. E. Gray 1845), p. 216, STRAND Folia zool. hydrobiol. Riga **12** 1943.

†*Isodactylus* dal Piaz (*nec* Gray) preoccupied, see †*Pachychoerops*.

†*Pachychoerops* **nom. nov.** for †*Isodactylus* dal Piaz (*nec* Gray), p. 349, KRETZOI Foldt. Kozl. Budapest **71** 1941.

HIPPOPOTAMIDAE.

Further incorrect determinations, HOOIJER **613**.
